The Committee will have the full power and authority to carry out the following primary activities or to delegate such power and authority to one or more subcommittees of the Committee:

A. Director Nominations. The Committee has the primary responsibility for establishing criteria for Board and committee membership, monitoring the size and composition of the Board and committees, and identifying, evaluating, reviewing and recommending qualified candidates to serve on the Board, including consideration of capabilities, experience, other responsibilities, potential conflicts of interest and applicable independence, experience and other SEC and Nasdaq requirements. The Committee shall, at least annually, review, discuss and assess the performance of the Board, including Board committees, seeking input from senior management, the full Board and others. The Committee shall also review (i) the continued appropriateness of Board membership of directors who retire or change employment or Board memberships, and (ii) cases in which a director fails to receive a majority vote as specified under our Bylaws and Corporate Governance Policies and recommend to the Board whether to accept or reject a director resignation, or take other action.

D. Corporate Governance. The Committee has developed a set of Corporate Governance Policies applicable to the Company and the Board, and it shall periodically review and assess these Policies and their application in light of the Company's business and other activities, regulatory changes and other developments, and shall recommend any changes deemed appropriate to the Board for its consideration. The Committee shall also review and report to the Board on a periodic basis with regards to matters of corporate governance (which is defined for this purpose as the relationships of the Board, the stockholders and management in determining the direction and performance of the Company).
