By choosing to send these materials to you directly, we (and not the intermediary holding on your behalf) have assumed responsibility for (i) delivering these materials to you, and (ii) providing you with a form of proxy so you can vote your Common Shares at the Meeting. See “*Voting Information – Voting Your Common Shares*”.

VOTING INFORMATION

VOTING MATTERS

At the Meeting, shareholders are voting on:

- fixing the number of directors
- the election of directors;
- the appointment of Largo’s auditors, to hold office until the next annual meeting of shareholders, and to authorize the directors to fix their remuneration; and
- the empowerment of the directors to fix the number of directors.

WHO CAN VOTE

The record date for the Meeting is May 21, 2019. Our transfer agent has prepared a list, as of the close of business on the record date, of the registered holders of Common Shares. A holder of Common Shares whose name appears on such list is entitled to vote the Common Shares on such list at the Meeting. Each Common Share entitles the holder to one vote on each item of business identified in the Notice of Meeting.

VOTING YOUR COMMON SHARES

All shareholders are advised to carefully read the voting instructions below that are applicable to them.

Registered Shareholders

If you were a registered shareholder on the record date, you may vote in person at the Meeting or give another person authority to represent you and vote your Common Shares at the Meeting, as described below under the heading “Voting Your Common Shares by Proxy”.

Beneficial Shareholders

It is possible that your Common Shares may be registered in the name of an intermediary, which is usually a trust company, securities broker or other financial institution. If your Common Shares are registered in the name of an intermediary, you are a beneficial shareholder. Your intermediary is entitled to vote the Common Shares held by it and beneficially owned by you on the record date. However, it must first seek your instructions as to how to vote your Common Shares or otherwise make arrangements so that you may vote your Common Shares directly. An intermediary is not entitled to vote the Common Shares held by it without written instructions from the beneficial owner. You may vote your Common Shares through your intermediary or in person by taking the appropriate steps, which are the same for non-objecting beneficial owners (“**NOBOs**”) and objecting beneficial owners (“**OBOs**”) of Common Shares. You are an OBO if you have not allowed your intermediary to disclose your ownership information to us. You are a NOBO if you have provided instructions to your intermediary to disclose your ownership information to us.

NOBOs and OBOs

NOBOs and OBOs should carefully review the instructions provided to them by their intermediary regarding how to provide voting instructions or how to obtain a proxy with respect to their Common Shares. Such shareholders may also wish to contact their intermediary directly in order to obtain instructions regarding how to vote Common Shares that they beneficially own.

Please note that if you are a NOBO or an OBO and you wish to attend the Meeting, you will not be recognized at the Meeting for the purpose of voting Common Shares registered in the name of an intermediary unless you appoint yourself as a proxyholder. In order to do this, you should follow the instructions on the voting instruction form (“**VIF**”) and, in so doing, specify your own name as the person whom you are appointing as proxy for the purposes of voting your Common Shares. You are reminded that any voting instructions should be communicated to your intermediary in accordance with the procedures set out in the VIF well in advance of the deadline for the receipt of proxies.

VOTING YOUR COMMON SHARES BY PROXY

If you will not be at the Meeting or do not wish to vote in person, you may vote by using the enclosed form of proxy or VIF. A proxy or VIF must be properly completed in writing and must be executed by you or by your attorney authorized in writing.

Deadline for Proxies

Any proxy to be used at the Meeting must be received by Largo’s transfer agent, TSX Trust Company, prior to 11:00 a.m. (Toronto time) on June 25, 2019, or 48 hours (excluding Saturdays, Sundays and holidays) before any postponement or

adjournment of the Meeting. Late proxies may be accepted or rejected by the chair of the Meeting in his or her discretion, and the chair of the meeting is under no obligation to accept or reject any particular late proxy.

Registered shareholders may provide their voting instructions by any of the following means:

- **by mail**, to TSX Trust Company, at 100 Adelaide Street W., Ste. 301, Toronto, ON, M5H 4H1 (a pre-addressed return envelope is enclosed);
- **by hand or by courier** to TSX Trust Company, at 100 Adelaide Street W., Ste. 301, Toronto, ON, M5H 4H1;
- **by fax** to +1 416-595-9593; or
- **by internet** at www.voteproxyonline.com, using your 12 digit control number which can be found on your proxy.

Beneficial shareholders may provide their voting instructions by mail, by telephone or online by following the instructions in the enclosed VIF.

Your Proxy Vote

On the form of proxy, you can indicate how you want to vote your Common Shares, or you can let your proxyholder decide for you.

All Common Shares represented by properly completed proxies received by Largo's transfer agent, TSX Trust Company, no later than 11:00 a.m. (Toronto time) on June 25, 2019 or 48 hours (excluding Saturdays, Sundays and holidays) before any postponement or adjournment of the Meeting will be voted or withheld from voting, in accordance with your instructions as specified in the proxy, on any ballot votes that take place at the Meeting. Late proxies may be accepted or rejected by the chair of the Meeting in his or her discretion, and the chair of the meeting is under no obligation to accept or reject any particular late proxy.

If you give directions on how to vote your Common Shares on your form of proxy, your proxyholder must vote your Common Shares according to your instructions. If you have not specified how to vote on a particular matter on your form of proxy, your proxyholder can vote your Common Shares as he or she sees fit. If neither you nor your proxyholder gives specific instructions, your Common Shares will be voted as follows:

- **FOR the election of each of the six nominees as directors; and**
- **FOR the appointment of PricewaterhouseCoopers LLP as Largo's auditors, to hold office until the next annual meeting of shareholders, and to authorize the directors to fix their remuneration.**

Appointing a Proxyholder

A proxyholder is the person you appoint to act on your behalf at the Meeting (including any postponement or adjournment of the Meeting) and to vote your Common Shares. You may choose anyone to be your proxyholder, including someone who is not a shareholder of Largo. Simply fill in the proxyholder's name in the blank space provided on the enclosed form of proxy. If you leave the space in the form of proxy blank, the persons designated in the form, who are our Chief Executive Officer and Chief Financial Officer, are appointed to act as your proxyholder.

Revoking Your Proxy

If you submit a form of proxy, you may revoke it at any time before it is used by doing any one of the following:

- you may send another form of proxy with a later date to our transfer agent, TSX Trust Company, but it must reach the transfer agent no later than 11:00 a.m. (Toronto time) on June 25, 2019 or 48 hours (excluding Saturdays, Sundays and holidays) before any postponement or adjournment of the Meeting;

- you may deliver a signed written statement, stating that you want to revoke your form of proxy, to our Chief Financial Officer no later than the last business day preceding the Meeting or any postponement or adjournment of the Meeting, at 55 University Avenue, Suite 1105, Toronto, ON M5J 2H7 or by facsimile at 416 862-7661;
- you may attend the Meeting and notify the chair of the Meeting prior to the commencement of the Meeting that you have revoked your form of proxy; or
- you may revoke your form of proxy in any other manner permitted by law.

Late proxies may be accepted or rejected by the chair of the Meeting in his or her discretion, and the chair of the meeting is under no obligation to accept or reject any particular late proxy.

ADDITIONAL MATTERS PRESENTED AT THE MEETING

The enclosed form of proxy or VIF confers discretionary authority upon the persons named as proxyholders therein with respect to any amendments or variations to the matters identified in the Notice of Meeting and with respect to further or other matters that may properly come before the Meeting or any postponement or adjournment thereof. Our management is not aware of any matters to be considered at the Meeting other than the matters described in the Notice of Meeting, or any amendments or variations to the matters described in such notice.

If you sign and return the form of proxy and do not appoint a proxyholder by filling in a name, the Largo representatives named as proxies will vote in their best judgment.

If you sign and return the voting instruction form, your Common Shares will be voted in accordance with your instructions and, with respect to any matter presented at the Meeting, or at any postponement or adjournment thereof, in addition, or as an amendment or variation to the matters described in the Notice of Meeting, in accordance with the discretionary authority provided therein.

VOTING SHARES AND PRINCIPAL HOLDERS

The Common Shares are the only shares which entitle shareholders to vote at the Meeting. The holders of Common Shares are entitled to one vote per share. The presence of at least two people holding or representing by proxy at least 10% of the total number of votes attached to the issued Common Shares entitled to vote at the Meeting is necessary for a quorum at the Meeting.

