

BGC Partners And Newmark Group Announce Pricing Of Newmark Group Initial Public Offering

12/15/2017

NEW YORK, Dec. 15, 2017 /PRNewswire/ -- BGC Partners, Inc. (NASDAQ: BGCP) ("BGC") and Newmark Group, Inc., a subsidiary of BGC that holds BGC's Real Estate Services business ("Newmark"), announced today the pricing of Newmark's initial public offering ("IPO") of 20 million shares of Newmark's Class A common stock at a price to the public of \$14.00 per share. Newmark's Class A shares are expected to begin trading on December 15, 2017 on the NASDAQ Global Select Market under the symbol "NMRK", and the IPO is expected to close on or about December 19, 2017, subject to customary closing conditions.

In addition, Newmark has granted the underwriters a 30-day option to purchase up to an additional 3 million shares of Newmark's Class A common stock at the IPO price, less underwriting discounts and commissions.

At closing, BGC will own approximately 85.3% of the shares of Newmark's Class A common stock (or approximately 83.4% of the shares of Newmark's Class A common stock if the underwriters exercise in full their option to purchase additional shares of Newmark's Class A common stock).

BGC currently expects to pursue a distribution to its stockholders of all of the shares of Newmark common stock that BGC then owns in a manner that is intended to qualify as generally tax-free for U.S. federal income tax purposes. As currently contemplated, shares of Newmark's Class A common stock held by BGC would be distributed to the holders of shares of Class A common stock of BGC. Furthermore, shares of Newmark's Class B common stock held by BGC would be distributed to the holders of shares of Class B common stock of BGC. The determination of whether, when and how to proceed with any such distribution is entirely within the discretion of BGC. The shares of Newmark's common stock that BGC will own upon the completion of the IPO will be subject to a 180-day "lock-up" restriction.
