FORWARD-LOOKING STATEMENTS

Statements in this presentation that are not historical facts are forward-looking statements, within the meaning of the Private Securities Litigation Reform Act of 1995 and involve risks and/or uncertainties, including those described in the MGM Resorts International (the “Company”) public filings with the Securities and Exchange Commission. The Company has based forward-looking statements on management's current expectations and assumptions and not on historical facts. Examples of these statements include, but are not limited to, the Company's expectations regarding the closing of its strategic transactions and any benefits expected to be achieved from such transactions, and expectations regarding the achievement of the Company's 2025 ESG goals. These forward-looking statements involve a number of risks and uncertainties. Among the important factors that could cause actual results to differ materially from those indicated in such forward-looking statements include the continued impact of the COVID-19 pandemic, effects of economic and other conditions in the markets in which the Company operates and competition with other destination travel locations throughout the United States and the world, the design, timing and costs of expansion projects, risks relating to international operations, permits, licenses, financings, approvals and other contingencies in connection with growth in new or existing jurisdictions and additional risks and uncertainties described in the Company's Form 10-K, Form 10-Q and Form 8-K reports (including all amendments to those reports). In providing forward-looking statements, the Company is not undertaking any duty or obligation to update these statements publicly as a result of new information, future events or otherwise, except as required by law. If the Company updates one or more forward-looking statements, no inference should be drawn that it will make additional updates with respect to those other forward-looking statements.

MGM’S CORPORATE GOVERNANCE BEST PRACTICES HAVE CONTINUED TO EVOLVE...

MGM RESORTS UNDERSTANDS THE IMPORTANCE OF REGULARLY ASSESSING AND ENHANCING ITS CORPORATE GOVERNANCE AND COMPENSATION PRACTICES

2017

▪ Long-Term Incentive Program
  Expanded the performance criteria under MGM's long-term incentive program by adding a relative total shareholder return (“TSR”) component that compares MGM's performance over a three-year period to that of the other companies in the S&P 500 index

2018

▪ Proxy Improvements
  Made enhancements ahead of MGM's 2018 annual meeting to ensure a more user-friendly experience, including:
  – Incorporation of charts and tables to describe NEO compensation and long-term incentives
  – Incorporation of Board photos to further showcase diversity

2019

▪ Proxy Improvements
  Made additional proxy enhancements ahead of MGM's 2019 annual meeting to ensure a more user-friendly experience, including:
  – Addition of more robust disclosure of Corporate Social Responsibility initiatives and achievements

2020

▪ Separation of Chairman and CEO
  Jim Murren stepped down as Chairman & CEO in early 2020. The Board of Directors appointed:
  – Paul Salem as Chairman, and
  – Bill Hornbuckle as CEO and President of MGM Resorts

▪ Political Contributions
  Adopted political expenditure policy to provide transparency into the Company's political giving and publicly released first contribution report for the period ended June 30, 2020 on the Company's website

▪ Social Impact and Sustainability
  Launched new social impact & sustainability brand, set 2025 aspirations and metrics to track, and publicly disclosed such goals on MGM's website
... WITH FURTHER ENHANCEMENTS IN 2021

**COMMITTEE LEADERSHIP**

Reviewed and changed leadership of certain committees within the Board

**COMMITTEE FRAMEWORK**

Expanded Compensation Committee to include oversight of Human Capital

Re-aligned Corporate Social Responsibility Committee to specifically highlight oversight of sustainability efforts

Established a new Finance Committee

**ESG DISCLOSURE COMMITMENTS**

Publicly committed to enhance ESG disclosures to align with prevailing third-party ESG frameworks, including SASB, TCFD and GRI

**EXECUTIVE OWNERSHIP GUIDELINES**

Increased executive ownership guidelines in 2021 to 6x for the CEO and 3x for other Executive Officers

- Member of the Diversity Advisory Board for Toyota, Diversity and Inclusion Advisor to the Spencer Stuart Global Leadership Team.

