## Chico's FAS, Inc. Files Definitive Proxy Materials and Mails Letter to Shareholders

Urges Shareholders to Vote "FOR" Each of Chico's FAS' Highly-Qualified Director Nominees on the WHITE Proxy Card Barington's Contest Extraneous Given New CEO Shelley Broader's Successful Strategic Execution on New Focus Areas and Company's Refreshed Board with Superior Skills and Current Retail Sector Expertise

**FORT MYERS, Fla.**, June 6, 2016 /PRNewswire/ -- Chico's FAS, Inc. (NYSE:CHS) today announced that it has filed definitive proxy materials with the Securities and Exchange Commission ("SEC") in connection with its upcoming Annual Meeting of Shareholders to be held on July 21, 2016. Shareholders of record as of May 16, 2016, will be entitled to vote at the meeting.

In conjunction with the definitive proxy filing, Chico's FAS is mailing a letter to the Company's shareholders. Highlights from the letter include:

- Under the direction of a new Chief Executive Officer and President, Shelley Broader, Chico's FAS is executing a new strategic plan built around four focus areas that we believe will usher in a new era of profitable growth and value creation for Chico's FAS shareholders.
- Just 180 days into Ms. Broader's new role, the Company is making measurable progress on this plan – with more to come.
- In addition to improving operations and making key new hires, Chico's FAS is proactively enhancing its governance practices.
- The Company has proposed new world-class leaders to be added to the Board to ensure Chico's FAS has the most relevant skill sets and expertise to successfully execute its strategy.

- The Board determined that Barington's nominees lack the relevant skills and expertise needed to support the progress being made and the Company's new strategic plan.

Chico's FAS' definitive proxy materials and other materials regarding the Board of Directors' recommendation for the 2016 Annual Meeting can be found at the investor relations section of the Company's website at [www.chicosfas.com](http://www.chicosfas.com).

**VOTE THE ENCLOSED WHITE PROXY CARD TODAY  
"FOR" ALL FOUR OF CHICO'S FAS' HIGHLY QUALIFIED DIRECTOR NOMINEES**

**June 6, 2016**

Dear Chico's FAS Shareholder:

At Chico's FAS' 2016 Annual Meeting of Shareholders on July 21, 2016, you will be asked to make an important decision regarding the composition of the Company's Board of Directors that we believe will impact the future of the Company and the value of your investment in Chico's FAS.

Under the direction of our new Chief Executive Officer and President, Shelley Broader, Chico's FAS is executing a new strategic plan built around four focus areas that we believe will usher in a new era of profitable growth and value creation for Chico's FAS shareholders. We are making measurable progress on this plan – with more to come.

To support the Company's success and its new operating priorities, and after an extensive search process, we recently nominated two new independent directors to stand for election to your Board: Bonnie Brooks, Vice Chairman of Hudson's Bay Company, and Bill Simon, the former President and Chief Executive Officer of Walmart U.S. Ms. Brooks brings considerable apparel, merchandising, and turnaround expertise to Chico's FAS, and Mr. Simon has an impressive track record of driving cost efficient operations with other leading retailers. They – along with Ms. Broader, and Janice Fields, an independent director of Chico's FAS since 2013 and the former President of McDonald's USA, LLC – will stand for election at the 2016 Annual Meeting. We believe that, together, these four candidates – Shelley Broader, Bonnie Brooks, Janice Fields and Bill Simon – have superior qualifications to build the value of your investment.

As you may be aware, Barington Companies Equity Partners, L.P. ("Barington") has indicated it will solicit proxies in opposition to your Board in order to elect two of its own nominees to the Chico's FAS Board. Your board has already thoughtfully reviewed and ultimately rejected Barington's nominees. We believe that replacing any of the Company's director candidates with Barington's nominees would deprive the Company of skills and expertise that would significantly contribute to the progress we are making.

Your vote is very important. We encourage you to protect the value of your investment in Chico's FAS by voting online, by telephone or by signing and dating the enclosed **WHITE** proxy card and returning it in the postage-paid envelope provided **TODAY**.

POSITIVE CHANGE IS UNDERWAY AT CHICO'S FAS

- NEW CEO AND PRESIDENT
- EXECUTING ON ADDITIONAL OPERATING INITIATIVES
- KEY NEW HIRES
- ENHANCED GOVERNANCE PRACTICES
- NEW WORLD-CLASS BOARD NOMINEES

CHICO'S FAS APPOINTED A NEW CHIEF EXECUTIVE OFFICER AND PRESIDENT WHO IS DRIVING EXECUTION THROUGH FOUR NEW FOCUS AREAS

Chico's FAS is an industry leader with a strong platform for growth and value creation. The Company benefits from three powerful and differentiated brands that serve growing and attractive consumer segments, one of the most loyal customer bases in the industry, and leading omni-channel capabilities.