As at May 28, 2019, 531,630,645 Common Shares were issued and outstanding.

To the knowledge of the directors and executive officers of Largo, based upon filings made with Canadian securities regulators on or before the date of this Circular, other than as described below, no other persons beneficially own, or control or direct, directly or indirectly, voting securities carrying 10% or more of the voting rights attached to any class of our voting securities.

Mr. Alberto Arias, a director of Largo, is the sole director of each of the general partners of Arias Resource Capital Fund L.P., Arias Resource Capital Fund II L.P. and Arias Resource Capital Fund II (Mexico) L.P. which, as at the date of this Circular, in aggregate beneficially own 239,612,424 of our Common Shares representing approximately 45.07% of our outstanding Common Shares. Our remaining directors and executive officers, as a group, beneficially own or control or direct, directly or indirectly, less than 1% of our outstanding Common Shares.

MATTERS TO BE ACTED UPON AT THE MEETING

1. FINANCIAL STATEMENTS

Our audited consolidated financial statements for the years ended December 31, 2018 and 2017 and the auditor's report thereon will be presented at the Meeting.

2. FIXING NUMBER OF DIRECTORS

The Company is required to have a minimum of three and a maximum of fifteen directors. At the Meeting, shareholders will be asked to fix the number of directors to be elected at the Meeting at six. As a result of the departure of Alberto Beeck on January 10, 2019, the Board presently consists of six directors, each of whom our Board proposes to nominate for re-election at the Meeting.

The persons named in the accompanying form of proxy intend to vote FOR fixing of the number of directors to be elected at the Meeting at six.

3. ELECTION OF DIRECTORS

Our Board is currently composed of six directors. The governance committee of the Board (the “**Governance Committee**”) has recommended, and the Board has determined to nominate, each of the six persons listed below for election as a director at the Meeting. All of the nominees are current members of our Board (see “*Nominees for Election as Directors*” below). **The Board recommends that shareholders vote FOR the election of each of the six nominees as directors.**

Each director elected at the Meeting shall hold office until the close of the next annual meeting of shareholders or until a successor has been elected or appointed in accordance with our articles and by-laws.

Director Nominees of our Controlling Shareholder

Pursuant to an amended and restated Governance Agreement dated March, 2012 and an Amended and Restated Director Nomination Agreement dated March, 2016, entered into among the Company, certain initial investors, and the general partner of each of Arias Resource Capital Fund L.P., Arias Resource Capital Fund II L.P. and Arias Resource Capital Fund II (Mexico) L.P. (collectively, the “**ARC Funds**”), of which our director, Alberto Arias, is the sole director, the ARC Funds currently possess the right to nominate three individuals to our Board. The nominee directors of the ARC Funds are Alberto Arias, Daniel Tellechea and Jonathan Lee. For additional information in respect of the ARC Funds’ nomination rights see the Company’s Annual Information Form for the year ended December 31, 2018 (“**Annual Information Form**”) filed under the Company’s profile on SEDAR at www.sedar.com.

Majority Voting Policy

The Board has adopted a policy on majority voting. If, with respect to any particular nominee, such nominee is not elected by a majority (50% + 1 vote) of the votes cast with respect to his or her election, then for purposes of the policy the nominee shall be considered not to have received the support of the shareholders, even though duly elected as a matter of corporate law. A person elected as a director who is considered under this test not to have received the support of the shareholders must immediately submit to the Board his or her resignation, to take effect upon acceptance by the Board. The Board will refer the resignation to the Governance Committee for consideration. A nominee who tenders a resignation pursuant to the policy will not participate in any meeting of the Board or the Governance Committee at which the resignation is considered. The Board will promptly accept the resignation unless the Governance Committee determines that there are exceptional circumstances (for example, relating to the composition of the Board or the voting results) that should delay the acceptance of the resignation or justify rejecting it. In any event, it is expected that the resignation will be accepted (or in rare cases rejected) and the Board will promptly announce its decision in a press release within 90 days of the meeting, including reasons for rejecting the resignation, if applicable. This policy does not apply to a contested meeting of shareholders.

On a vote by a show of hands, each of the following incumbent nominees listed below was elected as a director of Largo at our annual meeting of shareholders held on June 28, 2018 in Toronto, Ontario (the “**2018 meeting**”). We received proxies representing 420,899,466 Common Shares in connection with the 2018 meeting. Based on these proxies, each director received the following favourable votes cast by proxy:

Director	Percentage of Favourable Votes Cast by Proxy	Number of Favourable Votes Cast by Proxy
Alberto Arias	99.81%	399,237,377
David Brace	99.11%	396,434,316
Mark Smith	99.99%	399,941,916
Daniel Tellechea	99.99%	399,968,516
Koko Yamamoto	99.98%	399,896,616

Mr. Lee was appointed to the Board on April 4, 2019 to fill a vacancy on the Board.

Nominees for Election as Directors

- **Alberto Arias**
- **David Brace**
- **Jonathan Lee**
- **Mark Smith**
- **Daniel Tellechea**
- **Koko Yamamoto**

We do not anticipate that any of the nominees will be unable to serve as a director, but if that should occur for any reason prior to the Meeting or any postponement or adjournment thereof, it is intended that discretionary authority shall be exercised by the persons named in the accompanying form of proxy to vote any proxy for the election of the remaining nominees and any other person or persons in place of any nominee or nominees unable to serve.

Pre-Approval Policies and Procedures

The Audit Committee has not adopted separate policies and procedures for the engagement of non-audit services. The Audit Committee’s charter provides that the Audit Committee must pre-approve all non-audit services to be provided to Largo or any subsidiary entities by its external auditors or by the external auditors of such subsidiary entities. The Audit Committee may delegate to one or more of its members the authority to pre-approve non-audit services but pre-approval by such member or members so delegated shall be presented to the full Audit Committee at its first scheduled meeting following such pre-approval.

5. EMPOWERMENT OF DIRECTORS TO FIX NUMBER OF DIRECTORS

Under the *Business Corporations Act* (Ontario) (“**OBCA**”), the number of directors of a corporation is the number set out in its articles. Where a minimum and maximum number of directors is provided for in its articles, the number of directors of the corporation and the number of directors to be elected at the annual meeting of shareholders is the number determined from time to time by special resolution of the shareholders, or if the special resolution empowers the directors to determine the number, by resolution of the directors. Where such a special resolution so empowers the directors to determine the number of directors within the minimum and maximum number of directors provided for in the articles, the directors may appoint one or more additional directors if, after such appointment, the total number of directors would not then be greater than one and one-third times the number of directors required to have been elected at the annual meeting of shareholders. The Board believes that it is prudent and in the best interests of the Company that the Board have the flexibility to determine its size and to adjust its size from time to time, as required.

At the Meeting, shareholders will be asked to approve a special resolution empowering the directors to determine the number of directors of the Company within the minimum and maximum number provided for in the articles of the Company and to appoint additional directors in accordance with the provisions of the OBCA.

The text of the special resolution is attached hereto as Schedule “A”

The persons named in the accompanying form of proxy intend to vote FOR the special resolution authorizing the board to fix the number of directors.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Our Board believes that sound corporate governance practices are essential to our stewardship of Largo. Our Board supervises the management of the business and the affairs of Largo with a view to ensuring that shareholder value is enhanced and high ethical and legal standards are adhered to. Acting on the recommendation of its Governance Committee, the Board has developed its corporate governance practices to assist it in fulfilling its supervisory role. The Board fulfills its mandate directly and through its committees.

The following is a description of Largo’s corporate governance practices, prepared in accordance with Form 58-101F1 – *Corporate Governance Disclosure* of the Canadian Securities Administrators, as approved by the Board.

BOARD OF DIRECTORS

Independence

For a director to be considered independent under National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) of the Canadian Securities Administrators, he or she must have no direct or indirect material relationship with Largo, being a relationship that could, in the view of the Board, reasonably be expected to interfere with the exercise of his or her independent judgment, and must not be in any relationship deemed to be not independent pursuant to such requirements.