- 30 years with MGM. Chief Commercial Officer since December 2020.
- Accomplished industry veteran who has held several leadership positions at MGM Resorts. Prior roles within MGM include President & COO of CityCenter, President & COO of MGM Grand Detroit, SVP of Marketing at MGM Grand Las Vegas, and VP of Slots at Beau Rivage.
STRATEGIC MILESTONES IN 2021

▪ **BetMGM**, MGM’s U.S. sports betting and iGaming joint venture, has established itself as a clear leader in the market

▪ Announced transaction with VICI for the redemption of the Company’s MGM Growth Properties (“MGP”) operating partnership units for $4.4 billion cash as part of VICI’s acquisition of MGP

▪ Purchased Infinity World’s 50% interest in CityCenter and monetized the real estate of ARIA and Vdara for $265 million of net cash proceeds

▪ Sold real estate assets associated with MGM Springfield to MGP for $400 million

▪ Announced the acquisition of The Cosmopolitan of Las Vegas for $1.625 billion

▪ Announced agreement to sell the operations of The Mirage in Las Vegas for $1.075 billion

▪ Selected as Osaka’s integrated resort partner in Japan

ALIGNS WITH COMPANY VISION TO BE THE WORLD’S PREMIER GAMING ENTERTAINMENT COMPANY

SIMPLIFIES MGM STRUCTURE & INVESTMENT CASE

BUSINESS DIVERSIFICATION

BOLSTERS LIQUIDITY POSITION FOR DISCIPLINED CAPITAL ALLOCATION TO MAXIMIZE SHAREHOLDER VALUE
OVER 80% OF EXECUTIVE OFFICER PAY AT MGM IS PERFORMANCE-BASED, TYING PAY DELIVERY TO THE ACHIEVEMENT OF KEY STRATEGIC/OPEATING RESULTS AND SHAREHOLDER RETURNS

SINCE MR. HORNBUCKLE WAS NAMED CEO IN MARCH 2020, MGM HAS DELIVERED SHAREHOLDER RETURNS THAT HAVE GREATLY EXCEEDED BOTH THE BROADER MARKET AND ALL BUT ONE OF ITS DIRECT PEERS.
# MGM’S OFFICER PAY PROGRAM ALIGNS THE INTERESTS OF MANAGEMENT AND SHAREHOLDERS

The majority of executive officer pay is at-risk and strong governance provisions protect shareholder interests.

</table>
Regular outreach to shareholders to discuss governance and compensation matters

Investor targeting via 10+ investor conferences and several non-deal roadshows per year

Strategic communication of the Company’s investment case and future path – Hosted BetMGM investor day in April 2021 to highlight U.S. sports betting & iGaming opportunity

Frequent interaction and solicitation of input from sell-side analysts to understand their clients’ viewpoints

Board member involvement in investor meetings
  - In 2020, a member of the Compensation Committee met with eight of our shareholders and one third party stewardship provider, who in total represented ~29% of our shareholder base¹, to discuss the 2020 say-on-pay vote and executive compensation matters

Strong shareholder representation at the Board level
  - In 2020, three of our largest shareholders, collectively holding 21% of our shares outstanding, held three board seats¹

¹ As of December 31, 2020; Source: 2021 MGM Resorts Proxy. Following the announcement of MGM Resorts’ acquisition of the remaining 50% of CityCenter, William Grounds resigned as a member of the Board of Directors effective August 1, 2022.

<td></td>
<td></td>
</tr>
</tbody>
</table>
Climate Change was deemed the highest priority ESG issue by internal and external stakeholders. The company has reported scope 1 and 2 emissions through CDP disclosures for over a decade and has made major investments in energy efficiency and renewable energy. We committed to setting a Science-based Target for scope 1, 2, 3 emissions by 2023. We are also in the process of completing our first disclosure in line with the recommendations of the Taskforce for Climate Related Financial Disclosures (TCFD).

