The ADS Foundation Donates \$25,000 to Help Rebuild after the July 4th Flooding in Texas Hill Country

2025-08-05

HILLIARD, Ohio--(BUSINESS WIRE)-- The ADS Foundation today announced a \$25,000 donation to the **Community Foundation of the Texas Hill Country** to support relief efforts following the devastating July 4 floods in Texas. The ADS Foundation is funded primarily by **Advanced Drainage Systems, Inc.** (NYSE: WMS), a leading provider of innovative water management solutions in the stormwater and onsite wastewater industries, and one of the largest plastic recyclers in North America.

The Community Foundation of the Texas Hill Country is committed to cultivating a thriving region by inspiring generosity, honoring local heritage, and responsibly managing charitable resources for both current and future needs. Guided by its enduring mission and vision, the foundation works toward a future where all residents enjoy a high quality of life, and where future generations inherit a strong, resilient community.

Their mission aligns closely with that of the ADS Foundation, which is to improve quality of life by building resilient and sustainable communities that strengthen access to recycling, education, mental health, housing, and water.

“At ADS, we believe in standing with communities when they need it most,” said Kevin Talley, president of the ADS Foundation. “The devastation caused by the flooding in Texas has deeply impacted the lives of so many, and we’re committed to helping rebuild what was lost. Our donation supports on-the-ground efforts to deliver relief and foster long-term recovery across the region.”

To date, the Community Foundation of the Texas Hill Country has deployed more than \$8 million in emergency grants, providing critical support to individuals and families, local businesses, first responders, and crisis response teams as the region works to recover.

The ADS Foundation is proud to support the Community Foundation of the Texas Hill Country to help rebuild vital infrastructure.

About the ADS Foundation

The ADS Foundation seeks to improve quality of life by building resilient and sustainable communities that strengthen access to recycling, education, mental health, housing, and water. Established by Advanced Drainage Systems, Inc. in 2020, the ADS Foundation is committed to partnering with organizations that improve availability and access in these five areas. About Advanced Drainage Systems, Inc.

Advanced Drainage Systems is a leading manufacturer of innovative stormwater and onsite wastewater solutions that manage the world's most precious resource: water. ADS and its subsidiary, Infiltrator Water Technologies, provide superior stormwater drainage and onsite wastewater products used in a wide variety of markets and applications including commercial, residential, infrastructure and agriculture, while delivering unparalleled customer service. ADS manages the industry's largest company-owned fleet, an expansive sales team, and a vast manufacturing network of approximately 64 manufacturing plants and 35 distribution centers. The company is one of the largest plastic recycling companies in North America, ensuring over half a billion pounds of plastic is kept out of landfills every year. Founded in 1966, ADS' water management solutions are designed to last for decades. To learn more, visit the Company's website at www.adspipe.com.
