

MGM RESORTS INTERNATIONAL REPORTS FIRST QUARTER 2022 FINANCIAL AND OPERATING RESULTS

- Las Vegas Strip Resorts and Regional Operations Adjusted Property EBITDAR increased 47% and 48%, respectively, compared to the first quarter of 2019 and maintained margin growth over 2019 in both the Las Vegas and Regional markets
- Announced offer to acquire global online gaming company LeoVegas for a total tender value of approximately \$607 million
- Repurchased \$2.8 billion of shares of common stock since January 2021
- Closed transaction with MGP to VICI and continue to pursue a commercial gaming license in New York and development of an Integrated Resort in Osaka, Japan

Las Vegas, Nevada, May 2, 2022 – MGM Resorts International (NYSE: MGM) ("MGM Resorts" or the "Company") today reported financial results for the quarter ended March 31, 2022.

"We delivered a strong first quarter in our domestic operations driven by weekend demand and a better mix of business. Our midweek business is improving with each quarter and our group base is growing after a tough January. The results demonstrate the robust demand for our gaming entertainment offerings with the backdrop of increased sports and entertainment programming in the Las Vegas market," said Bill Hornbuckle, Chief Executive Officer and President of MGM Resorts International. "We reached another milestone in the completion of our asset light strategy with the closing of the VICI transaction, allowing us to simplify our corporate structure and bolster our liquidity while deploying capital into growth projects with the highest shareholder return. We announced this morning the tender offer for 100% of the shares of LeoVegas which will allow us to expand into international online gaming with a world class management team, strong IT platform and growth prospects. We remain focused on achieving our vision to be the world's premier gaming entertainment company."

"Our strong liquidity position, coupled with our confidence in the long-term recovery of our core business, has allowed us to continue to focus on maximizing long-term shareholder value. To that end, we continued to repurchase our stock in the first quarter, reaching over \$1.0 billion during the first quarter of 2022 and we repaid \$1.0 billion of notes in March," said Jonathan Halkyard, Chief Financial Officer and Treasurer of MGM Resorts International. "We are disciplined in our approach to capital deployment and are focused on maintaining a strong balance sheet with adequate liquidity, while at the same time pursuing growth opportunities with the greatest return to shareholders."

First Quarter 2022 Financial Highlights:

Consolidated Results

- Consolidated net revenues of \$2.9 billion compared to \$1.6 billion in the prior year quarter, an increase of 73%. The current quarter benefited from the inclusion of the operating results of Aria and Vdara (collectively "Aria") due to its consolidation in September 2021 and was negatively affected by a decrease in business volume and travel due to the spread of the omicron variant in the early part of the quarter; however, results improved over the prior year quarter which was negatively affected by midweek property and hotel closures, lower business volume and travel activity, and operational restrictions due to the COVID-19 pandemic primarily at the Las Vegas Strip Resorts;
- Net loss attributable to MGM Resorts of \$18 million compared to net loss attributable to MGM Resorts of \$332 million in the prior year quarter, and net income attributable to MGM Resorts of \$31 million in the first quarter of 2019;
- Diluted loss per share of \$0.06 in the current quarter compared to diluted loss per share of \$0.69 in the prior year quarter;
- Adjusted diluted earnings per share ("Adjusted EPS")⁽¹⁾ of \$0.01 in the current quarter compared to an Adjusted EPS loss per share of \$0.68 in the prior year quarter; and
- Consolidated Adjusted EBITDAR⁽²⁾ of \$670 million and Consolidated Adjusted EBITDAR margin⁽²⁾ of 23.5% in the current quarter.

Las Vegas Strip Resorts

- Net revenues of \$1.7 billion in the current quarter compared to \$545 million in the prior year quarter, an increase of 205%. The current quarter benefited from the inclusion of Aria and was negatively affected by a decrease in business volume and travel due to the spread of the omicron variant in the early part of the quarter; however, the prior year quarter was negatively affected by midweek property and hotel closures at certain properties, lower business volume and travel activity, and operational restrictions due to the COVID-19 pandemic;
- Same-store net revenues (adjusted for acquisitions/dispositions, as further described in our discussion of non-GAAP measures in footnote 2 below) of \$1.4 billion in the current quarter, a decrease of 1% compared to the first quarter of 2019;
- Table Games Hold Adjusted Las Vegas Strip Resorts Net Revenues⁽³⁾ of \$1.7 billion compared to \$544 million in the prior year quarter, an increase of 204%;
- Table Games Hold Adjusted Las Vegas Strip Resorts Same-Store Net Revenues⁽³⁾ of \$1.3 billion compared to \$1.4 billion in the first quarter of 2019, a decrease of 2%;
- Adjusted Property EBITDAR⁽²⁾ of \$594 million in the current quarter compared to \$108 million in the prior year quarter, an increase of 449%;
- Same-Store Adjusted Property EBITDAR⁽²⁾ of \$472 million in the current quarter compared to \$391 million in the first quarter of 2019, an increase of 21%;
- Adjusted Property EBITDAR margin⁽²⁾ of 35.7% in the current quarter compared to 19.8% in the prior year quarter, an increase of 1,586 basis points;
- Same-Store Adjusted Property EBITDAR margin⁽²⁾ of 35.0% in the current quarter compared to 28.6% in the first quarter of 2019, an increase of 638 basis points;
- Table Games Hold Adjusted Las Vegas Strip Resorts Adjusted Property EBITDAR⁽²⁾ of \$587 million in the current quarter compared to \$107 million in the prior year quarter, an increase of 448%; and

