

Cyber-Ark Takes On Cybercrime at ArcSight Protect '10 Conference

September 20, 2010 2:40 AM ET

Company to Demonstrate How Privileged Identity Management Can Be Used as an Effective Tool to Fight Emerging Cybersecurity Threats

ArcSight Protect '10, Washington, D.C. - September 20, 2010 - [Cyber-Ark® Software](#), a leading global software provider for protecting critical applications, identities and information, today announced details of its participation at ArcSight Protect '10. The sixth annual ArcSight user conference will focus on how businesses and government agencies can mitigate and control the risks associated with modern cyberthreats. Cyber-Ark is a Platinum sponsor of the event and will advise attendees about the use of [privileged identity management](#) software as an important element of a comprehensive cybersecurity defense, aligning with the conference's "learn, collaborate and innovate" event theme.

What: Cyber-Ark is an established member of the EnterpriseView Partner Program at ArcSight and through the interoperability between Cyber-Ark's Privileged Identity Management Suite and the ArcSight Enterprise Threat and Risk Management (ETRM) Platform, joint customers can streamline compliance audits and create a complete security and audit picture of enterprise-wide privileged account activities.

When: September 19-22, 2010

Where: The event will take place at the Gaylord National Hotel & Convention Center just outside Washington, D.C. Cyber-Ark's booth is #3.

For more information on the event visit <http://www.arcsight.com/protect10/>, and follow updates from [@ArcSightProtect/a>](#) and [Cyber-Ark on Twitter @CyberArk](#).