The Board has considered the relationship to Largo of each of the nominees for election by the shareholders and has determined that five of the six directors nominated for election at the Meeting are independent. Mark Smith is not independent by virtue of his position as Chief Executive Officer of Largo. As a result, a majority (and in fact, more than two-thirds) of the nominees are independent.

Public Company Board Memberships

The following nominees for election as directors are presently a director of another issuer that is a reporting issuer (or the equivalent) in Canada or a foreign jurisdiction.

Nominee	Company
Alberto Arias	Sierra Metals Inc. (TSX) and Cautivo Mining Inc. (CSE)
David Brace	Karmin Exploration Inc. (TSXV)
Jonathan Lee	Park Lawn Company Ltd. (CSE)
Mark Smith	NioCorp Developments Ltd. (TSX) and IBC Advanced Alloys Corp. (TSXV)
Daniel Tellechea	Cautivo Mining Inc. (CSE)

We do not restrict the number of public company boards of directors on which our directors may sit. However, our directors are expected to devote the required time and effort to discharge their obligations as members of the Board. Currently, two of our directors sit on the boards of two other reporting issuers, and two of our directors sit together on the board of one other reporting issuer. None of our directors sit together on two or more other boards of other reporting issuers. None of our directors sit on four or more S&P/TSX company boards.

In Camera Meetings

The independent directors of the Board do not hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. However, they have the opportunity to, and do hold, *ad hoc*

meetings that are not attended by the non-independent directors and members of management and they avail themselves of this opportunity, at their entire discretion, whenever necessary. The Company holds regular quarterly meetings and other meetings as required, at which time the independent directors meet *in camera*. The opinion of the independent directors is sought and duly acted upon for all material matters related to the Company.

Independent Chair of the Board

The Board is comprised of a majority (and in fact, more than two-thirds) of independent directors. However, there is currently no chair of the Board. As the Board does not have an independent chair or a lead director, the Board relies on the advice of external legal and financial advisors to provide leadership for its independent directors.

Board and Committee Meetings and Attendance

The Board meets a minimum of four times per year and as otherwise required. Typically, each committee (other than the Audit Committee which meets at least four times each year) will meet approximately two times each year, or more frequently as deemed necessary by the applicable committee. The frequency of meetings and nature of each meeting agenda depends on the business and affairs that Largo faces from time to time. The table below provides details regarding director attendance at Board and committee meetings held during the year ended December 31, 2018.

POSITION DESCRIPTIONS

Board-Level Position Descriptions

The Board has developed a written position description for the directors of Largo. A copy is posted on Largo’s website at www.largoresources.com. The Board has not developed a written position description for a chair of the Board (or a lead director) as there is currently no chair of the Board (or lead director), nor has it yet developed a written position description for the chairs of the Board’s committees. The Board expects to develop these position descriptions in 2019.

CEO Position Description

The Chief Executive Officer (“**CEO**”) is responsible for the day to day operation of the Company. The Board has not yet developed a written position description for the CEO, rather, this position is informed in part by the description in the Company’s by-laws. The CEO reports to the Board and advises the Board on a timely basis of management’s current and proposed courses of action. The Board exercises its responsibility for oversight through the approval of all decisions that affect Largo before they are implemented. The Board expects to develop a CEO position description in 2019.

ORIENTATION AND CONTINUING EDUCATION

The Board is responsible for arranging for new directors to receive a comprehensive orientation so that they fully understand the role of the Board and its committees, as well as the contribution individual directors are expected to make (including, in particular, the commitment of time and energy that Largo expects from its directors), and the nature and operation of Largo’s business. The Governance Committee oversees director orientation to facilitate a smooth and timely integration of directors into their new roles as members of the Board. New directors meet with the chair of the Board, when applicable, committee chairs and the CEO, to discuss Largo’s strategy and business, the culture of Largo and its Board. New directors are provided with an orientation package which includes reports on operations and results, public

disclosure filings by Largo and corporate governance related documentation (i.e. written mandates, charters, position descriptions and policies and procedures).

The Board is also responsible for arranging continuing education opportunities for all directors, so that they may maintain or enhance their skills and abilities as directors, and ensure that their knowledge and understanding of Largo's business remains current. The Governance Committee oversees director continuing education, to provide directors with an ongoing program to assist them in understanding their responsibilities, as well as keeping their knowledge and understanding of Largo's business current. Presentations by external experts and management on the business and on specialized and complex aspects of Largo's operations are provided to directors. It is expected that directors will identify their continuing education needs through future Board assessments.

ETHICAL BUSINESS CONDUCT

Code of Business Conduct and Ethics

As part of its commitment to conducting its business and affairs with honesty, integrity and in accordance with high ethical and legal standards, the Board has adopted a Code of Business Conduct and Ethics (the "**Code**") which applies to all of our directors, officers, employees, consultants and contractors. The Code addresses such matters as compliance with laws, protection and proper use of assets, conflict of interest, corporate opportunities, reporting violations and consequences of non-compliance.

Any director, officer, employee, consultant and contractor of Largo who becomes aware of any instance where Largo receives a solicitation to engage in any act prohibited by the Code, or who becomes aware of any information suggesting that a violation of the Code has occurred or is about to occur is required to report it through Largo's Ethics Hotline in accordance with Largo's whistle blowing policy (discussed below).

In addition, the Governance Committee is responsible for: (i) ensuring that management has established a system to monitor compliance with and enforce the Code; (ii) obtaining reports from management that Largo and its directors, officers and employees are in compliance with the Code; (iii) making recommendations to the Board regarding any waivers from the Code; and (iv) advising the Board with respect to Largo's policies and procedures regarding compliance with the Code.

Any waiver of the Code with respect to a director or officer of Largo may be made only by the Board. The Board did not grant any waiver of the Code in 2018. In the unlikely event of such a waiver, it will be promptly disclosed to the extent required by applicable laws or stock exchange rules and regulations.

A copy of the Code is posted on Largo's website at www.largoresources.com.

Conflicts of Interest

Under the Code, directors, officers, employees, consultants and contractors are required to perform their duties and arrange their personal business affairs in a manner that does not interfere with their independent exercise of judgement. No director, officer or employee of Largo or consultant or contractors working for Largo is permitted to accept financial compensation of any kind, nor any special discount, loan or favour, from persons, corporations or organizations having dealings or potential dealings with Largo.

The Board has also adopted a gifts and hospitality policy (the "**Gifts & Hospitality Policy**"), which applies to all directors, officers, employees, consultants and contractors of Largo. If any of such persons become aware of any information suggesting that a violation of this policy has occurred or is about to occur, they are required to report it through Largo's Ethics Hotline in accordance with Largo's whistle blowing policy (discussed below). A copy of the Gifts & Hospitality Policy is posted on Largo's website at www.largoresources.com.

Non-executive directors of Largo are not expected to devote their time and effort solely on behalf of Largo, and they may have a variety of other business relationships that could give rise to a conflict of interest. Any such potential conflicts of interest are not subject to the Code and are to be resolved directly with the Board.

Other Policies

Largo has adopted a whistle blowing policy (the “**Whistle Blowing Policy**”) which provides procedures for reporting governance concerns, including any matter, which in the reasonable and genuinely held belief of a director, officer, employee, consultant or contractor of Largo, represents malpractice, is illegal, unethical, irregular or criminal, contrary to the policies of Largo or in some other manner not right or proper.

Largo takes a zero-tolerance approach to bribery and corruption and is committed to acting professionally, fairly and with integrity in all its business dealings and relationships. The Board has adopted an anti-bribery and corruption policy (the “**Anti-Bribery Policy**”), the purpose of which is to set out Largo’s responsibilities, and of those working for it, in observing and upholding its position on bribery and corruption, and to provide information and guidance to those working for it on how to recognize and deal with bribery and corruption issues.

The Board has adopted a corporate disclosure policy (the “**Corporate Disclosure Policy**”) to reinforce Largo’s commitment to compliance with the continuous disclosure obligations imposed by Canadian securities laws and the rules and regulations of the TSX. This policy sets clear guidelines for directors, officers and employees on disclosure requirements and practices and confirms in writing Largo’s disclosure policies to ensure compliance with such laws, rules and regulations as well as to ensure that timely and accurate information is provided equally to all shareholders and market participants regarding Largo.

