AMNEAL PHARMACEUTICALS EXECUTIVES RECEIVE LONG ISLAND CARES HUMANITARIAN AWARD

Chintu and Chirag Patel honored for commitment to local philanthropy

Hauppauge, NY (USA), October 27, 2014 – Amneal Pharmaceuticals LLC, one of the largest U.S. manufacturers of generic drugs, is proud to be the recipient of the 2014 Long Island Cares Corporate Honoree Award. Brothers Chintu and Chirag Patel, Co-CEOs and Co-Chairmen, will accept the award on behalf of the company at a cocktail reception and formal dinner on Wednesday, November 5 at the Crest Hollow Country Club in Woodbury, New York.

“We deeply appreciate this recognition for Amneal’s community efforts from Long Island Cares,” said Chintu Patel. Chirag added, “We truly believe in sharing the benefits of our success by giving back to the areas in which we do business.”

The Patels have remained true to their values – a focus on quality across all company operations, respect for the highest standards and ethics and total commitment to customers, business partners and employees – while treating their colleagues and staff like family. They are dedicated to both their successful, growing enterprise and to supporting many charitable causes in the community.

Active in the HIA-LI since 2010, Chintu and Chirag have supported Long Island Cares through numerous food drives and participation in the annual golf classic and awards dinner as well as the Long Island Association, Make-a-Wish Foundation, Habitat for Humanity, the educational non-profit KaBOOM!, Toys for Tots, New York Blood Center, American Cancer Society breast cancer walks and a Hurricane Sandy clothing and food drive.

Amneal was founded in 2002 by Chintu and Chirag with support from their father, Kanu Patel. The company operates nine state-of-the-art manufacturing plants in New York, New Jersey and India and employs over 2,600 worldwide. Amneal is investing more than \$400 million in research and development and capital improvements, including a major expansion at the Brookhaven, New York production facility, expected to add 400 new jobs to the community.

The generics maker has won numerous industry awards for product and service excellence as well as outstanding business growth. Earlier this month Amneal received the global “Company of the Year” Award at the Global Generics & Biosimilars Awards 2014 in Paris, France in recognition of its rapid growth in North America.

About Amneal Pharmaceuticals LLC

Amneal Pharmaceuticals LLC is a U.S.-based manufacturer of generic pharmaceuticals. Known as “Generic's New Generation®”, Amneal prides itself on its unwavering commitment to quality, meaningful business relationships, and its innovative approach to maximizing value for all stakeholders.
