

**UNITED STATES
SECURITIES AND EXCHANGE COMMISSION**
Washington, D.C. 20549

FORM 10-Q

(Mark One)

☒ **QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

For the quarterly period ended September 30, 2020

OR

☐ **TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

Commission file number: 001-36557

ADVANCED DRAINAGE SYSTEMS, INC.

(Exact name of registrant as specified in its charter)

Delaware
(State or Other Jurisdiction of
Incorporation or Organization)

51-0105665
(I.R.S. Employer
Identification No.)

4640 Trueman Boulevard, Hilliard, Ohio 43026
(Address of Principal Executive Offices, Including Zip Code)

(614) 658-0050
(Registrant's Telephone Number, Including Area Code)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, \$0.01 par value per share	WMS	New York Stock Exchange

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§ 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act. (Check one):

Large Accelerated Filer	☒	Accelerated Filer	☐
Non-Accelerated Filer	☐	Smaller Reporting Company	☐
Emerging Growth Company	☐		

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ☐ No ☒

As of October 29, 2020, the registrant had 70,476,774 shares of common stock outstanding. The shares of common stock trade on the New York Stock Exchange under the ticker symbol "WMS." In addition, as of October 29, 2020, 390,089 shares of unvested restricted common stock were outstanding and 20,438,321 shares of ESOP, preferred stock, convertible into 15,721,157 shares of common stock, were outstanding. As of October 29, 2020, 86,588,020 shares of common stock were outstanding, inclusive of outstanding shares of unvested restricted common stock and on an as-converted basis with respect to the outstanding shares of ESOP preferred stock.

ADVANCED DRAINAGE SYSTEMS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

1. BACKGROUND AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business - Advanced Drainage Systems, Inc. and subsidiaries (collectively referred to as “ADS” or the “Company”), incorporated in Delaware, designs, manufactures and markets innovative water management solutions in the stormwater and on-site septic waste water industries, providing superior drainage solutions for use in the construction and agriculture marketplace. ADS’s products are used across a broad range of end markets and applications, including non-residential, infrastructure and agriculture applications.

On July 31, 2019, the Company completed the Acquisition of Infiltrator Water Technologies. Infiltrator Water Technologies is a leading national provider of plastic leach field chambers and systems, septic tanks and accessories, primarily for use in residential applications. Infiltrator Water Technologies’ products are used in on-site septic wastewater treatment systems in the United States and Canada. See “Note 3. Acquisitions” for additional information on the Acquisition.

The Company is managed and reports results of operations in three reportable segments: Pipe, Infiltrator Water Technologies and International. The Company also reports the results of its Allied Products and all other business segments as Allied Products and Other.

Historically, sales of the Company’s products have been higher in the first and second quarters of each fiscal year due to favorable weather and longer daylight conditions accelerating construction activity during these periods. Seasonal variations in operating results may also be impacted by inclement weather conditions, such as cold or wet weather, which can delay projects.

Basis of Presentation - The Company prepares its Condensed Consolidated Financial Statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”). The Condensed Consolidated Balance Sheet as of March 31, 2020 was derived from audited financial statements included in the Annual Report on Form 10-K for the year ended March 31, 2020 (“Fiscal 2020 Form 10-K”). The accompanying unaudited Condensed Consolidated Financial Statements contain all adjustments, of a normal recurring nature, necessary to present fairly its financial position as of September 30, 2020 and the results of operations for the three and six months ended September 30, 2020 and cash flows for the six months ended September 30, 2020. The interim Condensed Consolidated Financial Statements should be read in conjunction with the audited Consolidated Financial Statements, including the notes thereto, filed in the Company’s Fiscal 2020 Form 10-K.

Principles of Consolidation - The Condensed Consolidated Financial Statements include the Company, its wholly-owned subsidiaries, its majority-owned subsidiaries and variable interest entities (“VIEs”) of which the Company is the primary beneficiary. The Company uses the equity method of accounting for equity investments where it exercises significant influence but does not hold a controlling financial interest. Such investments are recorded in Other assets in the Condensed Consolidated Balance Sheets and the related equity earnings from these investments are included in Equity in net income of unconsolidated affiliates in the Condensed Consolidated Statements of Operations. All intercompany balances and transactions have been eliminated in consolidation.

Recent Accounting Guidance

Recently Adopted Accounting Guidance

<i>Standard</i>	<i>Adoption</i>

Advanced Drainage Systems, Inc.

Accounting Standards Update 2016-13 – <i>Financial Instruments-Credit Losses (ASU 2016-13)</i>	In June 2016, the Financial Accounting Standards Board (the “FASB”) issued an Accounting Standards Update (“ASU”) which provides amended guidance on the measurement of credit losses on financial instruments, including trade receivables. This standard requires the use of an impairment model referred to as the current expected credit loss model. The Company adopted this standard effective April 1, 2020 using a modified retrospective approach through a cumulative-effect adjustment to Retained deficit as of the beginning of the first reporting period in which the guidance is effective. The Company recorded a \$0.8 million adjustment to Retained deficit at the date of adoption. Accounting Policy - The Company extends credit to customers based on an evaluation of their financial condition and collateral is generally not required. The Company records an allowance for credit losses at the time accounts receivable are recorded based on the Company’s historical write-off activity, an evaluation of the current economic environment and the Company’s expectations of future economic conditions.

Recent Accounting Guidance Not Yet Adopted

<i>Standard</i>	<i>Description</i>	<i>Effective Date</i>	<i>Effect on financial statements or other significant matters</i>
<i>ASU 2020-06, FASB Simplifies Issuer’s Accounting for Convertible Instruments and Contracts on an Entity’s Own Equity</i>	In August 2020, the FASB issued an ASU which simplifies the accounting for certain financial instruments with characteristics of liabilities and equity, including convertible instruments and contracts on an entity’s own equity	The amendments are effective after December 15, 2023 and an entity may elect to early adopt beginning after December 15, 2020.	The Company is currently evaluating the impact of this standard on the Consolidated Financial Statements.
<i>ASU 2020-04, Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Statements</i>	In March 2020, the FASB issued an ASU that provides optional expedients and exceptions related to financial reporting impacts related to the expected market transition from LIBOR to another reference rates.	The amendments are effective on March 12, 2020, and an entity may elect to adopt prospectively through December 31, 2022.	The Company is currently evaluating the impact of this standard on the Consolidated Financial Statements.
<i>ASU 2019-12, Income Taxes (Topic 740): Simplifying the Accounting for Income Taxes</i>	In December 2019, the FASB issued an ASU to simplify the accounting for income taxes by removing certain exceptions to the general principles in ASC 740, <i>Income Taxes</i> and improve the comparability of financial statements.	The amendments in this ASU are effective for fiscal years beginning after December 15, 2020, and early adoption is permitted.	The Company is currently evaluating the impact of this standard on the Consolidated Financial Statements.

Except for the pronouncements described above, there have been no new accounting pronouncements issued or adopted since the filing of the Fiscal 2020 Form 10-K that have significance, or potential significance, to the Condensed Consolidated Financial Statements.

Advanced Drainage Systems, Inc.
2. LOSS ON DISPOSAL OF ASSETS AND COSTS FROM EXIT AND DISPOSAL ACTIVITIES

In fiscal 2021, the Company undertook certain restructuring activities (the “2021 Restructuring Plan”), which followed the Company’s initiation of a restructuring plan in fiscal 2018 (the “2018 Restructuring Plan”). Actions taken under the 2021 Restructuring Plan included reducing headcount and eliminating nonessential costs designed to improve the Company’s cost structure. The Company does not currently have an estimate of additional costs or an expected end date for the restructuring actions. The following table summarizes the activity included in Loss on disposal of assets and costs from exit and disposal activities recorded during the periods presented.

	Three Months Ended September 30,		Six Months Ended September 30,	
	2020	2019	2020	2019
	(In thousands)		(In thousands)	
Headcount reduction	\$ 498	\$ —	\$ 1,601	\$ —
Total 2021 Restructuring Plan activities	\$ 498	\$ —	\$ 1,601	\$ —
Loss on other disposals and partial disposals of property, plant and equipment	129	444	673	1,151
Acquisition related severance and other costs	—	1,560	—	1,560
Total loss on disposal of assets and costs from exit and disposal activities	\$ 627	\$ 2,004	\$ 2,274	\$ 2,711

The restructuring activities are classified as operating expenses and not allocated to a segment.

A reconciliation of the beginning and ending amounts of restructuring liability related to the 2021 and 2018 Restructuring Plans as of the September 30, 2020 and 2019 is as follows:

	Six Months Ended September 30,	
	2020	2019
	(In thousands)	
Balance at the beginning of the period	\$ 574	\$ 1,696
Expenses	1,601	—
Payments	(1,046)	(842)
Balance at the end of the period	\$ 1,129	\$ 854

As of September 30, 2020, the Company had \$0.1 million of long-term severance liability related to the restructuring activities recorded in other liabilities in the Condensed Consolidated Balance Sheet. The current portion of the restructuring liability is recorded in Other accrued liabilities in the Condensed Consolidated Balance Sheet.

3. ACQUISITIONS

Acquisition of Infiltrator Water Technologies - On July 31, 2019 (the “Closing Date”), the Company completed its Acquisition of Infiltrator Water Technologies pursuant to an Agreement and Plan of Merger (the “Merger Agreement”) dated July 31, 2019. Infiltrator Water Technologies manufactures and sells wastewater systems for homes and provides drainage chambers for septic and storm water management. The total fair value of consideration transferred was \$1,147.2 million.

The following table summarizes the consideration transferred and the purchase price allocation of the assets acquired and liabilities assumed. The Company finalized the valuations of assets acquired and liabilities assumed during the second quarter of Fiscal 2021.

Advanced Drainage Systems, Inc.

(Amounts in thousands)	Initial Amount	Adjustments to Purchase Price	Adjustments to Property, Plant and Equipment	Adjustments to Right-of- use Assets	Adjustments to Intangible Assets	Tax Adjustments	Updated Amount
Cash	\$ 57,375	\$ —	\$ —	\$ —	\$ —	\$ —	\$ 57,375
Total current asset, excluding cash	75,847	—	—	—	—	—	75,847
Property, plant and equipment, net	98,860	—	(6,575)	—	—	—	92,285
Goodwill	567,034	704	6,575	—	(100,000)	21,528	495,841
Intangible assets, net	475,000	—	—	—	100,000	—	575,000
Other assets	14,366	—	—	2,909	—	—	17,275
Total current liabilities	(22,756)	—	—	(213)	—	931	(22,038)
Deferred tax liabilities	(109,926)	—	—	—	—	(22,459)	(132,385)
Other liabilities	(9,274)	—	—	(2,696)	—	—	(11,970)
Total fair value of consideration transferred	<u>\$ 1,146,526</u>	<u>\$ 704</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 1,147,230</u>

The fair value of consideration transferred includes \$6.0 million of Infiltrator Water Technologies payable to the Company and \$6.6 million of Infiltrator Water Technologies receivable due from the Company.

