As permitted by applicable securities law, the Company is using notice-and-access to deliver the proxy materials to shareholders. This means that the proxy materials are being posted online to access, rather than being mailed out. Notice-and-access substantially reduces the Company's printing and mailing costs and is environmentally friendly as it reduces paper and energy consumption.

The proxy materials are available on the "Investor Relations" section of the Company's website at <https://investors.charlottesweb.com>, SEDAR+ at www.sedarplus.ca and the SEC's website at www.sec.gov. On or about April 16, 2026, we will mail our shareholders a *Notice of Internet Availability of Proxy Materials* containing instructions on how to access our proxy materials and vote online. The notice also provides instructions on how you can request proxy materials be sent to you by mail or email and how you can enroll to receive proxy materials by mail or email for future meetings.

The record date for the determination of shareholders of the Company entitled to receive notice of and to vote at the Meeting or any adjournment(s) or postponement(s) thereof is April 06, 2026 (the "**Record Date**"). Holders of Common Shares of the Company whose names have been entered in the register of shareholders of the Company at the close of business on the Record Date will be entitled to receive notice of and to vote at the Meeting or any adjournment(s) or postponement(s) thereof. On November 3, 2021, all outstanding proportionate voting shares of the Company were converted by way of mandatory conversion in accordance with the Company's articles and at the discretion of the Company, into Common Shares. Pursuant to the Company's articles, the Company is no longer authorized to issue additional PVS and as of April 16, 2026, nil PVS are outstanding.

A shareholder of the Company may attend the Meeting live via webcast or may be represented by proxy. Registered shareholders of the Company who are unable to attend the Meeting or any adjournment(s) or postponement(s) thereof via the webcast are requested to date, sign and return the accompanying Proxy Instrument for use at the Meeting or any adjournment(s) or postponement(s) thereof.

Your proxy or voting instructions must be received in each case no later than 11:59 p.m. (Eastern Time) on May 27, 2026, or, if the Meeting is adjourned or postponed, at least 48 hours (excluding Saturdays, Sundays and statutory holidays in the Province of British Columbia) before the beginning of any adjournment(s) or postponement(s) to the Meeting. We encourage shareholders currently planning to participate in the Meeting to submit their votes or form of proxy in advance so that their votes will be counted in the event of technical difficulties.

If you are a *non-registered shareholder* of the Company and receive these materials through your broker or another intermediary, please complete and return the materials in accordance with the instructions provided to you by your broker or such other intermediary.

Whether or not you plan to attend the Meeting via live webcast, we encourage you to read this proxy statement and **promptly vote your shares**. GENERAL INFORMATION ABOUT THE ANNUAL GENERAL AND SPECIAL MEETING AND VOTING

Proxy Materials

Why am I receiving these materials?

Management of the Company is using this proxy statement to solicit proxies for use at the Meeting to be held via live webcast on May 28, 2026.

The following proxy materials are being posted online to access, rather than being mailed out: (1) proxy statement; (2) the Proxy Instrument; (3) the Company's Annual Report on Form 10-K for the year ended December 31, 2025 (including our audited annual consolidated financial statements of the Company for the fiscal year ended December 31, 2025, together with the notes thereto, and the independent auditor's report thereon and the related management's discussion and analysis); and (4) a request for financial statement form for the fiscal year ended December 31, 2026. As permitted by applicable securities law, the Company is using notice-and-access to deliver the proxy materials to shareholders.

As a shareholder, you are invited to attend the Meeting and are entitled and requested to vote on the business items described in this proxy statement. This proxy statement is furnished in connection with the solicitation of proxies by or on behalf of management of the Company. This proxy statement is designed to assist you in voting your shares and includes information that we are required to provide under the rules of the SEC and applicable Canadian securities laws.

These proxy materials are being sent to both registered and non-registered shareholders. In some instances, the Company has distributed copies of the Notice, the proxy statement, the accompanying Proxy Instrument and the Company's Annual Report on Form 10-K (collectively, the "**Documents**") to clearing agencies, securities dealers, banks and trust companies, or their nominees (collectively "**Intermediaries**", and each an "**Intermediary**") for onward distribution to shareholders whose shares are held by or in the custody of those Intermediaries ("**Non-registered Shareholders**"). Subject to below, the Intermediaries are required to forward the Documents to Non-registered Shareholders.

In accordance with applicable laws, Non-registered Shareholders who have advised their Intermediary that they do not object to the Intermediary providing their ownership information to issuers whose securities they beneficially own ("**NOBOs**") will receive by mail a letter with respect to the *Notice of Internet Availability of Proxy Materials*. NOBOs who have standing instructions with the Intermediary for physical copies of this proxy statement will receive by mail the *Notice of Internet Availability of Proxy Materials*, the Notice and the proxy statement.

Management of the Company intends to pay for Intermediaries to forward the *Notice of Internet Availability of Proxy Materials* to Non-Registered Holders who have advised their Intermediary that they object to the Intermediary providing their ownership information ("**OBOs**").

Solicitation of proxies from Non-registered Shareholders will be carried out by Intermediaries, or by the Company if the names and addresses of Non-registered Shareholders are provided by the Intermediaries.

Non-registered Shareholders who have received the Documents from their Intermediary should follow the directions of their Intermediary with respect to the procedure to be followed for voting at the Meeting. Generally, Non-registered Shareholders will either:

- receive a form of proxy executed by the Intermediary but otherwise uncompleted. The Non-registered Shareholder may complete the proxy and return it directly to Broadridge Financial Solutions, Inc. ("**Broadridge**"); or
- be provided with a request for voting instructions. The Intermediary is required to send the Company an executed form of proxy completed in accordance with any voting instructions received by the Intermediary.

If you are a Non-registered Shareholder and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained from your Intermediary in accordance with applicable securities regulatory requirements. By choosing to send the Documents to you directly, the Company (and not your Intermediary) has assumed responsibility for: (i) delivering the Documents to you; and (ii) executing your proper voting instructions. Non-registered Shareholders who have elected to receive the Documents by electronic delivery ("**e-Delivery**") will have received e-mail notification from the Intermediary that the Documents are available electronically on the Company's website. Please return your voting instructions as specified in the request for voting instructions.

The Company's officers and regular employees, on behalf of the Company without being additionally compensated, may solicit proxies personally and by mail, telephone, facsimile or electronic communication at nominal cost to the Company.

The Company will not reimburse Intermediaries such as brokerage houses and other custodians, nominees and fiduciaries for forwarding proxy materials to Non-registered Shareholders.

What items of business will be voted on at the Meeting?

The business items to be voted on at the Meeting are:

- The setting of the number of directors at six;
- The election of directors for the forthcoming year from the nominees proposed by the Board;
- The appointment of PKF O'Connor Davies LLP, as auditors for the Company and the authorization of the Board to fix the auditors' remuneration and terms of engagement;
- The ordinary resolution (the "**Transaction Resolution**") authorizing and approving the amendment (the "**Amendment**") of the Company's C\$75,341,080 principal amount convertible debenture held by BT DE Investments Inc. ("**BAT**"), a wholly owned subsidiary of British American Tobacco p.l.c., issued on November 14, 2022 (the "**Convertible Debenture**") and the issuance of common shares of the Company ("**Common Shares**") that may be required to be issued to BAT upon: (i) the conversion (the "**Conversion**") of the Convertible Debenture; and (ii) the concurrent equity investment in the Company by BAT (the "**Investment**", and together with the Amendment and the Conversion, the "**Transaction**"), where such Transaction would, (x) "materially affect control" (as such term is defined in the Toronto Stock Exchange Company Manual) of the Company through the creation of a new "Control Person" (as such term is defined in the *Securities Act* (British Columbia)); and (y) result in the issuance of greater than 25% of the number of Common Shares issued and outstanding prior to the closing of the Transaction; and
- The transaction of such other business as may properly come before the Meeting or any adjournment(s) or postponement(s) thereof.

What are my voting choices?