To ensure we fully capitalize on these strengths, six months ago, the Board brought in Ms. Broader as the Company's new Chief Executive Officer and President. Ms. Broader has more than 25 years of experience leading premier retail businesses, including Walmart, Michael's Stores, and several banners within Delhaize Group. In these roles, she has worked to drive revenue growth, standardize processes, disciplines and metrics, and better align store operations and resources with the buying patterns of the retailers' customer bases – all areas of skills and expertise that will benefit Chico's FAS.

In **February 2016**, just three months into her appointment, Ms. Broader introduced, and the Board approved, four new focus areas for the organization:

- Evolving the customer experience by better integrating the digital and physical retail environments, and creating and leveraging a more agile supply chain;
- Strengthening the position of each brand, including articulating and executing against a clear role in the marketplace for each brand and its related merchandise, leveraging the connection the Company has with its loyal customers, attracting new customers, and continuing to deliver unparalleled service and fashion that resonates with

our customers;

- Leveraging actionable retail science by using the vast amounts of customer and operational data available to the Company to develop algorithms and predictive analytics that enable real-time decision-making and improve how the Company goes to market, stocks product, and interacts with customers; and
- Sharpening the Company's financial principles to optimize the allocation of free cash flow and drive further cost savings across the Company through the shared service model, the combination and negotiation of contracts, a more effective use of marketing dollars and modernizing processes, among other areas.

## THE COMPANY'S PROGRESS ON ITS NEW STRATEGIC PLAN IS BUTTRESSED BY ADDITIONAL OPERATING INITIATIVES AND KEY NEW HIRES

Beginning with a meeting of the Board on **February 23, 2016**, Ms. Broader and her team began studying certain significant initiatives to drive shareholder value, several of which have already been announced and are well underway.

On **April 25, 2016**, we announced a realignment of the Company's Marketing and Digital Commerce functions, placing the decision makers directly into the Company's three brands, Chico's, White House Black Market and Soma. This realignment enables us to better support the individual brand's needs and places these important functions closer to our customers, both of which we believe will help drive traffic. In addition, this realignment reduces costs and complexity, resulting in approximately \$14 million of expected savings annually.

On **May 26, 2016**, we announced three additional initiatives, which together are expected to result in incremental annual savings of between \$50 million and \$70 million, while also fundamentally changing and improving our operating model and the cadence in which we go to market:

- **Supply chain initiative:** Through increased product testing, positioning fabric, optimizing seasonal product flow, and collaborating more effectively with our vendor partners, we can better provide the product our customers want, when they want it and realize expected savings of \$30 million to \$40 million annually. These cost savings reflect reductions in average unit cost and a reduced level of markdowns.
- **Non-merchandise procurement initiative:** Given our scale as a multi-brand operator, we have the opportunity to reduce our non-merchandise spend by an estimated \$10 million to \$20 million annually through a formalized process of strategic supplier rationalization, negotiation and collaboration.
- **Marketing initiative:** In addition to the marketing realignment announced in April, we expect to save at least another \$11 million in annual marketing expense by better using our unparalleled customer specific data, incorporating predictive analytics, to determine the most effective marketing techniques to not only communicate with each customer personally but also ensure that merchandise pricing and allocation is optimized no matter where she wants to shop – in our boutiques or at home.

Notably, these recently-announced initiatives (including the April marketing realignment) are expected to result in

aggregate costs savings of between \$65 million and \$85 million annually – equivalent to 2.5% to 3.3% of our trailing twelve months revenue and reflecting significant progress towards achieving our 10% operating margin goal. Of this run rate target, we expect to deliver \$15 million of savings by the end of fiscal 2016.

In addition to these operating improvement initiatives, Ms. Broader has begun to build out her management team with new leaders who bring skills and expertise to support and accelerate the progress we are making. She has made new hires in real estate and construction, planning and allocation, legal and human resources, including among others:

- Susan Lanigan has been appointed Executive Vice President and General Counsel. Ms. Lanigan has more than 15 years of experience in the retail industry, including serving as Executive Vice President, General Counsel of Dollar General Corporation, where she was instrumental in the Company's growth and strategic planning work.
- Kristin Oliver has been appointed Chief Human Resources Officer. She joins the Company from Walmart U.S., where she was Executive Vice President of People, supporting 1.4 million associates. Ms. Oliver has significant experience implementing world-class talent attraction, development and retention programs.

Clearly, positive change is underway at Chico's FAS. In less than six months since Ms. Broader's appointment, she has launched a new plan and is executing on it with new team members and multiple initiatives designed to improve how we operate, enhance our brands' growth and reduce costs by between \$65 million and \$85 million annually. The Company's cost review is ongoing, and we expect to identify additional opportunities for savings and efficiencies.

As we look ahead, we intend to direct capital to further fortify our brands and drive profitable growth.