The goodwill of \$495.8 million represents the excess of consideration transferred over the fair value of assets acquired and liabilities assumed and is attributable to expected revenue synergies, as well as operating efficiencies and cost savings. The goodwill is not deductible for tax purposes and is assigned to the Infiltrator Water Technologies segment.

Of the \$132.4 million of the purchase price allocated to deferred tax liabilities, \$82.3 million related to the step up of GAAP basis for fair market valuations, while the remaining \$50.1 million were acquired deferred tax liabilities. Of the total \$82.3 million, \$80.2 million was attributed to intangible assets. See “Note 13. Income Taxes” for additional information.

The purchase price excludes transaction costs. During the fiscal year ended March 31, 2020, the Company incurred \$22.9 million of transaction costs related to the Acquisition such as legal, accounting, valuation and other professional services. The Company did not incur any transaction costs during the three and six months ended September 30, 2020. The Company estimates approximately \$7.3 million of transaction costs are not deductible for tax purposes. These costs are included in general and administrative expenses in the Consolidated Statements of Operations and Consolidated Statements of Comprehensive Income.

The identifiable intangible assets recorded in connection with the closing of the Acquisition are based on valuations including customer relationships, patents and developed technology, and tradename and trademarks totaling \$575.0 million. Customer relationships are amortized using an accelerated method over an estimated useful life of 20 years. Patents and developed technology and tradename and trademarks are on a straight-line basis over the respective useful lives of 10 and 20 years.

(Amounts in thousands)	Preliminary fair value	Estimated useful lives
Customer relationships	\$ 360,000	20 years
Patents and developed technology	150,000	10 years
Tradename and trademarks	65,000	20 years
Total identifiable intangible assets	<u>\$ 575,000</u>	

The unaudited pro forma information for the three and six months ended September 30, 2019 presented below includes the effects of the Acquisition as if it had been consummated as of April 1, 2019, with adjustments to give effect to pro forma events that are directly attributable to the Acquisition. Adjustments include those

Advanced Drainage Systems, Inc.

related to the amortization of acquired intangible assets, increases in interest expense due to additional borrowings incurred to finance the Acquisition, transaction costs, the elimination of transactions between the Company and Infiltrator Water Technologies and the estimated tax impacts thereof. The unaudited pro forma information does not reflect any operating efficiency or potential cost savings that could result from the consolidation of Infiltrator Water Technologies. Accordingly, the unaudited pro forma information is presented for informational purposes only and is not necessarily indicative of the actual results of the combined company if the Acquisition had occurred at the beginning of the period presented, nor is it indicative of the future results of operations.

(Amounts in thousands)	<u>Three Months Ended</u> <u>September 30, 2019</u>	<u>Six Months Ended</u> <u>September 30, 2019</u>
Net sales	\$ 512,072	\$ 996,016
Net income (loss) attributable to ADS	45,494	(170,777)

4. REVENUE RECOGNITION

Revenue Disaggregation - The Company disaggregates net sales by Domestic, International and Infiltrator Water Technologies and further disaggregates Domestic and International by product type, consistent with its reportable segment disclosure. This disaggregation level best depicts how the nature, amount, timing and uncertainty of revenue and cash flows are affected by economic factors. Refer to “Note 15. Business Segments Information” for the Company’s disaggregation of Net sales by reportable segment.

Contract Balances - The Company recognizes a contract asset representing the Company’s right to recover products upon the receipt of returned products and a contract liability for the customer refund. The following table presents the balance of the Company’s contract asset and liability as of the periods presented:

	<u>September 30,</u> <u>2020</u>	<u>March 31,</u> <u>2020</u>
	(In thousands)	
Contract asset - product returns	\$ 879	\$ 594
Refund liability	2,223	1,458

5. LEASES

Nature of the Company’s Leases - The Company has operating and finance leases for plants, yards, corporate offices, tractors, trailers and other equipment. The Company’s leases have remaining terms of less than one year to 30 years. A portion of the Company’s yard leases include an option to extend the leases for up to five years. The Company has included renewal options which are reasonably certain to be exercised in its right-of-use assets and lease liabilities.

The Company’s lease payments are generally fixed. Certain equipment leases contain residual value guarantees that create a contingent obligation on the part of the Company to compensate the lessor if the leased asset cannot be sold for an amount in excess of a specified minimum value at the conclusion of the lease term. The calculation is based on the original cost of the transportation equipment, less lease payments made, compared to a percentage of the transportation equipment’s fair market value at the time of sale. All leased units covered by this guarantee have been classified as finance leases and a corresponding finance lease obligation was recorded. Therefore, no contingent obligation is needed.

Advanced Drainage Systems, Inc.

The Company records at the lease commencement date, a lease liability, which is the lessee's obligation to make lease payments arising from a lease, measured on a discounted basis; and a right-of-use asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term. The Company will utilize its collateralized incremental borrowing rate commensurate to the lease term as the discount rate for its leases, unless the Company can specifically determine the lessor's implicit rate. The incremental borrowing rate for each lease is determined based on the Company's credit rating, adjusted for the impacts of collateral, and the lease term.

6. INVENTORIES

Inventories as of the periods presented consisted of the following:

	September 30, 2020	March 31, 2020
	(In thousands)	
Raw materials	\$ 61,132	\$ 66,524
Finished goods	162,136	215,874
Total inventories	\$ 223,268	\$ 282,398

There were no work-in-process inventories as of the periods presented.

7. FAIR VALUE MEASUREMENT

When applying fair value principles in the valuation of assets and liabilities, the Company is required to maximize the use of quoted market prices and minimize the use of unobservable inputs. The Company has not changed its valuation techniques used in measuring the fair value of any financial assets or liabilities during the fiscal periods presented. The fair value estimates take into consideration the credit risk of both the Company and its counterparties.

When active market quotes are not available for financial assets and liabilities, the Company uses industry standard valuation models. Where applicable, these models project future cash flows and discount the future amounts to a present value using market-based observable inputs including credit risk, interest rate curves, foreign currency rates and forward and spot prices for currencies. In circumstances where market-based observable inputs are not available, management judgment is used to develop assumptions to estimate fair value. Generally, the fair value of Level 3 instruments is estimated as the net present value of expected future cash flows based on internal and external inputs.

Recurring Fair Value Measurements - The assets and liabilities carried at fair value as of the periods presented were as follows:

	September 30, 2020			
	Total	Level 1	Level 2	Level 3
	(In thousands)			
Assets:				
Derivative assets – diesel fuel contracts	\$ 74	\$ —	\$ 74	\$ —
Total assets at fair value on a recurring basis	\$ 74	\$ —	\$ 74	\$ —
Liabilities:				
Derivative liabilities – diesel fuel contracts	\$ 811	\$ —	\$ 811	\$ —
Total liabilities at fair value on a recurring basis	\$ 811	\$ —	\$ 811	\$ —

Advanced Drainage Systems, Inc.

	March 31, 2020			
	Total	Level 1	Level 2	Level 3
	(In thousands)			
Assets:				
Derivative assets – diesel fuel contracts	\$ 36	\$ —	\$ 36	\$ —
Total assets at fair value on a recurring basis	\$ 36	\$ —	\$ 36	\$ —
Liabilities:				
Derivative liabilities - diesel fuel contracts	\$ 2,228	\$ —	\$ 2,228	\$ —
Total liabilities at fair value on a recurring basis	\$ 2,228	\$ —	\$ 2,228	\$ —

For the six months ended September 30, 2020 and 2019, respectively, there were no transfers in or out of Levels 1, 2 or 3.

Valuation of Debt - The carrying amounts of current financial assets and liabilities approximate fair value because of the immediate or short-term maturity of these items, or in the case of derivative instruments, because they are recorded at fair value. The following table presents the carrying and fair value of the Company's Senior Notes (as defined below and further discussed in "Note 11. Debt") for the periods presented:

	September 30, 2020		March 31, 2020	
	Fair Value	Carrying Value	Fair Value	Carrying Value
	(In thousands)		(In thousands)	
Senior Notes	\$ 366,240	\$ 350,000	\$ 314,951	\$ 350,000

The fair value of the Senior Notes was determined based on a quoted market data for the Company's Senior Notes. The categorization of the framework used to evaluate the Senior Notes is considered Level 2. The Company believes the carrying amount on the remaining long-term debt, including the Term Loan Facility and Revolving Credit Facility, is not materially different from its fair value as the interest rates and terms of the borrowings are similar to currently available borrowings.

8. DERIVATIVE TRANSACTIONS

The Company uses commodity options in the form of collars and swaps and has previously used interest rate swaps and foreign currency forward contracts to manage its various exposures to interest rate, commodity price fluctuations and foreign currency exchange rate fluctuations. Interest rate swap gains and losses resulting from the difference between the spot rate and applicable base rate is recorded in the Condensed Consolidated Statements of Operations in Interest expense. For collars, commodity swaps and foreign currency forward contracts, contract settlement gains and losses are recorded in the Condensed Consolidated Statements of Operations in Derivative gains and other income, net. Gains and losses related to mark-to-market adjustments for changes in fair value of the derivative contracts are also recorded in the Condensed Consolidated Statements of Operations in Derivative gains and other income, net.

Advanced Drainage Systems, Inc.

The Company recorded net (gains) and net losses on mark-to-market adjustments for changes in the fair value of derivatives contracts as well as net (gains) and net losses on the settlement of derivative contracts as follows:

	Three Months Ended September 30,		Six Months Ended September 30,	
	2020	2019	2020	2019
	(In thousands)		(In thousands)	
Diesel fuel option collars	\$ (373)	\$ 7	\$ (1,455)	\$ 76
Interest rate swaps	—	—	—	1,726
Foreign exchange forward contracts	—	—	—	(7)
Total net unrealized mark-to-market (gains) loss	\$ (373)	\$ 7	\$ (1,455)	\$ 1,795
Diesel fuel option collars	477	150	1,317	157
Foreign exchange forward contracts	—	102	—	102
Interest rate swaps	—	710	—	544
Total net realized loss	\$ 477	\$ 962	\$ 1,317	\$ 803

A summary of the fair value of derivatives is included in “Note 7. Fair Value Measurement.”

9. NET INCOME PER SHARE AND STOCKHOLDERS’ EQUITY

The Company is required to apply the two-class method to compute both basic and diluted net income per share. The two-class method is an earnings allocation formula that treats participating securities as having rights to earnings that would otherwise have been available to common stockholders.

Advanced Drainage Systems, Inc.