You may vote "FOR" or "AGAINST" the setting of the number of directors at six; "FOR" or "WITHHOLD" the election of nominees for election as directors; "FOR" or "WITHHOLD" the appointment of PKF O'Connor Davies LLP; and "FOR" or "AGAINST" the Transaction Resolution, as auditors for the ensuing year and the authorization of the Board to fix the auditor's remuneration.

How does the Board recommend that I vote?

Our Board recommends that you vote your shares "FOR" the setting of the number of directors at six, "FOR" each of its nominees for election to the Board, "FOR" the appointment of PKF O'Connor Davies LLP as auditors for the ensuing year and the authorization of the Board to fix the auditor's remuneration, and "FOR" the Transaction Resolution.

What vote is required to approve each item?

To conduct business at the Meeting, the quorum of shareholders is at least two persons who are, or who represent by proxy, shareholders who, in the aggregate, hold at least 25% of the issued shares entitled to be voted at the Meeting.

If you indicate "WITHHOLD" in respect to the election of directors, your vote will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Meeting. As described below, broker non-votes will be counted for determining the presence or absence of a quorum for the transaction of business at the Meeting, but will not be considered votes cast with respect to the election of any director nominee or on any other proposal.

Proposal	Required Vote
Setting the number of directors at six	Majority of the votes cast on the proposal
The election of directors	Majority of the votes cast on the proposal*
Appointment and remuneration of auditors	Majority of the votes cast on the proposal
Transaction Resolution	Majority of the votes cast on the proposal by disinterested shareholders**

* The Board has adopted a "majority voting" policy (the "**Majority Voting Policy**"). Pursuant to the Majority Voting Policy, if a nominee for election as director receives "for" votes fewer than a majority of the votes (50% + 1 vote) cast with respect to his or her election by shareholders, he or she must immediately tender his or her resignation to the Board following the meeting of shareholders at which the election is held. Upon receiving such resignation, the Corporate Governance and Nominating Committee (the "**CG&N Committee**") will consider it and make a recommendation to the Board on whether or not to accept the resignation. The Board shall accept the resignation unless it determines that the applicable director shall

continue and announce its decision in a press release promptly within 90 days following the meeting of shareholders. If the Board determines not to accept a resignation, the press release must fully state the reasons for that decision. The resignation will be effective when accepted by the Board. The director who tendered his or her resignation is not permitted to be a part of any deliberations of the CG&N Committee or of the Board pertaining to the resignation offer. The policy only applies in circumstances involving an uncontested election of directors.

** The Transaction Resolution must be approved by a simple majority (50%+1) of the disinterested shareholders of the Company. For purposes of disinterested shareholder approval, to the knowledge of the Company, and assuming the following remains true as of date of the Meeting, the only votes to be excluded will be those held by BAT, which, as at the date hereof, holds nil Common Shares. Abstentions and broker non-votes, if any, will have no effect on the outcome of the proposal. See "*Proposal 4 - Amendment of Convertible Debenture and Investment by BT DE Investments Inc.*" below for more information.

What happens if additional items are presented at the Meeting?

As of the date of this proxy statement, management of the Company knows of no such amendments, variations or other matters to come before the Meeting. However, if other matters properly come before the Meeting, it is the intention of the persons named in the enclosed Proxy Instrument to vote such proxy according to their best judgment.

Where can I find the voting results?

We expect to announce preliminary voting results at the Meeting and to publish final results in a current report on Form 8-K that we will file with the SEC and in a report of voting results in accordance with National Instrument 51-102 – *Continuous Disclosure Obligations* that we will file in Canada on SEDAR+ promptly following the Meeting. Both the Form 8-K and report on voting results will also be available on the "Investor Relations" section of our website at <https://investors.charlottesweb.com>.

How You Can Vote

What shares can I vote?

You are entitled to vote all shares owned by you on the Record Date, including (1) shares held directly in your name as the shareholder of record and (2) shares held for you as the beneficial owner through a bank, broker or other nominee. As of the Record Date, there were (i) 116 shareholders of record holding 160,538,288 outstanding Common Shares; and (ii) nil shareholders of record holding nil outstanding PVS.

SHAREHOLDERS HAVE THE RIGHT TO APPOINT A PERSON TO REPRESENT HIM, HER OR IT AT THE MEETING OTHER THAN THE PERSON(S) DESIGNATED IN THE PROXY INSTRUMENT either by striking out the names of the persons designated in the Proxy Instrument and by inserting the name of the person or company to be appointed in the space provided in the Proxy Instrument or by completing another proper form of proxy and, in either case, delivering the completed proxy to Broadridge by mail using the enclosed return envelope to Attention: Vote Processing c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717. Alternatively, you may vote by Internet at www.proxyvote.com or by calling 1-800-690-6903.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

Most of our shareholders hold their shares through an Intermediary such as a bank, broker or other nominee rather than having the shares registered directly in their own name. Summarized below are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record (Registered Shareholder)

If your shares are registered directly in your name with our transfer agent, Odyssey Trust Company, you are the shareholder of record of the shares. As the shareholder of record, you have the right to grant a proxy to vote your shares to representatives from the Company or to another person, or to vote your shares electronically at the Meeting. Shareholders of record will receive paper copies of a *Notice of Internet Availability of Proxy Materials* containing instructions on how to access and review proxy materials as well as directions on how to vote by proxy.

Beneficial Owner (Non-registered Shareholder)

If your shares are held through a bank, broker or other nominee, it is likely that they are registered in the name of the nominee and you are the beneficial owner of shares held in street name.

As the beneficial owner of shares held for your account, you have the right to direct the registered holder to vote your shares as you instruct, and you also are invited to attend the Meeting. Your bank, broker, plan trustee or other nominee has provided a voting instruction card, or otherwise provided voting instructions, for you to use in directing how your shares are to be voted.

How can I vote at the Meeting?

The Meeting will be held entirely online to allow for greater participation. Shareholders may attend and participate in the Meeting by visiting the following website: <http://www.virtualshareholdermeeting.com/CWEB2026>. To attend and participate in the Meeting, you will need the 16-digit control number included on your *Notice of Internet Availability of Proxy Materials*, on your form of proxy or on the instructions that accompanied your proxy materials. Shares held in your name as the shareholder of record may be voted electronically during the Meeting. Shares for which you are the beneficial owner may be voted electronically during the Meeting if you hold a valid proxy to vote at the Meeting.

Even if you plan to attend the Meeting, we recommend that you also submit your proxy or voting instructions in advance of the Meeting, as described below, so that your vote will be counted if you later decide not to attend.

How can I vote without attending the Meeting?

Shareholder Proposals and Director Nominations

What is the deadline to submit shareholder proposals to be included in the proxy materials for next year’s annual meeting?

The Company is subject to the rules of both the SEC under the Securities Exchange Act of 1934, as amended (the “**Exchange Act**”), and the *Business Corporations Act* (British Columbia) (“**BCBCA**”) with respect to shareholder proposals. As clearly indicated under the BCBCA and SEC rules under the Exchange Act, simply submitting a shareholder proposal does not guarantee its inclusion in the proxy materials.

Shareholder proposals submitted pursuant to Rule 14a-8 under the Exchange Act for inclusion in the Company’s proxy materials for next year’s annual meeting of shareholders must be received by our Corporate Secretary no later than the close of business (Mountain time) on December 31, 2026, and must be submitted to our Corporate Secretary at Charlotte’s Web Holdings, Inc., 700 Tech Court, Louisville, CO, 80027. Such proposals must also comply with all applicable provisions of Rule 14a-8 under the Exchange Act for inclusion in the Company’s proxy materials for next year’s annual meeting.

