Carlisle Companies' Construction Materials Business to Open its Fifth U.S. Roofing Insulation Manufacturing Facility

CHARLOTTE, NORTH CAROLINA, June 23, 2005 ... Carlisle Companies Incorporated (NYSE:CSL) announced today that Hunter Panels, a leading manufacturer of energy efficient Polyisocyanurate roof insulation used in industrial and commercial buildings, will open its fifth U.S. manufacturing facility in Tooele, Utah. Scheduled to open in November of this year, Hunter will share the new 250,000 square foot manufacturing facility with Carlisle SynTec, a manufacturer of single-ply roofing products and systems. As previously announced, Carlisle SynTec will open a TPO membrane manufacturing facility at the same site in October. Richmond D. McKinnish, Chief Executive Officer and President of Carlisle, stated, "We are committed to meeting the growing demands of our customers and have strategically located this facility to enhance both Hunter Panel's and Carlisle SynTec's service capabilities to the Western U.S. and Canadian markets."

Forward-Looking Statements

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements are based on management's current expectations and are subject to uncertainty and changes in circumstances. Actual results may differ materially from these expectations due to changes in global economic, business, competitive, market and regulatory factors. More detailed information about these factors is contained in the Company's filings with the Securities and Exchange Commission. The Company undertakes no duty to update forward-looking statements.

Carlisle is a diversified global manufacturing company serving the construction materials, commercial roofing, specialty tire and wheel, power transmission, heavy-duty brake and friction, foodservice, data transmission and process systems industries.
