Windstream Shares Industry Insights, Showcases Enterprise-Class Communication Solutions at Enterprise Connect

LITTLE ROCK, Ark., March 17, 2015 (GLOBE NEWSWIRE) -- Windstream (Nasdaq:WIN), a leading provider of advanced network communications and technology solutions, is sharing industry insights on contact center modernization and featuring its comprehensive portfolio of enterprise-class communication solutions at the 25th annual Enterprise Connect Conference and Expo in Orlando.

[Enterprise Connect](#), a four-day conference and expo, is the communications industry's premier event for bringing together leading market and thought leaders to share a comprehensive and in-depth analysis on systems, software, services and applications for enterprise communication and collaboration.

"Communication and collaboration are keys to success in today's always-connected business world. The focus is not only on connecting employees, but also on reaching customers through the most efficient platforms," said Joseph Harding, executive vice president and chief marketing officer for Windstream. "Enterprise Connect is a perfect opportunity for Windstream to share its expertise on communication solutions, especially those that allow for enhanced collaboration, such as our award-winning Unified Communications as a Service (UCaaS), Managed WiFi, mobility and contact centers."

At the Windstream booth (#801), solutions experts are showcasing the latest technologies designed to help enterprise businesses streamline communications, optimize operational efficiencies and facilitate greater collaboration. Attendees can learn about Windstream's comprehensive portfolio of Unified Communications solutions, including UCaaS, which provides "anytime, anywhere" connectivity from virtually any device. Allworx, a Windstream company, also is providing a demo of its new Allworx Connect™ family of VoIP communication systems equipped with System Software 8.0 at the Windstream booth during the exhibitor floor hours. Allworx Connect features faster processing power, improved mobile connectivity and better system security.

Attendees looking for options to engage with Windstream at Enterprise Connect should stop by booth #801, follow @Windstream on Twitter and then tweet a photo with a Windstream "Winning Team" member, using the hashtag #WINatEC15, to be entered for a chance to win Bose speakers or Beats by Dre headphones. Winners will be selected, at random, before the trade show closes each day. Windstream will also be live blogging from the conference and posting content on [Windstreambusiness.com](#).

Windstream offers a full suite of advanced network communications and technology solutions, including voice and data services such as VoIP access, SIP trunking, MPLS and dedicated high-speed Internet. Windstream also offers managed services, cloud computing, disaster recovery and networking services designed to help businesses increase productivity and improve operational costs. For more information, visit [windstreambusiness.com](#).
