

Tyme Technologies Inc Confidential and Anonymous Financial Concern Hotline

The SEC, in the final ruling regarding standards relating to Audit Committees, requires that **Tyme Technologies Inc** provide a facility for the receipt, retention and treatment of complaints received regarding accounting, internal accounting controls or auditing matters.

Please feel free to contribute any comments through this interface regarding such accounting matters. Your message is encrypted and will be delivered directly to the Audit Committee.

Understanding and acting upon any issues that exist regarding financial, accounting and/or audit matters is an essential component to **Tyme Technologies Inc** ability to take action and ensure the highest levels of financial fidelity.

You may leave a message using any one of two methods: Secure Web Form and Secure Hotline

FAQ

Click here to view frequently asked questions.

Secure Web Form

Click here to file your case using a secure and encrypted web form.

Secure Hotline

Click here to file your case using a secure hotline from any phone.

When you send a message using any of these methods, you will receive back a 14 to 16-digit code that can be used to access the status of your message. The Audit Committee may also use this to ask you, with complete confidentiality, for additional information regarding this issue.
