

Q1 FY20 SUPPLEMENTAL MATERIALS

June 5, 2019

SAFE HARBOR STATEMENT

Statements in this press release that are not historical in nature are forward-looking statements that, within the meaning of the federal securities laws including the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, involve known and unknown risks and uncertainties. Words such as "may", "will", "expect", "intend", "plan", "believe", "seek", "could", "estimate", "judgment", "targeting", "should", "anticipate", "goal" and variations of these words and similar expressions, are also intended to identify forward-looking statements. The forward-looking statements in this press release address a variety of subjects, including statements about our short-term and long-term goals and targets, including the timing of the release of the Cloudera Data Platform, expectations regarding the acceptance by our enterprise customers of enterprise data cloud and the Cloudera Data Platform, and our "Business Outlook" for our second quarter of fiscal 2020 and our full year fiscal 2020 operating results. Readers are cautioned that actual results could differ materially from those implied by such forward-looking statements due to a variety of factors, including global economic conditions, competitive pressures and pricing declines, intellectual property infringement claims, and other risks or uncertainties that are described under the caption "Risk Factors" in our Quarterly Report on Form 10-Q filed with the Securities and Exchange Commission (SEC), and in our other SEC filings. You can obtain copies of the company's SEC filings on the SEC's website at www.sec.gov. Although we believe the expectations reflected in such forward-looking statements are based upon reasonable assumptions, we can give no assurances that our expectations will be attained. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

We report all financial information required in accordance with U.S. generally accepted accounting principles (GAAP). To supplement our unaudited condensed consolidated financial statements presented in accordance with GAAP, we use certain non-GAAP measures of financial performance. The presentation of these non-GAAP financial measures is not intended to be considered in isolation from, as a substitute for, or superior to, the financial information prepared and presented in accordance with GAAP, and may be different from non-GAAP financial measures used by other companies. In addition, these non-GAAP measures have limitations in that they do not reflect all of the amounts associated with the results of our operations as determined in accordance with GAAP.

We believe that these non-GAAP financial measures, when taken together with the corresponding GAAP financial measures, provide meaningful supplemental information regarding our performance by excluding certain items that may not be indicative of our core business, operating results or future outlook. Management uses, and believes that investors benefit from referring to, these non-GAAP financial measures in assessing our operating results, as well as when planning, forecasting and analyzing future periods. We use these non-GAAP financial measures in conjunction with traditional GAAP measures to communicate with our board of directors concerning our financial performance. These non-GAAP financial measures also facilitate comparisons of our performance to prior periods.

Please see the slides entitled GAAP to Non-GAAP Reconciliation at the end of this presentation for a reconciliation of each of these measures to the most directly comparable GAAP financial measure. This reconciliation can also be found in the earnings press release issued June 5, 2019, which is available on www.cloudera.com or on the "Investor Relations" section of our website.

Unless otherwise noted, the information in this presentation is as of April 30, 2019. Throughout this presentation, we have rounded numbers as appropriate.

Q1 FY20 KEY HIGHLIGHTS

Total Revenue	\$187M
Subscription Revenue	\$155M
Annualized Recurring Revenue (ARR)	\$672M, up 21% year-over-year
Customers with > \$100K ARR ⁽¹⁾	929
Operating Cash Flow	\$11M (includes \$25M of merger-related payments)
Cash, cash equivalents, marketable securities and restricted cash	\$547M
Non-GAAP net loss per share	\$0.13

⁽¹⁾ Q1 FY19 to Q4 FY19: 834, 862, 904, 943

Q2 FY20 & FY20 OUTLOOK

	Q2 FY20			FY20		
	Low	High	Mdpt Y/Y	Low	High	Mdpt Y/Y
ARR _{Quarter-End}	10%	12%		0%	10%	
Total Revenue	\$180M	\$183M	61%	\$745M	\$765M	57%
Subscription Revenue	\$155M	\$157M	63%	\$635M	\$645M	58%
OCF				(\$95M)	(\$75M)	
Non-GAAP EPS	(\$0.11)	(\$0.08)		(\$0.32)	(\$0.28)	
Weighted Average Share Count ⁽¹⁾	274	274		280	280	

