

Leading Proxy Advisory Firm ISS Recommends That Shareholders Vote "For" MGM's Entire Slate Of Director Nominees

MGM URGES SHAREHOLDERS TO VOTE THE WHITE PROXY CARD

LAS VEGAS, May 13, 2015 /PRNewswire/ -- MGM Resorts International (NYSE: MGM) today announced that leading independent proxy advisory firm Institutional Shareholder Services Inc. ("ISS") has issued a report recommending that MGM's shareholders vote the WHITE proxy card FOR the reelection of all eleven of MGM's highly qualified director nominees. ISS also specifically recommended that shareholders do not vote for any of the four nominees proposed by Land & Buildings ("L&B"). The Company's 2015 Annual Meeting will be held on May 28, 2015.

MGM Resorts is extremely pleased that ISS has recommended in favor of all our highly qualified and experienced director nominees. ISS appears to understand that MGM is performing well, has a strong strategic position and that our Board is taking its responsibility to evaluate the Company's strategic options very seriously. As we have said, we are always receptive to any shareholder with a constructive view on how to create value and we have for some time been actively evaluating all strategic initiatives for the Company, including a potential partial or total REIT strategy, and we will continue to do so. This recommendation by ISS reinforces our strong belief that MGM has the right Board in place to continue generating substantial value for its shareholders and position the Company for continued success. MGM urges shareholders to vote the WHITE proxy card today for the reelection of all of MGM's director nominees.

In recommending that shareholders support the Company's entire slate of director nominees, ISS stated in its May 13, 2015 report:

- "As the dissident has not made a compelling case that change at the board level is warranted, votes on the management card for all management nominees are warranted."
- "This does not appear to be a board dismissive of emerging, and sometimes competing, strategic alternatives."
- "It is also significant that the company continues to invest in the future – including expanding domestically, with the National Harbor and Springfield projects, as well as internationally – but makes no all-in bet on a

single project. Even a major project like MGM Cotai represents less than 15% of enterprise value."

- "On the REIT issue out of which this contest appears to have sprung, there is [...] little evidence indicating the board is unduly resistant to the strategy, or unlikely to take appropriate action if it can enhance shareholder value."

MGM strongly recommends that shareholders vote on the WHITE proxy card to support the Company's nominees at the upcoming Annual Meeting.
