Forward-Looking Statements

Statements contained in this presentation that are not purely historical are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including without limitation, statements regarding the Company's expectations, hopes, beliefs, intentions or strategies regarding the future and statements regarding future guidance or estimates and non-historical performance. These forward-looking statements are based on the Company's current expectations and beliefs concerning future developments and their potential effects on the Company. While the Company's expectations, beliefs and projections are expressed in good faith and the Company believes there is a reasonable basis for them, there can be no assurance that future developments affecting the Company will be those that we have anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond the control of the Company) or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by such forward-looking statements. These risks and uncertainties include, but are not limited to, inaccurate estimates of contract risks, revenue or costs, the timing of new awards or the pace of project execution; unfavorable outcomes of existing or future litigation or dispute resolution proceedings against project owners, subcontractors or suppliers, as well as failure to promptly recover significant working capital invested in projects subject to such matters; the requirement to perform extra, or change order, work resulting in disputes or claims, which may adversely affect our working capital, profits and cash flows; actual results that could differ from the assumptions and estimates used to prepare financial statements; a significant slowdown or decline in economic conditions; client cancellations of, or reductions in scope under, contracts reported in our backlog; increased competition and failure to secure new contracts; failure to meet contractual schedule requirements, which could result in higher costs and reduced profits or, in some cases, exposure to financial liability for liquidated damages and/or damages to customers; impairment of our goodwill or other indefinite-lived intangible assets; inability to retain key members of our management, to hire and retain personnel required to complete projects or implement succession plans for key officers; failure to meet our obligations under our debt agreements; decreases in the level of government spending for infrastructure and other public projects; failure of our joint venture partners to perform their venture obligations, which could impose additional financial and performance obligations on us, resulting in reduced profits, or losses; possible systems and information technology interruptions; the impact of inclement weather; failure to comply with laws and regulations related to government contracts; conversion of our outstanding Convertible Notes that could dilute ownership interests of existing stockholders and could adversely affect the market price of our common stock; the potential dilutive impact of our Convertible Notes in our diluted earnings per share calculation; economic, political and other risks, including civil unrest, security issues, cyber-attacks or other technological interruptions, labor conditions, corruption and other unforeseeable events in countries where we do business, resulting in unanticipated losses; and other risks and uncertainties discussed under the heading "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2018 filed on February 27, 2019 and in other reports that we file with the Securities and Exchange Commission from time to time. The Company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws.

Civil Segment Drives TPC's Profitability

- Construction and rehabilitation of highways, bridges, tunnels, mass-transit systems and wastewater treatment facilities
- TPC's highest margin segment (10.6% operating margin over last 12 mos.)
- Focused on large-scale, complex projects (\$100M to \$1B+)
- One of few leaders in the industry positioned to capture the largest projects
 - Faces fewer competitors, as smaller contractors lack the technical experience, capability and bonding capacity to support large projects
 - Strong self-performance capabilities
 - Centralized, experienced cost estimating capabilities and sizeable equipment fleet

Winning Large and Highly Visible Projects

CA High-Speed Rail, CA

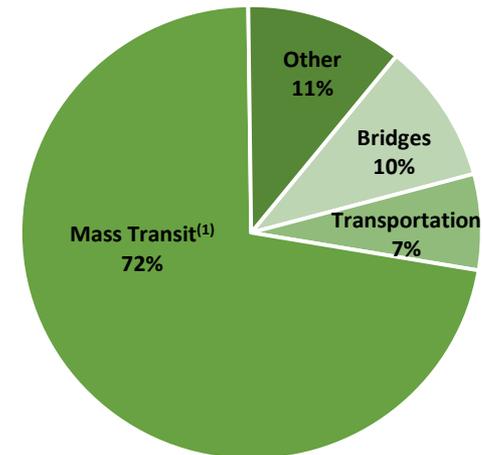

East Side Access Project, NY

Civil Construction Success Drivers

- **Very strong bidding activity and bid pipeline over the next several years**
- **Significant infrastructure spending boost** expected due to recent voter-approved funding measures (e.g., \$120B L.A. County Measure M; \$54B Seattle Sound Transit 3), \$52B 10-year California transportation bill and any potential new federal infrastructure program
- Experience and past performance on projects
- Financial strength key to obtaining bonding and pre-bid qualification
- Only major U.S. or international contractor with an office in Guam (presence for 40 years)
 - Prepared for multi-billion-dollar troop relocation project opportunities