The following table presents information necessary to calculate net income per share for the periods presented, as well as potentially dilutive securities excluded from the weighted average number of diluted common shares outstanding because their inclusion would have been anti-dilutive:

(In thousands, except per share data)	Three Months Ended September 30,		Six Months Ended September 30,	
	2020	2019	2020	2019
NET INCOME PER SHARE—BASIC:				
Net income (loss) attributable to ADS	\$ 80,236	\$ 7,589	\$ 150,702	\$ (218,767)
Adjustments for:				
Dividends to redeemable convertible preferred stockholders	(1,329)	(1,355)	(2,695)	(8,196)
Dividends paid to unvested restricted stockholders	—	(4)	(2)	(330)
Net income (loss) available to common stockholders and participating securities	78,907	6,230	148,005	(227,293)
Undistributed income allocated to participating securities	(12,760)	(204)	(24,025)	—
Net income (loss) available to common stockholders – Basic	\$ 66,147	\$ 6,026	\$ 123,980	\$ (227,293)
Weighted average number of common shares outstanding – Basic	69,843	60,222	69,612	58,906
Net income (loss) per common share – Basic	\$ 0.95	\$ 0.10	\$ 1.78	\$ (3.86)
NET INCOME PER SHARE—DILUTED:				
Net income (loss) available to common stockholders – Diluted	\$ 66,147	\$ 6,026	\$ 123,980	\$ (227,293)
Weighted average number of common shares outstanding – Basic	69,843	60,222	69,612	58,906
Assumed exercise of stock options	716	576	662	—
Restricted stock	196	78	185	—
Weighted average number of common shares outstanding – Diluted	70,755	60,876	70,459	58,906
Net income (loss) per common share – Diluted	\$ 0.93	\$ 0.10	\$ 1.76	\$ (3.86)
Potentially dilutive securities excluded as anti-dilutive	14,892	15,084	15,279	13,269

Special Dividend and the Employees Stock Ownership Plan (“ESOP”) - During the three months ended June 30, 2019, the Board of Directors approved a special cash dividend of \$1.00 per share and quarterly dividends of \$0.09 per share. The special and quarterly dividend were paid to all stockholders on June 14, 2019 to stockholders of record at the close of business on June 3, 2019. The total dividend payment was \$81.6 million. The dividends received by the unallocated redeemable convertible preferred stock held in the ESOP trust was used to pay \$12.0 million of the ESOP loan back to the Company resulting in approximately 11.6 million shares of the Company’s redeemable convertible preferred stock being allocated to ESOP participants. The Company recognized \$246.8 million in stock-based compensation expense based on the fair value on the date the Board of Directors approved the special dividend. The Board of Director’s approval committed the ESOP to use those proceeds to pay down the ESOP loan. The special dividend compensation expense was recognized in Cost of goods sold - ESOP special dividend compensation and Selling, general and administrative expenses - ESOP special dividend compensation on the Company’s Consolidated Statements of Operations. *The Company’s ESOP is further described in “Note 16. Employee Benefit Plans” to the Company’s audited financial statements included in the Fiscal 2020 Form 10-K.*

10. RELATED PARTY TRANSACTIONS

ADS Mexicana - ADS conducts business in Mexico and Central America through its joint venture ADS Mexicana, S.A. de C.V. (together with its affiliate ADS Corporativo, S.A. de C.V., “ADS Mexicana”). ADS

Advanced Drainage Systems, Inc.

owns 51% of the outstanding stock of ADS Mexicana and consolidates ADS Mexicana for financial reporting purposes.

On June 22, 2018, the Company and ADS Mexicana entered into an Intercompany Revolving Credit Promissory Note (the “Intercompany Note”) with a borrowing capacity of \$12.0 million. The Intercompany Note matures on June 22, 2022. The Intercompany Note indemnifies the ADS Mexicana joint venture partner for 49% of any unpaid borrowing. The interest rates under the Intercompany Note are determined by certain base rates or London Interbank Offered Rate (“LIBOR”) plus an applicable margin based on the Leverage Ratio. As of September 30, 2020 and March 31, 2020, there were no borrowings outstanding under the Intercompany Note.

South American Joint Venture - The Tuberias Tigre - ADS Limitada joint venture (the “South American Joint Venture”) manufactures and sells HDPE corrugated pipe in certain South American markets. ADS owns 50% of the South American Joint Venture. The Company has concluded that it is appropriate to account for this investment using the equity method, whereby the Company’s share of the income or loss of the joint venture is reported in the Condensed Consolidated Statements of Operations under Equity in net loss (income) of unconsolidated affiliates and the Company’s investment in the joint venture is included in Other assets in the Condensed Consolidated Balance Sheets. ADS is the guarantor of 50% of the South American Joint Venture’s credit facility, and the debt guarantee is shared equally with the joint venture partner. The debt guarantee was renewed in the six months ended September 30, 2020. The Company’s maximum potential obligation under this guarantee is \$11.0 million as of September 30, 2020. The maximum borrowings permitted under the South American Joint Venture’s credit facility are \$22.0 million. This credit facility allows borrowings in either Chilean pesos or US dollars at a fixed interest rate determined at inception of each draw on the facility. The guarantee of the South American Joint Venture’s debt expires on December 31, 2023. ADS does not anticipate any required contributions related to the balance of this credit facility. As of September 30, 2020 and March 31, 2020, the outstanding principal balances of the credit facility including letters of credit were \$10.1 million and \$9.3 million, respectively. As of September 30, 2020, there were no U.S. dollar denominated loans. The weighted average interest rate as of September 30, 2020 was 3.5% on Chilean peso denominated loans.

ADS and the South American Joint Venture have shared services arrangements in order to execute the joint venture services. In addition, the South American Joint Venture has entered into agreements for pipe and other product sales to ADS and its other related parties. ADS also sells pipe products to the South American Joint Venture.

Tigre USA - Tigre USA was a joint venture that ADS no longer has an ownership interest in, but the owner is the partner for the South American Joint Venture. ADS purchases Tigre USA manufactured products for use in the production of ADS products.

The following tables summarizes the purchases by ADS from related parties and sales by ADS to related parties for the periods presented:

	Three Months Ended September 30,		Six Months Ended September 30,	
	2020	2019	2020	2019
	(In thousands)		(In thousands)	
Purchases from South American Joint Venture	\$ 218	\$ 71	\$ 268	\$ 508
Sales to South American Joint Venture	194	141	279	394
Purchases from Tigre USA	502	640	1,035	1,171

Advanced Drainage Systems, Inc.
11. DEBT

Long-term debt as of the periods presented consisted of the following:

	September 30, 2020	March 31, 2020
	(In thousands)	
Term Loan Facility	\$ 544,750	\$ 648,250
Senior Notes	350,000	350,000
Revolving Credit Facility	—	100,000
Equipment financing	—	1,492
Total	894,750	1,099,742
Unamortized debt issuance costs	(2,222)	(2,419)
Current maturities	(7,000)	(7,955)
Long-term debt obligation	\$ 885,528	\$ 1,089,368

Senior Secured Credit Facilities – In July 2019, the Company entered into the credit agreement (the “Base Credit Agreement”) by and among the Company, as borrower, Barclays Bank PLC, as administrative agent, the several lenders from time to time party thereto. In September 2019, the Company amended the Base Credit Agreement (as amended the “Senior Secured Credit Facility”). The Senior Secured Credit Facility provides for a term loan facility in an initial aggregate principal amount of \$700 million (the “Term Loan Facility”), a revolving credit facility in an initial aggregate principal amount of up to \$350 million (the “Revolving Credit Facility”), a letter of credit sub-facility in the initial aggregate available amount of up to \$50 million, as a sublimit of such Revolving Credit Facility (the “L/C Facility”) and a swing line sub-facility in the aggregate available amount of up to \$50 million, as a sublimit of the Revolving Credit Facility (together with the Term Loan Facility, the Revolving Credit Facility and the L/C Facility, the “Senior Secured Credit Facility”).

During the six months ended September 30, 2020, the Company repaid \$103.5 million of the Term Loan Facility and repaid \$100.0 million of the Revolving Credit Facility. Letters of credit outstanding at September 30, 2020 and March 31, 2020 amount to \$11.0 million and \$8.5 million, respectively, and reduced the availability of the Revolving Credit Facility.

Senior Notes – On September 23, 2019, the Company issued \$350.0 million aggregate principal amount of 5.0% senior notes due 2027 (the “Senior Notes”) pursuant to an Indenture, dated September 23, 2019 (the “Indenture”), among the Company, the guarantors party thereto (the “Guarantors”) and U.S. Bank National Association, as Trustee (the “Trustee”). The Senior Notes are guaranteed by each of the Company’s present and future direct and indirect wholly owned domestic subsidiaries that is a guarantor under the Company’s Senior Secured Credit Facility. The Senior Notes were offered and sold either to persons reasonably believed to be “qualified institutional buyers” pursuant to Rule 144A under the Securities Act of 1933 (the “Securities Act”) or to persons outside the United States under Regulation S of the Securities Act.

12. COMMITMENTS AND CONTINGENCIES
Purchase Commitments

The Company has historically secured supplies of resin raw material by agreeing to purchase quantities during a future given period at a fixed price. These purchase contracts typically ranged from 1 to 12 months and occur in the ordinary course of business. The Company also enters into equipment purchase contracts with manufacturers. The Company does not have any outstanding purchase commitments as of September 30, 2020.

Litigation and Other Proceedings – The Company is involved from time to time in various legal proceedings that arise in the ordinary course of business, including but not limited to commercial disputes, environmental matters, employee related claims, intellectual property disputes and litigation in connection with transactions including acquisitions and divestitures. The Company does not believe that such litigation, claims, and

Advanced Drainage Systems, Inc.

administrative proceedings will have a material adverse impact on the Company's financial position or results of operations. The Company records a liability when a loss is considered probable, and the amount can be reasonably estimated.

Other Commitments and Contingencies – In March 2019, the Company initiated an internal investigation process, under the guidelines of the Company's Code of Business Conduct and Ethics, into its consolidated joint venture affiliate ADS Mexicana's senior management's ethical and business conduct, as well as compliance of certain products with, along with considerations into, Mexican laws and regulations over the previous 12 months. The Company has recorded an accrual for the current estimate of probable losses resulting from the investigation, which is not material to the Condensed Consolidated Financial Statements. However, due to the inherent uncertainties in determining the use, installation application and location of ADS Mexicana products sold, along with the consideration of Mexican laws and regulations related to warranty and product liability obligations, the Company is unable to determine the maximum potential future losses that may occur, which could be material to the Condensed Consolidated Financial Statements.

13. INCOME TAXES

The Company's effective tax rate will vary based on a variety of factors, including overall profitability, the geographical mix of income before taxes and related tax rates in jurisdictions where it operates and other one-time charges, as well as the occurrence of discrete events. For the three months ended September 30, 2020 and 2019, the Company utilized an effective tax rate of 28.3% and (75.3%), respectively, to calculate its provision for income taxes. State and local income taxes and the Company's Employee Stock Ownership Plan ("ESOP") increased the effective rate for the three months ended September 30, 2020 and 2019. The decrease in the effective tax rate for the three months ended September 30, 2019 is primarily driven by the nearly break-even pre-tax income in the second quarter of fiscal 2020 compared to the second quarter of fiscal 2021 and the changes to the Company's projected annual effective tax rate. The change in the Company's projected annual effective tax rate was due to the financial results of the acquisition of Infiltrator Water Technologies. Further, the Company recognized additional tax expense of approximately \$1.1 million related to non-deductible transaction costs.