• Table Games Hold Adjusted Las Vegas Strip Resorts Same-Store Adjusted Property EBITDAR⁽²⁾ of \$464 million compared to \$396 million in the first quarter of 2019, an increase of 17%.

Regional Operations

- Net revenues of \$891 million in the current quarter compared to \$711 million in the prior year quarter, an increase of 25%, and an increase of 11% compared to \$804 million in the first quarter of 2019. The prior year quarter was negatively affected by midweek hotel closures at certain properties and operational restrictions;
- Adjusted Property EBITDAR of \$313 million in the current quarter compared to \$242 million in the prior year quarter, an increase of 29%, and an increase of 48% compared to \$212 million in the first quarter of 2019; and
- Adjusted Property EBITDAR margin of 35.2% in the current quarter compared to 34.0% in the prior year quarter, an increase of 115 basis points, and an increase of 882 basis points compared to 26.3% in the first quarter of 2019 due primarily to an increase in revenues and realized benefits of the Company's costs savings initiatives.

MGM China

- Net revenues of \$268 million in the current quarter compared to \$296 million in the prior year quarter, a decrease of 9%, and a decrease of 63% compared to \$734 million in the first quarter of 2019. The current and prior year quarter were significantly impacted by travel and entry restrictions in Macau; and
- Adjusted Property EBITDAR loss of \$26 million in the current quarter compared to Adjusted Property EBITDAR of \$5 million in the prior year quarter, and \$193 million in the first quarter of 2019. The current quarter included a charge of \$18 million related to litigation reserves.

1."Adjusted EPS" is diluted earnings or loss per share adjusted to exclude preopening and start-up expenses, property transactions, net, loss related to equity investment, foreign currency loss related to MGM China's U.S. dollar-denominated debt, mark-to-market adjustments related to MGP's unhedged interest rate swaps, and mark-to-market adjustments related to CityCenter's unhedged interest rate swaps recorded within non-operating items from unconsolidated affiliates.

Adjusted EPS is a non-GAAP measure and is presented solely as a supplemental disclosure to reported GAAP measures because management believes this measure is useful in providing period-to-period comparisons of the results of the Company's continuing operations to assist investors in reviewing the Company's operating performance over time. Management believes that while certain items excluded from Adjusted EPS may be recurring in nature and should not be disregarded in evaluating the Company's earnings performance, it is useful to exclude such items when comparing current performance to prior periods because these items can vary significantly depending on specific underlying transactions or events. Also, management believes certain excluded items, and items further discussed in footnote 2 below, may not relate specifically to current operating trends or be indicative of future results. Adjusted EPS should not be construed as an alternative to GAAP earnings per share as an indicator of the Company's performance. In addition, Adjusted EPS may not be defined in the same manner by all companies and, as a result, may not be comparable to similarly titled non-GAAP financial measures of other companies. A reconciliation of Adjusted EPS to diluted earnings per share can be found under "Adjusted Diluted Earnings Per Share" included in this release.

2."Adjusted EBITDAR" is earnings before interest and other non-operating income (expense), taxes, depreciation and amortization, preopening and start-up expenses, property transactions, net, restructuring costs (which represents costs related to severance, accelerated stock compensation expense, and consulting fees directly related to the operating model component of the MGM 2020 Plan), rent expense associated with triple net operating and ground leases, and income from unconsolidated affiliates related to investments in real estate ventures.

"Adjusted Property EBITDAR" is the Company's reportable segment GAAP measure, which management utilizes as the primary profit measure for its reportable segments and underlying operating segments. Adjusted Property EBITDAR is a

measure defined as earnings before interest and other non-operating income (expense), taxes, depreciation and amortization, preopening and start-up expenses, rent expense associated with triple-net operating and ground leases, income from unconsolidated affiliates related to investments in real estate ventures, and property transactions, net, and also excludes corporate expense and stock compensation expense, which are not allocated to each operating segment, and rent expense related to the master lease with MGP that eliminates in consolidation.

