# Who Can Vote

**Canadian Tire has two classes of shares.** The items you can vote on depend on the class of shares you own. Each share you own as of March 23, 2006 entitles you to one vote. If you acquired shares after March 23, 2006 see “What if ownership of shares has been transferred after March 23, 2006?” on page 4 of this management information circular.

## Common Shares

If you own Common Shares, you can vote on two items:

- the election of 13 of the 16 directors
- the appointment of the Auditors and setting their compensation.

You can also vote on any other business that may properly come before the meeting.

As of March 9, 2006, Canadian Tire had 3,423,366 Common Shares outstanding. The directors and senior officers of Canadian Tire are not aware of any person or company that beneficially owns, directly or indirectly, or exercises control or direction over more than 10 percent of the total outstanding Common Shares, other than those listed below:

Name	Number of Common Shares Beneficially Owned, Controlled or Directed	Percentage of Outstanding Common Shares
Martha G. Billes <sup>(1)</sup>	1,400,767	40.9%
Owen G. Billes <sup>(2)</sup>	700,383	20.5%
C.T.C. Dealer Holdings Limited	700,384	20.5%
The Trustees of the Corporation's Deferred Profit Sharing Plan (established on January 1, 1968)	419,280	12.2%

### Notes

- (1) Tire 'N' Me Pty. Ltd. (*Tire 'N' Me*) owns 1,400,767 Common Shares of the Company. Ms. Billes controls Tire 'N' Me and is the beneficial owner of all the issued shares of Tire 'N' Me. The Common Shares of the Company owned by Tire 'N' Me are included in the shareholdings of Ms. Billes shown in this table
- (2) Albikin Management Inc. (*Albikin*) owns 700,383 Common Shares and 712,476 Class A Non-Voting Shares of the Company. With the exception of a small number of nominal value preferred shares of Albikin beneficially owned by Ms. Billes, Mr. Billes is the beneficial owner of all the issued shares of Albikin. By agreement between Ms. Billes and Mr. Billes, Ms. Billes controls Albikin.

## Class A Non-Voting Shares

If you own Class A Non-Voting Shares, you can vote on the election of three of the 16 directors.

Holders of Class A Non-Voting Shares are entitled to vote on matters other than the appointment of three directors in the following circumstances:

- if applicable laws give them that right, or
- if an offer to buy Common Shares is made to all or substantially all holders of Common Shares, and the majority of the Common Shares issued and outstanding are tendered to and taken up by the party making the offer. In this case, the holders of Class A Non-Voting Shares will be entitled to one vote per share at all shareholder meetings unless the offer to purchase is for both classes of shares at the same price and on the same terms and conditions.

The Common Shares and Class A Non-Voting Shares are each generally voted separately as a class. Accordingly, aggregating the voting rights attached to the Common Shares and Class A Non-Voting Shares is not relevant to any corporate action currently contemplated. If an occasion should arise on which the holders of the Common Shares and the holders of the Class A Non-Voting Shares are entitled to vote together (rather than separately as a class), then based on the numbers of Common Shares and Class A Non-Voting Shares outstanding at March 9, 2006, the Class A Non-Voting Shares would represent approximately 96 percent of the aggregate voting rights attached to the Common Shares and the Class A Non-Voting Shares. See the Company's articles of amendment dated December 15, 1983 for more information on the voting rights of the holders of Class A Non-Voting Shares.

As of March 9, 2006, Canadian Tire had 78,110,139 Class A Non-Voting Shares outstanding. The directors and senior officers are not aware of any person or company that beneficially owns, directly or indirectly, or exercises control or direction over more than 10 percent of the outstanding Class A Non-Voting Shares, other than Jarislowsky, Fraser Limited. According to a report filed by Jarislowsky, Fraser Limited on the System for Electronic Document Analysis and Retrieval (*SEDAR*) at [www.sedar.com](http://www.sedar.com) in July 2003, it exercises control or direction over 13,925,053 Class A Non-Voting Shares, which represents 17.8 percent of the total outstanding Class A Non-Voting Shares. Jarislowsky, Fraser Limited has advised that there has been no material change to its share ownership since that date.

## What the Meeting is About

We will be covering three items at the meeting:

1. receiving our consolidated financial statements for the year ended December 31, 2005, including the Auditors' report
2. electing directors who will serve until the end of the next annual meeting of shareholders
3. appointing Auditors who will serve until the end of the next annual meeting of shareholders, and setting their compensation.

We will also consider other business that may properly come before the meeting.

As of the date of this management information circular, management is not aware of any changes to these items and does not expect any other items to be brought forward at the meeting. If there are changes or new items, you or your proxyholder can vote your shares on these items as you, he or she sees fit.

---

### Receiving the Consolidated Financial Statements

Our 2005 Annual Report has been prepared and sent to registered shareholders and beneficial shareholders who requested it. Management will review our consolidated financial results at the meeting and shareholders and proxyholders will be given an opportunity to discuss these results with management.

---

### Electing Directors

This year the Board has determined that 16 directors will be elected at the Annual Meeting of Shareholders. Please see *About the Nominated Directors* on page 6 for more information.

If you own Common Shares, you can vote on the election of 13 of the nominated directors:

- Gilbert S. Bennett
- Martha G. Billes
- Owen G. Billes
- Austin E. Curtin
- James D. Fisher
- Keith E. Gostlin
- Rémi Marcoux
- James R. Neale
- Suzanne R. Perles
- James A. Riley
- Maureen J. Sabia
- Wayne C. Sales
- Graham W. Savage.

If you own Class A Non-Voting Shares, you can vote on the election of three of the nominated directors:

- Gordon F. Cheesbrough
- Frank Potter
- Stephen G. Wetmore.

All of the nominated directors are already directors of Canadian Tire, and were elected as directors at our Annual Meeting of Shareholders on May 12, 2005, except for Keith E. Gostlin, James R. Neale, Suzanne R. Perles and James A. Riley. Mr. Gostlin and Ms. Perles were appointed directors by the Board of Directors on February 9, 2006 and November 10, 2005 respectively.

---

### Appointing Auditors

If you own Common Shares, you can vote on the appointment of the Auditors and on authorizing the Board of Directors to set the Auditors' compensation. The Board recommends that the Company's current Auditors, Deloitte & Touche LLP, Chartered Accountants, be reappointed as Auditors.

---

### Considering Other Business

We will consider any other business that may properly come before the meeting. As of the date of this management information circular, we are not aware of any other business to be considered at the meeting.

## About the Nominated Directors

The table on page 11 tells you about the nominated directors, along with how many shares and deferred share units (DSUs) they own. See *Compensation of Directors* on page 29 for more information. The number of DSUs that each director holds has been rounded down to the nearest whole number. DSUs do not carry any voting rights.

The table also tells you the value of the Class A Non-Voting Shares or DSUs each director needs in order to meet our share ownership guideline for directors. Each director is required to accumulate at least three times the value of the annual retainer in Common Shares, Class A Non-Voting Shares or DSUs by the later of February 9, 2008 and the fifth anniversary of the director becoming a director.

Each director holds office until the next annual meeting of shareholders or until a successor is elected or appointed.

Pursuant to a shareholders' agreement dated October 30, 1989 between Martha G. Billes (together with corporations and trusts she is associated with) and C.T.C. Dealer Holdings Limited, Ms. Billes will nominate nine and C.T.C. Dealer Holdings Limited will nominate three of the 13 directors to be elected by the holders of Common Shares at the meeting. These shareholders have agreed to vote for the election of such nominees, and the President and Chief

Executive Officer, as directors of Canadian Tire.

We do not expect that any of the nominated directors will be unable to serve as a director. If, however, a nominated director tells us before the meeting that he or she will be unable to serve as a director, the directors listed on the proxy form will vote to elect one or more substitute directors at their discretion.

---

### Board Size

According to the Company's articles of amendment, we must have between nine and 21 directors on our Board of Directors. The Board of Directors determines the number of directors to be elected at any shareholder meeting.

The articles of amendment also state that:

- holders of Class A Non-Voting Shares are entitled to elect three directors. This number increases to four directors if the Board has more than 17 directors.
- holders of Common Shares are entitled to elect all other directors.

Nominated directors who are elected by holders of Class A Non-Voting Shares cannot be officers or employees of Canadian Tire.

The Board is responsible for:

- overseeing the conduct of the business and affairs of the Company
- supervising management
- using reasonable efforts to ensure that all major issues affecting the Company are given appropriate consideration.