The Board has also adopted an insider trading policy (the “**Insider Trading Policy**”) to ensure that Largo and all directors, officers, employees, consultants and contractors of Largo and its subsidiaries meet their obligations under applicable securities laws and stock exchange rules by ensuring that all such persons who have material non-public information do not engage in insider trading or tipping.

Copies of the Whistle Blowing Policy, the Anti-Bribery Policy, the Corporate Disclosure Policy and the Insider Trading Policy are posted on Largo’s website at www.largoresources.com.

NOMINATION OF DIRECTORS

The Board is responsible for identifying individuals qualified to become new Board members and recommending the new director nominees for the next annual meeting of shareholders. Prior to nominating individuals as directors, the Board: (i) considers what competencies and skills the Board, as a whole, should possess; (ii) assesses what competencies and skills each existing director possesses; and (iii) considers the appropriate size of the Board, with a view to facilitating effective decision-making. The Governance Committee assists the Board with these responsibilities. The Governance Committee’s composition and responsibilities are set out in its charter (discussed above).

With respect to nomination matters, the Governance Committee is specifically responsible for considering and making recommendations to the Board on the size and composition of the Board. The Governance Committee also considers: (i) what competencies and skills the Board, as a whole, should possess; (ii) the competencies and skills each existing director possesses; and (iii) in recommending new nominees to the Board, the competencies and skills each new nominee will bring to the Board.

Pursuant to a Governance Agreement and an Amended and Restated Director Nomination Agreement entered into with our controlling shareholder, the ARC Funds currently possess the right to nominate three individuals to our Board. See “*Matters to be Acted Upon at the Meeting – Election of Directors – Director Nominees of Our Controlling Shareholder*”.

The Governance Committee has developed a skills matrix comprised of skills and competencies it expects the Board as a whole to possess and has identified which of those skills and competencies are possessed by its existing directors. Set out below are the skills identified for each director.

COMPENSATION

The Board is responsible for overseeing compensation matters (including compensation of officers and other senior management personnel) and approving the Company's annual compensation budget. The Compensation Committee assists the Board with these responsibilities. The Compensation Committee's composition and responsibilities are set out in its charter (discussed above). With respect to compensation matters, the Compensation Committee is specifically responsible for:

- (a) reviewing Largo's overall compensation philosophy;
- (b) reviewing and making recommendations to the Board with respect to all executive officer and director compensation matters and all incentive compensation and equity-based plans, including:
 - (i) reviewing the corporate goals and objectives relevant to the compensation of the CEO and the other executive officers of Largo and recommending those goals and objectives to the Board;
 - (ii) evaluating the CEO's performance in light of his or her goals and objectives and recommending to the Board its assessment of the CEO's performance and compensation;
 - (iii) through the CEO, reviewing the performance of the other executive officers in light of their goals and objectives and recommending to the Board its assessment of the other executive officers' performances and compensation;
 - (iv) reviewing the adequacy, amount and form of compensation to be paid to each director and making recommendations to the Board based on this review;
 - (v) reviewing and making recommendations to the Board with respect to the adoption and amendment of incentive compensation and equity-based plans, including the number of securities that may be issued under those plans during any particular period;
- (c) with respect to disclosure, obtaining advice on and tracking disclosure requirements related to compensation and reviewing Largo's compensation-related disclosure before Largo publicly discloses such information; and

- (d) reviewing and approving the selection and terms of reference of any outside consultants retained to provide benchmark analysis and advice on compensation programs.

SUCCESSION PLANNING

The Board is also responsible for succession planning (including appointing, training and monitoring senior management). In particular, the Board annually identifies key individuals of the Company and, in consultation with management, determines how to replace such individuals should the need arise. The Compensation Committee assists the Board with these responsibilities. The Compensation Committee is specifically responsible for reviewing reports from the CEO regarding the proposed recruitment, appointment and termination of executive officers reporting to the CEO and making recommendations to the Board, and reviewing and recommending to the Board succession plans to be instituted for the CEO position, including the appointment, training and monitoring of potential successors.

ASSESSMENTS

To date, the Board and its individual directors have been assessed on an informal basis as to their effectiveness and contribution. The Board encourages discussion among members as to evaluation of its effectiveness as a whole and of each individual director. All directors are free to make suggestions for improvement of the Board's practices at any time and are encouraged to do so.

While the Board has not yet completed a formal assessment process, the Board will be responsible for annually assessing its own effectiveness and contribution, as well as the effectiveness and contribution of each Board committee and each individual director. The Governance Committee will be responsible for determining and managing the processes for regularly assessing the effectiveness and contribution of the Board, each Board committee and each individual director, with a view to continuous improvement of Board and committee operations. Such assessments will consider:

- (a) in the case of the Board, its mandate;
- (b) in the case of a Board committee, the committee's charter;
- (c) in the case of an individual director, the applicable position description(s), including the Position Description for Directors; and
- (d) monitoring the attendance of each individual director at Board meetings.

Following completion of such assessments, the Committee will identify areas for improvement, if any, and will monitor implementation of any measures designed to address such areas for improvement, if any. The Committee will periodically update the Board on progress in addressing areas for improvement, if any.

With the Board having recently adopted the Position Description for Directors and plans to adopt further position descriptions in 2019, the Board expects to conduct its first formal assessment process in early 2020.

DIRECTOR TERM LIMITS AND OTHER MECHANISMS OF BOARD RENEWAL

The Company has not adopted term limits for its directors as the Company is of the view that director term limits reduce continuity and experience on the Board and that term limits force valuable, experienced and knowledgeable directors to leave. As such, the Company views term limits as not in the Company's best interests. To ensure adequate Board renewal, the Governance Committee will be responsible for conducting regular Board, committee and directors assessments (see above). These assessments will evaluate the tenure and performance of individual directors and review the composition and effectiveness of the Board and its committees. The results of these assessments will be reported to the Board, together with recommendations, if any, regarding the composition of the Board.

POLICIES REGARDING THE REPRESENTATION OF WOMEN

In identifying suitable candidates for nomination to the Board, the Governance Committee and the Board has not specifically considered the level of representation of women on the Board in identifying and nominating candidates for election or re-election to the Board. Rather, the Governance Committee and the Board have made their nomination and appointment decisions based on merit, regardless of gender, by assessing whether a person's skills and experience are appropriate for a Board position. The Board has determined that, due to its current stage of development and the fact

that the current nomination and appointment procedures have yielded appropriate candidates for nomination to the Board, it is unnecessary at this time to adopt a written policy regarding the identification and nomination of women directors, nor has it adopted a target regarding women on the Board. Currently, there is one woman on the Board (or currently 16% of the Board is comprised of women).

The Company has not specifically considered the level of representation of women in executive officer positions when making executive officer appointments, nor has it adopted a target regarding women in executive officer positions. Currently, there are no women (0%) serving in executive officer positions at the Company.

STATEMENT OF EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Named Executive Officers

For 2018, our five most highly-paid named executive officers (“NEOs”), were:

- **Mark Smith**, Chief Executive Officer (“CEO”);
- **Ernest Cleave**, Chief Financial Officer (“CFO”);
- **Paulo Misk**, President and Chief Operating Officer (“COO”);
- **Luciano Chaves**, Vice President of Finance and Administration; and
- **David Harris**, Corporate Controller.

Compensation Philosophy

Our compensation philosophy is premised on the belief that, to attract and retain talented individuals, we must provide competitive compensation and incentives which align with our long-term interests. Accordingly, the Compensation Committee and the Board recognize that a portion of total compensation must be variable and linked to corporate and individual achievements tied to our strategic plan. This helps to align the interests of management with the long-term interests of our shareholders.

Compensation Committee

The Board established the Compensation Committee to assist it in fulfilling its obligations relating to compensation, succession planning and other human resources matters. The members of the Compensation Committee are Alberto Arias, David Brace and Koko Yamamoto, each of whom are considered independent under NI 58-101. For additional information with respect to the Compensation Committee, see the information under the headings “*Statement of Corporate Governance Practices – Committees of the Board – Compensation Committee; and Compensation*” and “*Statement of Executive Compensation – Compensation Discussion and Analysis – Compensation Governance*”.

