Windstream Features Comprehensive Portfolio of Advanced Communication Solutions at 2015 Channel Partners Conference & Expo

LITTLE ROCK, Ark., March 17, 2015 (GLOBE NEWSWIRE) -- Windstream (Nasdaq:WIN), a leading provider of advanced network communications and technology solutions, is showcasing its comprehensive portfolio of enterprise-class communication solutions, including network, cloud, data center and Unified Communications, during the 2015 Channel Partners Conference & Expo in Las Vegas. The conference and expo focus on the big ideas, big solutions and big outcomes driving today's channel industry.

[Channel Partners Conference & Expo](#) is the premier educational and networking event for solutions providers, agents, Value-Added Resellers (VARs), and Managed Service Providers (MSPs). From the expo floor to the extensive educational sessions, Channel Partners explores channel market opportunities and the latest communication and technology solutions to optimize and increase revenues.

"The 2015 Channel Partners Conference & Expo is the ideal environment to engage, network and have meaningful conversations with both our current and prospective channel partners," said Joseph Harding, executive vice president and chief marketing officer for Windstream. "As always, we're looking forward to collaborating and to focusing even more on growing the Windstream Channel Partner Program in 2015. We're committed to bringing the latest technology, tools and go-to market information to our valued channel partners and to developing new relationships with potential partners."

Hundreds of channel partners incorporate Windstream's products and services in their portfolios. To learn more about Windstream's Channel Partner Program, visit: windstreambusiness.com/company/partner-programs/channel-partner-program.

Windstream experts are available at booth #429 to discuss its comprehensive portfolio of data, voice, network and cloud solutions, as well as the top benefits of the [Windstream Channel Program](#). Attendees looking for more options to engage with Windstream should stop by the booth, follow @Windstream on Twitter and tweet a photo with a Windstream "Winning Team" member using #WINatCP to be entered for a chance to win Bose speakers or Beats by Dre headphones. Winners will be selected, at random, before the trade show closes each day.

Windstream will also be live blogging from the conference and posting content on Windstreambusiness.com.

Windstream offers a full suite of advanced network communications and technology solutions, including voice and data services such as VoIP access, SIP trunking, MPLS and dedicated high-speed Internet. Windstream also offers managed services, cloud computing, disaster recovery and networking services designed to help businesses increase productivity and improve operational costs. For more information, visit windstreambusiness.com.
