Airgain to Present at the 20th Annual Oppenheimer Technology, Internet & Communications Conference on August 9, 2017

San Diego, California, July 20, 2017 – [Airgain, Inc. \(NASDAQ: AIRG\)](#), a leading provider of embedded antenna technologies used to enable high performance wireless networking, has been invited to present at the 20th Annual [Oppenheimer Technology, Internet & Communications Conference](#). The conference is being held on August 8-9, 2017 at the Four Seasons Hotel in Boston.

Charles Myers, Airgain's President and Chief Executive Officer, is scheduled to present on Wednesday, August 9th at 3:05 p.m. Eastern Time. The presentation will be webcast live and will be available for replay on the investors section of the company's [website](#). Myers and Director of Investor Relations, Alexis Waadt, will hold one-on-one meetings with institutional investors throughout the day.

For additional information or to schedule a one-on-one meeting with Airgain management, please contact your Oppenheimer representative.

About Airgain, Inc.

Airgain is a leading provider of embedded antenna technologies used to enable high performance wireless networking across a broad range of home, enterprise, and industrial devices. Our innovative antenna systems open up exciting new possibilities in wireless services requiring high speed throughput, broad coverage footprint, and carrier grade quality. Our antennas are found in devices deployed in carrier, enterprise, and residential wireless networks and systems, including set-top boxes, access points, routers, gateways, media adapters, digital televisions, and Internet of Things (IoT) devices. Airgain partners with and supplies the largest blue chip brands in the world, including original equipment and design manufacturers, chipset makers, and global operators. Airgain is headquartered in San Diego, California, and maintains design and test centers in San Diego, Cambridge, United Kingdom, and Suzhou and Shenzhen, China.
