Q2 2021 – Equity Investors

CT REIT

DISCLAIMER

Forward – Looking Statements

This presentation contains forward looking information that reflects management's current expectations relating to matters such as future financial performance and operating results of CT Real Estate Investment Trust ("CT REIT" or the "REIT"). Forward-looking statements provide information about management's current beliefs, expectations and plans and allow investors and others to better understand the REIT's anticipated financial position, results of operations, business strategy and financial needs. Readers are cautioned that such information may not be appropriate for other purposes. Certain statements other than statements of historical facts included in this presentation that address activities, events or developments that CT REIT or a third-party expects or anticipates will or may occur in the future, including the REIT's future growth, results of operations, performance, business prospects and opportunities, and the effects of the COVID-19 pandemic on any of the foregoing and assumptions underlying any of the foregoing, is forward-looking information. Often, but not always, forward-looking statements can be identified by the use of forward-looking terminology such as "may", "will", "expect", "intend", "believe", "estimate", "plan", "can", "could", "should", "would", "outlook", "forecast", "anticipate", "aspire", "foresee", "continue", "ongoing" or the negative of these terms or variations of them or similar terminology. Specific forward-looking statements contained in this presentation include, but are not limited to, statements with respect to: the intention of the REIT to pay stable and growing distributions; the REIT's ability to expand its asset base, make accretive acquisitions, and develop or intensify its properties; the ability of the REIT to execute its growth strategies, including its ability to pursue third party net lease opportunities; the ability of the REIT to participate with CTC in the development or intensification of the Properties; and the ability of the REIT to access available sources of debt and/or equity financing; and the REIT's development activities. Although the REIT believes that the forward-looking information in this presentation reflects management's current beliefs and are based on information currently available to CT REIT and on assumptions CT REIT believes are reasonable about future events and financial trends that management believes may affect the REIT's financial condition, results of operations, business strategy and financial needs, such information is necessarily subject to a number of factors that could cause actual results to differ materially from management's expectations and plans as set forth in such forward-looking statements. Some of the factors, many of which are beyond the REIT's control and the effects of which can be difficult to predict, include but are not limited to: the resilience and state of the real estate market, the Canadian economy including future levels of inflation, as well as the future of government stimulus plans and any potential changes to current tax laws; that Canadian capital markets will provide CT REIT with access to debt at reasonable rates when required and that CTC will continue its involvement with CT REIT on the basis described in its 2020 Annual Information Form (AIF). However, given the continued circumstances surrounding COVID-19, it is difficult to predict how significant the adverse impact of the pandemic will be on the global and domestic economy, the business, operations and financial position of the REIT's tenants, and the business, operations and financial position of the REIT. Additional risks and uncertainties related to COVID-19 are discussed in section 2.0 (Factors Affecting the REIT As A Result of COVID-19 Pandemic) of the REIT's Management's Discussion and Analysis for the quarter ended June 30, 2021 ("2021 Q2 MD&A") and Section 3.7 (Other Recent Developments) of the REIT's 2020 AIF. Management cautions that the foregoing list of important factors and assumptions is not exhaustive and other factors could also adversely affect the REIT's results. Investors and other readers are urged to consider the foregoing risks, uncertainties, factors and assumptions carefully in evaluating the forward-looking statements and are cautioned not to place undue reliance on such forward-looking statements. For more information on the risks, uncertainties and assumptions that could cause the REIT's actual results to differ from current expectations, refer to section 12.0 (Enterprise Risk Management) of the 2021 Q2 MD&A. Also refer to section 4.0 (Risk Factors) of the REIT's 2020 AIF, and all subsections thereunder, as well as the REIT's other public filings, available on the System for Electronic Document Analysis and Retrieval website at www.sedar.com and on the REIT's website at https://investors.ctreit.com. The forward-looking information contained herein is based on certain factors and assumptions as of the date hereof and does not take into account the effect that transactions or non-recurring or other special items announced or occurring after the statements are made have on the REIT's business. CT REIT does not undertake to update any forward-looking statements, whether written or oral, that may be made from time to time by it or on its behalf, to reflect new information, future events or otherwise, except as required by applicable securities laws.

Non-GAAP Measures

Certain terms used in this presentation, such as, FFO, AFFO, and EBITFV are not measures defined under IFRS and do not have standardized meanings prescribed by Generally Accepted Accounting Principals ("GAAP"). They are not intended to represent operating profits for the period nor should any of these measures be viewed as an alternative to net income, cash flow from operating activities or other measures of financial performance calculated in accordance with GAAP. Readers should be further cautioned that these measures may not be comparable to similar measures presented by other issuers. Reconciliations of non-GAAP measures to GAAP may be found on pages 38-40 of this presentation.