"Same-Store Adjusted Property EBITDAR" is Adjusted Property EBITDAR further adjusted to exclude the Adjusted Property EBITDAR of acquired operating segments from the date of acquisition through the end of the reporting period and to exclude the Adjusted Property EBITDAR of disposed operating segments from the beginning of the reporting period through the date of disposition. Accordingly, the Company has excluded the Adjusted Property EBITDAR of Aria for periods subsequent to its acquisition on September 27, 2021 and the Adjusted Property EBITDAR of Circus Circus Las Vegas for periods prior to its disposition on December 19, 2019 in Same-Store Adjusted Property EBITDAR for the periods included in this release.

Same-Store Adjusted Property EBITDAR is a non-GAAP measure and is presented solely as a supplemental disclosure to reported GAAP measures because management believes this measure is useful in providing meaningful period-to-period comparisons of the results of the Company's operations for operating segments that were consolidated by the Company for the full period presented to assist investors in reviewing the Company's operating performance over time. Same-Store Adjusted Property EBITDAR should not be viewed as a measure of overall operating performance, considered in isolation, or as an alternative to the Company's reportable segment GAAP measure or net income, or to any other measure determined in accordance with generally accepted accounting principles, because this measure is not presented on a GAAP basis, and is provided for the limited purposes discussed herein. In addition, Same-Store Adjusted Property EBITDAR may not be defined in the same manner by all companies and, as a result, may not be comparable to similarly titled non-GAAP financial measures of other companies, and such differences may be material. A reconciliation of the Company's reportable segment Adjusted Property EBITDAR GAAP measure to Same-Store Adjusted Property EBITDAR is included in the financial schedules in this release.

"Table Games Hold Adjusted Las Vegas Strip Resorts Adjusted Property EBITDAR" and "Table Games Hold Adjusted Las Vegas Strip Resorts Same-Store Adjusted Property EBITDAR" are supplemental non-GAAP financial measures, that, in addition to the reasons described above for the presentation of Adjusted Property EBITDAR and Same-Store Adjusted Property EBITDAR, are presented to adjust for the impact of certain variances in table games win percentages compared to the mid-point of the expected ranges. Table Games Hold Adjusted Las Vegas Strip Resorts Adjusted Property EBITDAR and Table Games Hold Adjusted Las Vegas Strip Resorts Same-Store Adjusted Property EBITDAR are calculated by applying a win percentage of 30.0% for Baccarat and 21.0% for non-Baccarat games to the respective table games drops for the quarter, which represents the mid-point of the expected ranges of 25.0% to 35.0% for Baccarat and 19.0% to 23.0% for non-Baccarat at the Las Vegas Strip Resorts properties. Table Games Hold Adjusted Las Vegas Strip Resorts Same-Store Adjusted Property EBITDAR excludes the Adjusted Property EBITDAR of acquired operating segments from the date of acquisition through the end of the reporting period and the Adjusted Property EBITDAR of disposed operating segments from the beginning of the reporting period through the date of disposition, and also excludes the hold adjustment related to such acquired and disposed operating segments for the respective periods. Table Games Hold Adjusted Las Vegas Strip Resorts Adjusted Property EBITDAR and Table Games Hold Adjusted Las Vegas Strip Resorts Same-Store Adjusted Property EBITDAR are also adjusted for the gaming taxes, bad debt expense, discounts and other incentives that would have been incurred or avoided when applying the win percentages noted above to the respective gaming volumes. Table Games Hold Adjusted Las Vegas Strip Resorts Adjusted Property EBITDAR and Table Games Hold Adjusted Las Vegas Strip Resorts Same-Store Adjusted Property EBITDAR should not be viewed as a measure of overall operating performance, considered in isolation, or as an alternative to the Company's reportable segment GAAP measure or net income, or to any other measure determined in accordance with generally accepted accounting principles, because this measure is not presented on a GAAP basis, and is provided for the limited purposes discussed herein. In addition, Table Games Hold Adjusted Las Vegas Strip Resorts Adjusted Property EBITDAR and Table Games Hold Adjusted Las Vegas Strip Resorts Same-Store Adjusted Property EBITDAR may not be defined in the same manner by all companies and, as a result, may not be comparable to similarly titled non-GAAP financials measures of other companies, and such differences may be material. A reconciliation of the Company's reportable segment Adjusted Property EBITDAR GAAP measure to Table Games Hold Adjusted Las Vegas Strip Resorts Same-Store Adjusted Property EBITDAR is included in the financial schedules in this release.