For the six months ended September 30, 2020 and 2019, the Company utilized an effective tax rate of 28.1% and (9.4%), respectively, to calculate its provision for income taxes. State and local income taxes and the Company's ESOP increased the effective rate for the six months ended September 30, 2020 and 2019. Additionally, the effective tax rate for the six months ended September 30, 2019 differed from the federal statutory rate primarily due to a \$60.7 million discrete income tax expense. This discrete event related to the 11.6 million shares allocated from the ESOP as a result of the special dividend made on June 14, 2019 and the Company recognizing approximately \$246.8 million in additional stock-based compensation expense. Of the total stock-based compensation expense and dividends paid, approximately \$242.9 million related to non-deductible stock appreciation and deductible dividends. This discrete event reduced the effective tax rate by 30.3%.

As discussed in "Note 3. Acquisitions", the Company acquired Infiltrator Water Technologies on July 31, 2019. As part of the purchase price, approximately \$132.4 million was attributed to deferred tax liabilities. Of the \$132.4 million, \$82.3 million related to the step up of GAAP basis for fair market valuations, while the remaining \$50.1 million were acquired deferred tax liabilities. Of the total \$82.3 million, \$80.2 million was attributed to intangibles. The Company also acquired a federal net operating loss of \$24.0 million.

Advanced Drainage Systems, Inc.
14. STOCK-BASED COMPENSATION

ADS has several programs for stock-based payments to employees and non-employee members of its Board of Directors, including stock options and restricted stock. Equity-classified restricted stock awards are measured based on the grant-date estimated fair value of each award. The Company accounts for all restricted stock granted to Directors as equity-classified awards. The Company recognized stock-based compensation expense in the following line items of the Condensed Consolidated Statements of Operations for the periods presented:

	Three Months Ended September 30,		Six Months Ended September 30,	
	2020	2019	2020	2019
	(In thousands)		(In thousands)	
Component of income before income taxes:				
Cost of goods sold	\$ 565	\$ 189	\$ 966	\$ 301
Selling expenses	296	179	491	235
General and administrative expenses	4,635	2,803	9,638	4,476
Total stock-based compensation expense	\$ 5,496	\$ 3,171	\$ 11,095	\$ 5,012

The following table summarizes stock-based compensation expense by award type for the periods presented:

	Three Months Ended September 30,		Six Months Ended September 30,	
	2020	2019	2020	2019
	(In thousands)		(In thousands)	
Stock-based compensation expense:				
Equity-classified Stock Options	\$ 750	\$ 700	\$ 1,631	\$ 1,251
Restricted Stock	1,344	957	2,761	1,599
Performance Units	3,070	1,201	6,054	1,573
Non-Employee Directors	332	313	649	589
Total stock-based compensation expense	\$ 5,496	\$ 3,171	\$ 11,095	\$ 5,012

2017 Omnibus Plan

On May 24, 2017, the Board of Directors approved the 2017 Omnibus Incentive Plan (the “2017 Incentive Plan”) which was approved by the Company’s stockholders on July 17, 2017. The 2017 Incentive Plan provides for the issuance of a maximum of 3.5 million shares of the Company’s common stock for awards made thereunder, which awards may consist of stock options, restricted stock, restricted stock units, stock appreciation rights, phantom stock, cash-based awards, performance awards (which may take the form of performance cash, performance units or performance shares) or other stock-based awards.

Restricted Stock - During the three and six months ended September 30, 2020, the Company granted 0.1 million and 0.1 million shares of restricted stock with a grant date fair value of \$1.6 million and \$5.7 million, respectively.

Performance Units - During the three and six months ended September 30, 2020, the Company granted 0.1 million shares at a grant date fair value of \$5.2 million performance share units or performance units.

Options - During the three and six months ended September 30, 2020, the Company granted less than 0.1 million and 0.3 million nonqualified stock options under the 2017 Incentive Plan. The grant date fair value of the nonqualified stock options was \$0.1 million and \$3.4 million, respectively. The Company estimates the fair value of stock options using a Black-Scholes option-pricing model. The following table summarizes the assumptions used to estimate the fair value of stock-options during the periods presented:

Advanced Drainage Systems, Inc.

	Six Months Ended September 30,
Common stock price	\$41.97 - \$54.95
Expected stock price volatility	35.5% - 36.3%
Risk-free interest rate	0.4%
Weighted-average expected option life (years)	6.0
Dividend yield	0.7% - 0.9%

15. BUSINESS SEGMENTS INFORMATION

The Company operates its business in three distinct reportable segments: “Pipe”, “International” and “Infiltrator Water Technologies.” “Allied Products & Other” represents the Company’s Allied Products and all other business segments. “Pipe” and “Allied Products & Other” were previously included as Domestic. The Chief Operating Decision Maker (the “CODM”) evaluates segment reporting based on Net Sales and Segment Adjusted Gross Profit. The Company calculated Segment Adjusted Gross Profit as net sales less costs of goods sold, depreciation and amortization, stock-based compensation and non-cash charges. A measure of assets is not applicable, as segment assets are not regularly reviewed by the CODM for evaluating performance or allocating resources.

Pipe – The Pipe segment manufactures and markets high performance thermoplastic corrugated pipe throughout the United States. The Company maintains and serves these markets through product distribution relationships with many of the largest national and independent waterworks distributors, buying groups and co-ops, major national retailers as well as an extensive network of hundreds of small to medium-sized distributors across the United States.

Products include single wall pipe, N-12 HDPE pipe sold into the Storm sewer, Infrastructure and Agriculture markets, High Performance polypropylene pipe sold into the Storm sewer, Infrastructure and sanitary sewer markets. Products are designed primarily for storm water management in the construction and infrastructure marketplace across a broad range of end markets and applications, including non-residential, residential, agriculture and infrastructure. Products are manufactured using HDPE and polypropylene plastic material.

Infiltrator Water Technologies – Infiltrator Water Technologies is a leading national provider of plastic leach field chambers and systems, septic tanks and accessories, primarily for use in residential applications. Infiltrator Water Technologies products are used in on-site septic wastewater treatment systems in the United States and Canada.

International – The International segment manufactures and markets pipe and allied products in certain regions outside of the United States, including Company owned facilities in Canada, subsidiaries that distribute to Europe and the Middle East, exports and through the Company’s joint ventures with local partners in Mexico and South America. The Company’s Mexican joint venture, ADS Mexicana, primarily serves the Mexican and Central American markets, while its South American Joint Venture, Tigre-ADS, is the primary channel to serve the South American markets. The Company’s International product lines include single wall pipe, N-12 HDPE pipe, high performance PP pipe and certain geographies also sell our broad line of Allied Products.

Allied Products & Other – Allied Products and Other manufactures and markets products throughout the United States. Products include StormTech, Nyloplast, ARC Septic Chambers, Inserta Tee, BaySaver filters and water quality structures, Fittings, and FleXstorm. The Company maintains and serves these markets through product distribution relationships with many of the largest national and independent waterworks distributors, major national retailers as well as an extensive network of hundreds of small to medium-sized distributors across the United States. The Company also sells through a broad variety of buying groups and co-ops in the United States.

Advanced Drainage Systems, Inc.

16. SUBSEQUENT EVENTS

Common Stock Dividend - During the third quarter of fiscal 2021, the Company declared a quarterly cash dividend of \$0.09 per share of common stock. The dividend is payable on December 15, 2020 to stockholders of record at the close of business on December 1, 2020.

Advanced Drainage Systems, Inc.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

Unless the context otherwise indicates or requires, as used in this Quarterly Report on Form 10-Q, the terms “we,” “our,” “us,” “ADS” and the “Company” refer to Advanced Drainage Systems, Inc. and its directly- and indirectly-owned subsidiaries as a combined entity, except where it is clear that the terms mean only Advanced Drainage Systems, Inc. exclusive of its subsidiaries.

Our fiscal year begins on April 1 and ends on March 31. Unless otherwise noted, references to “year” pertain to our fiscal year. For example, 2021 refers to fiscal 2021, which is the period from April 1, 2020 to March 31, 2021.

The following discussion and analysis of the financial condition and results of our operations should be read in conjunction with our Condensed Consolidated Financial Statements and related footnotes included elsewhere in this Quarterly Report on Form 10-Q and with the audited Consolidated Financial Statements included in our Fiscal 2020 Form 10-K, as filed with the Securities and Exchange Commission (the “SEC”) on June 1, 2020. In addition to historical condensed consolidated financial information, the following discussion contains forward-looking statements that reflect our plans, estimates and beliefs. Our actual results could differ materially from those discussed in the forward-looking statements. This discussion contains forward-looking statements that are based on the beliefs of our management, as well as assumptions made by, and information currently available to, our management. Our actual results could differ materially from those discussed in the forward-looking statements. For more information, see the section below entitled “Forward Looking Statements.”

We consolidate our joint ventures for purposes of GAAP, except for our South American Joint Venture.

Overview

We are the leading global manufacturer of water management products and solutions for non-residential, residential, infrastructure and agricultural applications. With the acquisition of Infiltrator Water Technologies in the second quarter of fiscal 2020, we are now a leading provider of plastic leach field chambers, septic tanks and accessories, for use primarily in residential applications.

Impact of COVID-19

In March 2020, the World Health Organization categorized the novel coronavirus (“COVID-19”) as a pandemic, and it continues to spread throughout the United States and globally. The COVID-19 pandemic has resulted, and is likely to continue to result, in significant economic disruptions and may have an adverse effect on our business. Significant uncertainty exists concerning the magnitude of the impact and duration of the COVID-19 pandemic. While our production facilities are operating as essential businesses, the Company continues to assess the potential effects and may experience future impacts such as reduced operations or temporarily closing facilities.

Executive Summary

Second Quarter Fiscal 2021 Results

- Net sales increased 9.7% to \$544.2 million
- Net income of \$80.6 million, compared to \$8.5 million in the prior year
- Adjusted EBITDA, a non-GAAP measure, increased 47.3% to \$174.1 million

Net sales increased \$48.3 million, or 9.7%, to \$544.2 million, as compared to \$495.9 million in the prior year. Domestic pipe sales increased \$10.7 million, or 3.8%, to \$292.1 million. Domestic allied products & other sales increased \$3.6 million, or 3.2%, to \$118.0 million. These increases were driven by sales growth in the U.S. construction end markets. Infiltrator Water Technologies sales increased \$41.1 million, or 63.3%, to \$106.0 million, as compared to \$64.9 million in the prior year.