STRATEGIC OVERVIEW

INVESTMENT HIGHLIGHTS

Canada's premier Net Lease REIT

- 5-year AFFO/Unit CAGR(1) – 5.0%
- 5-year NAV/Unit CAGR(1) – 4.6%
- 5-year Distribution/Unit CAGR(1) – 3.6%
- Q2 2021 YTD AFFO Payout Ratio – 73.1%
- Since 2013 IPO, invested $2B, added 10M square feet, and increased distribution eight times
- S&P and DBRS – BBB investment grade credit rating
- 4.5% distribution increase effective for the July 2021 distribution payment

(1) Calendar years 2015-2020

CORE ATTRIBUTES

Track record of distribution increases – eight increases in eight years since IPO

Net-lease structure provides stable and predictable rental growth with CTC average annual base minimum rent escalations of 1.5%

96% of annualized base minimum rent from investment grade tenants

High quality and diverse geographic portfolio – 363 properties across all 10 provinces and 2 territories – core omni-channel network

Irreplaceable nature of fulfillment-oriented portfolio - 3.9M square feet of prime industrial assets

Strategic relationship with CTC provides future portfolio growth

One of the longest weighted average remaining lease terms in the sector – 8.9 years

CT REIT offers growth and resilience

COVID-19 UPDATE

Resilience in uncertain times

- Strong Rent Collections: 99.7% for Q2 2021
- Occupancy Rate of 99.2% with 96% of annualized base minimum rent from investment grade tenants
- No credit losses in Q2 2021
- $297M in cash and available Credit Facilities(1)
- Unencumbered properties with an IFRS value of ~$6.2 billion(1)

(1) As at June 30, 2021

ICONIC CANADIAN RETAILER

- 100% Brand Recognition
- Almost 100 years in business
- 80%+ of Canadians shop at Canadian Tire stores each year
- Positive annual comparable store sales growth for the last ~10 years
- Outstanding 2020 and 2021 financial results highlighting proven resilience

SOLID GROWTH PIPELINE

923,000 square feet of ongoing development activity

266,000 square feet of incremental new investments announced in Q2 2021

Future redevelopment of Canada Square mixed-use property in Toronto, ON

Development pipeline highlights meaningful opportunities for future growth

All figures as at June 30, 2021

CASE STUDIES

CT REIT

CTC ACQUISITIONS

Toronto, ON

- Operating retail locations leased back to CTC on a long term basis
- 2M square feet of industrial assets acquired and leased to CTC since IPO (Bolton and Calgary industrial properties)
- Currently, there are approximately 20-25 properties owned by CTC expected to meet investment criteria

Privileged relationship

Right of first offer on all CTC properties

DEVELOPMENT

Greenfield Developments

Charlottetown, PEI

CT REIT is uniquely positioned to participate in the development of Canadian Tire stores and Canadian Tire anchored developments

13 new Canadian Tire stores developed

CT REIT has a preferential right to participate in the development of CTC owned properties

DEVELOPMENT

Redevelopment Project: Orillia Square Mall

BEFORE

AFTER

- Acquired from a third party in 2017
- Former vacant Target and portion of enclosed mall redeveloped for brand new large format Canadian Tire store
- Occupancy increased from 61% at time of purchase to 91% as at June 30, 2021

Acquiring and repositioning under-managed assets; leveraging strategic relationship

DEVELOPMENT

Urban Mixed Use Redevelopment Opportunity – Canada Square

- 50/50 Joint-Venture with Oxford Properties Group.
- CT REIT and Oxford have entered into a conditional ground lease with the Toronto Transit Commission that provides the terms upon which the co-owners can proceed with planning for the redevelopment of the complex.
- A conditional lease agreement has been entered into with CTC for a new head office building to anchor Phase I of the redevelopment.
- Complex currently totals 0.84 million square feet of GLA. Rezoning application submitted in Q4 2020 for mixed use master plan community for up to ~3 million square feet of GLA.

Nine acre mixed-use redevelopment site located on two subway lines at Yonge and Eglinton, one of Toronto's most prominent intersections