In addition to its primary roles of overseeing corporate performance and providing quality, depth and continuity of management to meet our strategic objectives, the Board, among other things, is responsible for:

- approving business, strategic, financial and succession plans and monitoring the implementation of these plans
- approving communications to shareholders
- overseeing financial reporting and disclosure
- appointing officers and reviewing their performance at least once a year
- approving dividend payments, the issue, purchase and redemption of securities, the acquisition and disposition of capital assets, short and long-term objectives and human resource and other plans including executive compensation, employee benefits, profit sharing and incentive plans.

The Board:

- fulfills its responsibilities directly, through its Committees and through management
- delegates its authority to manage day-to-day business to management, but can review management decisions
- is informed of the Company's operations on an ongoing basis through Board and Committee meetings, and reports from and discussions with management.

The Chairman of the Board is responsible for facilitating highly effective performance of the Board. The Chairman's duties include, among other things:

- setting the agenda for Board meetings
- using his best efforts to provide directors with the information they need to do their job
- chairing Board meetings
- acting as a key liaison between the Board and management.

### Board Committees

The Board has established four standing Committees:

The Board has designated subjects, including matters of policy, on which the Committees are to perform a diligence and advisory role and report to the Board. The Committees have been delegated the authority required to carry out their functions. They review matters and make recommendations to the Board but do not make decisions on behalf of the Board except in limited circumstances. None of the Committee members, except for Owen G. Billes, is a current or former employee of Canadian Tire or any of its subsidiaries.

All Committees meet regularly without management present (other than Owen G. Billes). Every director is entitled to attend any Committee meeting even if he or she is not a member of that Committee.

The external auditors will be selected for additional audit or non-audit services only if:

## Social Responsibility and Risk Governance Committee

The Social Responsibility and Risk Governance Committee (*the SRRG Committee*) is currently made up of seven directors:

- Martha G. Billes
- Keith E. Gostlin
- Owen G. Billes
- Suzanne R. Perles
- Gordon F. Cheesbrough

- Austin E. Curtin

Mr. Potter is the Chairman of the SRRG Committee.

The SRRG Committee is primarily responsible for providing guidance to the Board and oversight of management regarding social responsibility and enterprise risk management.

### Social Responsibility

The SRRG Committee provides guidance and oversight regarding policies, procedures and programs which:

- address our social responsibilities
- govern ethical business conduct, human rights and employment practices
- protect the environment and safeguard the health and safety of our employees
- facilitate our investment in communities in which we carry on business to an extent and in a manner commensurate with our standing in the Canadian business community
- govern communications and dialogue with employees, customers, shareholders, suppliers and the community regarding the Company's social responsibility practices.

The SRRG Committee also provides guidance and oversight regarding our core statement of social responsibility and Codes of Business Conduct, monitoring and reporting of our activities which address our social responsibilities, and other issues of concern brought to it by members of the SRRG Committee, the Board or management.

## Risk Governance

The SRRG Committee is responsible for taking all actions which, in the opinion of the Board or the SRRG Committee, are necessary or desirable for the SRRG Committee to gain and maintain reasonable assurance that management is meeting certain obligations with respect to our enterprise risk management process, and to report its conclusions to the Board. The enterprise risk management process involves the identification, assessment, monitoring and management of risks confronting the Company. The obligations that management is required to meet include:

- developing and maintaining an enterprise risk management policy
- implementing effective enterprise risk management throughout the Company in accordance with that policy
- identifying new principal risks in a timely manner
- effectively monitoring, managing and reporting on principal risks in compliance with the enterprise risk management policy.

The SRRG Committee met four times on its own, and once jointly with the Audit Committee in 2005.

## Our Corporate Governance Policies and Practices

Management and the Board of Directors believe that good corporate governance policies and practices are essential to our performance. We regularly review the corporate governance policies and practices we have developed over the years to maintain reasonable assurance that they continue to be comprehensive, relevant and effective.

Our corporate governance policies and practices described below explain how we are meeting the guidelines adopted by securities regulators in Canada (*the CSA Rules*):

- National Policy 58-201, *Corporate Governance Guidelines*
- National Instrument 58-101, *Disclosure of Corporate Governance Practices*.

## The CSA Rules

The CSA Rules provide that if management of the Company solicits proxies from its security holders for the purpose of electing directors to the Company's Board of Directors, the Company must include in its management information circular the following disclosure:

1. Disclose whether or not a majority of directors are "independent", as that term is defined in the CSA Rules.  
The Board of Directors includes a majority of directors who are *independent* directors.
2. Disclose for each director whether he or she is "independent" or "not independent" and the basis for that determination.  
Mr. Sales is the President and Chief Executive Officer of the Company and Mr. Billes is an employee of the Company. Therefore, Mr. Sales and Mr. Billes are *not independent* directors. Mr. Curtin and Mr. Gostlin are Canadian Tire Associate Dealers

pursuant to contracts with the Company in the same form as other Canadian Tire Associate Dealers' contracts and, therefore, are considered to be *not independent* directors.

In the view of the Board, although Mr. Curtin and Mr. Gostlin are *not independent* directors, the knowledge, experience and perspective they bring to the Board as Canadian Tire Associate Dealers is critical to the effective governance of the Company.

All of the other directors are *independent*.

The following table describes the independence status of the nominated and current directors.

Independence Status of Nominated and Current Directors

3. (i) Disclose the process by which the board identifies new candidates for board nomination.

The Governance Committee has the mandate to recommend candidates who may be elected to the Board by the holders of Class A Non-Voting Shares. In so doing the Governance Committee considers the competencies and skills that the Board considers to be necessary for the Board, as a whole, and for each existing director to possess. The Governance Committee also considers the competencies and skills each new nominee will bring to the boardroom and maintains a list of qualified candidates for board membership.

- (ii) **Disclose whether or not the board has a nominating committee composed entirely of independent directors. If the board does not have a nominating committee composed entirely of independent directors, describe what steps the board takes to encourage an objective nomination process.** The Governance Committee acts as the nominating committee of the Board. All of the directors on the Governance Committee are independent directors.
- (iii) **If the board has a nominating committee, disclose the responsibilities, powers and operation of the nominating committee.**  
See page 15 of this management information circular for a description of the powers, responsibilities and operation of the Governance Committee.
4. **Disclose whether or not the board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments.** The Board, the Audit Committee and individual directors are regularly assessed with respect to their effectiveness and contribution. Every second year, the effectiveness of the full Board is assessed through a process which requires each director to assess the Board's performance in respect of a lengthy list of criteria reflecting the Board's responsibilities. The results of all the directors' assessments are consolidated into a composite report on the full Board's effectiveness. The Board and the Governance Committee use the composite report to identify and remediate any aspects of the Board's performance which do not meet the directors' rigorous standards. Similar processes are used annually to assess the effectiveness of the Audit Committee and the Chairman of the Board.
- In intervening years when a full Board assessment is not conducted, the performance of each individual director (other than the President and Chief Executive Officer and the Chairman of the Board) is assessed through a process which requires each director to assess anonymously the effectiveness of every director (including himself or herself) by reference to a list of criteria derived primarily from the director's job description. The assessments of each director are compiled into a composite report for that director and the composite report is provided to that director and to the Chairman of the Board and the Chairman of the Governance Committee. Where appropriate, the Chairman of the Board and/or the Chairman of the Governance Committee then meets with the individual director to discuss the composite report.
5. (i) **Describe the measures the board takes to orient new directors regarding**  
 (a) the role of the board, its committees and its directors, and  
 (b) the nature and operation of the company's business.
- (ii) **Describe the measures, if any, the board takes to provide continuing education for its directors.**  
For the purpose of maintaining reasonable assurance that each new director engages in a comprehensive orientation process and that all directors are provided with continuing education opportunities, the Board or the Governance Committee:
- (a) requires management to provide to each new director:
- (i) copies of the articles and by-laws of the Company
  - (ii) copies of the mandates of the Board and each Board Committee
  - (iii) copies of the position descriptions for an individual director, the Chairman of the Board and the Chairman of each Board Committee
  - (iv) a copy of the Diligence Policy of the Board of Directors

  - (vi) a copy of the Company's current strategic plan
  - (vii) copies of the Company's Annual Reports, Management's Discussion & Analysis (*MD&A*) and Management Information Circulars for the five financial years of the Company preceding such new director's election or appointment to the Board

  - (xiv) opportunities to meet with the President and Chief Executive Officer, other corporate officers and the senior officers of all of the Company's business units for the purpose of discussing the nature and operation of the Company's business and affairs
  - (xv) opportunities to visit the Company's principal operating locations and to discuss the operation of those locations with the managers of those locations
- (b) requires the Chairman of the Board to meet with each proposed new director and to review with such proposed new director the culture of the Board, the commitment of time and energy expected of every director and the competencies and skills which such proposed new director is expected to bring to the Board
- (c) makes available to every director the opportunity, at the expense of the Company,
- (i) to attend any conference, seminar, course or other educational experience (1) which is intended to expand corporate directors' knowledge and skills,

and (2) which is approved by the Chairman of the Board or the Chairman of the Governance Committee

- (ii) to visit any of the Company's principal operating locations and to discuss the operation of those locations with the managers of those locations.