The responsibilities of the Compensation Committee are set forth in its Charter, which is posted on Largo’s website at www.largoresources.com.

Role of Management

Members of senior management assist the Compensation Committee by compiling information to be used in the Compensation Committee’s determinations and reporting on historical compensation levels, methods of compensation, compensation practices of industry peers, achieved performance relative to corporate and individual objectives, succession planning and recent compensation trends and regulatory initiatives.

The Compensation Committee relies, in part, on the CEO to review the performance of the other NEOs and to make recommendations to the Compensation Committee in this regard. Given the direct reporting relationship between the CEO and the other NEOs, the Compensation Committee believes the CEO is in the best position to directly assess the performance of the other senior executives. While the CEO typically attends Compensation Committee meetings, he is

not present during *in camera* sessions of the Compensation Committee or when the Compensation Committee is considering his performance or compensation.

Elements of Executive Compensation

Base Salary

The Compensation Committee believes that the base salaries of our NEOs must be sufficiently competitive in the market to enable recruitment and encourage retention, while reflecting the scope of responsibility, skill and experience of each NEO. Encouraging retention is especially important in years when, due to low vanadium prices and other factors beyond our control, our financial performance warrants significantly lower annual bonuses and long-term incentive awards. As base salary represents a reference for other compensation elements, attention is paid to appropriately positioning salaries, taking into account the base salaries of individuals with similar roles within Largo and in comparator groups.

Short-Term Cash Incentives

An annual cash incentive bonus is a variable component of executive compensation based on corporate and individual performance. This form of short-term incentive motivates executives to achieve objectives that support the realization of shareholder value and enables recognition of initiatives that improve our operational efficiency, health, safety and environmental record, attainment of financial objectives and execution of strategic initiatives.

Long-Term Share-Based and Option-Based Awards

The stock option (“**Option**”) and restricted share unit (“**RSU**”) components of the executive compensation package are provided to focus management’s attention on corporate performance over a period of time longer than one year in recognition of long term horizons for return on investments and strategic decisions. The level of Option and/or RSU awards given to each NEO is determined by his or her position, his or her potential future contributions to the Company and the number and terms of Option and RSU awards previously granted to the NEO. All equity based awards are reviewed by the Compensation Committee and the Board. The Compensation Committee and the Board determine a meaningful level of award for employees ranging from key employees to the CEO. The level of equity based awards is also influenced by the number of executives and key employees in the current year and the likelihood of grants in future years to executives and key employees since the total number of Common Shares available for issuance pursuant to Options and RSUs under the Company’s share compensation plan (the “**Share Compensation Plan**”), which was approved at the Company’s annual and special meeting of shareholders held on June 29, 2017 and replaces the Company’s previous Option plan (the “**Stock Option Plan**”) cannot exceed 10% of the Company’s issued Common Shares.

Other than the Share Compensation Plan, the Company does not have any other long term incentive plans pursuant to which cash or non-cash compensation is intended to serve as an incentive for performance over a period greater than one financial year (whereby performance is measured by reference to financial performance or the price of the Company’s securities).

A summary of the Share Compensation Plan is provided below under the heading “*Equity Compensation Plan Information – Share Compensation Plan*”.

Perquisites and Other Benefits

Perquisites and other benefits are intentionally limited and may include fitness memberships, comprehensive medical examinations, life and accident insurance, parking and housing and other subsidies and entitlements for executives who relocate at Largo’s request.

Risk of Compensation Policies and Practices

The Board and the Compensation Committee have not formally considered the implications of the risks associated with the Company’s compensation policies and practices. The discretionary nature of Options and RSU awards under the Share Compensation Plan are significant elements of the Company’s compensation plans and provide the Board and the

Compensation Committee with the ability to reward historical performance and behaviour that the Board and the Compensation Committee consider to be aligned with the Company’s best interests.

The Board believes that the executive compensation program should not raise its overall risk profile. Accordingly, the Company’s executive compensation program includes safeguards designed to mitigate compensation risks. The following measures impose appropriate limits to avoid excessive or inappropriate risk taking or payments:

- Vesting requirements for Options and RSUs and Option terms of 5 years discourage excessive risk taking to achieve short-term goals;
- recommendation of discretionary bonus payments to the Board by the Compensation Committee who are specifically tasked with determining allocation; and
- implementation of trading blackouts prescribed by the Company’s Insider Trading Policy to limit the ability of officers of the Company to trade in securities of the Company.

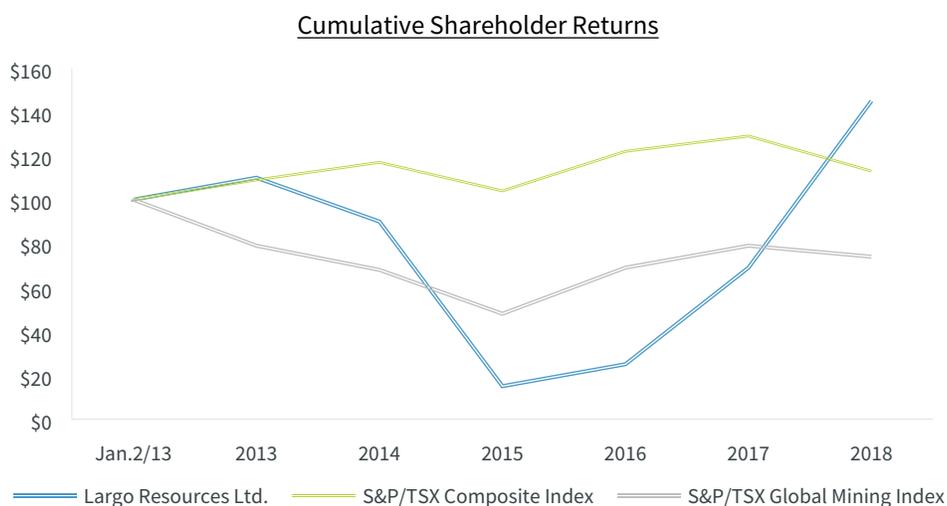

Inappropriate and excessive risks by executives are also mitigated by review of the Board, at which, activity by the executives must be approved by the Board if such activity is outside previously Board-approved actions and/or as set out in a Board-approved budget. Given the current composition of the Company’s executive management team, the Board and the Compensation Committee are able to closely monitor and consider any risks which may be associated with the Company’s compensation practices. Risks may also be identified and mitigated through regular Board meetings during which financial and other information of the Company is reviewed, including executive compensation.

Purchase of Financial Instruments

The Company’s Insider Trading Policy prohibits an NEO or director from purchasing financial instruments, including prepaid variable forward contracts, equity swaps, collars or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Performance Graph

The following chart compares the total cumulative shareholder return on \$100 invested in the Common Shares on January 1, 2013 with the cumulative total returns of the S&P/TSX Composite Index and the S&P/TSX Global Mining Index for the five most recently completed financial years.

	2013	2014	2015	2016	2017	2018
Largo Resources Ltd.	110	90	15	25	69	145
S&P/TSX Composite Index	109	117	104	122	129	113
S&P/TSX Global Mining Index	79	68	48	69	79	74

As shown in the foregoing graph, the Company's performance has largely trailed the performance of the S&P/TSX Composite Index and S&P/TSX Global Mining Index. However, in 2018 and 2019 Largo's performance dramatically improved, in part, as a result of global vanadium market supply and demand imbalance, and the price-inelastic nature of vanadium. In prior years, market conditions have been volatile and have particularly impacted the junior mining sector. Market conditions and associated long term market uncertainties have an impact on officer compensation decisions; however, the Compensation Committee also considers the performance of the officers and the achievement of milestones.