INTENSIFICATIONS

Thunder Bay, ON

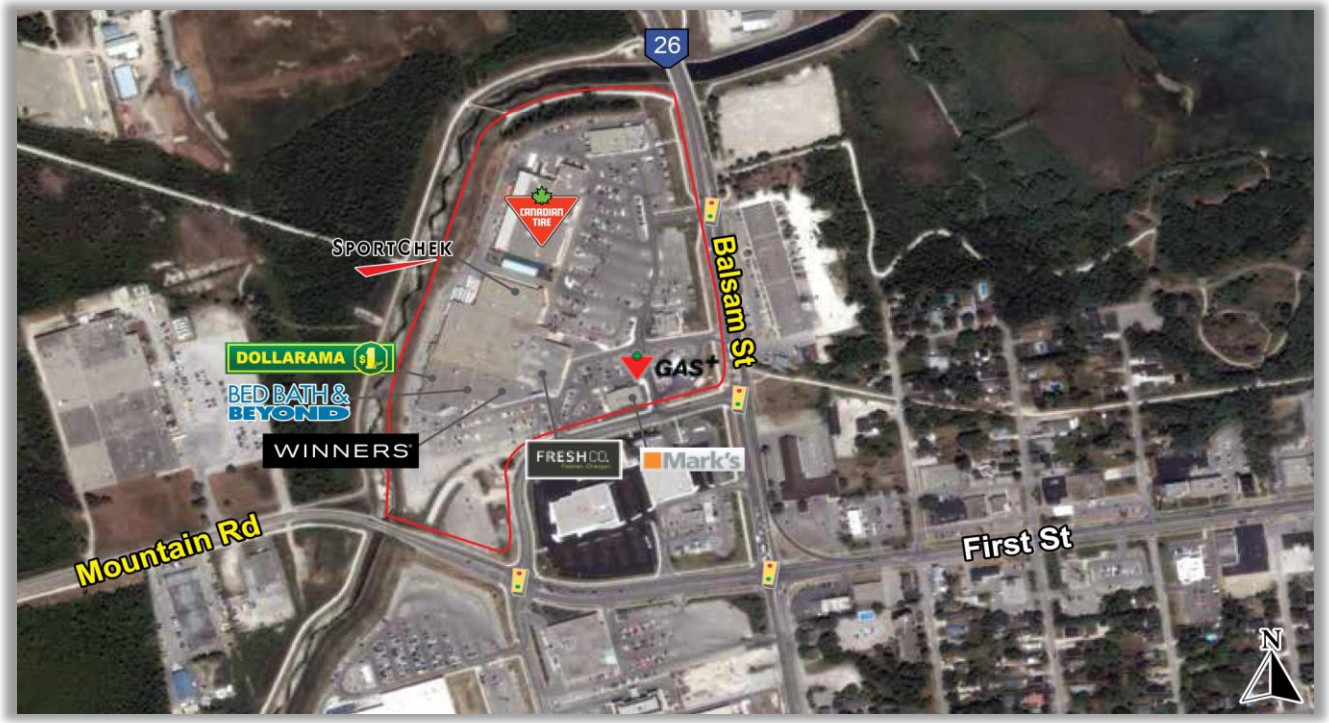
Since IPO, CT REIT has funded 77 intensification projects for Canadian Tire Corporation and ancillary tenants

Over 500K square feet of incremental GLA added

Incremental density on owned surplus lands

THIRD PARTY ACQUISITIONS

Consolidation of Canadian Tire Property Ownership



Collingwood, ON

- Approximately 1/4 of Canadian Tire properties are owned by third parties
- Opportunity to consolidate Canadian Tire stores and supply chain assets
- CT REIT has acquired 17 Canadian Tire anchored properties from third parties totalling 2.3M square feet of GLA

CT REIT

Consolidating the ownership of Canadian Tire tenanted properties from third parties

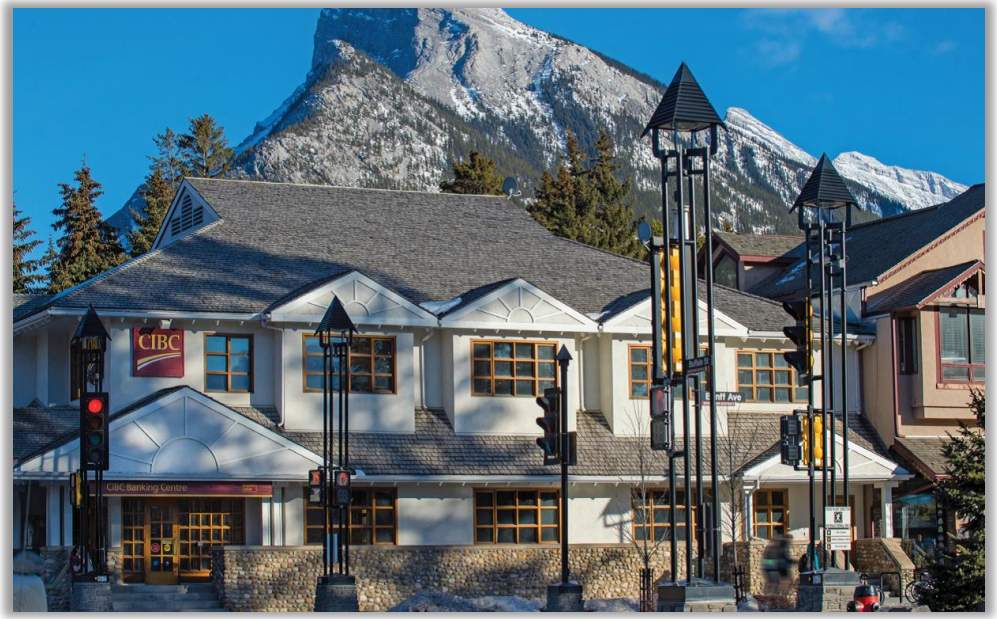
THIRD PARTY ACQUISITIONS

Net Lease Properties

Broader investment strategy to acquire third party net lease assets

Leverage CTC's local insight and market knowledge

Waterloo, ON



Banff, AB

Non-CTC related opportunities

FINANCIAL OVERVIEW

STABLE AND RESILIENT ASSET BASE

96%

Of annualized base minimum rent from investment grade tenants(1)

8.9 years

Weighted average remaining lease term(1)

1.5%

Annual rent escalations(2)

99.2%

Occupancy(1)

