Below are questions we received prior to the NVIDIA Corporation 2022 Annual Meeting of Stockholders to be held on June 2, 2022 regarding voting logistics for the meeting. Thank you for your questions and comments and for your ongoing support of NVIDIA Corporation.

Q: Can you provide the option to vote as the board recommends, or to vote for all directors as a group as well as individually?

A: If a stockholder returns a proxy card with no vote option selected for a proposal, it will be counted as a vote in favor of the Board’s recommendation. Similarly, if a stockholder attempts to submit a proxy card by internet without choosing any vote options, any unvoted proposals will be counted as voting with the Board recommendation. There is an option to vote with all Board recommendations if a stockholder chooses to vote by phone.

Q: Are there profiles of all the board nominees so that we can be informed about our vote?

A: The biographies for each of our Board nominees are contained in the Definitive Proxy Statement we filed with the Securities and Exchange Commission on April 19, 2022.