The BCBCA sets out the requirements for a valid proposal to be presented at next year’s annual general meeting. Rule 14a-8 also has requirements for inclusion in the Company’s proxy materials and provides for the rights and obligations of the Company and the submitter upon a valid proposal being made. Proposals submitted under the applicable provisions of the BCBCA that a shareholder wishes to be considered at next year’s annual general meeting outside of

Rule 14a-8 must be received at least three (3) months before the anniversary of the Company's last annual general meeting (February 28, 2027). Proposals that are not timely submitted or are submitted to the incorrect address or other than to the attention of our Corporate Secretary may, at our discretion, be excluded from our proxy materials.

Shareholders who intend to solicit proxies in support of director nominees other than the Company's nominees must comply with the universal proxy rules under the Exchange Act by providing notice that sets forth the information required by Rule 14a-19 under the Exchange Act (in addition to complying with and providing the information required by the BCBCA and the Company's articles and Advance Notice Policy to the extent applicable) no later than March 28, 2027.

See below under the heading "*How may I nominate director candidates or present other business for consideration at a meeting?*" for a description of the procedures through which shareholders may nominate director candidates for consideration.

How may I nominate director candidates for consideration at a meeting?

Shareholders who wish to submit director nominees for consideration at next year's annual meeting must give written notice of their intention to do so in accordance with the deadlines under the universal proxy rules under Rule 14a-19 of the Exchange Act described above and the requirements described below, to our Corporate Secretary at the address set forth below under the heading "*How do I obtain additional copies of this proxy statement or voting materials?*" Any such notice also must include the information required by our Articles of Incorporation ("**articles**") (which may be obtained as provided below under the heading "*How may I obtain financial and other information about Charlotte's Web?*") and must be updated and supplemented as provided in the articles.

The Company's articles include advance notice provisions for the nomination for election of directors (the "**Advance Notice Policy**"). See "*Advance Notice Policy*" under "*Proposals 1 and 2 - Election of Directors*" in this proxy statement. The following summary is qualified in its entirety by the full text of the Company's articles.

Subject to compliance with the universal proxy rules under Rule 14a-19 under the Exchange Act, the Company's articles, including the Advance Notice Policy, provides that written notice of director nominees must be received, in the case of an annual meeting, not less than thirty (30) days prior to the date of the annual general meeting of shareholders; *provided, however*, that in the event that the annual meeting of shareholders is to be held on a date that is less than fifty (50) days after the date (the "**Notice Date**") on which the first public announcement of the date of the annual meeting of shareholders was made, notice by the nominating shareholder may be given not later than the close of business on the tenth (10th) day following the Notice Date. If notice-and-access (as defined in National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**")) is used for delivery of proxy related materials in respect of the meeting, and the notice date in respect of the meeting is not fewer than fifty (50) days prior to the date of the applicable meeting, the notice must be received not later than the close of business on the fortieth (40th) day before the applicable meeting.

Shareholders who intend to solicit proxies in support of director nominees other than the Company's nominees must also comply with the universal proxy rules under the Exchange Act by providing notice that sets forth the information required by Rule 14a-19 under the Exchange Act (in addition to complying with and providing the information required by the BCBCA and the Company's articles and Advance Notice Policy) no later than March 14, 2027.

As of April 16, 2026, the Company had not received any nominations via the Advance Notice Policy and universal proxy rules.

How may I recommend candidates to serve as directors?

Shareholders may recommend director candidates for consideration by the Board by writing to our Corporate Secretary at the address set forth below under the heading "*How do I obtain additional copies of this proxy statement or voting materials?*" in accordance with the notice provisions described above under the heading "*How may I nominate director candidates or present other business for consideration at a meeting?*"

Subject to compliance with the Company's articles, to be in proper written form, such notice must set forth the nominee's name, age, business and residential address, and principal occupation or employment, his or her direct or indirect beneficial ownership in, or control or direction over, any class or series of securities of the Company, and such other information on the nominee and the nominating shareholder as set forth in our articles, which may be obtained in accordance with the instructions below under the heading "*How may I obtain financial and other information about Charlotte's Web?*"

Description of the Company's Voting Securities

The Company is authorized to issue an unlimited number of Common Shares. On November 3, 2021, all outstanding PVS of the Company were converted by way of mandatory conversion in accordance with the Company's articles and at the discretion of the Company, into Common Shares. Pursuant to the Company's articles, the Company is no longer authorized to issue additional PVS and as of April 16, 2026, nil PVS are outstanding. On April 06, 2026, there were 116 shareholders of record holding 160,538,288 outstanding Common Shares, and no other shares outstanding.

Voting Rights

The Common Shares carry one vote per share for all matters coming before shareholders at the Meeting.

The holders of Common Shares are entitled to receive notice of any meeting of shareholders of the Company, and to attend and vote at those meetings, except those meetings at which holders of a specific class of shares are entitled to vote separately as a class under the BCBCA.

To the knowledge of the Company's directors or executive officers, as at the Record Date, no person or company owns of record, or owns beneficially, or controls or directs, directly or indirectly, ten percent (10%) or more of the voting rights attached to the voting shares. On June 16, 2023, Joel Stanley, Jesse Stanley, and Lynn Kehler filed a Schedule 13D with the Securities and Exchange Commission establishing a voting group that represented approximately 8.2% of the Company's outstanding voting shares.

Notice-and-Access

The Company is using the "Notice-and-Access" provisions of applicable securities laws under Rule 14a-16 under the Exchange Act, National Instrument 51-102 – *Continuous Disclosure Obligations* ("NI 51-102") and NI 54-101. Under notice-and-access, companies may post electronic versions of such materials on a website for investor access and review and will make such documents available in hard copy upon request at no cost. Notice-and-access substantially reduces the Company's printing and mailing costs and is environmentally friendly as it reduces paper and energy consumption.

This proxy statement, the Annual Report on Form 10-K for the fiscal year ended December 31, 2025 (which includes the audited annual consolidated financial statements of the Company for the year ended December 31, 2025, together with the notes thereto, and the independent auditor's report thereon, and the related management's discussion and analysis), and the form of proxy are available on the "Investor Relations" section of our website at <https://investors.charlottesweb.com>, on SEDAR+ at www.sedarplus.ca and the SEC's website at www.sec.gov. The Company has elected not to use the procedure known as "stratification" in relation to its use of the "notice-and-access" rules. Stratification occurs when an issuer using notice-and-access sends a paper copy of the proxy statement to some shareholders with a notice package.

Shareholders are reminded to review this proxy statement before voting. Shareholders will receive paper copies of a *Notice of Internet Availability of Proxy Materials* containing instructions on how to access and review proxy materials as well as directions on how to vote by proxy.

Shareholders with questions about notice-and-access can call the Company at (720) 484-8930 or email legal@charlottesweb.com.

Interests of Certain Persons or Companies in Matters to be acted upon

Except as described elsewhere in this proxy statement, management of the Company is not aware of any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, of (a) any director or executive officer of the Company, (b) any proposed nominee for election as a director of the Company, and (c) any associates or affiliates of any of the persons or companies listed in (a) and (b), in any matter to be acted on at the Meeting.

On November 14, 2022, the Company entered into an investor rights agreement (the "**Investor Rights Agreement**") between the Company and BAT in connection with the issuance of the Convertible Debenture convertible into 19.9% ownership of the Company's Common Shares at a conversion price of C\$2.00 per Common Share of the Company on the Toronto Stock Exchange (the "**TSX**") on the terms of a subscription agreement between the Company and BAT. Under the terms of the Investor Rights Agreement, the Company's director, Mr. Jonathan Atwood, was appointed as the designee to the board of directors by BAT. Effective October 1, 2025, Mr. Atwood resigned from his position as a member of the board of directors. M. Borgia Walker was subsequently appointed as the designee to the board of directors by BAT effective November 1, 2025. The Investor Rights Agreement provides BAT with certain rights, including the right to nominate 20% of the members of the Company's board of directors for so long as BAT and its affiliates' partially diluted ownership of the Company's common shares is at least 15% (with a stepdown in its nomination rights to 10% of the members of the board

of directors). BAT nomination rights terminate upon its and its affiliates' partially diluted ownership of the Company's common shares declining below 10%, subject to certain exceptions in the investor rights agreement. The Company is putting forward a proposal for shareholders to approve the Transaction Resolution at the Meeting. In the event the Transaction Resolution is passed and the Transaction is completed, the Investor Rights Agreement will be amended and restated. See "*Proposal 4 - Amendment of Convertible Debenture and Investment by BT DE Investments Inc.*" for more information.