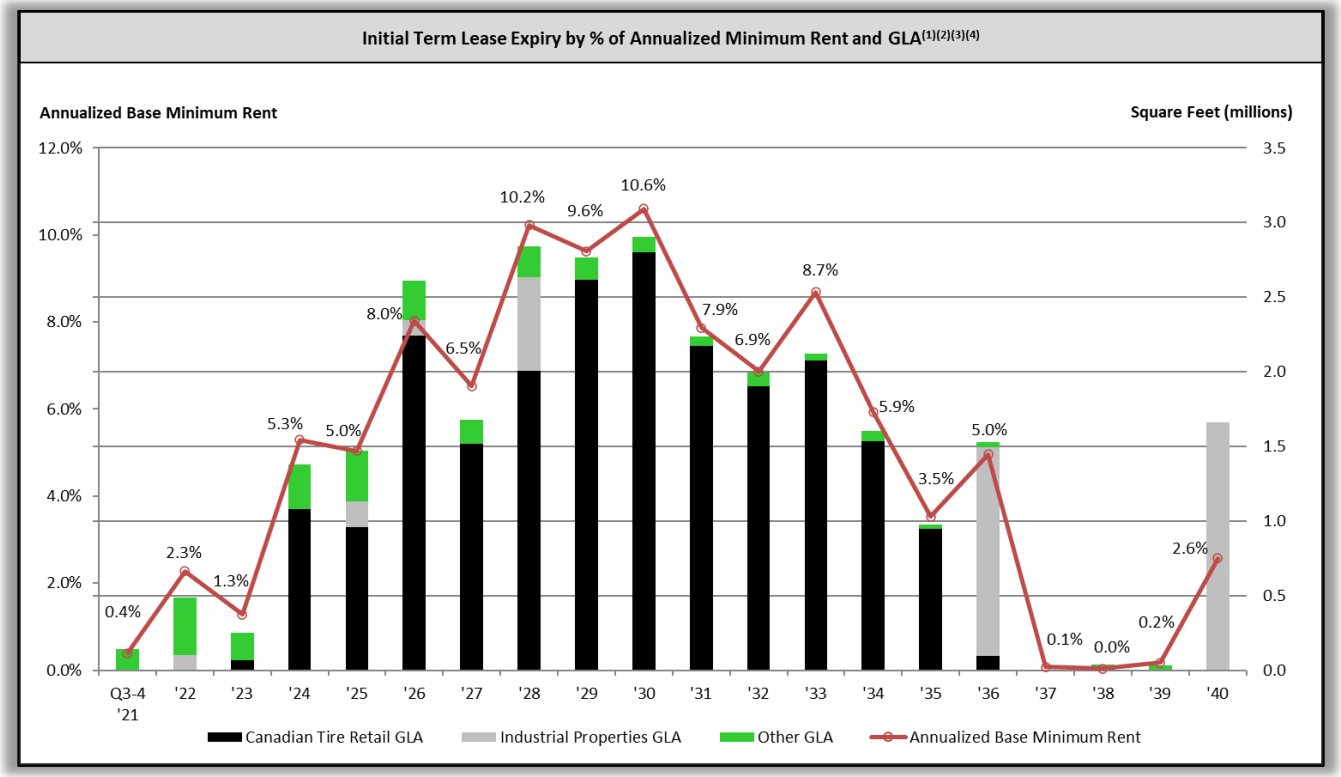
All figures as at June 30, 2021

(1) Occupancy and other leasing key performance measures have been prepared on a committed basis which includes the impact of existing lease agreements contracted on or before June 30, 2021

(2) Canadian Tire stores only (on average)

Property revenue is reliable and growing

LONG-TERM LEASE MATURITIES



(1) Excludes Properties Under Development.
(2) Total base minimum rent excludes future contractual escalations.
(3) Canada Square is included at the REIT's one-half share of leasehold interest.
(4) Occupancy and other leasing key performance measures have been prepared on a committed basis which includes the impact of existing lease agreements contracted on or before June 30, 2021.

Amongst the longest weighted average lease terms in the sector with minimal lease rollovers over the next 3 years

LEAN COST STRUCTURE

CTC leases triple net; base rent, operating costs (including insurance) and capex paid by tenant

G&A as a percentage of revenues are 2.5%(1)

Internalized property management functions; any services provided by CTC are on a cost recovery basis (2)

No fees paid to CTC for acquisitions, dispositions, intensifications or financings

Continuing to increase efficiency through insourcing of certain service providers

One of the lowest cost structures in the REIT sector

(1) As at June 30, 2021 and excluding fair value adjustments on unit-based awards
(2) Pursuant to Property Management and Services Agreement with Canadian Tire Corporation

