nVent Earns EcoVadis Silver Sustainability Rating; Overall Score Improves

1/11/2023

nVent ranked in top 9 percent of companies assessed in its industry

LONDON--(BUSINESS WIRE)-- nVent Electric plc (NYSE:NVT) (“nVent”), a global leader in electrical connection and protection solutions, today announced that it was awarded a silver sustainability rating from EcoVadis—a third-party assessor of ESG performance.

nVent improved its overall score, placing it in the top nine percent of companies assessed in its industry and the 85th percentile of all companies assessed by EcoVadis.

“At nVent, we’re helping to build a more sustainable and electrified world,” said nVent CEO Beth Wozniak. “ESG is a core part of our business strategy and our EcoVadis results show that our efforts are accelerating. I’m proud of our team’s hard work and ongoing commitment to sustainability that earned us this recognition for the second consecutive year.”

EcoVadis assesses companies in four main categories: environment, labor and human rights, ethics, and sustainable procurement. The bar for each of the EcoVadis sustainability ratings is updated regularly to reflect increasing expectations for corporate sustainability. nVent's results demonstrate continuous improvement towards greater transparency and positive impacts in each of the four EcoVadis assessment categories.