During 2005, each of the directors had the option to attend education seminars presented by management of the Company. The subject matters presented in these seminars included accounting treatment and disclosure of variable interest entities, Canadian Tire Retail financial inventory management, CEO/CFO certification, executive compensation, information technology oversight/governance and emerging technology risks, lease accounting and secondary markets civil liability.

**6. Disclose the process by which the board determines the compensation for the company's directors and officers.**

The Governance Committee reviews and recommends to the Board of Directors for approval the remuneration of directors. The Board considers the time commitment, comparative compensation, risks, responsibilities and other factors in determining compensation.

The Company's executive compensation program is overseen on behalf of the Board of Directors by the MRC Committee. The MRC Committee has primary responsibility for making recommendations to the Board of Directors regarding the compensation of senior officers of the Company including the senior officers named in the Summary Compensation Table on page 20. The MRC Committee annually organizes a Board review of the performance of the President and Chief Executive Officer and, with the President and Chief Executive Officer, reviews the performance evaluations of the Company's senior officers, recommends to the Board the compensation philosophy of the Company, reviews the design, competitiveness and execution of the Company's compensation and benefit plans and oversees individual employment arrangements when executives are hired. The MRC Committee conducts an annual review of the Company's executive compensation program, including compensation of the President and Chief Executive Officer. The review is conducted with the assistance of independent professional compensation consultants reporting directly to the MRC Committee.

The Board (including Mr. Billes and the directors who are Associate Dealers none of whom is independent) and each of its committees enhance independence by conducting sessions without management present. These sessions take place at each regularly scheduled meeting and are conducted by the Chairman of the Board at Board meetings and the chair of each committee at committee meetings. Nine such Board sessions and 15 such committee sessions were held during 2005.

**14. Disclose each director who is a director of any other reporting issuer in a jurisdiction or a foreign jurisdiction.**

- (ii) Disclose any steps the board takes to ensure directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.**
- (iii) Disclose any other steps the board takes to encourage and promote a culture of ethical business conduct.**

Management is required to provide, at least quarterly, reports to the Audit Committee and SRRG Committee on all reported violations and their disposition.

If a director or an officer is a party to a material transaction or agreement or a proposed material transaction or agreement with the Company, or, if the director or officer is a director or an officer of, or has a material interest in, any person who is a party to a material transaction or agreement or a proposed material transaction or agreement with the Company, he or she is required to comply with the conflict of interest provisions of the Ontario *Business Corporations Act*, which require written disclosure to the Company by the director or officer, or a request by the director or officer to have entered in the minutes of meetings of directors the nature and extent of his or her interest. In addition, the Board is given an opportunity to discuss such agreements or transactions in the absence of the interested director. A director who has declared a conflict of interest cannot vote on the matter in which he or she has an interest.

The Board has established a business conduct compliance program (*the BCCP*), which provides a compliance mechanism for the Codes and with respect to:

- (i) the receipt, retention and treatment of complaints and concerns received by the Company regarding accounting, internal accounting controls or auditing matters

Perquisites and other personal benefits paid to other officers are not disclosed as they are less than \$50,000 and less than 10 percent of the officer's total annual salary and bonus.

#### (3) Options

This column lists the number of Class A Non-Voting Shares for which options were granted under our Stock Option Plan.

#### (4) Performance Driven Share Units

The values disclosed in this column are based on the respective market prices of the Class A Non-Voting Shares as of the close of business on the date of the relevant award. As of December 31, 2005, the President and Chief Executive Officer, the Executive Vice-President and Chief Financial Officer and our three other most highly compensated senior officers held in aggregate 63,791 performance driven share units having an aggregate value of \$4,436,026, based on the market value of Class A Non-Voting Shares as of the close of business on December 30, 2005. The Performance Driven Share Unit Plan provides that recipients of performance driven share unit awards are entitled to receive a

cash payment per unit based on the market value of the Company's Class A Non-Voting Shares at the end of a three-year period. See *Long-term Incentive Plans — Performance Driven Share Unit Plan* for the terms of the plan. Dividend equivalents are not paid on these units.

#### (5) Performance Conditioned Share Units

The values disclosed in this column are based on the respective market prices of the Class A Non-Voting Shares as of the close of business on the date of the relevant award. As of December 31, 2005, the President and Chief Executive Officer, the Executive Vice-President and Chief Financial Officer and our three other most highly compensated senior officers held in aggregate 78,050 performance conditioned share units having an aggregate value of \$6,784,496, based on the market value of Class A Non-Voting Shares as of the close of business on December 30, 2005 and giving effect to a multiplier of 1.25. The minimum multiplier that may be applied to the performance conditioned share units is 0 and the maximum multiplier is 1.5. The Performance Conditioned Share Unit Plan provides that recipients of performance conditioned share unit awards are entitled to receive a cash payment per unit based on the market value of the Company's Class A Non-Voting Shares at the end of a three-year period, increased or decreased by applying a multiplier calculated by reference to share price appreciation and to the Company's average return on invested capital. See *Long-term Incentive Plans — Performance Conditioned Share Unit Plan* for the terms of the plan. Dividend equivalents are not paid on these units.

#### (6) Performance Share Units

The values disclosed in this column are based on the respective market values of the Class A Non-Voting Shares as of the close of business on the date of the relevant award. As of December 31, 2005, the President and Chief Executive

Officer, the Executive Vice-President and Chief Financial Officer and our three other most highly compensated senior officers held in aggregate 93,000 performance share units having an aggregate value of \$9,700,830, based on the market value of Class A Non-Voting Shares as of the close of business on December 30, 2005 and giving effect to a multiplier of 1.5. The minimum multiplier that may be applied to the performance share units awarded in 2003 is 0.3, and the maximum multiplier is 1.5. The Performance Share Unit Plan provides that recipients of performance share unit awards are entitled to receive a cash payment per unit based on the market value of the Company's Class A Non-Voting Shares at the end of a three-year period, increased or decreased by applying a multiplier calculated by reference to the Company's total return to shareholders relative to a group of approximately 40 North American retailers against which the Company measures its performance (*the Comparator Group*). The actual multiplier that will be applied to the value of the recipient's performance share units at the payout date will be determined by the Company's rank relative to the Comparator Group as of the determination date

in the recipient's Performance Share Unit agreement. As the Company's rank relative to the Comparator Group was in the top quartile as of the end of the performance period under the Performance Share Unit Plan for share units awarded in 2002, (See *Long-term Incentive Plans — Performance Share Unit Plan* for the terms of the plan) the maximum multiplier of 1.5 was applied to the share units awarded in 2002 to the senior officers listed above, and these share units were paid out on March 7, 2005. Payout values for the share units awarded in 2002 are included in the 2005 row of the *All Other Compensation* column above. ### **Report on Executive Compensation**

The MRC Committee oversees the executive compensation program on behalf of the Board of Directors.

The MRC Committee is responsible for recommending to the Board the appointment and compensation of all of our senior officers, including the senior officers listed in the *Summary Compensation Table* on page 20 of this management information circular.

For further information about the MRC Committee see page 15 of this management information circular.

Our executive compensation program applies to all of our senior officers. It is designed to:

- attract and retain highly qualified executives
- motivate superior performance
- align the interests of executives with the interests of our shareholders.

The executive compensation program includes three key elements:

- annual base salary
- short-term incentives
- long-term incentives, granted in 2005 as performance driven share units.

Compensation is linked to our short-term and long-term goals. A significant part of senior officer compensation is based on our success in meeting specific performance goals and appreciation in our share price.