Q4-18 Backlog by End Market: \$5.2B

25% Y/Y Civil segment backlog growth and over \$1.5B of pending Civil awards

⁽¹⁾ Includes the Company's airport projects

Building Segment

- Private / Non-Residential and Public Projects
- Expertise in Hospitality and Gaming, Design-Build and Accelerated Delivery

- Leading Builder in California
- Large Corporate Customer Base

- Southeastern U.S. Focus
- Private / Non-Residential and Public Projects

- Construction and design-build services worldwide for U.S. military and government agencies and surety companies

CityCenter
Las Vegas

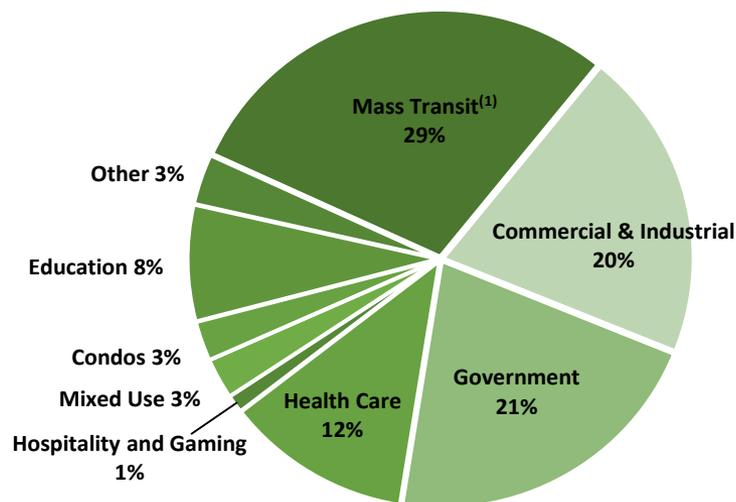

The Cosmopolitan Resort &
Casino, Las Vegas

Building Construction Success Drivers

- **Large and active bid pipeline over at least the next two years**
 - Significant volume of prospective awards for projects in California and the northeast U.S. given strengths of Rudolph and Sletten and Tutor Perini Building Corp.
- Strong customer relationships and end market expertise
- Integrated business model with significant self-perform capabilities
- Established track record on numerous large government contracts

Q4-18 Backlog by End Market: \$2.3B

Strong demand for building projects, especially in California and the northeast U.S.

Specialty Contractors Segment

FIVE STAR ELECTRIC

- One of the largest electrical contractors in New York City

- Electrical contractor with offices in Houston, Miami, New Orleans and Los Angeles

- Mechanical contractor with offices in New York City and Miami

- Mechanical contractor with offices in Los Angeles and Las Vegas

- Expertise in Pneumatic Concrete Placement
- Offices in Los Angeles and New York City

East Side Access Queens Tunnels, NY

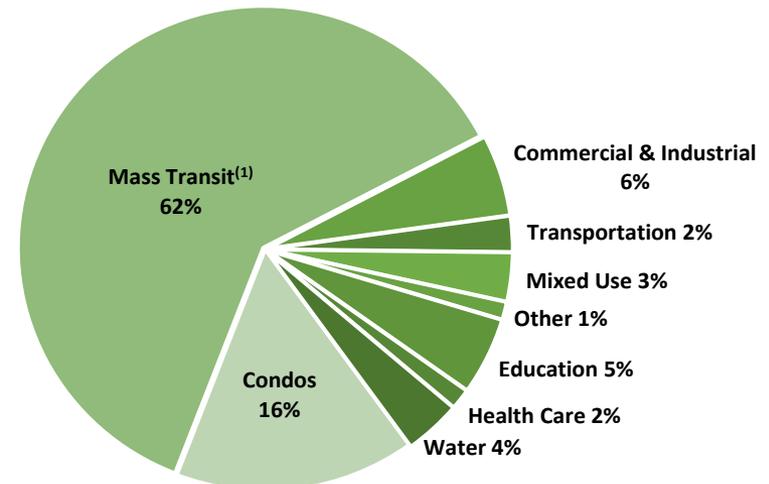

World Trade Center, NY

Specialty Contractors Success Drivers

- **Strong demand, especially in New York City and California**
- Strong electrical and mechanical proficiencies
- Performing substantial work for the Civil and Building groups
 - Positions TPC as a full-service contractor with greater control over scheduled work, project delivery, and cost and risk management
- Continuing to serve existing external customers
- Focused on New York City, Texas, California and Florida

