

Request for Proposal

MINE MANAGEMENT INFORMATION SYSTEM

Trevali Mining Corporation hereby invites competent, well-established and registered companies to submit proposals for the following:

ENQUIRY NUMBER: TREVRFPMIS2018

ENQUIRY NAME: SUPPLY OF MINE MANAGEMENT INFORMATION SYSTEM

DESCRIPTION:

Trevali has recently identified a requirement for a Mine Management Information System.

This scope entails to assist Trevali to adopt to a more structured approach to reporting on operational and maintenance performance metrics across all four operating mine sites. The main reason behind this conviction is the benefits of having a standardized set of performance metrics at each site to provide better information for decision making both at the site and at the corporate level.