The MRC Committee reviews our compensation program every year. Every two years the review compares our compensation program with the programs of comparable companies in the retail and financial services industries and other large Canadian companies with whom the Company competes for executives. The MRC Committee believes this review process allows for an effective, ongoing evaluation of our program against current industry practices.

### **Compensation Consultant Advice**

Under the direction of the MRC Committee Chair, Mercer Human Resource Consulting (*Mercer*) has been engaged directly by the MRC Committee to provide independent advice, compensation analysis and other information for compensation recommendations, and to attend MRC Committee meetings. The analysis and advice from Mercer includes, but is not limited to, executive compensation policy (such as the choice of comparator groups and compensation philosophy), review of total compensation benchmarking of the senior officers and short and long-term incentive plan design including performance calibration. Mercer has confirmed to the MRC Committee that the MRC Committee has undertaken the appropriate analysis to fully inform itself of all relevant information and to assist in the MRC Committee's decisions. The decisions taken by the MRC Committee remain the responsibility of the MRC Committee and may reflect factors and considerations other than the information and recommendations provided by Mercer.

Consulting fees paid to Mercer in connection with the MRC Committee mandate during 2005 were \$57,697. Mercer also earned \$371,090 during 2005 for consulting services provided to management in connection with the Company's medical benefits programs. The Mercer team advising management on medical benefits is comprised of individuals other than the Mercer team working with the MRC Committee. The MRC Committee Chair, however, is fully apprised of all work performed by both Mercer teams.

### **Other Compensation Advisors to the Company**

The Company retains Towers Perrin from time to time to provide expertise and advice in connection with the design and implementation of executive compensation programs, for the MRC Committee's review and approval. For the most recently completed financial year, Towers Perrin's fees as management's advisor totalled approximately \$222,485 for executive compensation consulting and custom survey work.

### **Annual Base Salary**

The MRC Committee recommends and the Board approves each senior officer's annual base salary, taking the following into consideration:

- the range of base salaries paid in the competitive marketplace. This includes salaries paid by large Canadian retailers and a group of organizations representing a cross-section of industries and generating annual revenues of between \$2 billion and \$23 billion to people holding positions of responsibility comparable to the senior officer's position
- the senior officer's experience, knowledge and performance
- the value of other components in the senior officer's compensation package.

### Short-term Incentive Plan

#### Annual Bonus Plan

Every year the MRC Committee recommends for approval to the Board the criteria that will be used to calculate the amount of the bonus, the participants and their rates of participation.

In 2005, the President and Chief Executive Officer was entitled to receive an award ranging from 0 percent to 150 percent of his annual base salary. Other senior officers were eligible to receive awards in the following ranges:

- Executive vice-presidents and presidents – 0 to 100 percent of their annual base salary
- senior vice-presidents – 0 to 90 percent of their annual base salary

### Long-term Incentive Plans

#### Performance Driven Share Unit Plan

The plan awards performance driven share units, which are a form of restricted share unit, based on individual capabilities and

potential and recent performance of senior officers and senior managers.

Each unit awarded entitles the recipient to a cash payment equal to the average market value of one Class A Non-Voting Share during the 20-day trading period that ends on (and includes) the last day of the period ending approximately three years from the date of award of the unit (*the performance period*).

The number of share units awarded to each seniority level of senior officers and senior managers during 2005 was based upon a guideline allocation multiplied by the total number of plan participants at each seniority level, divided by the current price of a Class A Non-Voting Share to establish the total number of share units available to be awarded under the plan. The actual number of share units awarded to individual plan participants was decided by management in its discretion, as approved by the Board of Directors.

In 2006, the number of share units awarded to senior officers and senior managers will be determined in the same manner as in 2005, except the total number of share units available to be awarded under the plan will be multiplied by the following two equally-weighted factors prior to determination of the individual awards:

- a factor based on the Company's earnings per share performance in 2005
- a factor based on the Company's return on invested capital in 2005 as approved by the Board of Directors.

Awards are paid 45 days or later after the end of the performance period. Awards are paid out before the end of the performance period if an employee is terminated for reasons other than cause or in certain other circumstances. A payment will not be made to an eligible executive if he or she resigns voluntarily or is terminated for cause during the performance period.

A total of 268,666 performance driven share units were awarded in 2005.

#### ***Performance Conditioned Share Unit Plan***

The plan awards performance conditioned share units, which are a form of restricted share unit, based on individual capabilities and potential and recent performance of senior officers and senior managers.

Each unit awarded entitles the recipient to a cash payment equal to the average market value of one Class A Non-Voting Share during the 20-day trading period that ends on (and includes) the last day of the period ending approximately three years from the date of award of the unit. This amount is multiplied by two equally weighted factors:

- a factor based on the appreciation in price of Class A Non-Voting Shares
- a factor based on the Company's average return on invested capital over three fiscal years (from 2004 to 2006).

Each factor ranges from 0 to 1.5, and depends on whether performance reaches pre-established levels. If performance is:

- below the threshold, the factor will be 0
- at threshold, the factor will be 0.5
- at target, the factor will be 1.0
- at the maximum or higher, the factor will be 1.5.

Awards are paid within 45 days after the end of the performance period. Awards are paid out before the end of the performance period if an employee is terminated for reasons other than cause or in certain other circumstances. A payment will not be made to an eligible executive if he or she resigns voluntarily or is terminated for cause during the performance period. Payments made before the end of the performance period use share appreciation and return on invested capital factors of 1.0 or less.

No performance conditioned share units were awarded in 2005.

#### ***Performance Share Unit Plan***

The plan awards performance share units, which are a form of restricted share unit, based on individual capabilities and potential and recent performance of senior officers and senior managers.

Each unit awarded entitles the recipient to a cash payment per unit equal to the average market value of one Class A Non-Voting Share during the 20-day trading period that ends on (and includes) the last day of the period ending approximately three years from the date of award of the unit (*the performance period*), multiplied by a factor ranging from 0.3 to 1.5 (0 to 1.5 for awards made before 2003).

The multiplication factor we use depends on how our total return to shareholders compares to a group of approximately 40 North American retailers. For example, for awards made in 2003, if our total return to shareholders for the following three years was:

- at or below the 15th percentile of the comparator group, the value of the performance share units would be multiplied by 0.3
- at the 50th percentile of the comparator group, the value of the performance share units would be multiplied by 1
- at the 75th percentile or above, the value of the performance share units would be multiplied by 1.5.

Awards are paid up to three years from the date the unit was awarded, or earlier if an employee is terminated for reasons other than cause or in certain other circumstances. A payment will not be made if the eligible executive resigns voluntarily or is terminated for cause before the date specified in the executive's performance share unit agreement. Payments made before the end of the three-year period are multiplied by a factor of 1.0 or less.

No performance share units were awarded in 2005.

#### ***Stock Option Plan***

The Company's Stock Option Plan was established to increase the correlation between executive compensation and returns to shareholders and to provide long-term incentives to senior officers and senior management employees of the Company and its subsidiaries. The MRC Committee may recommend awards to selected senior officers and senior management employees under the Stock Option Plan. The recommendation for each individual award falls within a range that has been pre-established for each senior management level. The ranges take into account market practices and the total number of options available for distribution. Most individual awards made within a range are calculated by reference to the respective salaries, recent performance and capabilities of the optionees.

The maximum number of Class A Non-Voting Shares issuable under the Stock Option Plan is 4,681,258 Class A Non-Voting Shares (representing 5.74 percent of the currently outstanding Common Shares and Class A Non-Voting Shares) and the number of unexercised options to purchase Class A Non-Voting Shares outstanding at the date of this management information circular is

1,622,724 (representing 1.99 percent of the currently outstanding Common Shares and Class A Non-Voting Shares). No one person can receive options to buy more than five percent of the total number of Class A Non-Voting Shares outstanding.

Options to buy shares generally “vest” at the rate of 25 percent a year for four years immediately following the date the options were granted. When an option vests, it can be used to buy a Class A Non-Voting Share at the weighted average price of Class A Non-Voting Shares on the Toronto Stock Exchange (*the TSX*) during the 10-day period ending on the date the option was granted.

All options granted under the Stock Option Plan are, or will be, granted under agreements that specify that options can be exercised for a period of up to 10 years, and that outline the circumstances when option rights will be terminated.