⁽¹⁾ Cloudera fully-diluted share count, TSM is 320M at end of Q1 FY20

ANNUALIZED RECURRING REVENUE

	Q1 FY19	Q2 FY19	Q3 FY19	Q4 FY19	Q1 FY20
ARR	\$555M	\$589M	\$619M	\$659M	\$672M
Y/Y Growth %					+21%
Adj. ARR	\$559M	\$615M	\$633M	\$681M	\$668M
Y/Y Growth %					+20%

Annualized Recurring Revenue (ARR): Annualized value of all recurring subscription contracts with active entitlements as of the end of the period, including pre-merger Hortonworks contracts. ARR excludes non-recurring partner revenue, subscription revenue with certain related parties, custom engineering and premium add-on support.

Adjusted Annualized Recurring Revenue (Adj. ARR): Adj. ARR equals Cloudera quarterly GAAP subscription revenue adjusted to (1) add Hortonworks' quarterly results, (2) subtract Hortonworks' post-merger results (in the case of Q4 fiscal 2019 only), (3) reverse the effects of purchase price adjustments, and (4) subtract non-recurring partner revenue and subscription revenue with certain related parties, multiplied by four quarters to annualize. Adj. ARR does not normalize for days in a quarter.

Q2 FY20 to Q4 FY20 expected trends

ARR Y/Y growth rates: Q2: 10% - 12%, Q3: 5% - 10%, Q4: 0% - 10%

Total contract liabilities: Q2: \$425M, Q3: \$410M, Q4: \$470M

ONE-TIME MERGER-RELATED SPENDING

FY20 spending is primarily driven by non-recurring costs for employee-related termination and retention and third party fees associated with integrating the systems and processes of the two companies

	Q1 FY20	Q2 FY20	Q3 FY20	Q4 FY20	FY20
Merger-Related Expense	\$25M	\$12M	\$9M	\$8M	\$54M
Merger-Related Payments	\$25M	\$14M	\$11M	\$9M	\$59M

FY20 PURCHASE ACCOUNTING ADJUSTMENTS

Under merger purchase accounting, assets and liabilities of the acquired business are based on their fair values at the time of the merger

This results in a write-down of deferred revenue and deferred commissions balance sheet accounts, causing future revenue and sales commission expenses to be less than if the merger had not occurred

The impact on Cloudera's financial statements for FY20 is:

	Q1 FY20	Q2 FY20	Q3 FY20	Q4 FY20	FY20
Revenue "Haircut"	\$21M	\$18M	\$14M	\$11M	\$63M
Commissions "Haircut"	\$8M	\$7M	\$7M	\$7M	\$29M

Note: Services revenue haircut for FY20 is \$2M

BILLINGS DURATION IMPACT

Hortonworks typically billed multi-year deals upfront. Cloudera’s typical practice is to bill annually regardless of contract duration (average billings duration for Hortonworks was 19 months; average billings duration for Cloudera is 13 months)

Given Cloudera’s sizable post-merger cash balance and strong expected future cash flow, we have adopted Cloudera’s pre-merger billings practices, which we estimate will have a billings duration of 13 months

The adoption of Cloudera’s billing practices will reduce billings and cash flow by approximately \$112M as compared to each company’s standalone practices:

	Q1 FY20	Q2 FY20	Q3 FY20	Q4 FY20	FY20
Billings duration change impact to billings and cash flow (estimated)	\$18M	\$22M	\$27M	\$45M	\$112M

Note: Cloudera has integrated its operations in FY20 and does not track Hortonworks billings. This analysis assumes FY20 billings attributed to “standalone” Hortonworks based on the FY19 mix of HDP/CLDR bookings.