Human Capital Management (HCM) and Diversity & Inclusion (D&I) were assessed as the most material social issues by stakeholders. We have refreshed our HCM and D&I strategies with new priorities and workforce diversity dashboards. These take a data-driven approach to assessing diverse talent, in support of our goal to ensure all employees have equal access to leadership opportunities. We continue to invest significant resources to develop talent and are committed to a culture of continuous learning.

The COVID-19 pandemic revealed health, safety and well-being as a highly material issue. We created a Health and Safety Center of Excellence, established a Seven Point Health & Safety Plan; and launched new initiatives to help our convention clients ‘Convene with Confidence’.
As a result of our materiality assessment and review of peer and leader ESG programs, we refined our 2021-2025 social impact & sustainability framework, simplified our priorities, and created closer alignment between these priorities and specific U.N. Sustainable Development Goals.
In 2018 and 2019 we announced 14 primary goals to serve as a roadmap to making a positive impact. We have made significant progress since.

Core Belief: We know the importance of respecting each other’s differences. We endeavor to embrace and leverage those differences to achieve best-in-class experiences and cultivate stronger ties with our guests, employees, neighbors and partners. We are committed to taking strong and principled stands on issues of equality and aim to better unify our world.
To ensure that all employees – including women, the LGBTQ+ community, people of color and people with disabilities – have access to leadership opportunities throughout MGM Resorts and that our policies of inclusion are embedded into our culture.

MGM Resorts offers 21 Employee Network Groups (ENGs) throughout the enterprise. With a focus on 10 affinities, our ENGs continually provides access to opportunities to all employees.

Expand Networks  Develop Professional Skills  Develop Leadership Skills  Volunteer  Celebrate Diversity  Advance an inclusive culture and workplace

- **Advance an inclusive culture and workplace**
  - Provide deeper level of workplace engagement and provide self-development programs for frontline employees

- **Promote tolerance, mutual respect, equality & belonging**
  - Grow understanding of key terms within the D&I domain; *diversity, inclusion, belonging and equity*

- **Harness diverse views and ideas as levers for innovation**
  - Leverage diversity of thought to enhance workplace culture and advance business goals
**Core Belief:** As a member of the communities in which we operate, we believe it is our responsibility to contribute to the social and economic progress of where we live. We aim to sustain and build on the best of a community, advancing workforce opportunities, education and food security in all our regions. We are passionately committed to philanthropy, volunteerism and community engagement.

**Supporting Three United Nations Sustainable Development Goals (SDGs):**

- **Decent Work & Economic Growth**
- **Quality Education**
- **Zero Hunger**
The City of Las Vegas is re-developing the Historic Westside, a predominantly African American community. MGM Resorts has agreed to become founding partner of the Community Farming Facility through Freight Farms. The Company has made a one-time donation of $500,000.

**Background**

Freight Farms will launch growing operations within James Gay Park utilizing two pre-built 40-foot shipping containers that can produce an output of nearly 3.5 acres of flat farming each.

**The Project**

The Community Farming Facility will be fully operational by Q3 of 2022. The City of Las Vegas has started the feasibility study and the retrofit work required to build the Community Farming Facility.

**Timeline**

The project will help address food insecurity by providing fresh food choices to the local community. MGM will have naming rights and F&B team members will collaborate on the project by consulting with the City.

**Impact**
Core Belief: We believe a greener business is a better business and environmental leadership is critical to 21st century corporate leadership. We preserve the environment by reducing water, energy and waste, while increasingly purchasing environmentally preferable materials. We are committed to renewable electricity and being a global leader in the fight against climate change.
**LED LIGHTING**
We have installed over 3.4 million Light Emitting Diodes (LED) in one of America’s largest lighting retrofit projects.