Q4-18 Backlog by End Market: \$1.8B

TPC's specialty construction capabilities provide a strong competitive advantage

Historical Financials

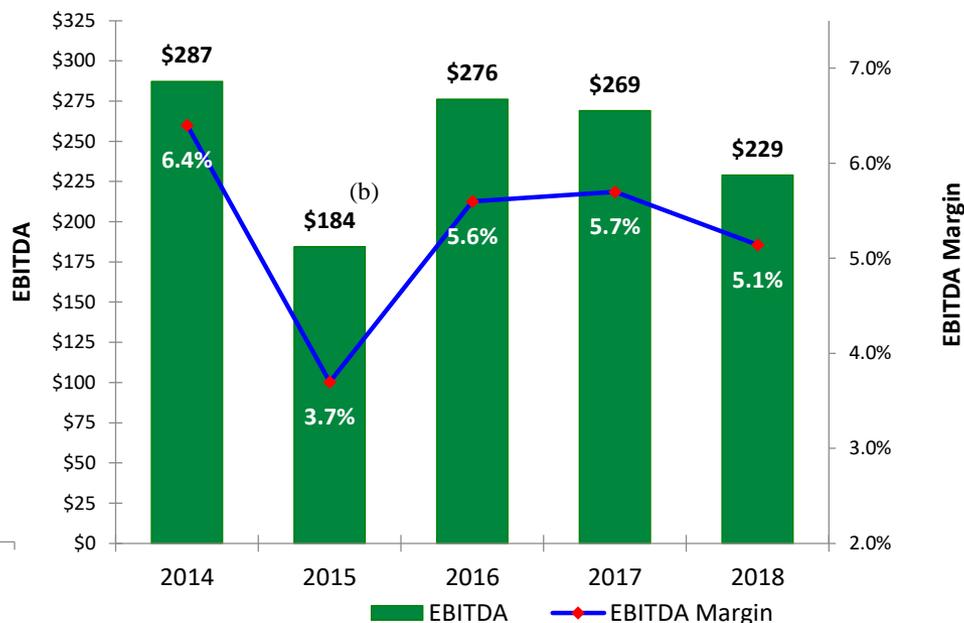

Revenue

(\$ in millions)

EBITDA^(a)

(\$ in millions)

(a) EBITDA and adjusted EBITDA (for 2015) are non-GAAP financial measures; see reconciliation to net income attributable to Tutor Perini Corp. in appendix. Net income attributable to Tutor Perini Corp. for 2014-2018 was \$107.9M, \$45.3M, \$95.8M, \$148.4M and \$83.4M, respectively.

(b) Represents adjusted EBITDA for 2015, which excludes a Civil segment charge of \$23.9M related to legacy litigation for a Frontier-Kemper (FK) joint venture, for which FK had a 20% non-ownership interest. Tutor Perini acquired FK in 2011, after the joint venture project was complete and already in litigation.

Guidance

(as of February 27, 2019)

FY19 Guidance

EPS Range*

\$2.00 - \$2.30

* Assumptions:

- General and administrative expenses in 2019 are expected to be modestly higher than in 2018, but significantly lower on a margin basis
- Includes \$0.88 (\$62M) of depreciation and amortization expense
- Includes \$0.90 (\$63M) of interest expense, of which \$0.18 (\$13M) will be non-cash
- Approximately 27% - 28% effective tax rate
- Approximately \$30M - \$35M of non-controlling interests
- Approximately 51M weighted-average diluted shares outstanding
- Approximately \$90M of capital expenditures in 2019 (\$70M of which is owner-funded and project-specific)

Why Invest in Tutor Perini?

- **Market leader** with strong résumé of successfully completed projects
- **Significant wave of infrastructure spending anticipated** due to several large voter-approved funding measures, the \$52B 10-yr. California transportation bill and any potential new federal infrastructure program
- **Domestically focused**
- **Record backlog of \$9.3B plus more than \$2.5B of pending awards to support growth; 55% of current backlog comprised of higher-margin civil projects**
- **Unprecedented civil project bidding activity and pipeline of prospective projects**, reflecting strong market demand in the area of our greatest strengths and profitability
- **Focused on cash flow generation and balance sheet improvements**