INVESTMENT GRADE CAPITAL STRUCTURE

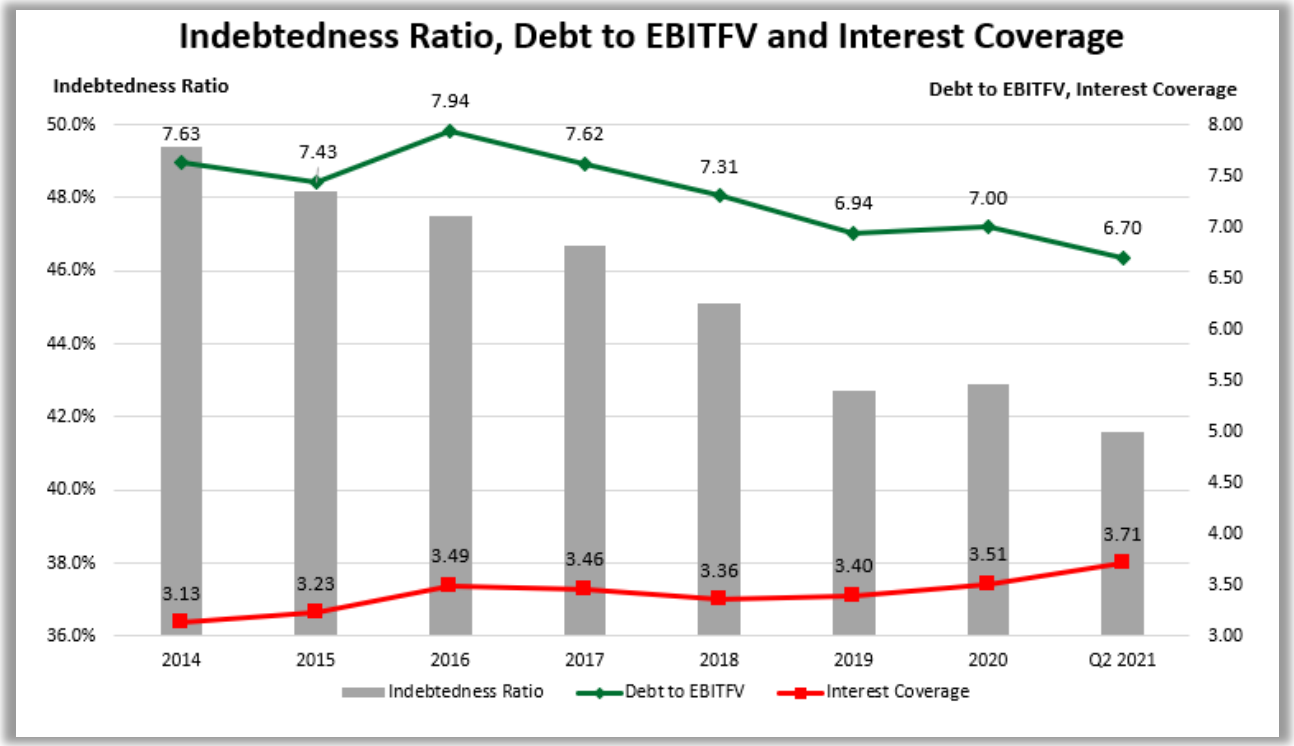
SOLID FINANCIAL METRICS



Strong and improving credit metrics

Low leverage

All figures as at Year End, except Q2 2021 which is Q2 2021 YTD

DEBT

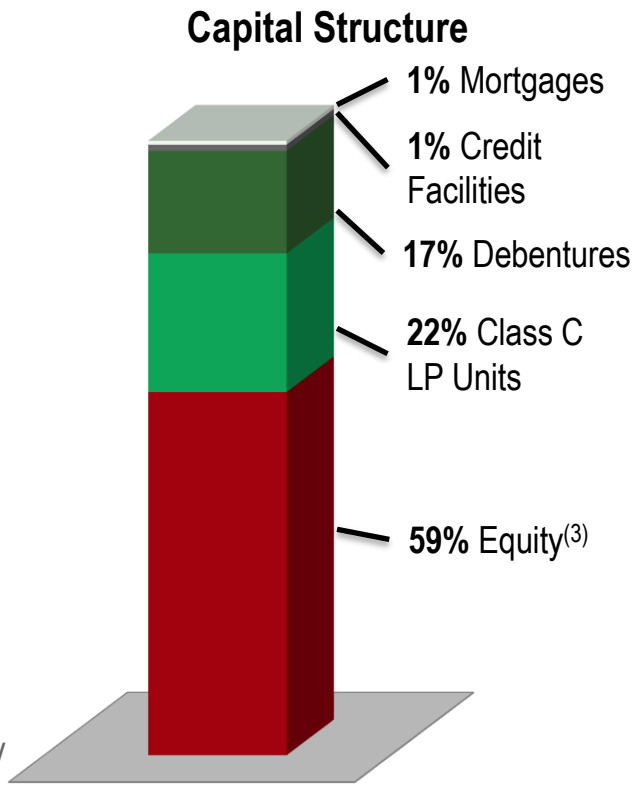
TOTAL DEBT (000'S)[1]

Class C LP Units (unsecured)	$1,451,550
Debentures (unsecured)	$1,071,067
Credit Facilities (unsecured)	$41,200
Mortgages (secured)	$65,701
TOTAL	**$2,629,518**

LIQUIDITY:

Weighted average fixed interest/distribution rate of 3.86% during current term[2]

