PANCONTINENTAL ANNOUNCES INCREASE IN FINANCING

Pancontinental Gold Corporation (TSX-V:PUC) (the “Company”) is pleased to announce that due to increased demand, its previously announced financing, see press release of March 14, 2018, has been increased for total gross proceeds of up \$2,100,000.

The flow-through component of the financing will now include up to 17,500,000 common shares of the Company which will qualify as “flow-through shares” pursuant to the Income Tax Act (Canada) (the “**FT Shares**”) issued at a price of \$0.06 per FT Share, for gross proceeds of up to \$1,050,000. The unit component of the financing has been increased to up to 21,000,000 units of the Company at a price of \$0.05 per unit, for gross proceeds of \$1,050,000. Each unit will be comprised of one common share of the Company and one-half of a common share purchase warrant. Each whole warrant will entitle the holder thereof to acquire one common share of the Company at a price of \$0.08 per common share for a period of eighteen months from the date of issuance, provided that the expiry date can be accelerated in the event the common shares trade on a stock exchange at a volume weighted average trading price \$0.15, or greater, per common share for a period of 20 consecutive trading days following the expiry of the statutory four month and one day resale restriction. The Company may pay certain finder’s fees with respect to gross proceeds raised.

About Pancontinental Gold Corporation

Pancontinental is a Canadian-based mining company focused on the exploration and development of its Montcalm West nickel-copper-cobalt project in Ontario, Canada, and its 100%-owned Jefferson gold project in South Carolina, USA. The Company continues to focus on acquiring additional prospective properties in low-risk areas in proximity to producing or former mines. In 2015, Pancontinental sold its interest in its Australian rare earth element (REE) and uranium properties, formerly held through a joint venture, and retains a 1% gross overriding royalty on 100% of future production.