If an employee becomes incapacitated, dies, retires having reached 60 years of age, retires to become a Canadian Tire Associate Dealer or ceases to be employed by the Company (or any of its subsidiaries) for any other reason, the employee’s options may be exercised by the employee, or his or her personal representative as the case may be, as follows:

- *in the event of incapacitation, death or retirement having reached 60 years of age*—up to the earlier of the expiration of the options and three years following the date of incapacitation, death or retirement
- *in the event of retirement to become a Canadian Tire Associate Dealer*—up to the earlier of the expiration of the options and one year following the date of retirement
- *in the event of termination of employment for any other reason*—up to the earlier of the expiration of the options and 30 days following the date of termination of employment.

The Stock Option Plan can be amended by the Board of Directors with the approval of the TSX and without the approval of shareholders, provided that the total number of Class A Non-Voting Shares issuable under the Stock Option Plan is not increased and the manner of determining the minimum option price is not altered.

The Stock Option Plan can be terminated by the Board of Directors at any time without prejudice to outstanding options.

No stock options were awarded in 2005. The amount and terms of outstanding stock options, stock appreciation rights, shares and units subject to restrictions on resale were not taken into account in determining that no new option grants would be made during 2005.

#### **Restricted Share Unit Plan**

This plan awarded restricted share units based on services performed.

Each unit awarded entitled the recipient to receive a cash payment equal to the weighted average price of Class A Non-Voting Shares on the TSX during the 20-day period ending approximately three years from the date of award of the unit (*the restriction period*). We multiplied this amount by a factor that was based on the market

price of Class A Non-Voting Shares meeting pre-established levels during the restriction period. Awards were paid up to three years less 30 days from the date we awarded the units.

Awards were paid out earlier if the employee was terminated for reasons other than cause or in certain other circumstances. A payment was not made if the eligible executive resigned voluntarily or was terminated for cause before the payment date specified in the applicable Restricted Share Unit Plan agreement.

The restriction period for units issued under this plan ended on October 2, 2003, and the payout date was October 31, 2003.

#### **Other Benefits**

Our senior officers participate in our Profit Sharing and Share Purchase Plans, and are entitled to receive other benefits available to other employees, generally on the same basis. We do not have a pension plan for senior officers or other employees.

#### **Share Ownership Guidelines**

We have adopted guidelines that set out minimum levels of share ownership for senior officers who are members of management’s executive committee.

Within three years, these officers are required to accumulate Class A Non-Voting Shares equal to a percentage of their annual base salary, as follows:

- President and Chief Executive Officer - 300 percent of annual salary
- Chief Financial Officer, executive vice-presidents and presidents - 200 percent of annual salary
- senior vice-presidents - 100 percent of annual salary.

The officers can hold up to 50 percent of their minimum share requirement in share units valued using the minimum multiplier where applicable.

#### **Compensation of the President and Chief Executive Officer**

Mr. Sales’ compensation package, including his base salary, was originally established when his appointment as President and Chief Executive Officer was negotiated with the MRC Committee and the Board. Mr. Sales and the Board have agreed to extend his tenure as President and Chief Executive Officer until June 30, 2007 and have renegotiated his employment agreement. Mr. Sales’ annual base salary will not change during his employment agreement.

The Board formally evaluates the performance of the President and Chief Executive Officer every year, taking into account quantitative results versus specific financial objectives and qualitative judgment of achievement of non-financial objectives.

Every two years, the MRC Committee with the assistance of its independent professional compensation consultants reviews a peer group comparison of compensation paid to chief executive officers of other North American retailers and Canadian companies of a similar size as a benchmark to help assess how

competitive and appropriate our compensation is for Mr. Sales. The MRC Committee is of the view that Mr. Sales' total compensation, as set out in his employment agreement, is competitive with the compensation of the selected peer group of chief executive officers.

- (1) This item represents the value of the performance driven share unit, performance conditioned share unit and performance share unit awards in 2005, 2004 and 2003 respectively at the date of grant.
- (2) This item represents the value of the Company's profit sharing and share purchase plan contributions.
- (3) This item represents the dollar value of amounts paid by the Company during 2005, 2004 and 2003 respectively in connection with insurance premiums for term life insurance, financial planning, parking, car allowance, medical examinations, and housing loan benefits (applicable in 2004 and 2003 only).

Mr. Sales is entitled to a bonus opportunity under our Short-term Incentive Plan. Payment of his bonus is dependent on the annual performance of the Company. The 2005 measures and weightings that were taken into account in determining Mr. Sales bonus were as follows:

Measure	Plan Weighting
Consolidated Net Income of the Company	
After Income Tax	25%
Canadian Tire Retail Earnings Before Income Tax including PartSource	27%
Canadian Tire Financial Services Limited Earnings Before Income Tax	15%
Petroleum Earnings Before Income Tax	3%
Mark's Work Wearhouse Ltd. Earnings Before Income Tax	5%
Productivity Measure <sup>(1)</sup>	25%

#### Note

- (1) The productivity measure component of Mr. Sales' annual bonus compensation is based on actual expenses for various corporate functions including those of the treasury, finance, strategy, real estate, risk and control, legal, human resources, information technology, new business development and corporate

affairs departments divided by actual gross operating revenues of the Company. A "target" for each measure is established by reference to the Company's current annual business plan. If each target is precisely achieved, Mr. Sales receives a bonus equal to 75 percent of his base salary. The maximum bonus Mr. Sales could have received under the Short-term Incentive Plan during 2005 was 150 percent of his annual base salary for achieving maximum performance against every target. He earned a bonus equivalent to 109.05 percent of his base salary, which reflected the weighted total performance of the measures set out in the preceding table. If Mr. Sales' performance against target was below the minimum level set for each measure in the plan, Mr. Sales would not receive a bonus.

Mr. Sales is also entitled to participate in the Long-term Incentive Plans. In 2005, Mr. Sales was awarded performance driven share units based on his salary, performance and capabilities. The award of performance driven share units is one of the ways that we link his compensation to our share price. The MRC Committee believes the award is appropriate for his level of responsibility.

## How Our Shares Have Performed

The following graph and chart assume that \$100 remained invested over a five-year period commencing on the last business day of December, 2000 and compare the yearly percentage change in the cumulative total shareholder return over those five years on Canadian Tire's Common Shares and Class A Non-Voting Shares with the cumulative total returns of the S&P/TSX Composite Total Return Index (formerly the TSE 300 Stock Index) and the S&P/TSX Consumer Discretionary Total Return Index, respectively, assuming in each case reinvestment of dividends at 100 percent of the market price on a quarterly basis.

### Share Ownership Guidelines

Each director is required to accumulate at least three times the value of the annual director retainer in Class A Non-Voting Shares or deferred share units (DSUs) by the later of February 9, 2008 and the fifth anniversary of becoming a director (see *About the Nominated Directors* on page 11 for information concerning the individual holdings of the nominated directors).

Effective May 1, 2005, each director, other than the Chairman of the Board and the President and Chief Executive Officer, who are compensated solely for holding their respective offices (see *Executive Compensation - Summary Compensation Table* on page 20 for the President and Chief Executive Officer's compensation), was entitled to receive an annual retainer of \$100,000. If a director owned the guideline required amount of Class A Non-Voting Shares and/or DSUs, he or she received:

- \$76,000 in cash, Class A Non-Voting Shares and/or DSUs as specified by the director

- \$24,000 in Class A Non-Voting Shares or DSUs at his or her discretion

If a director had not reached the guideline required amount, he or she received:

- \$44,000 in cash, Class A Non-Voting Shares and/or DSUs as specified by the director
- \$56,000 in Class A Non-Voting Shares or DSUs at his or her discretion.

### Directors' Deferred Share Unit Plan

Directors who are not Company employees are permitted under the Directors' Deferred Share Unit Plan to receive all or part of their annual retainer, meeting fees and additional compensation in DSUs.

DSUs are credited quarterly to each participating director's account. The number of units is calculated by dividing the amount the director chooses to receive in DSUs by the market value of a Class A Non-Voting Share on the day the DSUs are credited. When the director resigns from the Board, he or she receives an amount equal to the number of DSUs credited to his or her account, plus any dividends that have accrued in the form of DSUs, multiplied by the market value of Class A Non-Voting Shares at the time. The retiring director receives his or her payment in cash, after the deduction of any withholding taxes that apply (see *About the Nominated Directors* on page 11 for information concerning the individual holdings of the nominated directors).

