

EXPERTISE | FULL SERVICE | COMPREHENSIVE PORTFOLIO

SBA leverages 20 years of leasing expertise to bring a full-service approach to our customers' wireless infrastructure needs with an expansive portfolio of owned and managed sites that are highly desirable for all forms of wireless communications.

Our sites provide excellent coverage solutions to metro areas, suburban neighborhoods, rural communities, major highways, commuter zones, traffic corridors, as well as some industrial, retail, healthcare and academic campuses.

SBA leases space on our multi-tenant towers and other communications facilities to a variety of wireless service providers under long-term lease contracts in the United States, Canada, Central and South America. Our customer base includes all the leading national and regional wireless communications carriers, as well as local communications companies, government entities and broadcasters, representing multiple technologies.

With thousands of owned and managed sites, and industry-leading knowledge of our inventory, SBA is able to provide timely solutions that allow our customers to: accelerate deployment, establish service in new areas, expand existing networks and save capital.

**WE UNDERSTAND THE IMPORTANCE OF
"TIME TO MARKET" FOR OUR TENANTS,
AND WE ARE PROUD TO PROVIDE OUR
CUSTOMERS WITH AN ATMOSPHERE OF
QUALITY SERVICE, RELIABILITY AND
RESPONSIVENESS.**

A low-angle photograph of several tall, metal communication towers against a clear blue sky. The towers are made of a complex lattice of steel beams and are topped with various antennas and equipment. The perspective is looking up, making the towers appear to converge towards the top of the frame.