Gross profit increased \$59.3 million, or 40.5%, to \$205.9 million as compared to \$146.5 million in the prior year. The increase is primarily due to the incremental benefit from the acquisition of Infiltrator Water Technologies,

Advanced Drainage Systems, Inc.

favorable material cost, leverage from sales growth in both pipe and allied product sales and operational improvements offsetting inflationary costs.

Adjusted EBITDA, a non-GAAP measure, increased \$55.9 million, or 47.3%, to \$174.1 million, as compared to \$118.2 million in the prior year. The increase is primarily due to the factors mentioned above. As a percentage of net sales, Adjusted EBITDA was 32.0% as compared to 23.8% in the prior year.

Year-to-Date Fiscal 2021 Results

- Net sales increased 15.7% to \$1.1 billion
- Net income increased to \$151.3 million, compared to a net loss of \$219.0 million in the prior year
- Adjusted EBITDA, a non-GAAP measure, increased 68.1% to \$333.5 million
- Cash provided by operating activities increased 66.7% to \$286.2 million
- Free cash flow, a non-GAAP measure, increased 76.1% to \$257.2 million

Net sales increased \$143.2 million, or 15.7%, to \$1.053 billion, as compared to \$909.6 million in the prior year. Domestic pipe sales increased \$22.2 million, or 4.1%, to \$565.8 million. Domestic allied products & other sales increased \$8.4 million, or 3.7%, to \$234.9 million. These increases were driven by growth in both the U.S. construction and agriculture end markets. Infiltrator Water Technologies sales increased \$143.3 million, or 220.8%, to \$208.1 million, as compared to \$64.9 million in the prior year.

Gross profit increased \$310.0 million to \$394.4 million as compared to \$84.4 million in the prior year. The prior year gross profit includes \$168.6 million of ESOP special dividend compensation expense. The remaining increase is primarily due to the acquisition of Infiltrator Water Technologies, favorable material cost, an increase in operational efficiency and increases in both pipe and allied product sales.

Adjusted EBITDA, a non-GAAP measure, increased \$135.1 million, or 68.1%, to \$333.5 million, as compared to \$198.5 million in the prior year. The increase is primarily due to the factors mentioned above. As a percentage of net sales, Adjusted EBITDA was 31.7% as compared to 21.8% in the prior year.

- Pipe net sales to all customers for the three months ended September 30, 2020 increased by \$10.7 million, or 3.8%, compared to the three months ended September 30, 2019. The increase was due to an increase in pipe volume resulting in a \$10.5 million increase in sales.

Advanced Drainage Systems, Inc.

- Infiltrator Water Technologies net sales to all customers increased \$41.1 million for the three months ended September 30, 2020 compared to the three months ended September 30, 2019. The Company acquired Infiltrator Water Technologies on July 31, 2019 and therefore did not report any Infiltrator Water Technologies sales for the month of July 2019.
- International net sales for the three months ended September 30, 2020 increased by \$1.5 million, or 3.2%, compared to the three months ended September 30, 2019. The increase was primarily attributable to a \$1.0 million increase in International Pipe Sales and a \$0.5 million increase in International Allied Product sales.
- Allied Products & Other net sales for the three months ended September 30, 2020 increased by \$3.6 million, or 3.2%, compared to the three months ended September 30, 2019. The increase was due to an increase in price and product mix and an increase in sales volume.

Cost of goods sold and Gross profit - Cost of goods sold decreased by \$11.1 million, or 3.2%, and gross profit increased by \$59.3 million, or 40.5%, in the three months ended September 30, 2020 over the comparable period in the previous year. Gross profit excluding Infiltrator Water Technologies, referred to as Legacy ADS gross profit, a Non-GAAP measure, increased 24.4%.

	For the Three Months Ended September 30,		\$ Variance	% Variance
	2020	2019		
	(In thousands)			
Pipe	\$ 82,944	\$ 59,103	\$ 23,841	40.3%
International	13,260	9,247	4,013	43.4
Allied Products & Other	59,335	56,653	2,682	4.7
Legacy ADS gross profit	155,539	125,003	30,536	24.4
Infiltrator Water Technologies	49,946	22,499	27,447	122.0
Intersegment eliminations	372	(978)	1,350	(138.0)
Total gross profit	\$ 205,857	\$ 146,524	\$ 59,333	40.5%

- Pipe gross profit increased primarily due to lower costs in material, labor and overhead. The increase was also attributable to the increase in volume sold discussed above.
- The Company acquired Infiltrator Water Technologies on July 31, 2019 and therefore did not report any Infiltrator Water Technologies gross profit for the month of July 2019.
- International gross profit increased primarily due to the increased sales discussed above and lower costs of materials.
- Allied Products & Other gross profit increased primarily due to the increase in net sales discussed above and lower labor and overhead costs.

Operating expenses

	Three Months Ended September 30,	
	2020	2019
Selling expenses	5.6%	6.0%
General and administrative expenses	6.5%	9.7%
Selling, general and administrative expenses	12.1%	15.7%

Selling expenses - As a percentage of net sales, selling expenses decreased to 5.6% in the three months ended September 30, 2020 compared to 6.0% in the three months ended September 30, 2019. The decrease as a percentage of net sales is the result of the Company's cost mitigation steps.

Advanced Drainage Systems, Inc.

General and administrative expenses - General and administrative expenses for the three months ended September 30, 2020 decreased \$12.9 million from the prior year period. The decrease was primarily due to a \$15.9 million decrease in transaction costs due to the Infiltrator Water Technologies acquisition.

Loss on disposal of assets and costs from exit and disposal activities - The decrease in Loss on disposal of assets and costs from exit and disposal activities is primarily due to asset disposals in fiscal 2020. See “Note 2. Loss on Disposal of Assets and Costs from Exit and Disposal Activities” for additional discussion.

Intangible amortization - Intangible amortization increased primarily due to the addition of intangible assets related to the acquisition of Infiltrator Water Technologies.

Interest expense - Interest expense decreased \$43.0 million in the three months ended September 30, 2020 compared to the same period in the previous fiscal year. The decrease was primarily due to \$33.2 million of the write-off of deferred financing costs and \$4.2 million prepayment penalty related to the extinguishment of debt instruments in the three months ended September 30, 2019. The remainder of the decrease is due to decreased debt levels.

Derivative gain (loss) and other income (expense), net - Derivative gain (loss) and other income (expense) increased by \$0.3 million for the three months ended September 30, 2020 compared to the same period in the previous fiscal year.

Income tax expense (benefit) - The following table presents the effective tax rates for the three months ended September 30, 2020 and 2019.

	Three Months Ended September 30,	
	2020	2019
Effective tax rate	28.3%	(75.3)%

The change in the effective tax rate was primarily due to the Acquisition. See “Note 13. Income Taxes” for additional information.

Equity in net income of unconsolidated affiliates - Equity in net income of unconsolidated affiliates represents our proportionate share of income or loss attributed to our unconsolidated joint venture in which we have significant influence, but not control, over operations. The Equity in net income loss of unconsolidated affiliates decreased for the three months ended September 30, 2020 as compared to the same period in the previous fiscal year due to a decrease in the current period income at our South American Joint Venture.

Net income attributable to noncontrolling interest - Net income attributable to noncontrolling interest decreased for three months ended September 30, 2020 due to a net income at our ADS Mexicana joint venture.

Advanced Drainage Systems, Inc.
Comparison of the Six Months ended September 30, 2020 to the Six Months ended September 30, 2019

The following table summarizes our operating results as a percentage of net sales that have been derived from our Condensed Consolidated Financial Statements for the periods presented. We believe this presentation is useful to investors in comparing historical results.

Consolidated Statements of Operations data:	For the Six Months Ended September 30,

Total Consolidated	\$ 1,052,826	\$ —	\$ 1,052,826	\$ 909,613	\$ —	\$ 909,613

- Pipe net sales to all customers for the six months ended September 30, 2020 increased by \$22.2 million, or 4.1%, compared to the six months ended September 30, 2019. The increase was due to an increase in pipe

Advanced Drainage Systems, Inc.

volume resulting in a \$27.7 million increase in sales partially offset by a \$5.7 million decrease as a result of price and product mix.

- Infiltrator Water Technologies net sales to all customers for the six months ended September 30, 2020 increased by \$143.3 million compared to the six months ended September 30, 2019. The Company acquired Infiltrator Water Technologies on July 31, 2019 and therefore did not report any Infiltrator Water Technologies sales prior to August 2019.
- International net sales for the six months ended September 30, 2020 decreased by \$2.0 million, or 2.3%, compared to the six months ended September 30, 2019. The decrease was primarily attributable to a \$1.4 million decrease in International Pipe Sales, attributable to volume decreases, and a \$0.6 million decrease in International Allied Product sales.
- Allied Products & Other net sales for the six months ended September 30, 2020 increased by \$8.4 million, or 3.7%, compared to the six months ended September 30, 2019. The increase was due to an increase in price and product mix and an increase in sales volume.

Cost of goods sold and Gross profit - Cost of goods sold increased by \$1.8 million, or 0.3%, and gross profit increased by \$310.0 million, or 367.4%, in the six months ended September 30, 2020 over the comparable period in the previous year. The increase in gross profit was primarily due to the ESOP special dividend compensation expense from the special dividend in fiscal 2020 of \$168.6 million allocated to Cost of goods sold. Gross profit excluding Infiltrator Water Technologies and Cost of goods sold – ESOP special dividend compensation, referred to as Legacy ADS gross profit, a Non-GAAP measure, increased 29.5%.

	For the Six Months Ended September 30,		\$ Variance	% Variance
	2020	2019

Total gross profit	<u>\$ 394,360</u>	<u>\$ 84,366</u>	<u>\$ 309,994</u>	367.4%

- Pipe gross profit increased primarily due to lower costs in material, labor and overhead. The increase was also attributable to the increase in volume sold, offset by the decrease in the price and product mix of net sales discussed above.
- The Company acquired Infiltrator Water Technologies on July 31, 2019 and therefore did not report any Infiltrator Water Technologies gross profit prior to August 2019.
- International gross profit increased primarily due to lower cost of materials offset by the decreased sales discussed above.
- Allied Products & Other gross profit increased primarily due to the increase in net sales discussed above and lower labor and overhead costs.

Advanced Drainage Systems, Inc.
Operating expenses

	For the Six Months Ended September 30,	
	2020	2019
Selling expenses	5.6%	6.2%
General and administrative expenses	6.5%	8.7%
Selling, general and administrative expenses	12.1%	14.9%

Selling expenses - As a percentage of net sales, selling expenses decreased to 5.6% in the six months ended September 30, 2020 compared to 6.2% in the six months ended September 30, 2019. The decrease as a percentage of net sales is the result of the Company's cost mitigation steps.

General and administrative expenses - General and administrative expenses for the six months ended September 30, 2020 decreased \$10.7 million from the prior year period. The decrease was primarily due to a \$19.5 million decrease in transaction costs. The decrease was offset by a \$7.4 million increase in general and administrative expenses, including stock-based compensation, reported at Infiltrator Water Technologies.