In 2005, 15,345 DSUs were credited to the accounts of directors participating in the plan.

### Liability Insurance for Directors and Officers

During the year ended December 31, 2005, we bought liability insurance coverage of \$100 million for our directors and officers. This insurance is designed to protect them against liabilities they may face in their capacity as directors or officers of Canadian Tire.

Each loss is subject to a deductible of \$250,000 (\$1 million deductible for securities claims brought by, or on behalf of, a shareholder of Canadian Tire). The directors' and officers' liability insurance does not cover losses arising from illegal conduct, fraud or bad faith.

We paid \$569,050 in policy premiums from April 4, 2005 to April 4, 2006, on behalf of individual directors and officers. The insurance policy does not differentiate between coverage for directors and coverage for officers, and we cannot estimate the amount of the premium that relates to the group of directors or the group of officers.

#### Canadian Tire Corporation, Limited Deferred Profit Sharing Plan

This plan rewards our employees and officers and those of participating subsidiaries and encourages them to participate in our growth, development and success. There is no fixed maximum number or percentage of Class A Non-Voting Shares which may be issued under the plan and designated for any one of the participating officers or the participating officers as a group.

Every year we make an annual payment to the trustees of the plan that equals at least one percent of our previous year's net profits after income tax. We designate to the trustees the amount to be

allocated to each of the employees and officers participating in the plan. The trustees invest not less than 10 percent of the amount allocated to each employee or officer in Class A Non-Voting Shares, with the balance invested in SEI LifePath Funds as directed by each employee and officer.

If the trustees of the plan subscribe for Class A Non-Voting Shares, we will allot and issue Class A Non-Voting Shares to the trustees, generally at the then current market price, calculated as the weighted average price at which Class A Non-Voting Shares trade on the TSX during the 20-day period ending on the date of subscription.

The money and securities held by the trustees (*the trust property*), is divided into funds that are then divided into units. Twenty percent of the units held for plan participants vest after one full year of employment. The remaining units vest after two full years of employment.

When participants turn 69, they receive the net asset value of all units that have been allocated to them. Participants who die, retire after they turn 65 or leave their job because they have a permanent physical or mental disability, or because their job was eliminated in certain circumstances, are entitled to the net asset value of all units that have been allocated to them, whether vested or not. If, however, they leave their job due to other circumstances, they will receive the net asset value of all units held for and vested in them. Participants can withdraw units from the plan before they turn 65 as long as they meet certain provisions of the plan and according to terms that we approve from time to time. If the plan is terminated or wound up, participants will receive the net asset value of all units held for them. In certain circumstances, participants may elect to receive Class A Non-Voting Shares held for them at the time of the receipt of the net asset value of the units. Participants are not entitled to transfer their rights under the plan, except in limited specified circumstances.

The Canadian Tire Corporation, Limited Deferred Profit Sharing Plan was established under a trust deed dated January 1, 1968 and amended and restated as of January 1, 2001. Cameron D. Stewart, Stanley W. Pasternak and William Peters are the current trustees of the plan. Mr. Stewart and Mr. Pasternak are employees of the Company and hold the positions of Senior Vice-President, Secretary and General Counsel and Senior Vice-President and Treasurer respectively.

Amendments to the plan can be made with the approval of the Board of Directors except where shareholder approval is required by law or by a regulatory organization having jurisdiction over the Company or its securities, including a securities commission or the TSX.

#### ***Deferred Profit Sharing Plan for Employees of Participating Associate Dealers***

This plan was created by the Canadian Tire Dealers' Association for use by Canadian Tire Associate Dealers (*Associate Dealers*) to enable Associate Dealers the opportunity to share their success with their employees.

The plan is open to employees of Associate Dealers who are unrelated to the Associate Dealer and who meet certain other criteria, including working at an Associate Store during the previous calendar year. None of our employees or those of our subsidiaries (including officers) is eligible to participate in the plan.

Under the plan, Associate Dealers grant awards to their employees (*the participants*) on an annual basis. The Associate Dealer contribution to the plan must meet minimum contribution levels based on profits or sales of the Associate Store. If an Associate Dealer has contributed to the plan, we will pay a bonus to the Associate Dealer, and the Associate Dealer then contributes an equivalent amount to the plan in the following year.

Contributions to the plan are made to the trustee of the plan (currently Sun Life Assurance Company of Canada) on behalf of the participants. These contributions are invested in a pooled fund maintained by the trustee and are generally vested immediately. The pooled fund is divided into units and each participant is allocated a number of units based on the value of the contributions made on his or her behalf. A portion of the funds contributed to the plan are invested by the trustee in Class A Non-Voting Shares of Canadian Tire. Under the agreement pursuant to which the plan was established, we have agreed to allot and issue to the trustee Class A Non-Voting Shares, generally at the current market price, calculated as the weighted average price at which Class A Non-Voting Shares trade on the TSX during the 20-day period immediately preceding the receipt of the subscription for the shares.

If a participant's employment with an Associate Dealer is terminated (other than as a result of a change in the Associate Dealer at a particular store location) or if a participant dies or becomes disabled, the participant or his or her legal representative is paid the dollar value of the units held for him or her. At the election of the participant, his or her entitlement may also be paid through the transfer of Class A Non-Voting Shares to a registered retirement savings plan or to purchase an annuity. Participants are not entitled to transfer their rights under the plan, except in limited circumstances. Withdrawals from the plan are permitted in other specified circumstances, including on a participant reaching 65 years of age, for educational or housing purposes and on marital breakdown.

The plan was established in 1972 under an agreement between the Canadian Tire Dealers' Association, Canadian Tire Corporation,

Limited and all participating Canadian Tire Associate Dealers. A formal agreement relating to the plan was made on November 1, 1990, replaced on January 1, 1994 and further replaced on July 1, 2004.

The plan can be amended with the approval of the Board of Directors of Canadian Tire and the Canadian Tire Dealers' Association except where shareholder approval is required required by law or by a regulatory organization having jurisdiction over the Company or its securities, including a securities commission or the TSX.

#### *Canadian Tire Corporation, Limited Share Purchase Plan*

This plan is designed to encourage eligible employees to share in our future growth, development and success by owning Class A Non-Voting Shares. Our employees and those of participating subsidiaries may participate in the plan. These employees include officers of the Company and participating subsidiaries and there is no fixed maximum number or percentage of Class A Non-Voting Shares which may be issued under the plan to any one of the participating officers or the participating officers as a group.

Eligible employees can contribute up to 10 percent of their annual base salary before deductions to the plan through payroll deduction. The contributions are held in trust and used to subscribe for Class A Non-Voting Shares periodically at the then current market price, calculated as the weighted average price at which Class A Non-Voting Shares trade on the TSX during selected four-week periods. These shares are held in trust by the trustee of the plan.

We also contribute a taxable bonus from our profits of up to 50 percent of the amount each eligible employee contributes to the plan, subject to approval by the Board. This contribution is made on behalf of each employee participating in the plan, and on behalf of certain other employees in limited circumstances, on or before the last working day of the calendar year provided that he or she is still an employee of the Company. The trustee uses this money to buy Class A Non-Voting Shares on the open market in accordance with the terms of the plan and allocates the Class A Non-Voting Shares to the employee. We may, at our discretion, compensate plan participants and other employees for income tax they pay on the bonus for the current year and previous year.

Ten percent of the Class A Non-Voting Shares purchased for the employee using our contributions will vest after the first year of employment. These Class A Non-Voting Shares will continue to vest at the rate of 10 percent every year until all of the Class A Non-Voting Shares purchased with our contributions become vested. Participants are not entitled to transfer their rights under the plan, except in limited specified circumstances.

Dividends paid on unvested Class A Non-Voting Shares will be reinvested in Class A Non-Voting Shares for the eligible employee. If the employment of an employee is terminated, except in limited circumstances, he or she:

- can no longer participate in the plan
- is entitled to receive all vested shares and may give the trustee instructions to pay out, transfer or withdraw them by share certificate
- loses all unvested Class A Non-Voting Shares that have been allocated to him or her under the plan.

The plan can be amended with the approval of the Board of Directors except where shareholder is required by law or by a regulatory organization having jurisdiction over the Company or its securities, including a securities commission or the TSX.

