Email Security and Compliance Vendor Proofpoint Focuses on the Cloud at RSA Conference 2009

Learn More about Proofpoint's SaaS Solutions for Email Security and Email Archiving by Visiting RSA Conference Exhibition Booth #2445

SUNNYVALE, Calif. – April 17, 2009 –Proofpoint, Inc. (<http://www.proofpoint.com>), the leading provider of unified email security, email archiving and data loss prevention solutions, today announced that the company will be exhibiting at the RSA Conference 2009 exposition from Monday, April 20 through Thursday, April 23, 2009. Visit Proofpoint at Moscone Center in San Francisco, RSA booth #2445. Proofpoint representatives will be on hand for live demonstrations of Proofpoint's email security and email archiving solutions with a special focus on the company's Software-as-a-Service solutions.

"Proofpoint's strategy of delivering cloud-enabled appliances, hybrid on-demand/on-premises solutions and fully SaaS solutions embraces the diversity of requirements in today's enterprise. Leveraging the cloud capabilities that we've built allows us to deliver more value to every type of enterprise—from email security appliance users that want to take advantage of some cloud features to those that have fully adopted the SaaS model and want to continue down that path," said Gary Steele, CEO of Proofpoint, Inc.

Video: Learn More about Proofpoint's SaaS Strategy and Solutions

Get a quick introduction to Proofpoint's Software-as-a-Service and cloud computing technologies that reduce costs, maximize email security and ease compliance challenges with this series of short videos:

- | Andres Kohn, VP and general manager for Proofpoint's email archiving business, explains how Proofpoint's SaaS email archiving solution simplifies eDiscovery, delivers high-speed email search and ensures complete security of your archived data: <http://www.proofpoint.com/email-archiving-video>
- | Product expert Rami Habal explains how Proofpoint Shield™ adds the power of Proofpoint's cloud-based email filtering technology to any email security appliance: <http://www.proofpoint.com/shield-video>

Visit Proofpoint at RSA and Win

Visit RSA booth #2445 to learn more about how Proofpoint's solutions can help your organization leverage cloud computing to improve email security and compliance while minimizing total cost of ownership.

Have a Proofpoint representative scan your badge and you'll be entered for a chance to win a \$500 Best Buy gift card. While you're there, ask about our "passport" promotion with our secure web gateway partner Blue Coat Systems, Inc. Visit the booths of Blue Coat, Proofpoint and other Blue Coat technology integration partners for a chance to win a Sony PlayStation 3. We look forward to meeting you at the RSA Conference 2009.

About Proofpoint, Inc.

Proofpoint secures and improves enterprise email infrastructure with solutions for email security, archiving, encryption and data loss prevention. Proofpoint solutions defend against spam and viruses, prevent leaks of confidential and private information, encrypt sensitive emails and archive messages for retention, e-discovery and easier mailbox management. Proofpoint solutions can be deployed on-demand (SaaS) on-premises (appliance), or in a hybrid architecture for maximum flexibility and scalability. For more information, please visit <http://www.proofpoint.com>.
