

## **Bloom Energy to Report Second Quarter 2018 Financial Results on August 7**

SUNNYVALE, Calif., August 1, 2018 -- Bloom Energy Corporation (NYSE:BE) will report its second quarter 2018 financial results after U.S. financial markets close on Tuesday, August 7, 2018.

The Company will provide a shareholder letter with financial results and management commentary. The letter will be posted to the Investor Relations section of the Company's website.

Bloom Energy is in the post-effective period after the pricing of its initial public offering on July 24, 2018, and no conference call will be held to discuss the results. The Company believes it is prudent to release its results and forward estimates in a timely manner, and intends to begin conducting earnings conference calls when reporting its third quarter financial results in October.

### **About Bloom Energy**

Bloom Energy's mission is to make clean, reliable, and affordable energy for everyone in the world. The Company's product, the Bloom Energy Server, is capable of delivering highly reliable, uninterrupted, 24x7 constant electric power that is clean and sustainable. Twenty-five of the Fortune 100 companies are Bloom Energy's customers, and some of its largest deployments are at Equinix, AT&T, The Home Depot, The Wonderful Company, Caltech, Kaiser Permanente, and Delmarva Power.