Selling, general and administrative – ESOP special dividend compensation – In fiscal 2019, ESOP special dividend compensation expense of \$78.1 million was allocated to selling, general and administrative expenses.

Loss on disposal of assets and costs from exit and disposal activities - The decrease in Loss on disposal of assets and costs from exit and disposal activities is primarily due to asset disposals in fiscal 2020. See "Note 2. Loss on Disposal of Assets and Costs from Exit and Disposal Activities" for additional discussion.

Intangible amortization - Intangible amortization increased primarily due the addition of intangible assets related to the acquisition of Infiltrator Water Technologies.

Interest expense - Interest expense decreased \$38.3 million in the six months ended September 30, 2020 compared to the same period in the previous fiscal year. The decrease was primarily due to \$33.2 million of the write-off of deferred financing costs and \$4.2 million prepayment penalty related to the extinguishment of debt instruments in the six months ended September 30, 2019. The remainder of the decrease is due to decreased debt levels.

Derivative gain (loss) and other income (expense), net - Derivative gain (loss) and other income (expense) increased by \$0.8 million for the six months ended September 30, 2020 compared to the same period in the previous fiscal year.

Income tax expense (benefit) – The following table presents the effective tax rates for the six months ended September 30, 2020 and 2019.

	For the Six Months Ended September 30,	
	2020	2019
Effective tax rate	28.1%	(9.4)%

The change in the effective tax rate was primarily due to a discrete income tax event related to stock appreciation from the additional ESOP shares allocated and the Acquisition. See "Note 13. Income Taxes" for additional information.

Equity in net (income) loss of unconsolidated affiliates - Equity in net (income) loss of unconsolidated affiliates represents our proportionate share of income or loss attributed to our unconsolidated joint venture in which we have significant influence, but not control, over operations. The Equity in net (income) loss of unconsolidated affiliates decreased for the six months ended September 30, 2020 as compared to the same period in the previous fiscal year due to a decrease in the current period income at our South American Joint Venture.

Net income attributable to noncontrolling interest - Net income attributable to noncontrolling interest increased for the six months ended September 30, 2020 due to a net income at our ADS Mexicana joint venture.

Advanced Drainage Systems, Inc.

Adjusted EBITDA and Adjusted EBITDA Margin - Adjusted EBITDA and Adjusted EBITDA Margin, which are non-GAAP financial measures, have been presented in this Quarterly Report on Form 10-Q as supplemental measures of financial performance that are not required by, or presented in accordance with GAAP and should not be considered as alternatives to net income as measures of financial performance or cash flows from operations or any other performance measure derived in accordance with GAAP. We calculate Adjusted EBITDA as net income (loss) before interest, income taxes, depreciation and amortization, stock-based compensation expense, non-cash charges and certain other expenses. We calculate Adjusted EBITDA Margin as Adjusted EBITDA divided by net sales. Adjusted EBITDA and Adjusted EBITDA Margin are included in this Form 10-Q because they are key metrics used by management and our board of directors to assess our consolidated financial performance. These non-GAAP financial measures are frequently used by analysts, investors and other interested parties to evaluate companies in our industry. In addition to covenant compliance and executive performance evaluations, we use these non-GAAP financial measures to supplement GAAP measures of performance to evaluate the effectiveness of our consolidated business strategies, to make budgeting decisions and to compare our performance against that of other peer companies using similar measures. We use Adjusted EBITDA Margin to evaluate our ability to generate profitable sales. Adjusted EBITDA and Adjusted EBITDA Margin contain certain other limitations, including the failure to reflect our cash expenditures, cash requirements for working capital needs, cash expenditures to replace assets being depreciated and amortized and interest expense, or the cash requirements necessary to service interest on principal payments on our indebtedness. In evaluating Adjusted EBITDA and Adjusted EBITDA Margin, you should be aware that in the future we will incur expenses that are the same as or similar to some of the adjustments in this presentation, such as stock-based compensation expense, derivative fair value adjustments, and foreign currency transaction losses. Management compensates for these limitations by relying on our GAAP results and using non-GAAP measures on a supplemental basis.

The following table presents a reconciliation of Adjusted EBITDA to Net income, the most comparable GAAP measure, for each of the periods presented.

	Three Months Ended September 30,		Six Months Ended September 30,

Advanced Drainage Systems, Inc.

- (a) In the first quarter of fiscal 2020, the Company paid a special dividend of \$1.00 per share. The dividend was used to pay back a portion of the ESOP loan resulting in \$246.8 million in additional stock-based compensation. See “Note 9. Net Income Per Share and Stockholders’ Equity” for additional information.
- (b) Represents expenses recorded related to legal, accounting and other professional fees incurred in connection with business or asset acquisitions and dispositions.
- (c) Represents professional fees incurred in connection with our strategic growth and operational improvement initiatives, which include various market feasibility assessments and acquisition strategies, along with our operational improvement initiatives, which include evaluation of our manufacturing network and improvement initiatives.
- (d) Includes expenses directly related to our response to the COVID-19 pandemic, including adjustments to our pandemic pay program and expenses associated with our third party crisis management vendor.
- (e) Includes derivative fair value adjustments, foreign currency transaction (gains) losses, the proportionate share of interest, income taxes, depreciation and amortization related to the South American Joint Venture, which is accounted for under the equity method of accounting and executive retirement expense. The other adjustments in fiscal 2020 also includes expenses related to the ADS Mexicana’s investigation.

The following table presents our Adjusted EBITDA for the Company prior to the Acquisition (“Legacy ADS”), which consists of the combination of the Segment Adjusted Gross Profit for Pipe, Allied Products & Other, and International plus the portion of corporate and selling expenses which impacts Adjusted EBITDA and Infiltrator Water Technologies prior to the Acquisition (“Legacy Infiltrator Water Technologies”), which consists of the combination of the Segment Adjusted Gross Profit for Infiltrator Water Technologies plus the portion of corporate and selling expenses which impacts Adjusted EBITDA.

Liquidity and Capital Resources

Historically we have funded our operations through internally generated cash flow supplemented by debt financings, equity issuance and finance and operating leases. These sources have been sufficient historically to fund our primary liquidity requirements, including working capital, capital expenditures, debt service and dividend payments for our convertible preferred stock and common stock. From time to time, we may explore additional financing methods and other means to raise capital. There can be no assurance that any additional financing will be available to us on acceptable terms or at all.

Advanced Drainage Systems, Inc.

The following table presents key liquidity metrics utilized by management. The table includes the Non-GAAP measure, Free Cash Flow, which is further discussed and defined below, and Leverage ratio which is calculated as the trailing twelve months Adjusted EBITDA divided by net debt.

(Amounts in thousands)	Six Months Ended September 30,	
	2020	2019
Net cash provided by operating activities	\$ 286,168	\$ 171,711
Capital expenditures	(28,959)	(25,622)
Free Cash Flow	257,209	146,089
Total debt (debt and finance lease obligations)	948,863	
Cash	203,883	
Net debt (total debt less cash)	744,980	
Leverage Ratio	1.5	

Free Cash Flow - Free cash flow is a non-GAAP financial measure that comprises cash flow from operations less capital expenditures. Free cash flow is a measure used by management and our Board of Directors to assess our ability to generate cash. Accordingly, free cash flow has been presented in this Quarterly Report on Form 10-Q as a supplemental measure of liquidity that is not required by, or presented in accordance with GAAP, because management believes that free cash flow provides useful information to investors and others in understanding and evaluating our ability to generate cash flow from operations after capital expenditures.

Free cash flow is not a GAAP measure of our liquidity and should not be considered as an alternative to cash flow from operating activities as a measure of liquidity or any other liquidity measure derived in accordance with GAAP. Our measure of free cash flow is not necessarily comparable to other similarly titled captions of other companies due to different methods of calculation.

Net cash provided by operating activities increased \$114.5 million to \$286.2 million, as compared to \$171.7 million in the prior year, primarily due to improvements in profitability and lower cash transaction costs for the Infiltrator Water Technologies acquisition. Free cash flow (Non-GAAP) increased \$111.1 million to \$257.2 million, as compared to \$146.1 million in the prior year. Net debt (total debt and finance lease obligations net of cash) was \$745.0 million as of September 30, 2020.

The following table summarizes our available liquidity for the periods presented

(Amounts in thousands)	September 30, 2020
Revolver capacity	\$ 350,000
Less: outstanding borrowings	—
Less: letters of credit	11,005
Revolver available liquidity	\$ 338,995

In addition to the available liquidity above, we have the ability to borrow up to \$1.3 billion under our Term Loan Facility, subject to leverage ratio restrictions.

Working Capital and Cash Flows

As of September 30, 2020, we had \$542.9 million in liquidity, including \$203.9 million of cash, \$339.0 million in borrowings available under our Revolving Credit Agreement, net of \$11.0 million of outstanding letters of credit. We believe that our cash on hand, together with the availability of borrowings under our new Credit Agreement and other financing arrangements and cash generated from operations, will be sufficient to meet our working capital requirements, anticipated capital expenditures, scheduled principal and interest payments on our indebtedness and the dividend payment requirement for our convertible preferred stock for at least the next twelve months.

Advanced Drainage Systems, Inc.

Working Capital - Working capital decreased to \$418.1 million as of September 30, 2020, from \$428.0 million as of March 31, 2020. The decrease in working capital is primarily due to decreased inventory and increased accounts payable and other current liabilities. These decreases were offset by increased cash and accounts receivable.

(Amounts in thousands)	Six Months Ended September 30,	
	2020	2019
Net cash provided by operating activities	\$ 286,168	\$ 171,711
Net cash used in investing activities	(28,504)	(1,114,355)
Net cash (used in) provided by financing activities	(227,793)	988,137

Operating Cash Flows – Cash flows from operating activities during the six months ended September 30, 2020 was primarily impacted by improved profitability and lower cash transaction costs for the Infiltrator Water Technologies acquisition.

Investing Cash Flows - Capital expenditures during the six months ended September 30, 2020 increased by \$3.3 million compared to the same period in fiscal 2020. The net cash used in investing activities were primarily due to the acquisition of Infiltrator Water Technologies in fiscal 2020. Our capital expenditures for the six months ended September 30, 2020 were used primarily for new equipment and operational efficiency and productivity projects.

Capital expenditures totaled \$29.0 million and \$25.6 million for the six months ended September 30, 2020 and 2019, respectively. Infiltrator Water Technologies capital expenditures for the six months ended September 30, 2020 was \$18.0 million of our total capital expenditures. Our capital expenditures for the six months ended September 30, 2020 were used primarily to support facility expansions, equipment replacements, our recycled resin and technology improvement initiatives.

We currently anticipate that we will make capital expenditures of approximately \$80 to \$90 million in fiscal year 2021. Such capital expenditures are expected to be financed using funds generated by operations. As of September 30, 2020, there were no material contractual obligations or commitments related to these planned capital expenditures.

