## **8x8, Inc. Awarded New VoIP Patent**

SANTA CLARA, Calif., Oct. 31 /PRNewswire-FirstCall/ -- 8x8, Inc. (Nasdaq: [EGHT](#)), originator of the Packet8 Voice over Internet Protocol (VoIP) and video communication services for business and residential customers, today announced that it has been issued U.S. Patent No. 7,289,491 for an arrangement and method of Internet telephony. The patent issued from the U.S. Patent and Trademark Office on October 30, 2007.

The invention covered by the patent relates generally to an arrangement which includes a telephone and an interface unit which interfaces the telephone to both a standard switched telephone communications network and an Internet communications network.

Since its establishment in 1987, 8x8 has been awarded seventy (70) United States patents covering a variety of voice and video communications and storage technologies.

### About 8x8, Inc.

VoIP service provider 8x8, Inc. offers internet-based telephony solutions (<http://www.packet8.net/>) for individual residential and business users as well as small to medium sized business organizations. In addition to regular Packet8 VoIP service plans priced as low as \$24.99 per month for unlimited anytime calling to the U.S., Canada and eight additional countries, 8x8 offers the Packet8 Tango™ Video Terminal Adapter along with accompanying monthly service plans also priced at \$24.99 per month. Packet8 Virtual Office™, 8x8's VoIP phone system for small to medium sized businesses, is a hosted iPBX solution comprised of powerful business class features. Companies subscribing to Virtual Office pay just \$49.99 per month per extension for enterprise class PBX functionality along with unlimited local and long distance calling in the U.S. and Canada. The Packet8 Complete Contact Center™ is a hosted multimedia call center distribution and management platform that works with any broadband Internet service and provides enterprise class contact center functionality combined with Virtual Office hosted iPBX calling features and business calling plans. Packet8 Softtalk™ Office, 8x8's PC-based soft phone client, offers high quality voice and video in-network calling as well as outbound calling to the PSTN.
