Authority and Responsibilities

1. The Committee shall seek and evaluate individuals qualified to become directors of the Company as the need arises, including reviewing individuals nominated by stockholders of the Company, and recommend to the Board director candidates to fill vacancies on the Board or stand for election or re-election to the Board by the stockholders of the Company. In the case of a director candidate to fill a Board vacancy created by an increase in the size of the Board, the Committee will make a recommendation to the Board as to the class of directors in which the individual should serve. In assessing the qualifications of prospective nominees to the Board, the Committee shall consider, in addition to any criteria set forth in the Bylaws and Corporate Governance Guidelines of the Company, each nominee’s personal and professional integrity, experience, skills, ability, willingness to devote the time and effort necessary to be an effective Board member, and commitment to acting in the best interests of the Company and its stockholders. Consideration shall also be given to the Board’s diversity and having an appropriate mix of backgrounds and skills, taking into account the provisions of the Company’s Corporate Governance Guidelines with respect to the consideration of women and minority candidates. The Committee may adopt minimum qualifications that the Committee believes must be met by prospective nominees to the Board, qualities or skills that the Committee believes are necessary for one or more of the Company’s directors to possess and standards for the overall structure and composition of the Board. The Committee also shall consider and evaluate director nominees proposed by stockholders and, in that connection, the Committee may adopt procedures for the submission of recommendations by stockholders as it deems appropriate (provided that any such procedures shall not be inconsistent with the applicable provisions of the Bylaws).

2. The Committee shall review the Board’s committee structure and recommend (i) any changes to the structure or composition it deems advisable and (ii) committee assignments as openings occur on committees or as rotations of committee assignments are deemed advisable by the Board. The Committee shall recommend committee assignments in accordance with the membership requirements specified in the charter of each committee, and with due consideration of each committee’s annual assessment of its composition, performance and effectiveness.

3. The Committee shall lead the Board in an annual evaluation of the performance of the Board, its committees, including the Committee, and each of the directors. In conducting each such assessment, the Committee will solicit comments from all directors and may employ such other means as it may deem necessary or appropriate in conducting the assessments. The Committee shall report its findings to the full Board following the end of each fiscal year. In connection with that report, the Committee shall make its annual recommendation of the director to serve as Chairman of the Board.

4. The Committee shall annually review and assess the adequacy of the Company's corporate governance policies, practices and procedures, and recommend any proposed changes to the Board for approval.

5. The Committee shall periodically review with the Board succession planning with respect to the Chief Executive Officer and other executive officers of the Company.

6. The Committee shall be assisted by appropriate corporate staffs, and, in addition, the Committee may obtain assistance from such other persons, who need not be employees of the Company, or organizations as it may deem necessary or appropriate, with the expenses and fees incurred in their use to be paid by the Company. The foregoing authority includes retaining and obtaining advice and assistance from internal or external legal, accounting or other advisors and consultants.

7. The Committee shall have the sole authority to retain and terminate any search firm to be used to assist in the identification and recruitment of director candidates and shall have sole authority to approve the search firm's fees and other retention terms.

8. The Committee shall review and oversee new director orientation and director continuing education programs.

9. The Committee shall consider questions of possible conflicts of interests of directors, as such questions arise. The Committee shall review the independence guidelines for directors and recommend to the Board changes the Committee deems appropriate.

10. The Committee shall consider all of the relevant facts and circumstances available for related-person transactions submitted to the Committee in accordance with the Company's policy with respect to related-person transactions. Based on the conclusions reached, the Committee shall evaluate whether to approve or ratify the transaction.

11. The Committee shall maintain an informed status on Company issues related to environmental, corporate social responsibility, sustainability and governance matters (collectively, "ESG Matters") and shall have oversight responsibility for the Company's public reporting on ESG matters.

12. The Committee shall monitor emerging issues potentially affecting the reputation of the Company and the industries in which the Company has significant operations through periodic reports from Company management.

13. The Committee shall maintain an informed status on Company issues related to public policy, including the Company's political contributions policies and practices and the Company's lobbying priorities and activities, through periodic reports from management.

14. The Committee shall produce or assist management with the production of disclosure with respect to corporate governance matters that may from time to time be required by the rules of the Securities and Exchange Commission (the "SEC") to be included in the Company's proxy statement for its annual meeting of stockholders, the Company's Annual Report on Form 10-K or any other filing to be made by the Company with the SEC.

15. The Committee shall review and discuss with management any significant communications from stockholders and others concerning the Company's governance process or stockholder meetings and make recommendations to the Board in respect thereof if necessary.

16. The Committee shall review and consider whether any director's service on the boards of other public companies compromises such director's ability to devote an appropriate amount of time and attention to duties of the Board or the Company's affairs.

17. The Committee shall review, and make the determination with respect to, any situation involving a waiver or modification of the Company's stock ownership guidelines, as set forth in the Company's Corporate Governance Guidelines, as applied to any director.

18. The Committee may appoint and delegate authority to subcommittees as it deems appropriate.

19. The Committee shall exercise such other duties and responsibilities as may be assigned by the Board from time to time, including those set forth in the Company's Corporate Governance Guidelines.

Miscellaneous

The Committee shall annually evaluate its own performance and assess the effectiveness of the Committee and report to the Board on such evaluation. The Committee shall also review and reassess the adequacy of this Charter and the composition of the Committee annually and recommend any proposed changes to the Board for approval. The duties and responsibilities of a member of the Committee are in addition to those duties generally pertaining to a member of the Board.

Nothing in this Charter shall be deemed to amend the provisions of the Bylaws with respect to this Committee or other committees of the Board absent a separate resolution of the Board expressly amending the Bylaws.