Adjusted EBITDAR information is a non-GAAP measure that is a valuation metric, should not be used as an operating metric, and is presented solely as a supplemental disclosure to reported GAAP measures because management believes this measure is widely used by analysts, lenders, financial institutions, and investors as a principal basis for the valuation of

gaming companies. Management believes that while items excluded from Adjusted EBITDAR may be recurring in nature and should not be disregarded in evaluation of the Company's earnings performance, it is useful to exclude such items when analyzing current results and trends. Also, management believes excluded items may not relate specifically to current trends or be indicative of future results. For example, preopening and start-up expenses will be significantly different in periods when the Company is developing and constructing a major expansion project and will depend on where the current period lies within the development cycle, as well as the size and scope of the project(s). Property transactions, net includes normal recurring disposals, gains and losses on sales of assets related to specific assets within the Company's resorts, but also includes gains or losses on sales of an entire operating resort or a group of resorts and impairment charges on entire asset groups or investments in unconsolidated affiliates, which may not be comparable period over period. In addition, management excludes rent expense associated with triple net operating leases and ground leases. Management believes excluding rent expense associated with triple net operating leases and ground leases provides useful information to analysts, lenders, financial institutions, and investors when valuing the Company, as well as comparing the Company's results to other gaming companies, without regard to differences in capital structure and leasing arrangements since the operations of other gaming companies may or may not include triple net operating leases or ground leases. However, as discussed herein, Adjusted EBITDAR should not be viewed as a measure of overall operating performance, an indicator of the Company's performance, considered in isolation, or construed as an alternative to operating income or net income, or as an alternative to cash flows from operating activities, as a measure of liquidity, or as an alternative to any other measure determined in accordance with generally accepted accounting principles, because this measure is not presented on a GAAP basis and excludes certain expenses, including the rent expense associated with the Company's triple net operating and ground leases, and are provided for the limited purposes discussed herein. In addition, other companies in the gaming and hospitality industries that report Adjusted EBITDAR may calculate Adjusted EBITDAR in a different manner and such differences may be material. The Company has significant uses of cash flows, including capital expenditures, interest payments, taxes, real estate triple net lease and ground lease payments, and debt principal repayments, which are not reflected in Adjusted EBITDAR.

A reconciliation of GAAP net income (loss) to Adjusted EBITDAR is included in the financial schedules in this release.

3."Table Games Hold Adjusted Las Vegas Strip Resorts Net Revenues" and "Table Games Hold Adjusted Las Vegas Strip Resorts Same-Store Net Revenues" are additional supplemental non-GAAP financial measures that are presented to adjust Las Vegas Strip Resorts net revenues for the impact of certain variances in table games win percentages compared to the midpoint of the expected ranges, as described in footnote 2 above. Table Games Hold Adjusted Las Vegas Strip Resorts Same-Store Net Revenues excludes the net revenues of acquired operating segments from the date of acquisition through the end of the reporting period and the net revenues of disposed operating segments from the beginning of the reporting period through the date of disposition, and also excludes the hold adjustment related to such acquired and disposed operating segments for the respective periods. Table Games Hold Adjusted Las Vegas Strip Resorts Net Revenues and Table Games Hold Adjusted Las Vegas Strip Resorts Same-Store Net Revenues are also adjusted for the discounts and other incentives that would have been incurred or avoided when applying the win percentages noted in footnote 2 above to the respective gaming volumes. Management believes Table Games Hold Adjusted Las Vegas Strip Resorts Net Revenues and Table Games Hold Adjusted Las Vegas Strip Resorts Same-Store Net Revenues present consistent measures in providing period-to-period comparisons and are useful measures in assisting investors in evaluating the Company's operating performance, and that Table Games Hold Adjusted Las Vegas Strip Resorts Same-Store Net Revenues is useful in providing meaningful period-to-period comparisons of the results of the Company's operations for operating segments that were consolidated by the Company for the full period presented to assist investors in reviewing the Company's operating performance over time. Table Games Hold Adjusted Las Vegas Strip Resorts Net Revenues and Table Games Hold Adjusted Las Vegas Strip Resorts Same-Store Net Revenues should not be construed as alternatives to GAAP net revenues or to any other measure determined in accordance with generally accepted accounting principles and may not be defined in the same manner by all companies and, as a result, may not be comparable to similarly titled non-GAAP financial measures of other companies, and such differences may be material. Reconciliations of GAAP net revenues to Table Games Hold Adjusted Las Vegas Strip Resorts Net Revenues and Table Games Hold Adjusted Las Vegas Strip Resorts Same-Store Net Revenues are included in the financial schedules in this release.

4. REVPAR is hotel revenue per available room.