## Other Information

### Normal Course Issuer Bid

We have adopted a policy of repurchasing sufficient Class A Non-Voting Shares to offset, over the long term, the dilutive effects of issuing Class A Non-Voting Shares under our employee and the Associate Dealers' profit sharing plans, our stock option and share purchase arrangements and the dividend reinvestment plan. This repurchase arrangement is called a *normal course issuer bid*.

We have filed a notice of intention with the TSX to make a normal course issuer bid to purchase up to two million Class A Non-Voting Shares between February 19, 2006 and February 18, 2007. This is less than 10 percent of the public float of Class A Non-Voting Shares as of February 9, 2006. Canadian Tire's Common Shares are not part of this bid.

We purchased 1,284,500 Class A Non-Voting Shares in 2005 under the notice of intention we filed in February 2005.

## CANADIAN TIRE CORPORATION, LIMITED BOARD OF DIRECTORS MANDATE

### 1. PRIMARY ROLE OF THE BOARD

The directors (collectively the “Board”) of Canadian Tire Corporation, Limited (the “Corporation”) are responsible for the stewardship of the Corporation. The Ontario Business Corporations Act (the “OBCA”), the statute which governs the Corporation, provides that the stewardship responsibility of the Board consists primarily of the duty to manage or supervise the management of the business and affairs of the Corporation. The OBCA further authorizes the Board, subject to certain exceptions, to delegate to an officer or officers of the Corporation powers to manage the business and affairs of the Corporation. As authorized by the OBCA and for the purpose of effectively discharging the Board’s stewardship responsibility,

- (a) the Board has delegated to the chief executive officer of the Corporation (the “CEO”) the powers and authority to manage the business and affairs of the Corporation, and
- (b) the Board has assumed the duty to supervise the CEO’s management of the business and affairs of the Corporation.

### 2. THE ROLE OF BOARD COMMITTEES

As authorized by the OBCA, the Board may appoint committees of Directors (“Board committees”) and, subject to certain limitations set out in the OBCA, may delegate to any Board committee any of the powers of the Board. The Board may also require any such Board committee to take specified actions for the purpose of assisting the Board to discharge the Board’s duties.

### 3. STANDARD OF CONDUCT

As required by the OBCA, every member of the Board (a “Director”) must, in discharging his or her duties,

- (a) act honestly and in good faith with a view to the best interests of the Corporation, and
- (b) exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

Accordingly, the action which the Board or a Board Committee must take to discharge each of its duties in any circumstances is the action (the “Diligent Action”) which could reasonably be expected to be taken in comparable circumstances by a person (1) acting honestly and in good faith with a view to the best interests of the Corporation, and (2) exercising the care, diligence and skill that a reasonably prudent person would exercise.

### 4. CATEGORIES OF BOARD DUTIES

The Board believes that the Board’s duties fall broadly into two

categories: (1) the duties (the “Ordinary Course Duties”) which the Board must discharge in the ordinary course of acting as the steward of the Corporation and supervising the CEO’s management of the business and affairs of the Corporation; and (2) the duties (the “Extraordinary Duties”) which the Board must discharge when the Board, the CEO or the Corporation is confronted with unusual circumstances such as (but not limited to) consideration of a take-over bid, merger, significant acquisition or other significant transaction or event outside the ordinary course of the Corporation’s business.

### 5. THE BOARD’S ORDINARY COURSE DUTIES

The Board acknowledges and accepts the following Ordinary Course Duties:

#### Financial Reporting and Disclosure

Governments, securities commissions, stock exchanges and other agencies and instrumentalities having jurisdiction over the Corporation (collectively the “Regulators”) have promulgated and will continue to promulgate laws, regulations, rules, policies and other requirements relating to financial reporting and disclosure by the Corporation (collectively the “Financial Reporting Rules”). The Board must take, or require the Audit Committee of the Board (the “Audit Committee”) to take, Diligent Action to gain and maintain reasonable assurance that the senior officers of the Corporation (“Management”), the Board and the Corporation meet all financial reporting and disclosure obligations (“Financial Reporting Obligations”) imposed on them by the Financial Reporting Rules. The Board recognizes that the most significant Financial Reporting Obligations are as follows:

- (a) Management must prepare (1) comparative financial statements of the Corporation relating separately to each financial year of the Corporation (the “Current Year”) and the financial year of the Corporation next preceding the Current Year (the “Preceding Year”), and (2) Management discussion and analysis (“MD&A”) relating to such financial statements;

  - (i) in the case of each Current Annual Statement and each Current Quarterly Statement (a “Current Financial

- Statement”), present fairly, in all material respects, the financial position of the Corporation, the results of its operations and its cash flows in accordance with Canadian generally accepted accounting principles (“Canadian GAAP”);
- (ii) be made up and certified as required by the Financial Reporting Rules;
  - (iii) in the case of each Current Annual Statement, be accompanied by a report thereon (the “Required Report”) prepared in accordance with the Financial Reporting Rules by a firm of chartered accountants (the “external auditor”) which is objective and independent;
  - (iv) be filed with Regulators in compliance with the Financial Reporting Rules; and
  - (v) be sent to holders of the Corporation’s securities in compliance with the Financial Reporting Rules;

- (i) forthwith issue a news release authorized by a member of Management disclosing the nature and substance of the material change (a “Material Change News Release”), and
  - (ii) file a report of such material change (a “Material Change Report”) with Regulators as soon as practicable (and in any event within ten days) of the date on which the material change occurs; and
- (f) all financial information concerning the Corporation which is disseminated to the public by or on behalf of the Corporation must be accurate, complete and fairly presented.

  - (b) nominate a firm of objective and independent chartered accountants (the “proposed auditor”) for appointment as the external auditor by the holders of common shares of the Corporation;
  - (c) fix the compensation and the terms of engagement of the external auditor; and
  - (d) gain and maintain reasonable assurance that the Corporation is in compliance with its obligations under tax, employment and similar laws and regulations (“Employment Obligations”).
- C.** The Board shall empower and require the Audit Committee to:
- (a) recommend to the Board
    - (i) the proposed auditor to be nominated by the Board for appointment as the external auditor by the holders of common shares of the Corporation; and
    - (ii) the compensation of the external auditor;
  - (b) take Diligent Action to oversee the work of the external auditor in preparing and issuing a Required Report and performing other audit, review and attest services for the Corporation;
  - (c) take Diligent Action to resolve disagreements between Management and the external auditor regarding financial reporting;
  - (d) when it is appropriate to do so, pre-approve all non-audit services proposed to be provided to the Corporation or its subsidiary entities by the external auditor; for purposes of this mandate,
    - (i) “audit services” means the professional services rendered by the external auditor for the audit and review of the Corporation’s financial statements and services that are normally provided by the external auditor in connection with statutory and regulatory filings or engagements, and
    - (ii) the term “non-audit services” means services other than audit services;
  - (e) review the Corporation’s financial statements, related MD&A and related annual and interim news releases before the Corporation publicly discloses such information;
  - (f) take Diligent Action to gain and maintain reasonable assurance that the Corporation has adequate procedures in place for the review of the Corporation’s public disclosure of financial information extracted or derived from the Corporation’s financial statements;
  - (g) establish procedures for
    - (i) the receipt, retention and treatment of complaints received by the Corporation regarding accounting, internal controls or auditing matters (“Financial Complaints”),
    - (ii) the confidential, anonymous submission by employees of the Corporation of concerns regarding questionable accounting or auditing matters (“Financial Concerns”), and
    - (iii) the reporting to the Audit Committee of all such Financial Complaints and Financial Concerns;
  - (h) review and approve the Corporation’s hiring policies regarding partners, employees and former partners and employees of the present and any former external auditor; and
  - (i) review annually the expenses of the Chairman of the Board and the CEO for the purpose of gaining reasonable assurance as to the reasonableness of such expenses.

- D. Upon the demand of the external auditor, the Board shall:
- (a) furnish to the external auditor
    - (i) such information and explanations, and
    - (ii) such access to records, documents, books, accounts and vouchers of the Corporation and its subsidiaries as the Board is reasonably able to furnish and as are, in the opinion of the external auditor, necessary to enable the external auditor to make the examination (the “Required Examination”) of the Corporation’s financial statements required by the Financial Reporting Rules and to make the Required Report; and
  - (b) obtain from the present or former directors, officers, employees and agents of any subsidiary of the Corporation and furnish to the external auditor the information and explanations
    - (i) that such present or former directors, officers, employees and agents are reasonably able to furnish, and
    - (ii) that are, in the opinion of the external auditor, necessary to enable the external auditor to make the Required Examination and the Required Report.
- E. The Board shall delegate to the Audit Committee the power and authority to communicate directly with the external auditor and the Corporation’s Risk and Control Services Group (the “internal auditor”).

