1. Before changes in working capital
2. US $/oz silver, net of by-product credits; example of “Non-IFRS” measure. See disclosure in quarterly MD&A for information on “Non-GAAP” measures found on company website.
3. Gold ounces converted to silver equivalent ounces on a 80:1 ratio

SUSTAINABILITY
Sustainability and corporate social integrity lie at the heart of Endeavour Silver. Who we are and what we do, is embodied in our mission to find, build and operate quality silver mines in a responsible way to create long-term value for stakeholders. We recognize that sustainable development contributes to the long-term viability of our business and our host communities. For us, that means responsibly growing our business while operating safely, respecting our shared environment, supporting our people and contributing to the prosperity of our host communities.
**Endeavour Silver Corp.** is a mid-tier precious metals mining company with four high-grade, underground, silver-gold mines in Mexico.

Endeavour has completed commissioning its fourth mine El Compas, is advancing a possible fifth mine at the Terronera mine project and exploring its portfolio of exploration and development projects in Mexico and Chile to facilitate its goal to become a premier senior silver producer. Our philosophy of corporate social integrity creates value for all stakeholders.

---
