

BJ's Wholesale Club Investor Presentation

May 2025

Forward-Looking Statements:

This presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements contained in this presentation that do not relate to matters of historical fact should be considered forward-looking statements, including, without limitation, statements regarding our future results of operations and financial position; our anticipated fiscal 2025 outlook; our membership fee increases; the timing and amounts of any share repurchases under our current authorized share repurchase program; and our strategic priorities and future progress, as well as statements that include the words “expect,” “intend,” “plan,” “confident,” “believe,” “project,” “forecast,” “estimate,” “may,” “should,” “anticipate” and similar statements of a future or forward-looking nature. These forward-looking statements are based on management’s current expectations. These statements are neither promises nor guarantees, but involve known and unknown risks, uncertainties and other important factors that may cause actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements, including, but not limited to: uncertainties in the financial markets, including, without limitation, as a result of disruptions and instability in the banking and financial services industries or as a result of wars and global political conflicts, consumer and small business spending patterns and debt levels; our dependence on having a large and loyal membership; domestic and international economic conditions, including volatility in inflation or interest rates, supply chain disruptions, construction delays and exchange rates; our ability to procure the merchandise we sell at the best possible prices; the effects of competition and regulation; our dependence on vendors to supply us with quality merchandise at the right time and at the right price; breaches of security or privacy of member or business information; conditions affecting the acquisition, development, ownership or use of real estate; our capital spending; actions of vendors; our ability to attract and retain a qualified management team and other team members; costs associated with employees (generally including health care costs), energy and certain commodities, geopolitical conditions (including tariffs); changes in our product mix or in our revenues from gasoline sales; our failure to successfully maintain a relevant digital experience for our members; risks related to our growth strategy to open new clubs; risks related to our e-commerce business; our ability to grow our BJ’s One Mastercard® program; and other important factors discussed under the caption “Risk Factors” in our Form 10-K filed with the U.S. Securities and Exchange Commission (“SEC”) on March 14, 2025, and subsequent filings with the SEC, which are accessible on the SEC’s website at www.sec.gov. These and other important factors could cause actual results to differ materially from those indicated by the forward-looking statements made in this presentation. Any such forward-looking statements represent management’s estimates as of the date of this presentation. While we may elect to update such forward-looking statements at some point in the future, unless required by law, we disclaim any obligation to do so, even if subsequent events cause our views to change. Thus, one should not assume that our silence over time means that actual events are bearing out as expressed or implied in such forward-looking statements. These forward-looking statements should not be relied upon as representing our views as of any date subsequent to the date of this presentation.

Industry Information:

Market data and industry information used throughout this presentation are based on management’s knowledge of the industry and the good faith estimates of management. We also relied, to the extent available, upon management’s review of independent industry surveys and publications and other publicly available information prepared by a number of third-party sources. Although we believe that these sources are reliable, we cannot guarantee the accuracy or completeness of this information, and we have not independently verified this information. All of the market data and industry information used in this presentation involves a number of assumptions and limitations, and you are cautioned not to give undue weight to such estimates. While we believe the estimated market position, market opportunity and market size information included in this presentation are generally reliable, such information, which is derived in part from management’s estimates and beliefs, is inherently uncertain and imprecise. Projections, assumptions and estimates of our future performance and the future performance of the industry in which we operate are necessarily subject to a high degree of uncertainty and risk due to a variety of factors, including those described above. These and other factors could cause results to differ materially from those expressed in our estimates and beliefs and in the estimates prepared by independent parties.

Non-GAAP Financial Measures:

We present adjusted EBITDA, adjusted EPS, adjusted free cash flow, and net debt to LTM adjusted EBITDA to help us describe our operating performance. Our presentation of these measures is intended as a supplemental measure of our performance that is not required by, or presented in accordance with, U.S. generally accepted accounting principles (“GAAP”). Adjusted EBITDA, adjusted free cash flow, and adjusted EBITDA margin should not be considered as an alternative to operating income (loss), net income (loss), earnings per share or any other performance measures derived in accordance with U.S. GAAP as measures of operating performance or operating cash flows or as measures of liquidity. Our presentation of adjusted EBITDA, adjusted free cash flow, and adjusted EBITDA margin should not be construed to imply that our future results will be unaffected by these items. A reconciliation of these non-GAAP financial measures to the most comparable GAAP financial measures are included in the Appendix to this presentation.
