About Axon & [Evidence.com](#) Platform:

Thousands of law enforcement agencies to date are now utilizing the [Axon Platform](#), allowing them to seamlessly integrate software and hardware to enable powerful capabilities. The Axon platform connects technology and people in order to create safer communities.

- **Capture to courtroom:** From body cameras to digital evidence management tools we arm law enforcement with great capabilities to help them focus on policing.
- **Powerful Simplicity:** Our hardware and software products work together seamlessly and are easy to use, with software upgrades every 30 days that continually expand law enforcement capabilities.
- **Security Beyond CJIS.** Our security practices go above and beyond CJIS requirements to keep law enforcement's

most sensitive data safe.

- **Connected Mobile App Suite.** The Axon suite of mobile applications augments the body camera experience and allows officers to Capture, View, and stream Live video from their smartphone.

There have been several studies conducted recently on the positive effects body-worn cameras can have on a police force and community. These studies include a [year-long Cambridge University study](#) conducted at the Rialto, CA Police Department that showed an 88% reduction in citizen complaints and a 60% reduction in uses of force after implementation of TASER's Axon flex cameras. The [San Diego Police Department also released a report](#) showing the use of Axon body-worn cameras resulted in a 41% drop in complaints, 60% drop in total allegations and a 47% decline in "personal body" force by officers. The use of pepper spray was also reduced by 31%. In [a study by Arizona State University](#), the Mesa Police Department's use of Axon cameras revealed a 48% reduction in citizen complaints against camera officers for misconduct during the study period, and a 75% decline in use of force complaints.