**SUSTAINABLE EVENTS IDEAS DECK**
Las Vegas is a global hub for meetings and conventions. We are very focused on helping event planners understand and implement more sustainable practices. Our program is summarized in a user-friendly deck of 32 Sustainable Event ideas.

**MATERIALS DIVERSION PROGRAM**
In one of the hospitality industry’s most comprehensive materials diversion programs, we capture and divert over 30 materials from landfills. This includes common materials such as glass, metal and plastics as well as non-traditional items such as hangers, towels and oysters.

**HEATING VENTILATION & AIR CONDITIONING (HVAC)**
We have invested tens of millions of dollars in HVAC efficiency projects including multiple central plant upgrades and over 1,000 variable speed drives on fans, pumps and motors to ensure less energy is needed to move air and liquids around our buildings.

**WATER EFFICIENT LANDSCAPING**
In Las Vegas we converted over 200,000 square feet of real grass to artificial turf to develop friendly landscape to help reduce our consumptive-water use (water we don’t send back to the sky).”

**SOLAR ELECTRICITY**
At the end of 2020, we had 9.6MW of installed solar capacity. In mid-2021, we opened the 100MW MGM Resorts Mega Solar Array, bringing our installed base of renewable electricity to nearly 110MW.

**ENVIRONMENTALLY PREFERABLE PURCHASING**
We recognize that the materials and products we buy drive much of our environmental impact. These choices also affect our ability to manage waste, as some materials are more durable, recyclable or compostable than others. We have concentrated buying power and use that power to advance environmentally preferable purchasing in many categories.

**WATER EFFICIENT EQUIPMENT & APPLIANCES**
We prioritize water-efficient equipment and appliances, including automatic faucets for sinks, low-flow bathroom fixtures, and high-performance commercial dishwashers.

**CERTIFIED BUILDINGS**
Nearly 90% of MGM Resorts’ portfolio (by square foot) is certified to one or more of the following environmental certifications: LEED (by U.S. Green Building Council), Rain Chain, Green Key, China Green Building, ISO 14001, or ISO 50001.

**FOOD WASTE DIVERSION**
Within our material diversion program we have a respected food waste diversion program. We work on source reduction to avoid food waste being generated, and send thousands of tons of food scraps to animals, co-mingled food and compostable disposables to compost, and grains to biofuel. We also rescue unserved food to feed people in need in our communities.

**NEW, MORE AMBITIOUS CLIMATE GOALS**
On opening our array in 2021, we announced two new, more ambitious climate goals: halve absolute carbon emissions from a 2019 baseline, and source 100% renewable electricity in the US, both by 2030.

**MGM SOLAR ARRAY**
323,000 PANELS, 640 ACRES
MGM’s array is in the hospitality industry’s largest directly sourced renewable-electricity project worldwide. It provides up to 50% of the daytime power needs of all MGM’s Las Vegas resorts.
PROTECTING THE PLANET EXAMPLE INITIATIVE: MGM RESORTS MEGA SOLAR ARRAY

In 2016 MGM transitioned to distribution only service with the local utility in Southern Nevada in order control our energy future and to increase our use of renewable electricity.

In 2018 we signed an agreement with Invenergy to build a utility-scale solar array (100MW) on behalf of MGM Resorts.

In early 2021, Invenergy sold a 75% interest in the MGM Resorts Mega Solar Array to AEP Renewables, a subsidiary of American Electric Power (Nasdaq: AEP).

In mid-2021 production from the array began
- Provides up-to 90% of daytime electricity use of MGM Las Vegas properties (>65M square feet)
- Forecast to provide 24% - 29% of total Las Vegas electricity use (day and night)
- Equal to taking 27,000 average US homes off the grid

The array will be a key enabler of our 2025 goal to Reduce carbon emissions per square foot by 45%
NEW CLIMATE GOALS SET IN 2021

MGM Resorts commits to reducing absolute scope one and two Greenhouse Gas (GHG) emissions by 50% by 2030 (2019 base year)*

MGM Resorts commits to sourcing 100% renewable electricity in US and 80% globally by 2030

* Scope 1 emissions are direct emissions from owned or controlled sources such as natural gas used in onsite boilers, or diesel for vehicles. Scope 2 emissions are indirect emissions from the generation of purchased energy. Note: Scope 3 (value chain) target not currently set but in development.