Compensation Governance

The Compensation Committee is responsible for reviewing Largo's overall compensation philosophy and reviewing and making recommendations to the Board with respect to all executive officer and director compensation matters and all incentive compensation and equity-based plans. The Board, as a whole, ultimately determines compensation for the directors, its CEO, CFO and other officers (including other NEOs) on the advice of the Compensation Committee. In performing its duties, the Compensation Committee has the authority to engage and compensate any outside advisor, including executive compensation consultants that it determines to be necessary or advisable to carry out its responsibilities. In 2018, in connection with the performance of the Compensation Committee's mandate, the Committee engaged a compensation consultant, The Bedford Consulting Group, Inc. The consultant prepared written recommendations to the Compensation Committee as to executive compensation (including CEO compensation), and also as to director compensation. Since December 31, 2018, the Board has not engaged the services of an independent compensation consultant.

Notes:

- (1) All compensation paid to all NEOs listed has been paid under executive employment agreements between the Company (or its operating subsidiary) and each such NEO as more particularly described under the heading "Statement of Executive

Compensation – Employment Contracts and Termination and Change of Control Benefits” of this Circular.

- (2) The grant date fair value is a theoretical value determined using the Black Scholes pricing model for Options granted during the year. Under Black Scholes, the Options on the date of grant have no intrinsic value as the exercise price is the closing price of the Common Shares on the preceding date. Each NEO does not receive any value until each of the following occur: (i) the Options vest and (ii) and they are exercised. Generally, the Options will only be exercised where the exercise price is less than the trading price. Existing Options were priced under the provisions of the Share Compensation Plan which provide that such Options are to be priced at the weighted average trading price of the Common Shares on any exchange in Canada where the Common Shares are listed (including the TSX) for the last five trading days prior to the date of grant.
- (3) Compensation paid in the form of discretionary performance-based bonuses.
- (4) Any other benefits received by any NEO did not exceed the lesser of \$50,000 and 10% of the total annual compensation for such NEO.

Stock Option Plan

No new stock options may be granted under the Stock Option Plan. The Stock Option Plan exists only for the purposes of governing the terms of all outstanding stock options that were issued under the Stock Option Plan prior to the adoption of the Company's Share Compensation Plan (described below) at the annual and special meeting of shareholders held on June 28, 2017. The Stock Option Plan was last ratified and approved by the shareholders of the Company at its annual meeting on June 29, 2016. The total number of outstanding stock options issued (but not exercised) under the Stock Option Plan count towards the maximum number of Options and RSUs issuable under the Share Compensation Plan. Details of the Share Compensation Plan are provided below under "*Share Compensation Plan*".

The Stock Option Plan was a "rolling" stock option plan pursuant to which the Company was permitted to grant up to that number of stock options that was equal to 10% of the number of issued and outstanding Common Shares at the time of the stock option grant, from time to time. As of the Record Date, there were an aggregate of 6,651,400 stock options outstanding under the Stock Option Plan, which represents approximately 1.25% of the outstanding Common Shares.

Stock option grants were only permitted to employees, officers and certain consultants of the Company and designated affiliates. The terms and conditions of each stock option granted under the Stock Option Plan were determined by the Board. Stock options were priced in the context of the market and in compliance with applicable securities laws and stock exchange guidelines. The exercise prices of stock options issued under the Stock Option Plan were equal to or greater than the market price of the underlying Common Shares at the time of grant. Vesting terms and term to expiry were determined at the discretion of the Board, provided that no stock option would be outstanding for a period greater than five years.

The Stock Option Plan's amendment provision provided flexibility to the Board to make certain changes to the Stock Option Plan without shareholder approval. Such amendments included, making appropriate adjustments to outstanding stock options in the event of certain corporate transactions, the addition of provisions requiring forfeiture of stock options in certain circumstances, specifying practices with respect to applicable tax withholdings and changes to enhance clarity or correct ambiguous provisions.

The following amendments to the Stock Option Plan required shareholder approval: (a) increasing the maximum number of Common Shares which may be issued under the Stock Option Plan; (b) materially modifying the requirements as to eligibility for participation in the Stock Option Plan; (c) materially increasing the benefits accruing to participants under the Stock Option Plan and (d) amending the Stock Option Plan amendment provision. These amendments included amending stock options issued under the Stock Option Plan, including with respect to the stock option period, subscription price and method of determining the subscription price and assignability of Options and any extension of eligibility to participate in the Stock Option Plan to non-executive directors of the Company, including any amendments which may increase the limits imposed on non-executive directors' participation in the Stock Option Plan and extending the expiration date of any stock option.

Stock options are generally cancellable 90 days following the termination of a stock optionholder's involvement with the Company. Stock options granted under the Stock Option Plan are not assignable. The Company will not provide financial assistance to any stock optionholder to facilitate the exercise of stock options under the Stock Option Plan.

The forgoing is a summary of the Stock Option Plan and is qualified in its entirety to the full text of the Stock Option Plan available on the Company's profile on SEDAR at www.sedar.com.

Share Compensation Plan

Since the adoption of the Share Compensation Plan at the annual and special meeting of shareholders on June 28, 2017 (the "**Adoption Date**"), the Share Compensation Plan governs all new grants of RSUs and Options. The total number of outstanding stock options issued (but not exercised) under the Stock Option Plan count towards the maximum number of Options and RSUs issuable under the Share Compensation Plan. A description of the Stock Option Plan is provided above under "*Stock Option Plan*".

The Share Compensation Plan is a 10% "rolling" plan pursuant to which the number of Common Shares which may be issuable pursuant to RSUs and Options granted under the Share Compensation Plan, together with stock options previously granted under the Stock Option Plan and any other Common Shares issuable pursuant to any other security based compensation arrangements of the Company or its subsidiaries, is a maximum of 10% of the issued and outstanding Common Shares at the time of the grant.

The Share Compensation Plan provides participants (each, an "**SCP Participant**"), who may include participants who are citizens or residents of the United States (each, a "**US-SCP Participant**"), with the opportunity, through RSUs and Options, to acquire an ownership interest in the Company. The RSUs will rise and fall in value based on the trading price of the Common Shares. Unlike the Options, the RSUs will not require the payment of any monetary consideration to the Company. Instead, each RSU represents a right to receive one Common Share following the attainment of vesting criteria determined by the Board at the time of the award. See "*Share Compensation Plan - Restricted Share Units - Vesting Provisions*" below. The Options, on the other hand, are rights to acquire Common Shares upon payment of monetary consideration (*i.e.*, the exercise price), subject also to vesting criteria determined at the time of the grant. See "*Share Compensation Plan - Options - Vesting Provisions*" below.

Purpose of the Share Compensation Plan

The Board utilizes the Share Compensation Plan in order to advance the interests of the Company and its subsidiaries, and its shareholders by: (a) ensuring that the interests of SCP Participants are aligned with the success of the Company and its subsidiaries; (b) encouraging stock ownership by such persons; and (c) providing compensation opportunities to attract, retain and motivate such persons.

SCP Participants include officers or employees of the Company or any officer or employee of any subsidiary of the Company and, with respect to the grant of Options, any non-employee director of the Company or any non-employee director of any subsidiary of the Company, and any consultant (defined under the Share Compensation Plan as a consultant that: (i) is an individual that provides *bona fide* services to the Company pursuant to a written contract for services with the Company and such services are not in connection with the offer or sale of securities in a capital-raising transaction and do not directly or indirectly promote or maintain a market for the Company's securities; or (ii) otherwise satisfies the requirements to participate in an "employee benefit plan" as defined in Rule 405 under the United States Securities Act of 1933, as amended (the "**1933 Act**"). Non-employee directors of the Company are not eligible to participate in the Share Compensation Plan in respect of RSUs. Under the Share Compensation Plan, non-employee directors of the Company continue to be eligible to participate in respect of Options; however, only on a limited basis. See "*Restrictions on the Award of RSUs and Grant of Options*" below. Under the Stock Option Plan, directors of the Company had technically been eligible to participate on a discretionary basis without any limits on participation.

Administration of the Share Compensation Plan

The Share Compensation Plan is administered by the Board or such other persons as may be designated by the Board (the "**SCP Administrators**") based on the recommendation of the Compensation Committee. The SCP Administrators determine the eligibility of persons to participate in the Share Compensation Plan, when RSUs and Options will be awarded or granted, the number of RSUs and Options to be awarded or granted, the vesting criteria for each award of RSUs and grant of Options and all other terms and conditions of each award and grant, in each case in accordance with applicable securities laws and stock exchange requirements.