$300 million unsecured revolving bank credit facility



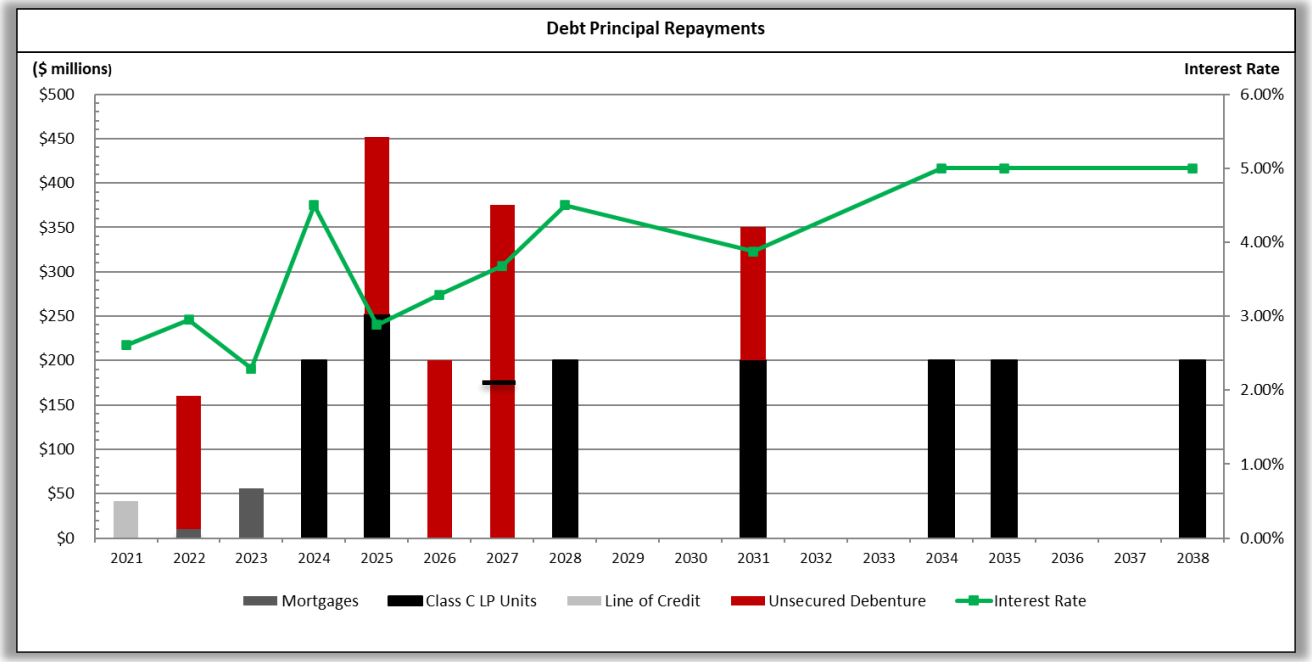
Conservative leverage

Strong credit metrics

All figures as at June 30, 2021

(1) Includes indebtedness and aggregate par value of Class C LP Units held by CTC
(2) Excludes credit facilities
(3) June 30, 2021 Unit price used

DEBT MATURITIES



No debt maturities until June 2022(1)