NEW ESG DISCLOSURES MADE IN 2021

MGM Resorts is committed to transparently informing our stakeholders on our Social Impact & Sustainability policies, programs and performance. In 2021 we expanded the scope of our disclosures in directional alignment with prevailing third-party ESG frameworks, including:

• Sustainability Accounting Standards Board (SASB): Casinos & Gaming Sector Standard
• Sustainability Accounting Standards Board (SASB): Hotels & Lodging Sector Standard
• Global Reporting Initiative (GRI)

We provided these new disclosures within calendar year 2021 on a new dedicated ESG Disclosures page: https://www.mgmresorts.com/en/company/csr/esg-disclosures.html.
FOSTERING DIVERSITY & INCLUSION

• One of the Best Places to Work for LGBTQ Equality  
  (9th consecutive year) — Human Rights Campaign
• One of America’s Best Employers for Diversity — Forbes

Social Impact & Sustainability Report

Mega Solar Array Detailed Information

Mega Solar Array
APPENDIX

PROGRESS AGAINST 2025 SOCIAL IMPACT & SUSTAINABILITY GOALS

AS OF YEAR-END 2020
Women in management percent of management

2025 Goal
Ensure all employees have equal access to leadership opportunities

2020 Highlights
• As of December 31, 2020, management represented 7.7% of our global employee base (4,765 of 62,117)
• From 2018 to 2020 the percent of women in management across the U.S. and China trended upwards to 43.2%, in line with our goal to ensure equal access to leadership opportunities

Progress
• 2018 global baseline: 40.4% women in management
• 2020: 43.2% women in management
• Percent point change from 2018 baseline: +2.8%

Status: On track

Management includes employees graded in MGM HR systems as ‘IC’ and above in the U.S. and level 16 and above in China. The years 2011 to 2017 reflect U.S. data only.
Diverse supplier mentorship program (U.S.) cumulative graduates

### 2020 Highlights
- In 2020 six new diverse suppliers graduated from our Diverse Supplier Mentorship Program, bringing our cumulative total to 18.
- The program offers a select number of diverse suppliers valuable guidance and resources to help enhance their business operations and position them to effectively compete in corporate supply chains, including MGM’s supply chain.
- Based on our deeper focus on engaging diverse suppliers, in 2021 we decided to increase the number of mentees from our originally planned six up to 25, we now expect to meet our goal of 50 graduates by the end of 2022.

### Progress
- 2017 program start: 4 graduates
- 2020: 18 cumulative graduates
- Progress to goal: 36%

Status: On track
Corporate giving to workforce and education programs (U.S.) percent of total U.S. corporate giving

2020 Highlights
- In 2020, our giving to workforce development and education programs decreased to 18% of our total corporate giving.
- This was driven by a shift in our giving priorities due to the Covid pandemic: we focused on supporting immediate needs of our employees and communities.
- We expect to be back on track in 2021 to achieve our 2025 goal.

2025 Goal
- Expand support of workforce development and education programs to 40% of corporate giving.

Progress
- 2017 baseline: 12% of U.S. corporate giving
- 2020: 18% of U.S. corporate giving
- Percent point change from baseline: +6%

Status: Enhancing efforts

Corporate giving represents cash gifts from corporate entities only. Excludes in-kind gifts and giving from individual properties.
Scholarships awarded to children of employees (U.S.) cumulative scholarships

2020 Highlights
- 108 additional scholarships were awarded to children of MGM Resorts employees attending 2-year or 4-year academic programs
- This program was placed on hold in 2021 due to Covid, but is expected to be resumed in 2022

