

Meet CyberArk at the Kuppinger Cole European Identity & Cloud Conference 2012

April 12, 2012 5:01 PM ET

Keynote Speaking slots highlighting the changing nature of information security and the role that privilege plays

CyberArk Software, a leading global information security provider for protecting and managing privileged accounts and sessions, critical applications and sensitive information, will be exhibiting as a platinum sponsor at the Kuppinger Cole European Identity & Cloud Conference 2012, taking place between 17 - 20 April 2012 in Munich, Germany. Roy Adar, Vice President of Product Management at CyberArk, will also be taking part in several sessions at the show, including a keynote session entitled - "Ripped from the Headlines - The "Privileged" Connection - Solved!".

Held annually, the European Identity & Cloud Conference brings together a wide range of thought leaders, experts, c-level officers, project managers and programme managers from across the world, to learn about, discuss and shape the market in most significant technology topics such as Identity Management, Governance, Risk Management and Compliance (GRC) and Cloud Computing.
