

David E. Kandzari, MD

Director of Interventional Cardiology and Chief Scientific Officer
Piedmont Heart Institute

Dr. David E. Kandzari is the Director, Interventional Cardiology of the Piedmont Heart Institute and Chief Scientific Officer for the Piedmont Healthcare in Atlanta, Georgia. Dr. Kandzari specializes in cardiovascular disease, peripheral arterial disease and interventional cardiology. A graduate of Duke University School of Medicine, he completed his internship and residency at The Johns Hopkins University School of Medicine in Baltimore, Maryland. Following his residency, he completed his general and interventional cardiology fellowship at Duke University where he joined the faculty as the John B. Simpson Assistant Professor of Interventional Cardiology and Genomic Sciences.

Dr. Kandzari is the former Director of Interventional Cardiology Research at the Scripps Clinic in La Jolla, California. Before joining the Scripps faculty, he also served as Chief Medical Officer for the Cordis Corporation, a Johnson & Johnson Company. He has also served as a Medical Officer for the Center for Devices and Radiological Health for the United States Food and Drug Administration. Board certified by the American Board of Internal Medicine and its subspecialty Board of Cardiovascular Disease and Board of Interventional Cardiology, Dr. Kandzari has held national and international leadership roles in clinical trials in cardiovascular disease and has participated in national and international program committees in cardiology. He has authored and coauthored more than 300 studies, book chapters and scientific reviews, and has delivered more than 600 lectures, both nationally and internationally, on a variety of issues related to both interventional and general cardiology.

Dr. Kandzari has been consecutively voted as one of *Atlanta's Top Doctors* by *Atlanta Magazine* from 2011 to 2018, and is peer-nominated in the top 1% of cardiologists by *U.S News and World Report*.

Martin B. Leon, MD

Director, Center for Interventional Vascular Therapy
Columbia University Medical Center

Martin B. Leon, MD, is a Professor of Medicine at Columbia University College of Physicians and Surgeons and Director of the Center for Interventional Vascular Therapy (CIVT) at NewYork-Presbyterian Hospital/Columbia University Medical Center. Previously, Dr. Leon was also the Director of the Cardiac Catheterization Laboratories at NewYork-Presbyterian Hospital/Columbia University Medical Center and currently he serves on the Executive Board of the NewYork-Presbyterian/Columbia Heart Valve Center. Dr. Leon was the Founder of Transcatheter Cardiovascular Therapeutics (TCT) symposium and Chairman Emeritus of the Cardiovascular Research Foundation (CRF) in New York City and is currently CRF's Co-Director, Medical Research and Education Division. TCT is the largest dedicated interventional cardiology meeting in the world and CRF is the largest independent not-for-profit cardiovascular research center in the world.

A distinguished pioneer in interventional cardiovascular medicine, Dr. Leon has been the national principal investigator for over 50 clinical trials that have helped shape the field including STRESS, STARS, Gamma-one, SIRIUS, ENDEAVOR, RESOLUTE, and most recently, the PARTNER trials, studying the value of transcatheter valve therapy for patients with aortic stenosis. He has co-authored almost 2,000 peer reviewed scientific publications and abstracts, which have appeared in the most prestigious medical journals. As a practicing interventional cardiologist, Dr. Leon has performed over 10,000 procedures during his career.

He is the Founder and Director of Transcatheter Cardiovascular Therapeutics (TCT), the world's premier scientific symposium dedicated to interventional cardiovascular medicine, which is celebrating its 30th anniversary this year. He has also been the Director or Co-Director of more than 100 international educational programs in the field. Dr. Leon has received 20 international career achievement awards and was awarded an honorary degree from the University of Athens.

Dr. Leon was previously the Director of Cardiovascular Research and Education at the Lenox Hill Heart and Vascular Institute in New York as well as Director of Clinical Research at the Washington Cardiology Center at the Washington Hospital Center and Clinical Professor of Medicine at Georgetown University Medical Center in Washington, DC. He also served as a Clinical Associate, Senior Investigator, and Director of the Catheterization Laboratories in the Cardiology Branch of the National Heart, Lung and Blood Institute at the National Institutes of Health in Bethesda, Maryland. He was a founder of the Washington Cardiology Center and the Cardiology Research Foundation in Washington, DC.

Dr. Leon received his medical degree from the Yale School of Medicine and completed his internal medicine internship and residency as well as a cardiology fellowship at the Yale-New Haven Hospital.

Jeffrey S. Points

Chief Financial Officer
Cardiovascular Systems, Inc.

Mr. Points joined CSI in September 2007 as Corporate Controller, became Senior Director and Controller in July 2013, Corporate Controller and Treasurer in January 2015, Vice President, Corporate Controller and Treasurer in May 2017 and was promoted to Chief Financial Officer in February 2018.