On June 16, 2023, Joel Stanley, Jesse Stanley, and Lynn Kehler filed a Schedule 13D with the Securities and Exchange Commission establishing a voting group of over five percent ownership.

Ms. Walker was designated as a Board nominee by BAT pursuant to the Investor Rights Agreement. She has served as Board Chair of Allegacy Federal Credit Union, as well as serving many years as Chair of Allegacy's Supervisory Committee (Audit) and on boards of the YWCA, Winston-Salem Symphony, and Horizons Residential Care Center. Ms. Walker holds a B.S. in Accountancy from the University of Louisville, an MBA in Finance from Webster University, and is a CPA licensed in Kentucky.

The persons named in the accompanying Proxy Instrument (if named and absent contrary directions) intend to vote the shares represented thereby FOR (i) setting the number of directors at six and (ii) the election of each of the aforementioned named director nominees unless otherwise instructed on a properly executed and validly deposited proxy. Management of the Company does not contemplate that any nominees named above will be unable to serve as a director, but, if that should occur for any reason prior to the Meeting, the persons named in the enclosed form of proxy reserve the right to vote for another nominee at their discretion.

Majority Voting for Election of Directors

The Board has adopted a "majority voting" policy (the "**Majority Voting Policy**"). The number of Common Shares voted "For" a director by the holders of Common Shares entitled to vote on the election of directors and represented in person or by proxy at the Meeting must exceed the number of such shares voted "Against" the director. Abstentions and broker non-votes, if any, will have no effect on the outcome of the proposal. Pursuant to the Majority Voting Policy, if a nominee for election as director receives "for" votes fewer than a majority of the votes (50% + 1 vote) cast with respect to his or her election by shareholders, he or she must immediately tender his or her resignation to the Board following the meeting of shareholders at which the election is held. Upon receiving such resignation, the CG&N Committee will consider it and make a recommendation to the Board on whether or not to accept the resignation. The Board shall accept the resignation unless it determines that the applicable director shall continue and announce its decision in a press release promptly within 90 days following the meeting of shareholders. If the Board determines not to accept a resignation, the press release must fully state the reasons for that decision. The resignation will be effective when accepted by the Board. The director who tendered his or her resignation is not permitted to be a part of any deliberations of the CG&N Committee or of the Board pertaining to the resignation offer. The policy only applies in circumstances involving an uncontested election of directors.

Replacement or Removal of Directors

To the extent directors are elected or appointed to fill casual vacancies or vacancies arising from the resignation or removal of directors, in both instances whether by shareholders or directors, the directors shall hold office until the remainder of the unexpired portion of the term of the departed director that was replaced.

Advance Notice Policy

In addition to the universal proxy requirements of Rule 14a-19 of the Exchange Act described elsewhere herein and the BCBCA, our articles include advance notice provisions for the nomination for election of directors. The Advance Notice Policy provides that any shareholder seeking to nominate a candidate for election as a director (a "**Nominating Shareholder**") at any annual meeting of the shareholders, or at any special meeting of shareholders if one of the purposes for which the special meeting was called was the election of directors, must give timely notice thereof in proper written form to our Corporate Secretary.

To be timely under the Advance Notice Policy, a Nominating Shareholder's notice must be given, (i) in the case of an annual meeting, not less than thirty (30) days prior to the date of the annual general meeting of shareholders; provided, however, that in the event that the annual meeting of shareholders is to be held on a date that is less than fifty (50) days after the date on which the first public announcement of the date of the annual meeting of shareholders was made, notice by the nominating shareholder may be given not later than the close of business on the tenth (10th) day following the Notice Date; (ii) in the case of any other general meeting of shareholders called for the purpose of electing directors (whether or not also called for other purposes), not later than the close of business on the fifteenth (15th) day following the day on which the first public announcement of the date of the general meeting of shareholders was made; and (iii) if notice-and-access (as defined in National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer*) is used for delivery of proxy related materials in respect of the meeting, and the notice date in respect of the meeting is not fewer than fifty (50) days prior to the date of the applicable meeting, the notice must be received not later than the close of business on the fortieth (40th) day before the applicable meeting. The articles also prescribe the proper written form for a Nominating Shareholder's notice.

The chair of the meeting shall have the power and duty to determine whether a nomination was made in accordance with the notice procedures set forth in the articles and, if any proposed nomination is not in compliance with such provisions, the discretion to declare that such defective nomination will be disregarded.

Notwithstanding the foregoing, the Board may, in its sole discretion, waive any requirement in the Advance Notice Policy.

- the Company is or will be a participant;
- the aggregate amount involved exceeds \$120,000 in any fiscal year; and
- any related party has or will have a direct or indirect material interest.

The Audit Committee is charged with oversight over related party transactions entered into by the Company.

Company Transactions with Related Parties

In addition to the compensation arrangements discussed under "*Executive Compensation*" below, since January 1, 2025, with the approval of the Board of Directors, the Company has entered into the following Related Party Transactions:

Effective November 13, 2020, the Company entered into a secured promissory note with Jesse Stanley and Master and A Hound Irrevocable Trust, as borrowers, where \$1,000,000 was loaned to Jesse Stanley, one of the Company's founders. The promissory note matured on November 13, 2021, and carries an interest rate equivalent to the Prime Rate (as defined in the promissory note) calculated and accruing monthly in arrears on the last day of each month commencing on November 30, 2020. Interest under the note accrues both before and after demand, default and judgment and until payment. Interest on any overdue amounts payable under the note bears interest at a rate equivalent to the Prime Rate plus 2%. On March 22, 2022, the Company, Jesse Stanley and Master and A Hound Irrevocable Trust entered into a waiver and first amendment to the secured promissory note, which provided for a waiver of existing defaults, an amendment to the maturity date of the promissory note to November 13, 2023 and the addition of additional security. According to the terms of the waiver and first amendment to the secured promissory note, no additional interest will accrue through the payment date. On December 28, 2023, the Company, Jesse Stanley and Master and A Hound Irrevocable Trust entered into a second amendment to the secured promissory note, which provided for an amendment to the maturity date of the promissory note to November 13, 2024. Effective November 13, 2024, the Company, Jesse Stanley and Master and A Hound Irrevocable Trust entered into a third amendment to the secured promissory note, which provided for an amendment to the maturity date of the promissory note to November 13, 2029. As of April 16, 2026, this promissory note remains outstanding. As of December 31, 2022, the Company established a reserve for the full amount of the note, including all accrued interest of \$1,037,000, due to a decline in collateral and risk associated with collectability. The foregoing description is qualified in its entirety by reference to the promissory note included as Exhibit 10.30 and the waiver and first amendment to the secured promissory note included as Exhibit 10.36 to our Annual Report on Form 10-K.

On March 2, 2021, the Company entered into the option purchase agreement (the "**SBH Purchase Option**") with Stanley Brothers USA Holdings, Inc. ("**Stanley Brothers USA**"), a Delaware corporation whose majority shareholders are certain founders of the Company or entities controlled by such founders or their affiliates. The SBH Purchase Option was purchased for total consideration of \$8,000,000 and has a five-year term (extendable for an additional two years upon payment of additional consideration). The agreement provides Charlotte's Web the option to acquire all or substantially all of Stanley Brothers USA on the earlier of February 26, 2024, and federal legalization of Cannabis in the United States, or such earlier time as Stanley Brothers USA and Charlotte's Web may agree, at a purchase price to be determined at the time of exercise of the SBH Purchase Option. CW is not obligated to exercise the SBH Purchase Option. As consideration for entering into the agreement and payment of the \$8,000,000 consideration, Stanley Brothers USA issued a warrant to the Company for the purchase of 10% of the outstanding shares of Stanley Brothers USA on a partially diluted basis, including convertible securities that are considered in-the-money, subject to certain conditions and exclusions, at an exercise price of \$0.001 per share. This warrant can only be exercised should the Company choose to forgo its right to exercise the SBH Purchase Option, and if executed would amount to a nominal exercise price for the Company. The Company is not obligated to exercise the SBH Purchase Option and as such the option expired as of February 26, 2026. The foregoing description is qualified in its entirety by reference to the SBH Purchase Option included as Exhibit 10.5 to our Annual Report on Form 10-K.