Number of Common Shares Available for Issuance under the Share Compensation Plan

The number of Common Shares that are available for issuance upon the vesting of RSUs awarded and Options granted under the Share Compensation Plan is limited to 10% of the issued and outstanding Common Shares at the time of any grant, less Common Shares issuable pursuant to previously issued options under the Stock Option Plan and any less Common Shares issuable pursuant to any other security based compensation arrangements of the Company or its subsidiaries.

As of the date of this Circular, the Company has 531,630,645 Common Shares issued and outstanding and the aggregate number of Common Shares that may be issuable pursuant to options outstanding under the Share Compensation Plan is 6,651,400 Common Shares (being approximately 1.25% of the issued and outstanding Common Shares and approximately 12.5% of the total Common Shares that may be issuable under the Share Compensation Plan). The Common Shares that may be issuable pursuant to options outstanding under the Stock Option Plan are included in the calculation of the total number of Common Shares that may be issuable pursuant to RSUs or Options under the Share Compensation Plan.

Restrictions on the Award of RSUs and Grant of Options

Certain restrictions on awards of RSUs and grants of Options apply as follows:

- (a) the total number of Common Shares reserved and available for grant and issuance pursuant to the Share Compensation Plan (together with those Common Shares issuable pursuant to any other security-based compensation arrangements of the Company or its subsidiaries) cannot exceed 10% of the Common Shares then issued and outstanding (together with those Common Shares issuable pursuant to any other security-based compensation arrangements of the Company or its subsidiaries);
- (b) the number of Common Shares issuable under the Share Compensation Plan to any one SCP Participant (together with those Common Shares issuable pursuant to any other security-based compensation arrangements of the Company or its subsidiaries) cannot exceed 5% of the Common Shares then issued and outstanding;

- (c) the number of Common Shares issuable to insiders under the Share Compensation Plan (together with those Common Shares issuable pursuant to any other security-based compensation arrangements of the Company or its subsidiaries) cannot exceed 10% of the Common Shares then issued and outstanding;
- (d) the number of Common Shares issued to insiders under the Share Compensation Plan within a one-year period (together with those Common Shares that are issued pursuant to any other security-based compensation arrangements of the Company or its subsidiaries) cannot exceed 10% of the Common Shares then issued and outstanding; and
- (e) the number of Common Shares reserved for issuance to SCP Participants who are non-employee directors pursuant to Options under the Share Compensation Plan shall be limited to the lesser of:
 - (vi) 1% of the Common Shares then issued and outstanding; and
 - (vii) \$1,000,000 in total value of grants that each director receives over the life of the Share Compensation Plan from the effective date thereof or an annual grant value of \$100,000 per director, in both cases based on a valuation determined using the Black-Scholes formula or any other formula which is widely accepted by the business community as a method for the valuation of options.

Restricted Share Units

The total number of RSUs that may be awarded shall not exceed 2.5% of the issued and outstanding Common Shares from time to time.

Mechanics for RSUs

RSUs awarded to SCP Participants under the Share Compensation Plan are credited to an account that is established on their behalf and maintained in accordance with the Share Compensation Plan. Each RSU awarded will conditionally entitle the holder thereof to receive one Common Share upon achievement of the vesting criteria. It is currently anticipated that RSUs awarded under the Share Compensation Plan will be redeemed for Common Shares issued from treasury once the vesting criteria established by the SCP Administrators at the time of the award have been satisfied. However, the Company will continue to retain the flexibility through the amendment provisions in the Share Compensation Plan to satisfy its obligation to issue Common Shares by purchasing Common Shares in the open market or by making a lump sum cash payment of equivalent value.

Vesting Provisions

The Share Compensation Plan provides that: (i) at the time of the award of RSUs, the SCP Administrators will determine the vesting criteria applicable to the awarded RSUs; (ii) vesting of RSUs may include criteria such as performance vesting; (iii) each RSU shall be subject to vesting in accordance with the terms set out in an agreement evidencing the award of the RSU attached as Exhibit A to the Share Compensation Plan (or in such form as the SCP Administrators may approve from time to time) (each an “**RSU Agreement**”); and (iv) all vesting and issuances or payments in respect of an RSU shall be completed no later than December 15 of the third calendar year commencing after the award date for such RSU.

RSUs may be awarded with both time-based vesting provisions as a component of the Company’s annual incentive compensation program, and performance-based vesting provisions as a component of the Company’s long-term incentive compensation program.

Under the Share Compensation Plan, should the date of vesting of an RSU fall within a blackout period or within nine business days following the expiration of a blackout period, the date of vesting will be automatically extended to the tenth business day after the end of the blackout period.

Termination, Retirement and Other Cessation of Employment in connection with RSUs

A person participating in the Share Compensation Plan will cease to be eligible to participate in the following circumstances: (i) receipt of any notice of termination of employment or service (whether voluntary or involuntary and whether with or without cause); (ii) retirement; and (iii) any cessation of employment or service for any reason whatsoever,

including disability and death (an “**Event of Termination**”). In such circumstances, any and all Common Shares corresponding to any vested RSUs will be issued (and with respect to each RSU of a US-SCP Participant, such RSU will be settled and shares issued as soon as practicable following the date of vesting of such RSU as set forth in the applicable RSU Agreement, but in all cases within 60 days following such date of vesting); and unless otherwise determined by the SCP Administrators in their discretion, any unvested RSUs will automatically be forfeited and cancelled (and with respect to any RSU of a US-SCP Participant, if the SCP Administrators determine, in their discretion, to waive vesting conditions applicable to an RSU that is unvested at the time of an Event of Termination, such RSU shall not be forfeited or cancelled, but instead will be deemed to be vested and settled and shares delivered following the date of vesting of such Restricted Share Unit as set forth in the applicable RSU Agreement.) Notwithstanding the above, if a person retires in accordance with the Company’s retirement policy at such time, any unvested performance-based RSUs will not be forfeited or cancelled and instead shall be eligible to become vested in accordance with the vesting conditions set forth in the applicable RSU Agreement after such retirement (as if retirement had not occurred), but only if the performance vesting criteria, if any, have been met on the applicable date. For greater certainty, if a person is terminated for just cause, all unvested RSUs will be forfeited and cancelled.

Options

The total number of Common Shares that may be issuable on exercise of Options shall not exceed 7.5% of the number of issued and outstanding Common Shares from time to time.

Mechanics for Options

Options granted under the Share Compensation Plan will be exercisable for Common Shares issued from treasury once the vesting criteria established by the SCP Administrators at the time of the grant have been satisfied. However, the Company will continue to retain the flexibility through the amendment provisions in the Share Compensation Plan to satisfy its obligation to issue Common Shares by making a lump sum cash payment of equivalent value (*i.e.*, pursuant to a cashless exercise), provided there is a full deduction of the number of underlying Common Shares from the Share Compensation Plan’s reserve.

Vesting Provisions

The Share Compensation Plan provides that unless otherwise determined by the SCP Administrators, Options shall vest and become exercisable in respect of 33¹/₃% of the Common Shares subject to such Options on the first day after each of the first three anniversaries of the grant date of such Options.

Termination, Retirement and Other Cessation of Employment in connection with Options

A person participating in the Share Compensation Plan will cease to be eligible to participate where there is an Event of Termination. In such circumstances, unless otherwise determined by the SCP Administrators in their discretion, any unvested Options will be automatically cancelled, terminated and not available for exercise and any vested Options may be exercised only before the earlier of: (i) the expiry of the Option; and (ii) six months after the date of the Event of Termination. If a person is terminated for just cause, all Options will be (whether or not then exercisable) automatically cancelled.