98% of total debt is unsecured; all unsecured debt is interest only

96% of total debt is fixed rate debt

Weighted Average Term to Maturity: 7.4 years

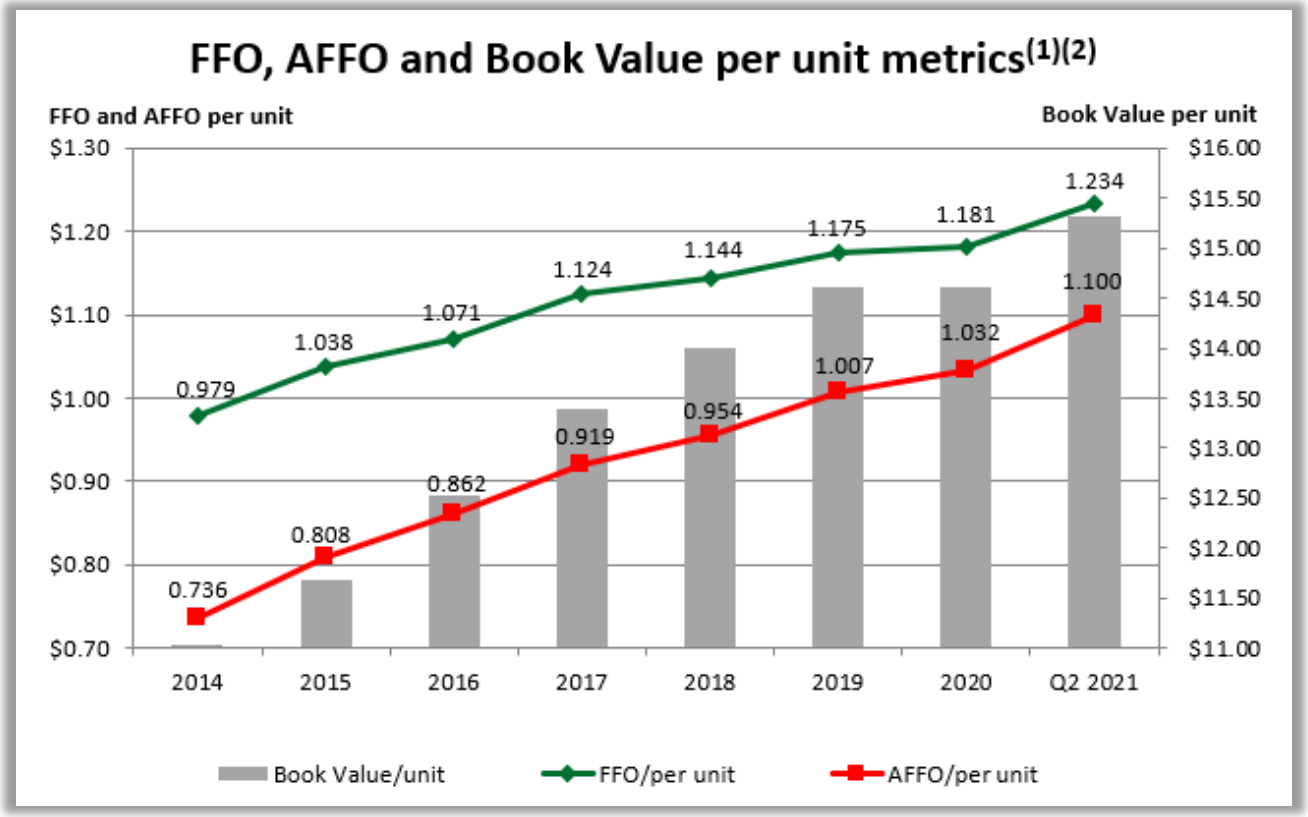
All figures as at June 30, 2021

(1) Excluding amounts drawn on the credit facilities

Staggered debt maturities

One of the longest weighted average terms to maturity in the sector

GROWING FFO AND AFFO

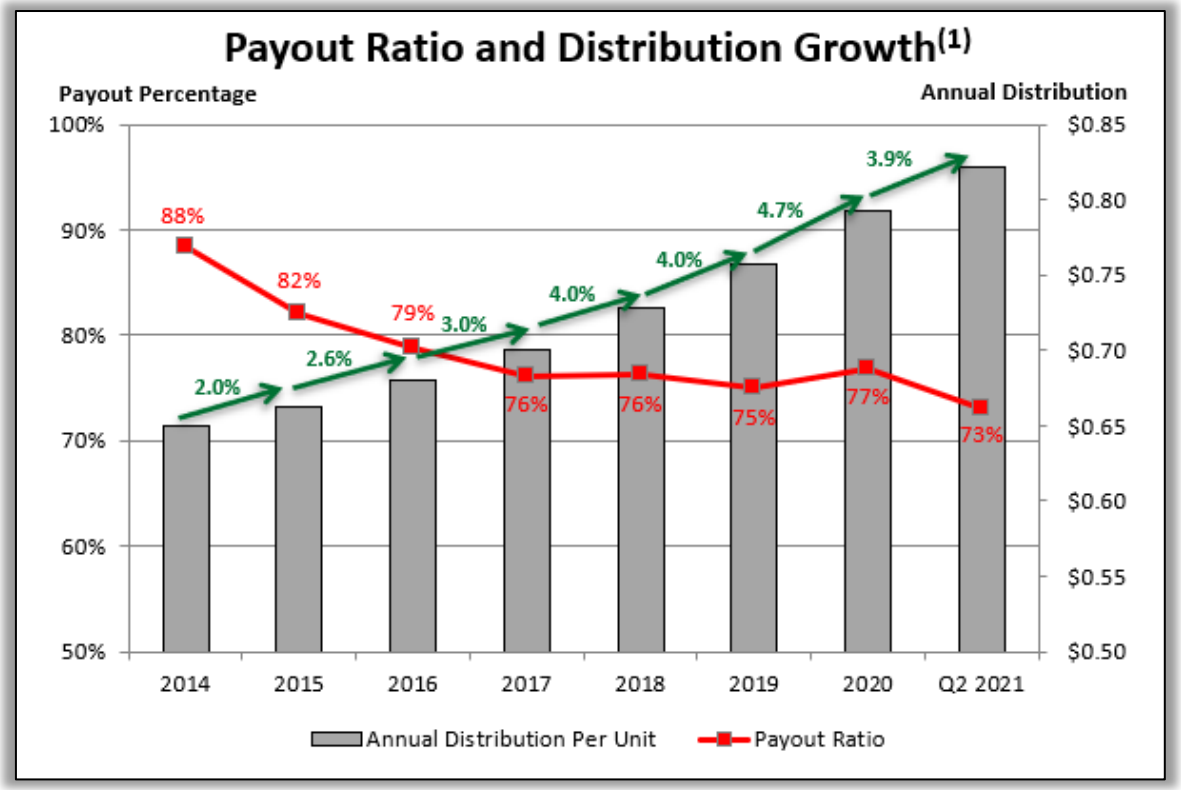


Attractive record of per unit growth

All figures as at Year End, except Q2 2021 (FFO and AFFO Q2 2021 YTD annualized and Book Value as of Quarter End)

(1) Total Units consist of REIT Units and Class B LP Units outstanding.
(2) Diluted Units used in calculating non-GAAP measures include restricted and deferred units issued under various plans and exclude the effect of assuming that all of the Class C LP Units will be settled with Class B LP Units.