Effective January 5, 2023, the Company entered into a Brand License and Option Agreement with JMS Brands LLC, an entity owned by Jesse Stanley, one of the Company's founders. Pursuant to the Brand License and Option Agreement, the Company licensed certain intellectual property from JMS Brands LLC for an annual license fee of \$500,000. Pursuant to the Brand License and Option Agreement, the Company had the option to purchase the licensed intellectual property from JMS Brands LLC for two million dollars (\$2,000,000). On January 5, 2024, the Brand License and Option Agreement expired.

On April 6, 2023, the Company announced the formation of an entity, DeFloria, Inc. ("**DeFloria**"), with AJNA BioSciences PBC ("**AJNA**"), and a subsidiary of British American Tobacco p.l.c. (LSE: BATS and NYSE: BTI) ("**BAT Subsidiary**"). BAT Subsidiary holds (a) a 20% equity interest in the joint venture in the form of 2,000,000 preferred units (or 100% preferred units) following its US\$10 million investment and has the right to participate in future equity issuances to maintain its pro rata equity position and (b) a \$5 million secured convertible indenture that can be converted upon an additional qualified financing or upon maturity of such indenture. The Company and AJNA each hold 4,000,000 of the

joint venture's voting common units or 50%, respectively, of DeFloria's voting common units. AJNA also holds a \$2 million secured convertible indenture that can be converted upon an additional qualified financing or upon maturity of such indenture. BAT holds approximately \$56.8 million (C\$75.3 million) convertible debenture convertible into 19.9% ownership of the Company's Common Shares at a conversion price of C\$2.00 per Common Share of the Company. AJNA, a botanical drug development company focused on mental health and neurological disorders, is partially owned and was co-founded by Joel Stanley, AJNA's president and the former CEO and Chairman of the board of Company, together with certain other founding members of the Company. Jared Stanley is the Chief Executive Officer of DeFloria. Effective February 12, 2024, the Company and DeFloria entered into a Master Services Agreement pursuant to which the Company is compensated for the provision of certain services to DeFloria. On June 21, 2024, the Company entered into a consulting agreement with Jared Stanley (the "**Consulting Agreement**"). In consideration for Mr. Stanley's services, he receives a bi-weekly fee of \$6,000.

On July 15, 2025, the Company entered into a promissory note, as lender, where the Company loaned \$750,000 to DeFloria. The note and accrued interest is due and payable by DeFloria upon the later of December 31, 2026, or the date the Company shall issue and sell units of a newly-authorized series of preferred units in a bona fide financing transaction to one or more investors for aggregate cash proceeds to DeFloria or any other convertible debt of DeFloria of not less than \$10 million. Upon any event of default by DeFloria under the note, which includes DeFloria's failure to pay amounts within 3 business days of when due and breaches of DeFloria's obligations pursuant to the note, the Company will be entitled to exercise its rights under the note.

As discussed under "*Executive Compensation – Employment Agreements*," William Morachnick is party to an employment agreement with the Company.

Director Independence

The Company is not currently subject to listing requirements of any national securities exchange that has requirements that a majority of the board of directors be "independent." The independence of the Company's directors has been determined under the corporate governance rules of the Nasdaq Stock Market ("**Nasdaq**") and applicable Canadian securities laws. The independence rules of Nasdaq include a series of objective tests, including that an "independent" person will not be employed by the Company and will not be engaged in various types of business dealings with the Company. In addition, the Board is required to make a subjective determination as to each person that no material relationship exists with the Company either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company. It has been determined by the Board of Directors that three of the Company's current six directors are independent persons under the independence rules of Nasdaq: Matthew E. McCarthy, Angela McElwee, and Maureen Usifer.

In accordance with National Instrument 52-110 - *Audit Committees*, or NI 52-110, each of Matthew E. McCarthy, Angela McElwee, and Maureen Usifer are considered to be independent. Under NI 52-110, an independent director is one who is free from any direct or indirect relationship which could, in the view of the board of directors, be reasonably expected to interfere with such director's exercise of independent judgment.

The Company's director, Ms. Walker, was appointed as the designee to the board of directors by BAT and, therefore, is not considered to be independent under the NI 52-110 or the rules and regulations of the SEC. The Investor Rights Agreement, which was entered into in connection with the Company's issuance of the debenture to BAT, provides BAT with certain rights, including the right to nominate 20% of the members of the Company's board of directors for so long as BAT and its affiliates' partially diluted ownership of the Company's common shares is at least 15% (with a stepdown in its nomination rights to 10% of the members of the board of directors). BAT nomination rights terminate upon its and its affiliates' partially diluted ownership of the Company's common shares declining below 10% for, subject to certain exceptions in the investor rights agreement, a 30-day period. See also "*Proposal 4 - Amendment of Convertible Debenture and Investment by BT DE Investments Inc.*" which discusses proposed amendments to the Investor Rights Agreement. William Morachnick is not independent, given that he is the Company's Chief Executive Officer. Jared Stanley is also not considered independent under the NI 52-110 or the rules and regulations of the SEC.

Requirements under the Business Corporations Act (British Columbia)

Pursuant to the BCBCA, directors and officers are required to act honestly and in good faith with a view to the best interests of the Company. Under the BCBCA, subject to certain limited exceptions, a director who holds a disclosable interest in a material contract or transaction into which we have entered or propose to enter is not entitled to vote on any

directors' resolution to approve the contract or transaction. In accordance with the BCBCA, a director or officer has a disclosable interest in a material contract or transaction if, among other factors, the director or officer has a material interest in the contract or transaction or the director or officer is a director or senior officer of, or has a material interest in, a person who has a material interest in the contract or transaction.

Generally, as a matter of practice, directors or officers who have disclosed a material interest in any contract or transaction that the Board is considering will not take part in any Board discussion respecting that contract or transaction. If such directors were to participate in the discussions, they would abstain from voting on any matters relating to matters in which they have disclosed a disclosable interest.

OUR BOARD RECOMMENDS THAT YOU VOTE “FOR” THE APPOINTMENT AND REMUNERATION OF OUR AUDITORS IN PROPOSAL 3.

PROPOSAL 4 – AMENDMENT OF CONVERTIBLE DEBENTURE AND INVESTMENT BY BT DE INVESTMENTS INC.

At the Meeting, the disinterested shareholders of the Company will be asked to consider and, if deemed advisable, to approve an ordinary resolution (the “**Transaction Resolution**”) authorizing and approving the amendment of the Company’s C\$75,341,080 principal amount convertible debenture held by BAT, a wholly owned subsidiary of British American Tobacco p.l.c., issued on November 14, 2022 (the “**Convertible Debenture**”) and the issuance of Common Shares to BAT upon:

- (a) the Amendment (as defined below) and conversion (the “**Conversion**”) of the Convertible Debenture; and
- (b) the concurrent equity investment in the Company by BAT (the “**Investment**”, and together with the Amendment and Conversion, the “**Transaction**”),

where such Transaction would,

- (a) “materially affect control” (as that term is defined in the TSX Company Manual) of the Company through the creation of a new “Control Person” (as such term is defined in the *Securities Act* (British Columbia)); and
- (b) result in the issuance of greater than 25% of the number of Common Shares issued and outstanding prior to the closing of the Transaction.

