

NEWS RELEASE

CalAmp Announces Settlement of Patent Infringement Claims Against iMetrik

4/7/2008

OXNARD, Calif.--(BUSINESS WIRE)--April 7, 2008--CalAmp Corp. (NASDAQ:CAMP), a leading provider of wireless products, services and solutions, today announced that it has settled all matters related to its patent infringement action against iMetrik Solutions Inc. Terms of the settlement were not disclosed.

As previously announced, CalAmp filed a complaint in the United States Federal Court against iMetrik for infringement of United States Patent Nos. 6,025,774 and 6,249,217 B1. The patents relate to a vehicle location system whose purpose is to enable automobile dealers and finance companies to locate and repossess vehicles serving as collateral on loans that go into default.

"We are pleased to have resolved this claim in a satisfactory way," stated Michael Burdick, President of CalAmp's Wireless DataCom Division.

About CalAmp Corp.

CalAmp is a leading provider of mission-critical high value wireless communications solutions that enable anytime/anywhere access. CalAmp's Wireless DataCom Division services the public safety, industrial monitoring and controls, and mobile resource management market segments with wireless solutions built on communications technology platforms that include proprietary licensed narrowband, standards-based unlicensed broadband and cellular networks. In addition, CalAmp's Satellite Division supplies outdoor customer premise equipment to the U.S. Direct Broadcast Satellite (DBS) market. For additional information, please visit www.calamp.com.
