SS&C GlobeOp Hedge Fund Performance Index

The SS&C GlobeOp Hedge Fund Performance Index is an asset-weighted, independent monthly window on hedge fund performance. On the ninth business day of each month it provides a flash estimate of the gross aggregate performance of funds for which SS&C GlobeOp provide monthly administration services on the GlobeOp platform. Interim and final values, both gross and net, are provided in each of the two following months, respectively. Online data can be segmented by gross and net performance, and by time periods. The SS&C GlobeOp Hedge Fund Performance Index is transparent, consistent in data processing, and free from selection or survivorship bias. Its inception date is January 1, 2006.

The SS&C GlobeOp Hedge Fund Performance Index offers a unique reflection of the return on capital invested in funds. It does not overstate exposure to, or the contribution of, any single strategy to aggregate hedge fund performance. Since its inception, the correlation of the SS&C GlobeOp Performance Index to many popular equity market indices has been approximately 25% to 30%. This is substantially lower than the equivalent correlation of other widely followed hedge fund performance indices.

SS&C GlobeOp Capital Movement Index

The SS&C GlobeOp Capital Movement Index represents the monthly net of hedge fund subscriptions and redemptions administered by SS&C GlobeOp on the GlobeOp platform. This monthly net is divided by the total assets under administration (AuA) for fund administration client on the GlobeOp platform.

Cumulatively, the SS&C GlobeOp Capital Movement Index for November 2012 stands at 148.94 points, an increase of 0.54 points over October 2012. The Index has advanced 9.48 points over the past 12 months. The next publication date is December 13, 2012.

Published on the ninth business day of each month, the SS&C GlobeOp Capital Movement Index presents a timely and accurate view of investments in hedge funds on the GlobeOp administration platform. Data is based on actual subscriptions and redemptions independently calculated and confirmed from real capital movements, and published only a few business days after they occur. Following the month of its release, the Index may be updated for capital movements that occurred after the fifth business day.

The SS&C GlobeOp Capital Movement Index and the SS&C GlobeOp Forward Redemption Indicator provide monthly reports based on actual and anticipated capital movement data independently collected from all hedge fund clients for whom SS&C GlobeOp provides administrative services on the GlobeOp platform.

The SS&C GlobeOp Hedge Fund Performance Index is an asset-weighted benchmark of the aggregate performance of funds for which SS&C GlobeOp provides monthly administration services on the GlobeOp platform. Flash estimate, interim and final values are provided, in each of three months respectively, following each business month-end.

While individual fund data is anonymized by aggregation, the SS&C GlobeOp Hedge Fund Index data will be based on the same reconciled fund data that SS&C GlobeOp uses to produce fund net asset values (NAV). SS&C GlobeOp's total assets under administration on the GlobeOp platform represent approximately 10% of the estimated assets currently invested in the hedge fund sector. The investment strategies of the funds in the indices span a representative industry sample. Data for middle and back office clients who are not fund administration clients is not included in the Index, but is included in the Company's results announcement figures.