Background

On November 14, 2022, the Company issued the Convertible Debenture pursuant to a subscription agreement with BAT. The Convertible Debenture accrues interest at a stated annualized rate of 5% until such time that there is federal regulation permitting the use of cannabidiol (“**CBD**”), a phytocannabinoid derived from the plant *Cannabis sativa* L. as an ingredient in food products and dietary supplements, in the United States. Pursuant to the terms of the Convertible Debenture, following federal regulation of CBD, the stated annualized rate of interest reduces to 1.5%. The maturity date for the Convertible Debenture is November 14, 2029 (the “**Maturity Date**”).

The principal amount of the Convertible Debenture is convertible at the option of the holder into Common Shares at any time prior to the close of business on the business day prior to the Maturity Date, at a conversion price of C\$2.00 per Common Share, subject to customary anti-dilution adjustments (the “**Conversion Price**”). Accrued and unpaid interest is convertible at a price equal to the five-day volume-weighted average price of the Common Shares on the TSX as of the trading day prior to the date BAT delivers the applicable conversion notice (“**Interest Conversion Price**”).

Pursuant to the Convertible Debenture, unless the Company has obtained shareholder approval, BAT may not convert the Convertible Debenture, in whole or in part, if and to the extent that, as a result of such conversion, BAT would beneficially own or exercise control or direction over, in excess of 19.9% of the number of Common Shares outstanding immediately after giving effect to such conversion (such limit, the “**Conversion Cap**”).

As of May 28, 2026, the expected closing date of the Transaction, the principal amount owing on the Convertible Debenture will be C\$75,341,080 and the accrued but unpaid interest will be an additional C\$14,223,321.

The Convertible Debenture is the largest liability on the Company’s balance sheet. In early 2025, the Company commenced deliberations regarding possible transaction structures to convert the Convertible Debenture into equity on amended terms that reflect market conditions and the Company’s financial capacity. The Company explored alternatives to repayment that were designed to eliminate the significant repayment obligation, reduce balance-sheet risk, and create a more stable financial foundation for the Company going forward. In addition, the Company considered alternative debt and equity financing options, including engaging the services of a financial adviser to advise with respect to the availability of equity raises, project financing, credit facilities or other strategic investments.

On August 20, 2025, the Company and BAT initiated discussions regarding potential transaction structures with respect to repayment of the Convertible Debenture and a potential additional investment from BAT. The discussions continued throughout the remainder of 2025 and into early 2026.

In February 2026, BAT provided the Company with a draft non-binding term sheet reflecting the discussions between the parties to date and containing proposed terms and conditions for the Transaction. Discussions between the parties continued over the following months, during which period representatives of the parties negotiated the draft term sheet and legal counsel to BAT (“**BAT Counsel**”), Stikeman Elliott LLP and Jones Day, began conducting diligence on the Company.

From February 2026 to March 2026, representatives from DLA Piper (Canada) LLP (“**DLA Piper**”), legal counsel to the Company, and BAT Counsel participated in discussions and negotiations with representatives from BAT and the Company.

During such meetings, the parties discussed and negotiated the terms and conditions upon which the Transaction could be completed. During this period, representatives from DLA Piper and BAT Counsel prepared and negotiated drafts of the proposed Subscription Agreement, Amendment and Conversion Notice and Amended & Restated IRA (each, as defined below) for review and consideration by the parties.

The Company engaged the Board to discuss strategic financial options, including the Transaction, beginning in August 2025. The Board met on twelve (12) separate occasions between August 2025 and February 27, 2026 to discuss a variety of strategic financial options, including the Transaction. The proposed terms of the Transaction, including a draft non-binding term sheet, were presented to the Board on February 27, 2026, at which time DLA Piper and management reviewed with the Board the terms of the proposed Transaction, including the benefits of the Transaction as compared to potential alternatives, including a no-Transaction scenario and the availability of financing to support the Company's growth prospects. The Board noted that the Transaction removes a substantial liability for the Company, while injecting new funding. The Board also considered the benefits of a stronger relationship with BAT, including BAT's global presence as a leading consumer goods business with sophisticated management, innovative product platforms, a dedication to research and development, deep consumer insights, regulatory expertise and a commitment to responsible stewardship and consumer safety. In assessing the proposed Transaction, the Board assessed the merits of the Transaction, its prospects for the use of proceeds from the Transaction and a variety of potential risks and adverse considerations that the Transaction presented for the Company. The Board also considered whether the Transaction was in the best interests of the Company and fair and reasonable to the shareholders. The Board considered, among other factors: (i) the terms of the Subscription Agreement, the Amendment and Conversion Notice and the Amended & Restated IRA; (ii) the terms and pricing of the Transaction; (iii) management's view and analysis of the Transaction; (iv) the business and standing of BAT; (v) that the Transaction must be approved by the TSX; and (vi) that the Transaction required a shareholders' meeting and disinterested shareholder approval. BAT's nominee to the Board recused herself from discussions regarding the Transaction due to her affiliation with BAT.

After discussion and consideration, the Board concluded that the Transaction was fair and reasonable to the shareholders and the significant benefits to the Company of the Transaction justified pursuing and advancing the Transaction. The Board unanimously approved (with BAT's nominee to the Board abstaining) the Transaction, along with the entering into of the Subscription Agreement, the Amendment and Conversion Notice and the Amended & Restated IRA and related matters.

During the evening of March 30, 2026, representatives of the Company and BAT, together with their respective legal counsel, finalized the terms of the proposed Transaction and the Subscription Agreement, the Amendment and Conversion Notice and the Amended & Restated IRA on which they were prepared to proceed. Late in the evening of March 30, 2026, BAT and the Company executed and delivered the Subscription Agreement, and a press release announcing the Transaction was disseminated.

The Transaction

Investment

On March 30, 2026, the Company and BAT entered into a subscription agreement (the "**Subscription Agreement**") which provides for the purchase and sale of that number of Common Shares that is equal to the quotient of US\$10,000,000, as converted into Canadian Dollars, divided by the greater of: (i) C\$0.94 per share, and (ii) a dollar amount equal to the maximum discount available pursuant to section 607 of the TSX Company Manual applied to the 5-day volume weighted average price of the Common Shares on the TSX for the five consecutive trading days ending on and including the business day immediately preceding the closing date of the Investment (the "**Purchase Price**"). The maximum number of Common Shares to be issued to BAT under the Investment is approximately 14,760,638 Common Shares, subject to adjustment based on the United States dollar to Canadian dollar exchange rate at Closing, as set forth in the Subscription Agreement. The Investment provides important additional capital at a critical stage in the Company's development. The Investment is expected to close on or around May 28, 2026 (the "**Investment Closing**").

Convertible Debenture Amendment

In connection with and concurrently with the Investment Closing, the Company and BAT will enter into an amendment and conversion notice (the "**Amendment and Conversion Notice**") to amend the terms of the Convertible Debenture to: (i) amend the "Conversion Price" from C\$2.00 to C\$0.94; (ii) amend the "Interest Conversion Price" to C\$0.94 per share; and (iii) increase the applicable threshold for purposes of the "Conversion Cap" from 19.9% to 40.8% (collectively, the "**Amendment**"). The effect of the Amendment is that the Convertible Debenture is convertible into 95,281,277 Common Shares, which is equal to 59.4% of the Company's 160,538,288 Common Shares currently outstanding as of the date hereof and approximately 40.7% of the Common Shares (calculated on a non-diluted basis) based on 270,580,204 Common

Shares expected to be issued and outstanding on completion of the Investment and conversion of the Convertible Debenture.

Convertible Debenture Conversion

Immediately following the effectiveness of the Amendment, BAT will convert the principal amount of, and all accrued but unpaid interest on, the Convertible Debenture into 95,281,277 Common Shares.

Subscription Agreement

The following summary of the Subscription Agreement does not purport to be a complete description of all the parties' rights and obligations thereunder and is qualified in its entirety by reference to the complete text of the Subscription Agreement. A copy of the Subscription Agreement has been filed on the Company's SEDAR+ profile at www.sedarplus.ca and on EDGAR at www.sec.gov.