Progress
- 2019 program start: 100 scholarships
- 2020: 208 cumulative scholarships
- Progress to goal: 35%

Status: On track
Employee volunteering (U.S.) cumulative hours logged

2025 Goal
Surpass 1 million cumulative employee volunteer hours

2025 Goal nearly met in 2020
New goal-setting in progress

2020 Highlights
• Despite the Covid pandemic, employees still volunteered in 2020, albeit at a lower number of hours than in previous years
• We are on track to achieve the original goal ahead of schedule, and a new 2025 goal will be announced

Progress
• 2012 baseline: 113,454 logged hours
• 2020: 976,897 logged hours
• Progress to goal: 98%

Status: On track
Community donations through the MGM Resorts Foundation (U.S.) cumulative $

2025 Goal
Exceed $100 million in cumulative donations through MGM Resorts Foundation

2025 Goal met in 2020
New goal-setting in progress

2020 Highlights
- In 2020, the MGM Resorts Foundation provided over $17 million in community donations
- This represented a significant increase from typical donations in prior years and was driven mainly by a large spike in Covid related donations focused on employee relief efforts
- This spike helped us achieve our 2025 goal far ahead of schedule, and a new goal will be announced in due course

Progress
- 2002 program start: $2.2 million
- 2020: $100.8 million cumulative donations
- Progress to goal: 100.8%

Status: Achieved
Employees giving to MGM Resorts Foundation (U.S.) percent of payroll-eligible employees

- **2025 Goal**
  - Achieve 75% participation in domestic employee donations to the MGM Resorts Foundation

- **2020 Highlights**
  - The percent of payroll-eligible employees giving to the MGM Resorts Foundation increased from 34% in 2019 to 42% in 2020; this was mainly driven by an increase in employee support of the Foundation’s Employee Emergency Grant Fund.
  - To encourage participation growth to our 75% goal, we are developing a strategy for increased outreach and new engagement opportunities.

- **Progress**
  - 2002 baseline: 33% of U.S. employees
  - 2020: 42% of U.S. employees
  - Percent point change from baseline: +9%

  Status: Enhancing efforts

Employees currently on furlough or epidemic/unforeseen leave are not included in the number of payroll-eligible employees.

2025 Goal:
Donate 5 million cumulative meals through our Feeding Forward program

2020 Highlights:
- In 2020 we donated over 1.1 million meals to charitable organizations, over 550,000 meals of which were rescued as part of our initial Covid relief efforts in our main communities.
- In total in 2020 (during the initial Covid period and beyond), we rescued over 660,000 meals from properties and funded over 450,000 meals through either: direct cash contributions to food banks; in-kind provision of food; or meal preparation by chefs.

Progress:
- 2016 program start: 232,870 meals
- 2020: 2,643,699 cumulative meals
- Progress to goal: 53%

Status: On track

*Highlights for 2020 have been updated from the original posting on our Investor Relations site on April 28, 2021 to over 660,000 meals rescued (previously reported as nearly 750,000); and to funded over 450,000 meals (previously reported as nearly 400,000). Total donated meals for 2020 remains unchanged.*
Energy use (global) kilowatt hours per square foot

2025 Goal
Reduce energy per square foot by 25% (2007 baseline)

2020 Highlights
- We exceeded our energy reduction goal in 2020 but this was mainly driven by Covid-related closures; as business comes back we assume a commensurate increase in energy use
- Notwithstanding property closures, in 2020 we still completed a number of energy efficiency projects including heating, ventilation, and air conditioning (HVAC) upgrades
- In the run-up to 2020, our energy use per square foot had been plateauing and slightly increasing due to the addition of less energy-efficient properties to our portfolio and year-over-year increases in business volumes and occupancy
- Going forward, we expect to make investments in energy efficiency that will help us meet our goal

Progress
- 2007 baseline: 31.2 kWh/sf
- 2020: 21.0 kWh/sf
- Progress: Goal temporarily achieved in 2020 but driven by Covid-related business impacts

Energy includes electricity and natural gas (or equivalent).
Based on audits completed in May 2021, data for 2007 to 2020 updated from original postings on MGM Investor Relations and Social Impact & Sustainability sites on 4/28/21 and 5/6/21 respectively.