### Strategic Planning

- A. The Board must require the CEO, in collaboration with the Board, to develop and to present to the Board:
- (a) the primary objective(s) which the CEO proposes to pursue in managing the business and affairs of the Corporation (the “Primary Objective(s)”), and
  - (b) a plan which the CEO proposes to implement which is designed to enable the Corporation to achieve the Primary Objective(s) (the “Strategy”) and which takes into account, amongst other things, the Corporation’s strengths and weaknesses, the opportunities for and threats to the Corporation’s business and the Board’s risk tolerance level.
- B. The Board must take Diligent Action to gain reasonable assurance as to:
- (a) the appropriateness of the Primary Objective(s);
  - (b) whether the Strategy, if executed, is reasonably likely to enable the Corporation to achieve the Primary Objective(s); and
  - (c) whether the Strategy is reasonably capable of being executed by Management.
- C. If the Board gains reasonable assurance as to the appropriateness of the Primary Objective(s), the Board may approve the Primary Objective(s) (the “Approved Primary Objective(s)”).

- D. If the Board gains reasonable assurance that (1) the Strategy, if executed, is reasonably likely to enable the Corporation to achieve the Approved Primary Objective(s), and (2) the Strategy is reasonably capable of being executed by Management, then the Board may approve the Strategy (the “Approved Strategy”).
- E. The Board must take Diligent Action to monitor Management’s implementation of the Approved Strategy and the Corporation’s progress toward achieving the Approved Primary Objective(s).
- F. If at any time the Board is of the opinion that
- (a) the Approved Primary Objective(s) is or are no longer appropriate,
  - (b) an Approved Strategy is no longer reasonably capable of being executed by Management, or
  - (c) an Approved Strategy is no longer reasonably likely to enable the Corporation to achieve the Approved Primary Objective(s), the Board must require the CEO to develop and present to the Board revised Primary Objective(s) and/or a revised Strategy, as the case may be, and the Board must then deal with the revised Primary Objective(s) and/or revised Strategy in the manner specified in sections B, C, D and E above.

### Risk Management

- A. The Board must take, or require the Social Responsibility and Risk Governance Committee of the Board (the “SRRG”) to take, Diligent Action to gain and maintain reasonable assurance that the strategic, operational, reporting and compliance risks of the Corporation’s business (“Risks”) are identified in a timely manner and are effectively assessed, monitored and managed. In particular, the Board must take, or require the SRRG to take, Diligent Action to gain and maintain reasonable assurance that:
- (a) Management develops for the Corporation a formalized, disciplined and integrated enterprise risk management process (“ERM”) (1) which can reasonably be expected to enable Management to identify in a timely manner and to effectively assess, monitor and manage Risks, and (2) which is reasonably capable of being implemented and sustained by Management;
  - (b) Management develops a policy (the “ERM Policy”) which accurately sets out the risk philosophy of the Corporation and the expectations and accountabilities for identifying, assessing, monitoring and managing Risks;
  - (c) Management fully implements and sustains the ERM in compliance with the ERM Policy;
  - (d) the ERM Policy continues to set out accurately the risk philosophy of the Corporation and the expectations and accountabilities for identifying, assessing, monitoring and managing Risks;
  - (e) in a timely manner, Management identifies the most

- significant Risks (“Principal Risks”), including those Risks related to or arising from the Corporation’s weaknesses, the threats to the Corporation’s business and the assumptions underlying the Approved Strategy;
- (f) the insurance coverages maintained by the Corporation relating to Principal Risks are adequate; and
  - (g) Management directly and effectively assesses, monitors and manages Principal Risks in compliance with the ERM Policy.

## Human Resources

**A.** The Board must take, or require the Management Resources and Compensation Committee of the Board (the “MRCC”) to take, Diligent Action to gain and maintain reasonable assurance that there exist within the Corporation effective policies and practices to enable the Corporation to attract, develop and retain the human resources required by the Corporation to meet the Primary Objective(s). In particular, the Board must take, or require the MRCC to take, Diligent Action to gain and maintain reasonable assurance that:

- (a) the Corporation’s overall compensation philosophy for all employees balances the objectives (the “Compensation Objectives”) of (i) attracting, developing and retaining highly competent employees, (ii) appropriately and fairly incenting and rewarding strong performance by employees and the Corporation in both the short term and the longer term, and (iii) maintaining the Corporation’s employee costs at a competitive level;

**B.** The Board must also take, or require the MRCC to take, Diligent Action to:

and affairs of the Corporation and which delineates the CEO’s responsibilities;

- (b) employ as the CEO a person whom the Board believes is capable of managing the business and affairs of the Corporation in a manner which will enable the Corporation to achieve the Primary Objective(s);
- (c) approve the terms and conditions of the CEO’s employment by the Corporation, including any changes to such terms and conditions;
- (d) establish, maintain and implement a formal process for annually assessing the performance of the CEO, taking into account the CEO’s position description and the goals and objectives of the Corporation which have been approved by the Board and which the CEO is responsible for meeting; and

## CANADIAN TIRE CORPORATION, LIMITED AUDIT COMMITTEE MANDATE AND CHARTER

### I THE BOARD OF DIRECTORS' MANDATE FOR THE AUDIT COMMITTEE

1. The Board of Directors ("Board") bears responsibility for the stewardship of Canadian Tire Corporation, Limited (the "Corporation"). To discharge that responsibility, the Board is obligated by the Ontario Business Corporations Act to supervise the management of the business and affairs of the Corporation. The Board's supervisory function involves Board oversight or monitoring of all significant aspects of the management of the Corporation's business and affairs.

Financial reporting and disclosure by the Corporation constitute a significant aspect of the management of the Corporation's business and affairs. The objective of the Board's monitoring of the Corporation's financial reporting and disclosure (the "Financial Reporting Objective") is to gain reasonable assurance of the following:

- (a) that the Corporation complies with all applicable laws, regulations, rules, policies and other requirements of governments, regulatory agencies and stock exchanges relating to financial reporting and disclosure;
- (b) that the accounting principles, significant judgements and disclosures which underlie or are incorporated in the Corporation's financial statements are the most appropriate in the prevailing circumstances;
- (c) that the Corporation's quarterly and annual financial statements are accurate and present fairly the Corporation's financial position and performance in accordance with generally accepted accounting principles and together with management's discussion and analysis and the annual information form constitute a fair presentation of the Corporation's financial condition; and
- (d) that appropriate information concerning the financial position and performance of the Corporation is disseminated to the public in a timely manner.

The Board is of the view that the Financial Reporting Objective cannot be reliably met unless the following activities (the "Fundamental Activities") are conducted effectively:

- (i) the Corporation's accounting functions are performed in accordance with a system of internal financial controls designed to capture and record properly and accurately all of the Corporation's financial transactions;
- (ii) the Corporation's internal financial controls are

- regularly assessed for effectiveness and efficiency;
- (iii) the Corporation's quarterly and annual financial statements are properly prepared by management;
- (iv) the Corporation's quarterly and annual financial statements are reported on by an external auditor appointed by the shareholders of the Corporation; and

The Committee shall develop and present to the Board for the Board's approval a Charter which, amongst other things, will describe the activities in which the Committee will engage for the purpose of gaining reasonable assurance that the Fundamental Activities are being conducted effectively and that the Financial Reporting Objective is being met.

Officers of the Corporation, including the Chairman of the Board, may not serve as members of the Audit Committee.
- (b) All members of the Committee shall be financially literate as described in paragraph 3 of the Operating Principles.

"Good faith reliance" means that the Committee member has

considered the relevant issues, questioned the information provided and assumptions used, and assessed whether the analysis provided by management or the expert is reasonable. Generally, good faith reliance does not require that the member question the honesty, competency and integrity of management or the expert unless there is a reason to doubt their honesty, competency and integrity.

#### 4. Limitations on Committee's Duties

In contributing to the Committee's discharging of its duties under this mandate, each member of the Committee shall be obliged only to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. The essence of the Committee's duties is monitoring and reviewing to gain reasonable assurance (but not to ensure) that the Fundamental Activities are being conducted effectively and that the Financial Reporting Objective is being met and to enable the Committee to report thereon to the Board.