Continued capital returns to shareholders through quarterly dividends and our share repurchase program will also remain a priority. Since 2010, more than \$1.1 billion, or approximately 131% of free cash flow, has been returned to shareholders through quarterly dividends and share repurchases. This is significantly higher than the median of our peers as defined in our 2015 proxy statement, who have returned only 103% of their free cash flow to shareholders through dividends and share repurchases over the same time period. Chico's FAS has returned \$398 million, or approximately 302% of free cash flow, to shareholders through dividends and share repurchases since the beginning of 2015.[1]

## IN ADDITION TO IMPROVING OUR OPERATIONS, WE ARE PROACTIVELY ENHANCING OUR GOVERNANCE PRACTICES...

As we work to improve our operating performance, the Chico's FAS Board has also continued to evaluate how best its governance structure and board composition can drive value.

In this regard, we are pleased to highlight the Board's recommendation "FOR" a Company-sponsored proposal to

declassify the Board over a three-year period, such that the entire Board would stand for election at the 2019 Annual Meeting.

We also recently adopted a formal policy limiting directors to service on four public company boards of directors, in addition to the Chico's FAS Board.

These governance enhancements further exemplify our desire to embrace change as we seek to improve all aspects of our business and organization.

## ...AND WE HAVE PROPOSED NEW WORLD-CLASS LEADERS TO BE ADDED TO THE BOARD TO ENSURE WE HAVE THE MOST RELEVANT SKILL SETS AND EXPERTISE TO SUCCESSFULLY EXECUTE OUR STRATEGY

In **February 2016**, the Corporate Governance and Nominating Committee of the Chico's FAS Board began a search for new independent directors with the assistance of Herbert Mines Associates. After a thorough review of the field of candidates, the Chico's FAS Board unanimously determined that Ms. Brooks and Mr. Simon have the most current and relevant skill sets and experience to support the Company and the actions being taken to improve performance and drive value.

- Ms. Brooks brings more than 30 years of global executive leadership experience in retail and merchandising, including having led three major international department store turnarounds. After previously serving as its President and Chief Executive Officer, she is currently the Vice Chairman of Hudson's Bay Company, which owns and operates Saks Fifth Avenue, Lord and Taylor (USA), Kaufhof (Germany), and Hudson's Bay (Canada) department stores.
- Mr. Simon is a seasoned executive with a proven track record leading large, complex global retailers with best-in-class cost structures and premier consumer brands. As the former President and Chief Executive Officer of Walmart U.S., he was responsible for more than \$280 billion in revenue and 1.2 million associates. In addition to helping implement one of the best supply chains in retail, Mr. Simon's vision and execution placed Walmart on a path to future growth with the expansion of small format stores and the integration of the digital and physical retail experience.

With the election of Ms. Brooks and Mr. Simon, four of the Company's nine directors, or almost half of the Board, will have been new to the Board in the past three years.

## YOUR BOARD DETERMINED THAT BARINGTON'S NOMINEES LACK THE SKILLS AND EXPERTISE NEEDED TO SUPPORT OUR PROGRESS

As part of its search, the Board also reviewed five director candidates that Barington recommended, two of whom

Barington has nominated for election – Jim Mitarotonda and Janet Grove. Based on this review and multiple conversations with the candidates and our Chairman, Chief Executive Officer and President, and Chair of the Board's Corporate Governance and Nominating Committee, the Board determined that Barington's candidates lack the skills and expertise we believe are most essential for your Company to continue to execute on our strategic plan:

- With regard to Ms. Grove, in the course of its review, the Board observed that while Ms. Grove has experience in the retail industry, this experience is five years dated, which is a significant gap in an industry as dynamic as retail. Unlike Ms. Brooks, Ms. Grove also lacks digital and ecommerce expertise, which are essential components of the Company's strategy, and Ms. Grove has never served as a public company Chief Executive Officer. In addition to her significant merchandising and retail expertise, the Board believes Ms. Brooks' experience and insights as a former Chief Executive Officer can be particularly helpful to Ms. Broader in her role as the Company's new Chief Executive Officer.
- With regard to Mr. Mitarotonda, the Board determined that much of the experience and skills he offers are represented by current directors and/or Ms. Brooks and Mr. Simon, and that Ms. Brooks' retail, merchandising, and turnaround skills, and Mr. Simon's cost cutting and supply chain expertise, together with their executive leadership experience at other premier retailers, better address the Company's needs and new operating priorities. Further, Mr. Mitarotonda's suggested cost reduction actions are duplicative with efforts already underway, and his traditional bricks and mortar growth strategy conflicts with the realities of the current retail environment and the more disciplined growth plan that the Chico's FAS leadership team is pursuing.

Given these facts and Barington's candidates' lack of relevant expertise, in our view, the Board's nominees are far better positioned to enhance the positive change already underway at Chico's FAS.