OPTIMIZING DISTRIBUTION GROWTH OVER TIME



Eight distribution increases, 24% compound growth since 2013 IPO

YTD Q2 AFFO Payout Ratio – 73.1%

Excess of AFFO over distributions – $69.1M(1)

(1) As at June 30, 2021 – Q2 2021 YTD annualized

History of growing distributions every year since IPO while conservatively managing payout ratio

ENVIRONMENTAL, SOCIAL AND GOVERNANCE

ESG AN IMPERATIVE FOR CT REIT AND CTC

CT REIT's approach to ESG is premised on developing and leveraging new and existing CT REIT and CTC initiatives that support our commitment to: limit our environmental impact, invest in our employees, contribute to Canadian communities, conduct our business honestly and with integrity, including in dealings with investors, tenants, suppliers and other stakeholders, and be transparent in how we govern ourselves.

As a net lease REIT, the primary goal of our sustainability strategy is to align with that of our most significant tenant, CTC, to work together to further our respective sustainability objectives. To date the focus has been on the reduction of GHG emissions and energy consumption. In 2020, CTC avoided the use of 212,588 GJ of energy and 8,125 tonnes of GHG emissions through efficiency projects(1). Continued efforts will focus on our commitment to improving environmental and social outcomes.

Please see CTC's sustainability page to review the 2020 Sustainability Performance Report: https://corp.canadiantire.ca/English/sustainability/default.aspx

Canadian Tire Jumpstart Charities is the primary vehicle for fundraising and charitable giving for the CTC family of companies. Canadian Tire Jumpstart Charities has provided funding to more than 2 million kids to participate in sports, including funding for the development of inclusive playgrounds for kids of all abilities.

(1) Energy consumption in GJ and GHG emissions in CO_2 equivalent

CT REIT benefits from CTC's leadership in sustainability and corporate responsibility

NON-GAAP MEASURES

FFO:	"FFO" is a non-GAAP financial measure and has the meaning given to it in the White Paper on FFO & AFFO. It is calculated as net income in accordance with GAAP, adjusted by removing the impact of: (i) fair value adjustments on investment properties; (ii) other fair value adjustments; (iii) gains and losses on the sale of investment properties; (iv) incremental leasing costs; (v) operational revenue and expenses from right-of-use assets; and (vi) deferred taxes.
AFFO:	"AFFO" is a non-GAAP financial measure and has the meaning given to that term in Real property Association of Canada's white paper titled "White Paper on Funds From Operations & Adjusted Funds from Operations for IFRS" (the "White Paper on FFO & AFFO") issued in February 2019. It is calculated as FFO subject to certain adjustments to remove the impact of recognizing property rental revenues or expenses on a straight-line basis, and the deduction of a reserve for normalized maintenance capital expenditures, tenant inducements and leasing commissions.
AFFO per Unit:	"AFFO per Unit" is defined as AFFO divided by the number of Units outstanding where the total Units consists of REIT Units and Class B LP Units outstanding. Total Units also includes diluted Units used in calculating non-GAAP measures and include restricted and deferred units issued under various plans and exclude the effect of assuming that all of the Class C LP Units will be settled with Class B LP Units.
EBITFV	"EBITFV" is a non-GAAP measure of a REIT"s operating cash flow and it is used in addition to IFRS net income because it excludes major non-cash items (including fair value adjustments), interest expense and other financing costs, income tax expense, losses or gains on disposition of a property, and other non-recurring items that may occur under IFRS that management considers non-operating in nature.

NON-GAAP MEASURES

FFO & AFFO	Q2 2021	YTD Q2 2021
Net income and comprehensive income	$178,628	$253,186
Fair value adjustment on investment property	($106,462)	($110,808)
GP income tax expense	($118)	$545
Lease principal payments on right-of-use assets	($367)	($592)
Fair value adjustment of unit-based compensation	$50	$402
Internal leasing expense	$201	$362
Funds from operations	**$71,932**	**$143,095**
Property straight-line rent revenue	($1,464)	($3,198)
Normalized capital expenditure reserve	($6,212)	($12,420)
Adjusted funds from operations	**$64,256**	**$127,477**
Weighted average units outstanding – diluted (non-GAAP)(1)	232,149,611	231,787,508
FFO per unit – diluted (non-GAAP)(1)	**$0.310**	**$0.617**
AFFO per unit – diluted (non-GAAP)(1)	**$0.277**	**$0.550**

All figures as at June 30, 2021 and in thousands except number of units and FFO/AFFO per unit

(1) For the purposes of calculating diluted per unit amounts, diluted units include restricted and deferred units issued under various plans and excludes the effects of settling the Class C LP Units with Class B LP Units

NON-GAAP MEASURES

EBITFV	
Net income and comprehensive income	$253,186
Fair value adjustment on investment properties	($110,808)
Fair value adjustment on unit-based awards	$402
Interest expense and other financing charges	$52,977
GP income tax expense	$545
EBITFV	**$196,302**

INTEREST COVERAGE RATIO	
EBITFV	$196,302
Interest Expense and Other Financing Charges	$52,977