Financing Cash Flows - During the six months ended September 30, 2020, cash used in financing activities included the repayment of \$103.5 million on the Term Loan Facility, the repayment of \$100.0 million on the Revolving Credit Facility, quarterly dividend payments of \$15.4 million and payments on our finance lease obligations of \$12.2 million.

Advanced Drainage Systems, Inc.

During the six months ended September 30, 2019, cash provided by financing activities was \$988.1 million due to the new Term Loan Facility, Senior Notes and common stock offering. These cash inflows were offset by the repayment of the Company's Second Amended and Restated Credit Agreement (the "PNC Credit Agreement") and Prudential Senior Notes, the special and quarterly dividend payments of \$76.3 million and payments on our finance lease obligations of \$12.3 million. The table below summarizes the cash flows from the Acquisition, and the related debt and equity transactions:

(Amounts in thousands)	Sources	Uses
Bridge Loan Facility	\$ 1,300,000	\$ —
Bridge Revolver	145,000	—
PNC Credit Agreement draw	104,429	—
Prudential Senior Notes payoff	—	(104,429)
PNC Credit Agreement payoff	—	(239,240)
Acquisition of Infiltrator Water Technologies, fair value of consideration transferred	—	(1,146,526)
Common stock offering, net of offering costs	293,648	—
Bridge Loan Facility - payment	—	(300,000)
Proceeds from Senior Notes Issuance	350,000	—
Bridge Loan Facility - payment	—	(300,000)
Term Loan Facility	700,000	—
Bridge Loan Facility - payment	—	(700,000)
Debt issuance costs	—	(34,606)
Cash to Balance Sheet	—	(68,276)
Total	\$ 2,893,077	\$ (2,893,077)

Cash held by Foreign Subsidiaries - As of September 30, 2020, we had \$14.8 million in cash that was held by our foreign subsidiaries. We continue to evaluate our strategy regarding foreign cash, but our earnings in foreign subsidiaries still remain indefinitely reinvested.

Employee Stock Ownership Plan ("ESOP")

The Company established the Advanced Drainage Systems, Inc. ESOP (the "ESOP" or the "Plan") effective April 1, 1993 to enable eligible employees to acquire stock ownership in ADS in the form of redeemable convertible preferred shares. The Plan was funded by an existing tax-qualified profit-sharing retirement plan, as well as a 30-year term loan from ADS. Within 30 days following the repayment of the ESOP loan, which will occur no later than March 2023, the ESOP committee can direct the shares of redeemable convertible preferred stock owned by the ESOP to be converted into shares of the Company's common stock.

The Company is obligated to make contributions to the Plan, which, when aggregated with the Plan's dividends, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan to ADS. Compensation expense is recognized based upon the average annual fair value of the shares during the period which ADS receives payments on the term loan, and the number of ESOP shares allocated to participant accounts.

As disclosed in "Note 16. Employee Benefit Plans" to the Consolidated Financial Statements included in "Item 8. Financial Statements and Supplementary Data" of our Fiscal 2020 Form 10-K, redeemable convertible preferred stock can convert to common stock upon retirement, disability, death, or vested terminations over the life of the Plan. As stated above, within 30 days following the repayment of the ESOP loan, all redeemable convertible preferred stock will be converted to common stock, which will be no later than March 2023.

The ESOP's conversion of redeemable convertible preferred stock into common stock will have a meaningful impact on the Company's net income, net income per share and common shares outstanding. The outstanding shares of common stock would be 24% greater after conversion.

Advanced Drainage Systems, Inc.

Impact on Net Income - Following the repayment of the ESOP loan discussed above, the Company will no longer be required to apply the two-class method to determine Net income per share. In addition, the Company would not be required to recognize the fair value of ESOP deferred compensation attributable to the shares of redeemable convertible preferred shares allocated.

The impact of the ESOP on net income includes the fair value of ESOP deferred compensation attributable to the shares of redeemable convertible preferred stock allocated to employee ESOP accounts during the applicable period, which is a non-cash charge to our earnings and not deductible for income tax purposes.

	Three Months Ended September 30,		Six Months Ended September 30,	
	2020	2019	2020	2019
	(In thousands)		(In thousands)	
Net income (loss) attributable to ADS	\$ 80,236	\$ 7,589	\$ 150,702	\$ (218,767)
ESOP special dividend compensation	—	—	—	246,752
ESOP deferred stock-based compensation	9,130	5,486	15,993	11,070

Impact on Common Stock Outstanding - The repayment of the ESOP loan and related conversion of redeemable convertible preferred shares will have an impact on the number of common shares outstanding. As shares are converted, the number of common shares outstanding will increase.

	Three Months Ended September 30,		Six Months Ended September 30,	
	2020	2019	2020	2019
	(Shares in millions)		(Shares in millions)	
Weighted average common shares outstanding	69.8	60.2	69.6	58.9
Conversion of redeemable convertible shares	16.3	17.2	16.4	17.3

Financing Transactions

New Senior Secured Credit Facility - In July 2019, the Company entered into the Base Credit Agreement by and among the Company, as borrower, Barclays Bank PLC, as administrative agent, the several lenders from time to time party thereto. In September 2019, the Company amended the Base Credit Agreement. The Senior Secured Credit Facility provides the Term Loan Facility in an initial aggregate principal amount of \$700 million, the Revolving Credit Facility in an initial aggregate principal amount of up to \$350 million, the L/C Facility in the initial aggregate available amount of up to \$50 million, as a sublimit of such Revolving Credit Facility and a swing line sub-facility in the aggregate available amount of up to \$50 million, as a sublimit of the Revolving Credit Facility. As of September 30, 2020, the outstanding principal drawn on Term Loan Facility was \$544.8 million and the no outstanding principal on the Revolving Credit Facility. The Company had \$339.0 million available to be drawn on the Revolving Credit Facility, net of \$11.0 million of outstanding letters of credit.

ADS Mexicana Revolving Credit Facility - The Company and ADS Mexicana entered into an Intercompany Revolving Credit Promissory Note (the “Intercompany Note”) with a capacity of \$12.0 million on June 22, 2018. The Intercompany Note matures on June 22, 2022. The Intercompany Note indemnifies the ADS Mexicana joint venture partner for 49% of any unpaid borrowing. The interest rates under the Intercompany Note are determined by certain base rates or LIBOR rates plus an applicable margin based on the Leverage Ratio. As of September 30, 2020 and March 31, 2020, there were no borrowings under the Intercompany Note.

Issuance of Senior Notes due 2027 - On September 23, 2019, the Company issued \$350.0 million aggregate principal amount of its Senior Notes, pursuant to the Indenture among the Company, the Guarantors and the Trustee. The Senior Notes are guaranteed by each of the Company’s present and future direct and indirect wholly owned domestic subsidiaries that is a guarantor under the Company’s Senior Secured Credit Facility. The Senior Notes were offered and sold either to persons reasonably believed to be “qualified institutional buyers” pursuant to Rule 144A under the Securities Act or to persons outside the United States under Regulation S of the Securities Act.

Interest on the Senior Notes will be payable semi-annually in cash in arrears on March 31 and September 30 of each year, commencing on March 31, 2020, at a rate of 5.000% per annum. The Senior Notes will mature on September

Advanced Drainage Systems, Inc.

30, 2027. The Company used the majority of the net proceeds from the offering of the Senior Notes for the repayment of \$300.0 million of its outstanding borrowings under the Company's Base Credit Agreement.

The Company may redeem the Senior Notes, in whole or in part, at any time on or after September 30, 2022 at established redemption prices. At any time prior to September 30, 2022, the Company may also redeem up to 40% of the Senior Notes with net cash proceeds of certain equity offerings at a redemption price equal to 105.000% of the principal amount of the Senior Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the redemption date. In addition, at any time prior to September 30, 2022, the Company may redeem the Senior Notes, in whole or in part, at a redemption price equal to 100% of the principal amount of the Senior Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the redemption date plus an applicable "make-whole" premium.

The Indenture contains customary events of default, including, among other things, payment default, failure to comply with covenants or agreements contained in the Indenture or the Senior Notes and certain provisions related to bankruptcy events. The Indenture also contains customary negative covenants.

Covenant Compliance - The Senior Secured Credit Facility requires, if the aggregate amount of outstanding exposure under the Revolving Facility exceeds \$122.5 million at the end of any fiscal quarter, the Company to maintain a consolidated senior secured net leverage ratio (commencing with the fiscal quarter ending March 31, 2020) not to exceed 4.25 to 1.00 for any four consecutive fiscal quarter periods.

The Senior Secured Credit Facility also includes other covenants, including negative covenants that, subject to certain exceptions, limit the Company's and its restricted subsidiaries' (as defined in the Credit Agreement) ability to, among other things: (i) incur additional debt, including guarantees; (ii) create liens upon any of their property; (iii) enter into any merger, consolidation or amalgamation, liquidate, wind up or dissolve, or dispose of all or substantially all of their property or business; (iv) dispose of assets; (v) pay subordinated debt; (vi) make certain investments; (vii) enter into swap agreements; (viii) engage in transactions with affiliates; (ix) engage in new lines of business; (x) modify certain material contractual obligations, organizational documents, accounting policies or fiscal year; or (xi) create or permit restrictions on the ability of any subsidiary of any Loan Party (as defined in the Senior Secured Credit Facility) to pay dividends or make distributions to the Company or any of its subsidiaries.

The Senior Secured Credit Facility also contains customary provisions requiring the following mandatory prepayments (subject to certain exceptions and limitations): (i) annual prepayments (beginning with the fiscal year ending March 31, 2021) with a percentage of excess cash flow (as defined in the Senior Secured Credit Facility); (ii) 100% of the net cash proceeds from any non-ordinary course sale of assets and certain casualty or condemnation events; and (iii) 100% of the net cash proceeds of indebtedness not permitted to be incurred under the Senior Secured Credit Facility.

For further information, see "Note 11. Debt" to the Consolidated Financial Statements in our Fiscal 2020 Form 10-K. We are in compliance with our debt covenants as of September 30, 2020.

Off-Balance Sheet Arrangements

Excluding the guarantees of 50% of certain debt of our unconsolidated South American Joint Venture as further discussed in "Note 10. Related Party Transactions" to the Condensed Consolidated Financial Statements, we do not have any other off-balance sheet arrangements. As of September 30, 2020, our South American Joint Venture had approximately \$10.1 million of outstanding debt subject to our guarantees. We do not believe that this guarantee will have a current or future effect on our financial condition, results of operations, liquidity, or capital resources.

Critical Accounting Policies and Estimates

There have been no changes in critical accounting policies from those disclosed in "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Fiscal 2020 Form 10-K, except as disclosed in Note 1. Background and Summary of Significant Accounting Policies.

Advanced Drainage Systems, Inc.