Representations, Warranties and Covenants

The Subscription Agreement contains customary representations and warranties made by the Company to BAT in respect of the Company and its subsidiaries and customary representations and warranties made by BAT to the Company. The Subscription Agreement contains certain pre-closing covenants, including, among other things, agreements by the Company and BAT to use commercially reasonable efforts to obtain any required regulatory approvals.

The Company covenants to hold the Meeting to obtain the requisite shareholder approval of the Transaction and related matters as soon as reasonably practicable, but in any event, no later than June 30, 2026.

In addition, the Company covenants not to issue or obligate itself to issue any securities, including Common Shares, for a period of six months following the Investment Closing, except (a) with the prior written consent of BAT (such consent not to be unreasonably withheld, conditioned or delayed), (b) as permitted under the Company's equity incentive plans, (c) as expressly contemplated by the Subscription Agreement (including, for the avoidance of doubt, the conversion of the Convertible Debenture) or pursuant to BAT's top-up and pre-emptive rights under the Amended & Restated IRA, or (d) at a price that is greater than C\$0.94.

Conditions Precedent to the Investment Closing

The Investment Closing is subject to the satisfaction or waiver of the following closing conditions in favour of each of BAT and the Company: (a) receipt of all approvals, consents and authorizations necessary for the consummation of the transactions contemplated by the transaction agreements shall have been obtained, including the approval of the listing of the Common Shares issuable in connection with the Investment by the TSX; (b) shareholder approval shall have been obtained; and (c) other usual and customary conditions for transactions of this nature.

The Investment Closing is also conditional on the following conditions in favour of BAT: (a) the Company shall have performed and complied in all material respects with all covenants and agreements required by the Subscription Agreement to be performed or complied with by it on or prior to the Investment Closing; (b) the Company Fundamental Representations (as defined in the Subscription Agreement) shall be true and correct on the Investment Closing other than de minimis inaccuracies (provided that the representation with respect to capitalization may be updated as of the Investment Closing to the extent such changes are permitted under the Subscription Agreement), all other representations and warranties of the Company shall be true and correct on the date of the Subscription Agreement and shall be true and correct in all material respects (other than representations and warranties that are qualified as to materiality or Material Adverse Effect (as defined in the Subscription Agreement), which representations and warranties shall be true and correct in all respects) as of the date of the Investment Closing, as if made on such date (except to the extent such representations and warranties expressly relate to an earlier date, and in such case, shall be true and correct in all material respects (other than representations and warranties that are qualified as to materiality or Material Adverse Effect, which representations and warranties shall be true and correct in all respects) on and as of such earlier date); (c) the making of certain customary closing deliveries; and (d) the consummation of the Investment not being reasonably expected to result in a BAT Material Adverse Effect (as defined in the Subscription Agreement).

If one or more closing conditions are unable to be satisfied on or before the Investment Closing, the parties shall use their commercially reasonable efforts for a period of not less than thirty (30) days to satisfy such conditions and, if such condition is ultimately satisfied, the parties shall proceed with the Investment Closing at the time such conditions are satisfied.

Termination

The Subscription Agreement may be terminated prior to the Investment Closing: (a) by mutual written agreement of the parties; (b) by either party if the Investment Closing does not occur by June 30, 2026 (subject to specified limitations); (c) by either party in the event of an uncured material breach of the Subscription Agreement by the other party; or (d) if a governmental authority prohibits completion of the Transaction. In addition, BAT has a termination right if there is a BAT Material Adverse Effect. In case of termination for a BAT Material Adverse Effect, termination of the Subscription Agreement by BAT gives rise to the payment of a termination fee to the Company in the amount specified in the Subscription Agreement.

Use of Proceeds

The net proceeds of the Investment are required to be used by the Company to support its participation in the Centers for Medicare & Medicaid Services Innovation Center (“CMMI”) program. If the program does not proceed, the proceeds may instead be used to support the Company’s medical channels or for other purposes reasonably required to sustain the Company’s operations, assets and enterprise value, in each case subject to, among other things, Board approval, applicable laws and required regulatory approvals, all as specified in the Subscription Agreement.

Amended and Restated Investor Rights Agreement

In connection with the issuance of the Convertible Debenture on November 14, 2022, BAT and the Company entered into the Investor Rights Agreement, which, effective upon completion of the Transaction, they have agreed to amend and restate to provide, among other things, (a) that BAT will have the right to nominate directors in line with its pro rata equity ownership (provided BAT will in any case have the right to nominate at least two directors) for so long as they hold at least 10% of the Company's equity, (b) for certain restrictions on equity issuances and indebtedness, and (c) for certain changes to BAT's existing customary top-up rights.

The following summary of the investor rights agreement after giving effect to such amendments (the “**Amended & Restated IRA**”) does not purport to be a complete description of all the parties’ rights and obligations thereunder and is qualified in its entirety by reference to the complete text of the Amended & Restated IRA when entered into. A copy of the form of Amended & Restated IRA has been filed on the Company’s SEDAR+ profile at www.sedarplus.ca and on EDGAR at www.sec.gov.

Nomination Rights

Pursuant to the Amended & Restated IRA, BAT will be entitled to designate a certain number of nominees to be elected to the Board of the Company in proportion to BAT’s partially diluted ownership percentage, provided that they will not at any time be entitled to fewer than two nominees. BAT will be entitled, subject to the terms and conditions of its nomination rights, to replace its nominee directors from time to time. If BAT’s Common Share ownership level declines below the threshold required to maintain the number of seats it holds, it will be afforded a cure period to acquire additional securities to restore the required ownership percentage. The Board nomination rights, including the right to a minimum of two nominees, terminates if BAT’s partially diluted ownership percentage falls below 10%.

Demand & Piggyback Registration Rights

The Common Shares issued to BAT will be subject to resale restrictions under applicable securities laws. In particular, the Common Shares will be issued as “restricted securities” as defined in Rule 144(a)(3) under the United States Securities Act of 1933, as amended, and subject to resale restrictions under Canadian securities laws. Pursuant to the Amended & Restated IRA, the Company will be required to file a prospectus offering Common Shares that BAT requests to be registered from time to time, but not more than three times in total or once in any one 12-month period and subject to certain additional conditions set out in the Amended & Restated IRA. In certain circumstances, BAT will have piggyback registration rights on offerings initiated by the Company.

Standstill Provision

For a period of two years following the date of the Amended & Restated IRA, BAT will not, without the consent of the Company, and subject to certain exceptions, directly or indirectly or jointly or in concert with any other person: (a) acquire any additional securities of the Company or any of its subsidiaries that would result in the BAT owning 49% or more of the Company’s securities on a partially diluted basis; (b) enter into any acquisition of, or other business combination involving,

the Company or any of its subsidiaries; (c) solicit proxies from the shareholders or otherwise attempting to influence the conduct of the shareholders; (d) make any public announcement or take any action with respect to the foregoing; or (e) advise, assist or encourage any other person to do, or take any action inconsistent with, any of the foregoing.

Pre-Emptive Rights

Under the Amended & Restated IRA, BAT will be granted a pre-emptive right (the “**Pre-Emptive Right**”) that allows it to maintain its proportional ownership in the Company whenever the Company issues new securities, except in connection with certain exempt distributions made by the Company. The new securities may be purchased on the same terms and conditions as investors in the applicable distribution. The Pre-Emptive Right will remain available only for so long as BAT continues to beneficially own at least 10% of the Common Shares on a partially diluted basis.

Extension of Top-Up Rights

The Amended & Restated IRA will also grant BAT a contractual top-up right (the “**Top-Up Right**”) that will allow BAT to maintain its partially diluted ownership percentage following certain exempt distributions made by the Company.

