

## CyberArk Completes Acquisition of Viewfinity, Inc.

October 15, 2015 4:31 PM ET

*Extends Privileged Account Security Solution to the Beginning Stages of the Attack Cycle*

NEWTON, Mass. & PETACH TIKVAH, Israel--(BUSINESS WIRE)--Oct. 15, 2015-- CyberArk (NASDAQ: [CYBR](#)), the company that protects organizations from [cyber attacks](#) that have made their way inside the network perimeter, today announced it has completed the acquisition of [privately held Viewfinity](#), Inc., a provider of Windows least privilege management and application control software for \$30.5 million in cash.

With the transaction complete, CyberArk now offers customers a solution that limits the privileges available to business users and applications to only what is needed, while protecting the organization from advanced attacks. This enables organizations to stop the progression of most malware-based attacks at the endpoint, limiting the attacker's ability to move beyond their initial point of entry. The offering complements CyberArk's [Privileged Account Security Solution](#) and is available as either an on-premise or SaaS-based solution.

### About CyberArk

[CyberArk](#) is the only security company focused on eliminating the most advanced cyber threats; those that use insider privileges to attack the heart of the enterprise. Dedicated to stopping attacks before they stop business, CyberArk proactively secures against cyber threats before attacks can escalate and do irreparable damage. The company is trusted by the world's leading companies – including 40 percent of the Fortune 100 and 17 of the world's top 20 banks – to protect their highest value information assets, infrastructure and applications. A global company, CyberArk is headquartered in Petach Tikvah, Israel, with U.S. headquarters located in Newton, Mass. The company also has offices throughout EMEA and Asia-Pacific. ### Forward-Looking Statements

This release may contain forward-looking statements, which express the current beliefs and expectations of CyberArk's management. Such statements involve a number of known and unknown risks and uncertainties that could cause the Company's future results, performance or achievements to differ significantly from the results, performance or achievements expressed or implied by such forward-looking statements. Important factors that could cause or contribute to such differences include risks relating to: our ability to successfully integrate Viewfinity, including by selling products to each other's existing customers; changes in the new and rapidly evolving cyber threat landscape; failure to effectively manage growth; fluctuations in quarterly results of operations; real or perceived shortcomings, defects or vulnerabilities in the Company's solution or the failure of the solution to meet customers' needs; the inability to acquire new customers or sell additional products and services to existing customers; competition from IT security vendors and other factors discussed under the heading "Risk Factors" in the Company's most recent annual report on Form 20-F filed with the Securities and Exchange Commission. Forward-looking statements in this release are made pursuant to the safe harbor provisions contained in the Private Securities Litigation Reform Act of 1995. These forward-looking statements are made only as of the date hereof, and the Company undertakes no obligation to update or revise the forward-looking statements, whether as a result of new information, future events or otherwise.