Forward-Looking Statements

This Quarterly Report on Form 10-Q (“Form 10-Q”) includes forward-looking statements. Some of the forward-looking statements can be identified by the use of terms such as “believes,” “expects,” “may,” “will,” “would,” “should,” “could,” “seeks,” “predict,” “potential,” “continue,” “intends,” “plans,” “projects,” “estimates,” “anticipates” or other comparable terms. These forward-looking statements include all matters that are not related to present facts or current conditions or that are not historical facts. They appear in a number of places throughout this Form 10-Q and include statements regarding our intentions, beliefs or current expectations concerning, among other things, our consolidated results of operations, financial condition, liquidity, prospects, growth strategies, and the industries in which we operate and include, without limitation, statements relating to our future performance.

Forward-looking statements are subject to known and unknown risks and uncertainties, many of which are beyond our control. We caution you that forward-looking statements are not guarantees of future performance and that our actual consolidated results of operations, financial condition, liquidity and industry development may differ materially from those made in or suggested by the forward-looking statements contained in this Quarterly Report on Form 10-Q. In addition, even if our actual consolidated results of operations, financial condition, liquidity and industry development are consistent with the forward-looking statements contained in this Form 10-Q, those results or developments may not be indicative of results or developments in subsequent periods. A number of important factors could cause actual results to differ materially from those contained in or implied by the forward-looking statements, including those reflected in forward-looking statements relating to our operations and business, the risks and uncertainties discussed in this Form 10-Q (including under the headings “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations”), and those described from time to time in our other filings with the SEC. Factors that could cause actual results to differ from those reflected in forward-looking statements relating to our operations and business include:

- fluctuations in the price and availability of resins and other raw materials and our ability to pass any increased costs of raw materials on to our customers in a timely manner;
- volatility in general business and economic conditions in the markets in which we operate, including the adverse impact on the U.S. and global economy of the COVID-19 global pandemic, and the impact of COVID-19 in the near, medium and long-term on our business, results of operations, financial position, liquidity or cash flows, and other factors relating to availability of credit, interest rates, fluctuations in capital and business and consumer confidence;
- cyclicity and seasonality of the non-residential and residential construction markets and infrastructure spending;
- the risks of increasing competition in our existing and future markets, including competition from both manufacturers of high performance thermoplastic corrugated pipe and manufacturers of products using alternative materials;
- uncertainties surrounding the integration of acquisitions and similar transactions, including the acquisition and integration of Infiltrator Water Technologies;
- our ability to realize the anticipated benefits from the acquisition of Infiltrator Water Technologies;
- risks that the acquisition of Infiltrator Water Technologies and related transactions may involve unexpected costs, liabilities or delays;
- our ability to continue to convert current demand for concrete, steel and polyvinyl chloride (“PVC”) pipe products into demand for our high performance thermoplastic corrugated pipe and Allied Products;
- the effect of any claims, litigation, investigations or proceedings, including those described below under “Part II. Other Information Item 1. Legal Proceedings” of this Quarterly Report;
- the effect of weather or seasonality;
- the loss of any of our significant customers;
- the risks of doing business internationally;

Advanced Drainage Systems, Inc.

- our ability to remediate the material weakness in our internal control over financial reporting, including remediation of the control environment for our joint venture affiliate ADS Mexicana, S.A. de C.V. as described in “Item 9A. Controls and Procedures” of our Fiscal 2020 Form 10-K;
- the risks of conducting a portion of our operations through joint ventures;
- our ability to expand into new geographic or product markets, including risks associated with new markets and products associated with our recent acquisition of Infiltrator Water Technologies; our ability to achieve the acquisition component of our growth strategy;
- the risk associated with manufacturing processes;
- our ability to manage our assets;
- the risks associated with our product warranties;
- our ability to manage our supply purchasing and customer credit policies;
- the risks associated with our self-insured programs;
- our ability to control labor costs and to attract, train and retain highly qualified employees and key personnel;
- our ability to protect our intellectual property rights;
- changes in laws and regulations, including environmental laws and regulations;
- our ability to project product mix;
- the risks associated with our current levels of indebtedness, including borrowings under our new Credit Agreement and outstanding indebtedness under our Senior Notes;
- the nature, cost and outcome of any future litigation and other legal proceedings, including any such proceedings related to our acquisition of Infiltrator Water Technologies as may be instituted against the Company and others;
- fluctuations in our effective tax rate, including from the Tax Cuts and Jobs Act of 2017;
- our ability to meet future capital requirements and fund our liquidity needs;
- the risk that information may arise that would require the Company to make adjustments or revisions or to restate further the financial statements and other financial data for certain prior periods and any future periods;
- any delay in the filing of any filings with the SEC;
- the review of potential weaknesses or deficiencies in the Company’s disclosure controls and procedures, and discovering further weaknesses of which we are not currently aware or which have not been detected; and
- additional uncertainties related to accounting issues generally.

All forward-looking statements are made only as of the date of this report and we do not undertake any obligation, other than as may be required by law, to update or revise any forward-looking statements to reflect future events or developments. Comparisons of results for current and any prior periods are not intended to express any future trends, or indications of future performance, unless expressed as such, and should only be viewed as historical data.

Advanced Drainage Systems, Inc.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

We are subject to various market risks, primarily related to changes in interest rates, credit, raw material supply prices and, to a lesser extent, foreign currency exchange rates. Our financial position, results of operations or cash flows may be negatively impacted in the event of adverse movements in the respective market rates or prices in each of these risk categories. Our exposure in each category is limited to those risks that arise in the normal course of business, as we do not engage in speculative, non-operating transactions. Our exposure to market risk has not materially changed from what we previously disclosed in Part II. Item 7A. “Quantitative and Qualitative Disclosures about Market Risk” of our Annual Report on Form 10-K for the fiscal year ended March 31, 2020, except as disclosed below.

Interest Rate Risk - We are subject to interest rate risk associated with our bank debt. Changes in interest rates impact the fair value of our fixed-rate debt, but there is no impact to earnings and cash flow. Alternatively, changes in interest rates do not affect the fair value of our variable-rate debt, but they do affect future earnings and cash flow. The Revolving Credit Facility and the Term Note, notes bear variable interest rates. The Revolving Credit Facility and Term Note bear interest either at LIBOR or the Prime Rate, at our option, plus applicable pricing margins. A 1.0% increase in interest rates on our variable-rate debt would increase our annual forecasted interest expense by approximately \$5.4 million based on our borrowings as of September 30, 2020. Assuming the Revolving Credit Facility is fully drawn, each 1.0% increase or decrease in the applicable interest rate would change our interest expense by approximately \$9.9 million, for the twelve months ended September 30, 2020.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company’s Chief Executive Officer (“CEO”) and Chief Financial Officer (“CFO”) are responsible for evaluating the effectiveness of our disclosure controls and procedures as defined in the Securities Exchange Act of 1934, as amended (the “Exchange Act”), rules 13a-15(e) and 15d-15(e). The Company’s disclosure controls and procedures are designed to provide reasonable assurance that the information required to be disclosed in the Company’s reports under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to management, including the Company’s CEO and CFO, as appropriate to allow timely decisions regarding required disclosure. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objectives, and management necessarily applies its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As previously disclosed in our Fiscal 2020 Form 10-K, we concluded that our internal control over financial reporting was not effective based upon the material weakness identified as of March 31, 2020. See “Item 9A - Controls and Procedures” in our Fiscal 2019 Form 10-K. Our CEO and CFO have concluded that the material weakness previously identified in the Fiscal 2019 Form 10-K was still present as of September 30, 2020 (the “Evaluation Date”). Based on the material weakness, and the evaluation of our disclosure controls and procedures, our CEO and CFO concluded that the Company’s disclosure controls and procedures were not effective as of the Evaluation Date.

Changes in Internal Control over Financial Reporting

There were no changes in the Company’s internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act that occurred during the three months ended September 30, 2020 that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

The Company is involved from time to time in various legal proceedings that arise in the ordinary course of business, including but not limited to commercial disputes, environmental matters, employee related claims, intellectual property disputes and litigation in connection with transactions including acquisitions and divestitures. The Company does not believe that such litigation, claims, and administrative proceedings will have a material adverse impact on the Company's financial position or results of operations.

Please see "Note 12. Commitments and Contingencies," of the Condensed Consolidated Financial Statements of this Quarterly Report on Form 10-Q for more information regarding legal proceedings.

Item 1A. Risk Factors

Important risk factors that could affect our operations and financial performance, or that could cause results or events to differ from current expectations, are described in "Part I, Item 1A — Risk Factors" of our Fiscal 2020 Form 10-K. These factors are further supplemented by those discussed in "Part II, Item 7A — Quantitative and Qualitative Disclosures about Market Risk" of our Fiscal 2020 Form 10-K and in "Part I, Item 3 — Quantitative and Qualitative Disclosures about Market Risk" and "Part II, Item 1 — Legal Proceedings" of this Quarterly Report on Form 10-Q.

Item 2. Unregistered Sale of Equity Securities and Use of Proceeds

In February 2017, our Board of Directors authorized the repurchase of up to \$50 million of our common stock. Repurchases of common stock will be made in accordance with applicable securities laws. We did not repurchase any shares of common stock during the three months ended September 30, 2020. As of September 30, 2020, approximately \$42.1 million of common stock may be repurchased under the authorization. The stock repurchase program does not obligate us to acquire any particular amount of common stock and may be suspended or terminated at any time at our discretion.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

None.

Advanced Drainage Systems, Inc.**Item 6. Exhibits**

The following exhibits are filed herewith or incorporated herein by reference.

CERTIFICATION OF PRINCIPAL EXECUTIVE OFFICER

I, D. Scott Barbour, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q (this "Report") of the registrant, Advanced Drainage Systems, Inc.;
2. Based on my knowledge, this Report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this Report;
3. Based on my knowledge, the financial statements and other financial information included in this Report fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this Report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15(d)-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this Report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this Report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this Report based on such evaluation; and
 - d. Disclosed in this Report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CERTIFICATION OF PRINCIPAL FINANCIAL OFFICER

I, Scott A. Cottrill, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q (this "Report") of the registrant, Advanced Drainage Systems, Inc.;
2. Based on my knowledge, this Report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this Report;
3. Based on my knowledge, the financial statements and other financial information included in this Report fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this Report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15(d)-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this Report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this Report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this Report based on such evaluation; and
 - d. Disclosed in this Report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION OF PRINCIPAL EXECUTIVE OFFICER PURSUANT TO
18 U.S.C. SECTION 1350,
AS ADOPTED PURSUANT TO
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

The undersigned hereby certifies, pursuant to the requirement set forth in Rule 13a-14(b) of the Securities Exchange Act of 1934, as amended, and in accordance with 18 U.S.C. 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, in his capacity as the principal executive officer of Advanced Drainage Systems, Inc. (the "Company"), that, to the best of his knowledge, the Quarterly Report on Form 10-Q of the Company for the quarter ended December 31, 2019 fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended, and that the information contained in such report fairly presents, in all material respects, the financial condition and results of operations of the Company as of the dates and for the periods presented in the financial statements included in such report.
