As the property's spectacular Grand Garden was illuminated

for the first time, fireworks signaled a new era for downtown Detroit with matchless amenities and accommodations never before available in the Midwest.

Of Detroit's three original casinos, MGM Grand Detroit is the only hotel and entertainment destination created as an entirely new venue -- built from the ground up -- to deliver an unequaled guest experience. Room reservations are available via <http://www.mgmgranddetroit.com/> or (888) 646-3387.

Among MGM Grand Detroit's key elements:

-- GRAND GARDEN: Designed by the imaginative artists renowned for holiday creations in Rockefeller Center and the Bellagio Conservatory and Botanical Gardens in Las Vegas, this botanical display anchors the property. The garden is a distinctive environment with dynamic lighting and flourishing plants and serves as a seasonal attraction for guests and the community. For its debut, autumn bursts into resplendent color featuring giant glass-fabricated leaves and 50-foot Canadian white birch trees. Colossal Michigan-grown pumpkins weighing up to 1,200 pounds commemorate the seasonal holidays and complete the picturesque autumnal scene.

-- LOBBY: The lobby envelops patrons in a modern yet tranquil atmosphere with grandiose 20-foot ceilings and a handcrafted alabaster wall. The adjacent guest-only "Living Room" features a wall-length fireplace, plush oversized ottomans and contemporary artwork from Michigan artist Herb Babcock, where hotel guests can relax or make reservations via the dedicated concierge. Floral artistry by Detroit-based Terry's Enchanted Garden begins in the lobby and extends throughout the destination.

-- GUEST ROOMS AND SUITES: MGM Grand Detroit features 400 chic and stylish guest rooms, including 65 opulent suites accented with modern, colorful prints by Detroit artist Gilda Snowden. Guests enjoy 24-hour in-room dining by the original celebrity chef, Wolfgang Puck. Luxury guest rooms start at 510 square feet and feature oversized bathrooms; showers featuring a "peek a boo" panel of opaque tangerine glass offering a glimpse of a showering silhouette from the bedroom; telephones that serve as a "Butler" with color touch-screen technology that enables guests to access property information, schedule wake-up calls, order room service and connect to the Internet without picking up the phone; a 42-inch wall-mounted plasma television and an IPOD docking station. Ranging from 1,000 to 2,225 square feet, each suite features a marble foyer, living room sitting area with wet bar and floor-to-ceiling wraparound windows for stunning 90-degree cityscape views. On the top floor of the resort, the spectacular VIP Penthouse

Suites also provide entertainment rooms with 54-inch plasma TVs, formal dining rooms and a private kitchen where hotel chefs can prepare meals for guests.

- IMMERSE SPA AND SALON: A 20,000-square-foot modern-day urban loft, IMMERSE is the first U.S.-based spa for internationally acclaimed architecture firm tonychi and associates and is inspired by nature's most calming element: water. Design elements are complemented by black-and-white photography of serene and natural landscapes by Detroit photographer Bill Schwab. The lavish, two-level space includes a full-service spa; six treatment bungalows; wet room with Vichy shower; first-class salon; state-of-the-art exercise room; relaxation lounges; separate vanity areas for men and women featuring a whirlpool and steam room; an infinity-edge pool; a spa boutique. The opening also marks the Detroit debut for Sonya Dakar -- the "first lady" of celebrity skin care -- who brings her signature treatments to IMMERSE.
  
- BOURBON STEAK: Designed by international firm SUPERPOTATO, BOURBON STEAK is a new steakhouse concept from two-time James Beard Award-winner Michael Mina, featuring creative variations of classic steakhouse fare with signature dishes including slow-poached, all natural Angus Beef, Duck Fat Fries, Spinach Souffle and Truffle Mac & Cheese.
  
- SALTWATER: Michael Mina's SALTWATER features contemporary seafood and refined American cuisine set in an elegant Tony Chi design that celebrates the richness of the sea. SALTWATER showcases Mina's classic dishes including Lobster Pot Pie, Caviar Parfait, Tartare of Ahi Tuna and Mussel Souffle.
  
- WOLFGANG PUCK GRILLE: For the first time, the famous chef brings his innovative cuisine to Michigan. A contemporary version of the classic "bar and grill," WOLFGANG PUCK GRILLE features casual as well as sophisticated fine dining that can be enjoyed either as a relaxed, leisurely dining experience or as a comfortable, quick-bite for breakfast, lunch, dinner and late-night meals. Created by New York-based designer Tony Chi, the restaurant is a celebration of the Midwest -- with fields and expansive skies -- combined with the bustling and energetic city culture.
  
- NIGHTLIFE: MGM Grand Detroit goes beyond the threshold of excitement and delivers the hottest nightlife in the city. The signature lounge, V, features celebrity DJs, exotic cocktails and extraordinary special effects. Giant plasma screens convert real-time images of club-goers into a sexy and captivating pixel patchwork in hues of blue and red that reveals the energy inside the lounge to passersby. From its intimate fire pit to its chic decor, IGNITE sizzles with an energy that sets the soul ablaze. At its focal point, a 14-foot frosted glass

display shifts from a massive wall of ice to a blazing inferno celebrating the dramatic tango between the forces of nature. U-ME-DRINK, AGUA and INT ICE offer guests stylish spots to sip a signature cocktail and listen to their favorite Jazz, Latin or Top 40 hits.

-- MEETING AND EVENTS CENTER: MGM Grand Detroit offers 30,000 square feet of luxury business and reception space including a pillarless 14,000-square-foot Grand Ballroom. The Meeting and Events Center is conveniently located on the third floor making events easily accessible but strategically distinguished from other hotel activities.
