Evergreen Home Loans Signs Contract with Black Knight Financial Services to Implement the LoanSphere MSP Loan Servicing System

- Evergreen Home Loans offers its customers a complete suite of end-to-end solutions that includes origination, funding and loan servicing.
- Black Knight's LoanSphere MSP system was chosen for its enhanced functionality to support Evergreen Home Loans in providing an exceptional customer experience.
- MSP is a comprehensive, end-to-end loan servicing system that encompasses all aspects of servicing, from loan boarding to default.
- Evergreen Home Loans will also use Black Knight's Lien Alert solution, which is integrated with MSP, to help them proactively manage risk and improve decision-making; and will have access to Black Knight's McDash Standard Industry Reports.

JACKSONVILLE, Fla. – Feb. 7, 2017 – [Black Knight Financial Services, Inc.](#) (NYSE: BKFS), a leading provider of integrated technology, data and analytics to the mortgage and real estate industries, announced today that [Evergreen Home Loans](#), a full-service direct lender with regional offices throughout the Western United States, has signed a contract for LoanSphere MSP, Black Knight's industry-leading loan servicing system. MSP is a complete, scalable, end-to-end system used by financial institutions to manage all servicing processes for both mortgage and home equity loans and includes loan setup and maintenance, escrow administration, investor reporting, regulatory requirements and more.

“MSP will help us deliver a great customer experience that extends our customers' one-stop-shopping with improved convenience, ease in managing their payments, and enhanced customer service for the life of their loan,” said Don Burton, president of Evergreen Home Loans. “At Evergreen, we're obsessive about exceptional customer service. By bringing our servicing in-house and using the industry's premier system, we'll offer our valued customers innovative service – from loan origination through servicing.”

The MSP system offers a single, comprehensive loan servicing solution to help clients manage all servicing processes – from loan boarding and payment processing to escrow administration, default

management and more. Evergreen's contract also includes the use of Lien Alert, a unique, automated solution from Black Knight that monitors loans and provides alerts on critical lien-related indicators that could impact a servicer's business, such as foreclosure/default activity, ownership changes, new loans recorded, ARM resets and more. The Lien Alert solution is integrated with MSP.

In addition, Evergreen will gain access to Black Knight's McDash Standard Industry Reports, which include delinquency and prepayment overviews; roll rates; and state-level delinquency reports.

"We are eager for Evergreen to take advantage of Black Knight's innovation and investments as we support their business goals and growth," said Joe Nackashi, president of Black Knight's Servicing Technologies division. "As a leading fintech, we are committed to continual enhancements of our proven servicing system to help Evergreen effectively meet whatever market or regulatory conditions emerge and to support superior customer service throughout the loan lifecycle."