Other Terms

Cashless exercise of Options shall only be available to an SCP Participant who was granted and is exercising such Options outside the United States in compliance with Regulation S under the 1933 Act at a time when the Common Shares are listed and posted for trading on a stock exchange or market in Canada, the SCP Participant intends to immediately sell the Common Shares issuable upon exercise of such Options in Canada and the proceeds of sale will be sufficient to satisfy the exercise price of the Options. If an eligible SCP Participant elects to exercise the Options through cashless exercise and complies with any relevant protocols approved by the Administrators, a sufficient number of the Common Shares issued upon exercise of the Options will be sold in Canada by a designated broker on behalf of the SCP Participant to satisfy the exercise price of the Options, the exercise price of the Options will be delivered to the Company and the SCP

Participant will receive only the remaining unsold Common Shares from the exercise of the Options and the net proceeds of the sale after deducting the exercise price of the Options, applicable taxes and any applicable fees and commissions, all as determined by the Administrators from time to time. The Company may not deliver the Common Shares issuable upon a cashless exercise of Options until receipt of the exercise price therefor, whether by a designated broker selling the Common Shares issuable upon exercise of such Options through a short position or such other method determined by the Administrators in compliance with applicable laws.

The SCP Administrators will determine the exercise price and term/expiration date of each Option, provided that the exercise price in respect of that Option shall not be less than the “**Fair Market Value**” of a Common Share (defined in the Share Compensation Plan as the weighted average trading price of a Common Share on any exchange in Canada for the last five trading days or, if the Common Shares are not listed for trading on an exchange, the fair market value per Common Share on such day will be determined by the SCP Administrators with reference to such factors or such information as the SCP Administrators in their discretion deem appropriate) on the date the Option is granted. The exercise price of Options granted to US-SCP Participants shall not be less than the greater of (i) the Fair Market Value of a Common Share on the grant date and (ii) the closing price of the Common Shares on any exchange in Canada where Common Shares are listed on the last trading day prior to the date the Option is granted.

No Option shall be exercisable after ten years from the date the Option is granted. Under the Share Compensation Plan, should the term of an Option expire on a date that falls within a blackout period or within nine business days following the expiration of a blackout period, such expiration date will be automatically extended to the tenth business day after the end of the blackout period.

The Share Compensation Plan provides that any unvested Options will vest at such time as determined by the SCP Administrators such that SCP Participants will be able to participate in a Change of Control, as defined in the Share Compensation Plan, including by surrendering such Options to the Company or a third party or exchanging such Options, for consideration in the form of cash or other securities. Additionally, any exchange, substitution or amendment of Options of US-SCP Participants will occur only to the extent and in a manner that is permitted under the Code and the 1933 Act.

Unless otherwise determined by the Board, in the event of a Change of Control, any surviving or acquiring corporation shall assume any Option outstanding under the Share Compensation Plan on substantially the same economic terms and conditions or substitute or replace similar options for those Options outstanding under the Share Compensation Plan on substantially the same economic terms and conditions.

Transferability

RSUs awarded and Options granted under the Share Compensation Plan or any rights of an SCP Participant cannot be transferred, assigned, charged, pledged or hypothecated, or otherwise alienated, whether by operation of law or otherwise.

Reorganization and Change of Control Adjustments

In the event of any declaration by the Company of any stock dividend payable in securities (other than a dividend which may be paid in cash or in securities at the option of the holder of Common Shares), or any subdivision or consolidation of Common Shares, reclassification or conversion of the Common Shares, or any combination or exchange of securities, merger, consolidation, recapitalization, amalgamation, plan of arrangement, reorganization, spin off involving the Company, distribution (other than normal course cash dividends) of Company assets to holders of Common Shares, or any other corporate transaction or event involving the Company or the Common Shares, the SCP Administrators may make such changes or adjustments, if any, as they consider fair or equitable, to reflect such change or event including adjusting the number of Options and RSUs outstanding under the Share Compensation Plan, the type and number of securities or other property to be received upon exercise or redemption thereof, and the exercise price of Options outstanding under the Share Compensation Plan, provided that the value of any Option or RSU immediately after such an adjustment shall not exceed the value of such Option or RSU prior thereto. Changes or adjustments to Options and RSUs of US-SCP Participants will be in accordance with the requirements of the Code and will comply with the vesting

provisions of the Share Compensation Plan. The SCP Administrators will adopt rules, regulations, policies, guidelines or conditions with respect to the exercise of the power or authority to make changes or adjustments pursuant to reorganizations.

If there is a Change of Control transaction, the SCP Administrators may, in their sole discretion, determine that any or all unvested RSUs and any or all Options shall vest or become exercisable, as applicable, at such time and in such manner as determined by the SCP Administrators in their sole discretion such that SCP Participants will be able to participate in the Change of Control transaction, including, at the election of the holder thereof, by surrendering such RSUs and Options to the Company or a third party or exchanging such RSUs or Options, for consideration in the form of cash and/or securities, to be determined by the SCP Administrators, subject, in the case of a US-SCP Participant, to the applicable requirements of Section 409A of the Code.

Amendment Provisions in the Share Compensation Plan

The Board may amend the Share Compensation Plan or any RSU or Option at any time without the consent of any SCP Participant provided that such amendment will:

- (a) not adversely alter or impair any RSU previously awarded or any Option previously granted, except as permitted by the adjustment provisions of the Share Compensation Plan and, with respect to RSUs and Options of US-SCP Participants, such amendment will not create adverse tax consequences;
- (b) be subject to any regulatory approvals including, where required, the approval of the TSX and the NYSE American; and
- (c) be subject to shareholder approval, where required, by the requirements of the TSX, provided that shareholder approval shall not be required for the following amendments:
 - (i) amendments of a “housekeeping nature”, including any amendment to the Share Compensation Plan or a RSU or Option that is necessary to comply with applicable laws, tax or accounting provisions or the requirements of any regulatory authority or stock exchange and any amendment to the Share Compensation Plan or a RSU or Option to correct or rectify any ambiguity, defective provision, error or omission therein, including any amendment to any definitions therein;
 - (ii) amendments that are necessary or desirable for RSUs or Options to qualify for favourable treatment under any applicable tax law;
 - (iii) a change to the vesting provisions of any RSU or any Option (including any alteration, extension or acceleration thereof);
 - (iv) a change to the termination provisions of any Option or RSU (*e.g.*, relating to termination of employment, resignation, retirement or death) that does not entail an extension beyond the original expiration date (as such date may be extended by virtue of a blackout period);
 - (v) the introduction of features to the Share Compensation Plan that would permit the Company to retain a broker and make payments for the benefit of SCP Participants to such broker who would purchase Common Shares in the open market for such persons, instead of issuing Common Shares from treasury upon the vesting of the RSUs;
 - (vi) the introduction of features to the Share Compensation Plan that would permit the Company to make lump sum cash payments to SCP Participants, instead of issuing Common Shares from treasury upon the vesting of the RSUs;
 - (vii) the introduction of a cashless exercise feature (payable in cash or securities), which would provide for up to the full deduction of the number of underlying securities from the Share Compensation Plan reserve; and
 - (viii) change the application of Reorganization Adjustments provisions in section 6.3 or the Change of Control provisions in section 6.2).

For greater certainty, shareholder approval will be required in circumstances where an amendment to the Share Compensation Plan would:

- (a) change from a fixed maximum percentage of issued and outstanding Common Shares to a fixed maximum number of Common Shares;
- (b) increase the limits referred to above under “Restrictions on the Award of RSUs and Grant of Options”;
- (c) permit the award of RSUs to non-employee directors of the Company or a change in the limitations on grants of Options to non-employee directors;
- (d) permit RSUs or Options to be transferable or assignable other than for normal estate settlement purposes;
- (e) reduce the exercise price of any Option (including any cancellation of an Option for the purpose of reissuance of a new Option at a lower exercise price to the same person);
- (f) extend the term of any Option beyond the original term (except if such period is being extended by virtue of a blackout period); or
- (g) amend the amendment provisions in Section 6.4 of the Share Compensation Plan.

The Board is responsible for reviewing and approving the strategic plan, which takes into account the opportunities and risks of the business. Following the completion of each year, the Board undertakes a review of the strategic plan to assess the strengths, weaknesses and overall results of the plan. The Board also receives reports from management throughout the year on the current and proposed operations of the Corporation and reviews opportunities and assesses risks so that the plan can be adjusted.

4. **Risk Management and Compliance**

The Board, in its annual assessment of the strategic plan, reviews principal risks and considers management's plans to monitor and manage risk.
