

ADT INC.
AUDIT COMMITTEE CHARTER

I. Purpose

An Audit Committee (the “**Committee**”) of the Board of Directors (the “**Board**”) of ADT Inc. (together with its direct and indirect subsidiaries, the “**Company**”) is appointed by the Board to exercise the power of the Board and to assist the Board in fulfilling its oversight responsibilities by overseeing and monitoring:

- the accounting, financial, and external reporting policies and practices of the Company;
- the integrity of the Company’s financial statements;
- the independence, qualifications and performance of the Company’s independent public accountants;
- the performance of the Company’s internal audit function;
- the operational policies and practices that affect internal controls;
- the Company’s compliance with legal and regulatory requirements; and
- such other matters as shall be mandated under applicable laws, rules and regulations (including the Securities Exchange Act of 1934 and the rules promulgated thereunder, as amended (the “**Exchange Act**”) as well as listing standards of the New York Stock Exchange (the “**Exchange**”) (together, the “**Applicable Requirements**”).

Although the Committee has the powers and responsibilities set forth in this Audit Committee Charter (the “**Charter**”), the principal role of the Committee is oversight. It is not the role or responsibility of the Committee to (i) determine that the Company’s financial statements are complete and accurate or prepared in accordance with generally accepted accounting principles (“**GAAP**”) or (ii) ensure compliance with applicable laws and regulations. The members of the Committee are not full time employees of the Company and do not serve as accountants or auditors of the Company. The primary responsibility for these matters rests with the Company’s management and the Company’s independent auditor. Further, it is not the duty of the Committee to plan or conduct audits. The independent public accountants are responsible for planning and conducting audits of the financial statements. Therefore, each member of the Committee shall be entitled to rely, to the fullest extent permitted by law, on the integrity of those persons and organizations within and outside the Company from whom information is received and on the accuracy of the financial and other information provided to the Committee by such persons or organizations absent actual knowledge to the contrary (which shall be promptly reported to the Board).

II. Organization

The Committee shall consist of at least three (3) members designated by the Board on the recommendation of the Nominating and Corporate Governance Committee, each to serve until such member’s successor is duly designated or until such member’s earlier resignation or removal. Any member of the Committee may be removed, with or without cause, by the Board upon written notice to the removed member.

No member of the Committee may serve simultaneously on the audit committee of more than two other public companies unless the Board has determined that such service would not impair the member's ability to serve on the Committee and such determination has been disclosed on the Company's website or in the Company's proxy statement.

The Committee may form and delegate authority to subcommittees from time to time as it sees fit, provided that the subcommittees may consist only of members of the Committee who satisfy the applicable independent requirements of the Applicable Requirements.

III. Financial Expertise

Each member of the Committee shall satisfy (i) the independence, financial literacy, experience and expertise requirements imposed by the Securities and Exchange Commission (the "SEC") and of the Company's corporate governance guidelines, Section 10A-3 of the Exchange Act and any other Applicable Requirements, subject to any phase-in periods or cure periods permitted by Rule 10A-3(b)(1)(iv)(A) under the Exchange Act and other Applicable Requirements and (ii) any other qualifications determined by the Board from time to time. Determinations of independence, financial literacy, experience and expertise shall be made by the Board as the Board interprets such qualifications in its business judgment.

IV. Chair

The Board shall designate a chairman of the Committee on the recommendation of the Nominating and Corporate Governance Committee, or, if not so designated, the members of the Committee shall elect a chairperson by a vote of the majority of the whole Committee. The chairman will chair all regular sessions of the Committee and set the agendas for Committee meetings.

V. Meetings

The Committee shall meet as frequently as it deems necessary, but in no event less than four times per year on a quarterly basis. A majority of the members then serving on the Committee shall constitute a quorum. Meetings shall be called by the chairperson of the Committee or, if there is no chairperson, by a majority of the members then serving on the Committee. Unless the Committee or the Board adopts other procedures, the provisions of the Company's Amended and Restated Bylaws (as may be further amended from time to time) applicable to meetings of Board committees (or if no such provisions exist, applicable to meetings of the Board) will govern meetings of the Committee.

The Committee may request that any directors, officers or employees of the Company, or other persons whose advice and counsel are sought by the Committee, attend any meeting to provide such information as the Committee requests or as the Committee deems appropriate in order to carry out its duties and responsibilities.

All actions and decisions of the Committee shall require the affirmative vote of a majority of the members then serving on the Committee. Minutes of each meeting will be kept with the regular corporate records. Any action required or permitted to be taken at any meeting of the Committee may be taken without a meeting, if all members of the Committee consent thereto in writing or by electronic transmission, and the writing or writings or electronic

transmission or transmissions are filed with the minutes of proceedings of the Committee. The chairman of the Committee or his or her designee will report on each meeting of the Committee as well as any actions taken by the Committee to the Board at the next meeting of the Board following the meeting of the Committee or any such actions taken by the Committee.

VI. Duties and Responsibilities

The Committee's duties and responsibilities shall include the matters enumerated below, as well as such other matters as may be delegated to the Committee by the Board from time to time. In discharging its responsibilities, the Committee will be entitled to reasonably rely on management, the Committee's independent public accountants and other advisors and experts, as the Committee deems necessary or appropriate. The Committee has the power, in its discretion, to conduct any investigation it deems necessary or appropriate to enable it to carry out its duties. The Committee shall have unrestricted access to the Company's independent public accountants, internal audit function, internal and outside legal counsel, and anyone else in the Company.