Energy use (global) kilowatt hours per square foot

31.2 30.8 29.4 26.8 27.3 27.4 26.9 26.7 26.0 26.0 26.0 26.3 24.5 24.2 23.9 23.6 23.4 21.0
Carbon emissions (global) pounds CO2 equivalent (Scope 1 and 2) per square foot

2025 Goal
Reduce carbon emissions per square foot by 45% (2007 baseline)

2020 Highlights
- We came extremely close to our 2025 carbon reduction goal by the end of 2020, but this was mainly driven by Covid-related closures
- We expect to maintain the carbon emission reductions associated with the Covid closures by completing the MGM Resorts Mega Solar Array; this will allow us to meet our 2025 goal in 2021
- The 100MW MGM Resorts Mega Solar Array located in North Las Vegas is comprised of more than 330,000 solar panels; at peak production the array is expected to provide up to 90% of the electricity needs of our Las Vegas portfolio
- We expect to announce a new Science-based Target (SBT) for absolute carbon emissions reduction in due course

2025 Goal

Progress
- 2007 baseline: 30.5 lbs CO2e/sf
- 2020: 16.9 lbs CO2e/sf
- Progress: Goal nearly achieved in 2020 but driven by Covid-related business impacts

Status: On track

Based on audits completed in May 2021. data for 2007 to 2020 updated from original postings on MGM Investor Relations and Social Impact & Sustainability sites on 4/28/21 and 5/6/21 respectively.
Water withdrawal (global) gallons per square foot

2025 Goal
Reduce water per square foot by 30% (2007 baseline)

2020 Highlights
- We achieved our 2025 water goal by the end of 2019 and significantly exceeded it in 2020, but 2020 reductions were mainly driven by Covid-related closures
- Goal achievement in 2019 was partly based on water conservation efforts and also based on a restatement of previously reported data
- Actual well water use data became available from regional water authorities in 2020; previously we used well water allocation as proxy for withdrawal as actual withdrawal was not available
- We expect to announce a new 2025 goal for water reduction in due course

2025 Goal met in 2019
New goal-setting in progress

Progress
- 2007 baseline: 76.4 gal/sf
- 2020: 40.4 gal/sf
- Progress: Goal met in 2019

Status: Achieved

Water withdrawal includes utility water and well water.
Based on audits completed in May 2021, data for 2007 to 2020 updated from original postings on MGM Investor Relations and Social Impact & Sustainability sites on 4/28/21 and 5/6/21 respectively.
Materials diversion rate (global) percent of materials recycled, composted, etc.

2025 Goal
Achieve 60% materials diversion rate

2020 Highlights
- While total material volumes fell significantly due to Covid-related business closures, our material diversion rate stayed relatively consistent between 2019 and 2020
- We divert over 30 materials from landfills and have a specific focus on food waste, supporting the U.S. Environmental Protection Agency’s Food Recovery Hierarchy
- We rescued nearly 800,000 pounds of food and donated it to charities focused on hunger
- To standardize our materials diversion processes and improve reporting across the U.S., our regional properties are expected to shift to a national materials management contract in 2021

Progress
- 2007 baseline: 9.8% diversion
- 2020: 42.6% diversion
- Percent point change: +32.8%

Status: On track

Materials diverted includes: Organics: e.g., food to farms, compost, organics; yellow/brown grease to biofuel, horticulture to farms/compost, Recyclables: e.g., metal, plastic, paper, cardboard; Donated/liquidated: e.g., furniture, assets, food to charity.

Materials disposed includes: landfill, waste-to-energy, incineration, food-to-waste-water.