The Top-Up Right will apply only in circumstances where the Company completes an exempt distribution and BAT did not exercise its Pre-Emptive Right in advance of that issuance. In such cases, the Amended & Restated IRA will grant BAT the right to subscribe for an additional number of Common Shares or convertible securities to restore BAT’s ownership percentage to the level that existed immediately prior to the exempt distribution and does not permit BAT to increase its ownership above that level.

The Top-Up Right will remain available only for so long as BAT continues to beneficially own at least 10% of the Common Shares on a partially diluted basis.

Transfers of Shares

For a period of 18 months following the date of the Amended & Restated IRA, BAT has agreed not to transfer its Common Shares of the Company, subject to the following exceptions: (a) transfers to affiliates, (b) transfers under a *bona fide* take-over bid, a plan of arrangement or other business combination; (c) transfers in the event that the Company or its affiliates engage in any restricted activity or breach the Amended & Restated IRA in any material respect and such breach is not cured within the applicable cure period; or (d) transfers following a change in law or its interpretation thereof, which creates a reasonable prospect that BAT’s continued holding of its Common Shares will be in breach of such law.

Minority Protections

The Amended & Restated IRA will provide BAT the right to approve certain actions proposed to be taken by the Company, for so long as BAT beneficially owns 10% of the issued and outstanding Common Shares on a partially-diluted basis. Without the consent of BAT, the Company shall not: (a) adopt any plan or proposal for complete or partial liquidation, dissolution or winding-up of the Company; (b) create, authorize the creation of, issue or obligate itself to issue any other equity security, equity-linked securities or convertible securities of the Company, or recharacterize, reclassify, alter or amend any existing securities of the Company, to have rights, privileges, preferences, powers, restrictions and conditions senior to the Common Shares; (c) seek to voluntarily delist its Common Shares from the TSX or Nasdaq; and (d) create, incur, assume or otherwise become liable for any indebtedness for borrowed money that exceed, in the aggregate, US\$10,000,000.

TSX Share Issuance Requirements

The TSX regulates the issuance or potential issuance of listed securities, such as the issuance of the Common Shares in connection with the Transaction. The TSX Company Manual requires shareholder approval for (i) transactions materially affecting control of the Company, which generally includes those transactions that result in a new shareholding of more than 20% of the voting securities of a company, pursuant to Section 604(a)(i) of the TSX Company Manual; and (ii) transactions involving the issuance or potential issuance of listed securities in an aggregate number greater than 25% of the outstanding voting securities of the Company, on a non-diluted basis, as at the closing date of the transaction, if the price per security is below market price, pursuant to Section 607(g)(i) of the TSX Company Manual.

Pursuant to Section 604(a)(i) of the TSX Company Manual, the TSX will generally require security holder approval as a condition of acceptance of a notice of a transaction involving the issuance or potential issuance of securities if, in the opinion of the TSX, the transaction will “materially affect control” of the listed issuer. Under the TSX Company Manual, a

transaction is considered to “materially affect control” if it gives any security holder or combination of security holders acting together the ability to influence the outcome of a vote of security holders, including the ability to block significant transactions. A transaction that results, or could result, in a new holding of more than 20% of the voting securities by one security holder or a combination of security holders acting together is generally considered to materially affect control, unless the circumstances indicate otherwise. Transactions resulting in a holding of less than 20% of the voting securities may also materially affect control, depending on the circumstances (collectively, to “**Materially Affect Control**”).

Pursuant to Section 607(g)(i) of the TSX Company Manual, the maximum aggregate number of Common Shares issuable pursuant to the Transaction is 110,041,915 Common Shares (representing 68.5% of the issued and outstanding Common Shares of the Company prior to the Transaction), which will be greater than 25% of the number of Common Shares issued and outstanding prior to the closing of the Transaction on an undiluted basis.

The TSX has conditionally approved the listing of up to 110,041,915 Common Shares, subject to satisfaction of certain customary conditions in connection with closing of the Transaction.

Creation of a Control Person

Upon completion of the Transaction, BAT will become a “Control Person” of the Company (as such term is defined in the *Securities Act* (British Columbia)) and will hold an aggregate of up to 110,041,915 Common Shares or 40.7% of the Company’s then-issued and outstanding Common Shares on a non-diluted basis, based on up to 270,580,204 Common Shares estimated to be outstanding post-Transaction. As such, the Company is seeking shareholder approval of the issuance of Common Shares that may be required to be issued upon completion of the Transaction, and where such issuance would Materially Affect Control of the Company through the creation of a new “Control Person” (as such term is defined in the *Securities Act* (British Columbia)).

The table below reflects BAT’s current shareholdings and its resulting shareholdings in the Company upon Conversion of the Convertible Debenture (as amended by the Amendment) and following completion of the concurrent Investment.

Name	Common Shares held pre-Transaction	Common Shares issued upon Conversion	Common Shares issued upon Investment	Common Shares held post-Transaction	Percentage of Common Shares post-Transaction
BT DE Investments Inc.	Nil	95,281,277	14,760,638 ⁽¹⁾	110,041,915 ⁽¹⁾	40.7% ⁽²⁾

Notes:

- (1) A maximum of 14,760,638 Common Shares will be issuable under the terms of the Investment. The actual number of Common Shares that will be issued under the terms of the Investment will be based on the Purchase Price calculation and the exchange rate at the time of Investment Closing, as discussed above.
- (2) Based on 270,580,204 Common Shares estimated to be outstanding post-Transaction, assuming a maximum of 14,760,638 Common Shares will be issuable under the terms of the Investment.

The Transaction Resolution must be approved by a simple majority (50%+1) of the disinterested shareholders of the Company. For purposes of disinterested shareholder approval, to the knowledge of the Company, and assuming the following remains true as of date of the Meeting, the only votes to be excluded will be those held by BAT, which, as at the date hereof, holds nil Common Shares.

MI 61-101 Requirements

The Company is a reporting issuer in each of the provinces and territories of Canada and, accordingly, is subject to applicable securities laws of such jurisdictions, including Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions* (“**MI 61-101**”). MI 61-101 is intended to regulate certain transactions which raise the potential for conflicts of interest, including related party transactions, to ensure that all securityholders of an issuer are treated in a manner that is fair and that is perceived to be fair.

Under MI 61-101, a “related party” includes a control person of the entity, directors, executive officers and shareholders holding over 10% of the voting rights attached to the voting securities of the issuer. As BAT is deemed to beneficially hold over 10% of the issued and outstanding Common Shares by virtue of holding the Convertible Debenture, BAT is a “related

party” for the purposes of MI 61-101. The Amendment and the Investment are each considered a “related party transaction” under MI 61-101, which generally requires (absent an available exemption) that an issuer obtain a formal valuation and minority shareholder approval and that the issuer provide enhanced disclosure with respect to the Transaction.

Formal Valuation

Under section 5.4(1) of MI 61-101, a formal valuation is required for certain “related party transactions”, which would include the Investment. The Company will rely on the exemption in section 5.5(a) of MI 61-101, which exempts issuers from the formal valuation requirement if, at the time the transaction is agreed to, neither the fair market value of the subject matter of, nor the fair market value of the consideration for, the Investment, insofar as it involves interested parties, exceeds 25% of the Company’s market capitalization. The Amendment is not included in the list of “related party transactions” for which a formal valuation is required in section 5.4(1) of MI 61-101, and therefore is not required to be considered as a “connected transaction” to the Investment for purposes of application of the exemption in section 5.5(a) of MI 61-101.

In addition, the Investment qualifies for the exemption under section 5.5(c) of MI 61-101, which exempts issuers from the formal valuation requirement in circumstances where securities are being issued to a related party of the issuer for cash consideration. To the knowledge of the Company after reasonable inquiry, BAT does not have knowledge of any material information concerning the Company or its securities that has not been generally disclosed, outside of its negotiation of the Transaction.

Minority Approval

Pursuant to section 5.6 of MI 61-101, the Investment and Amendment are subject to “minority approval” from every class of “affected securities” of the issuer (each as defined in MI 61-101), in each case voting separately as a class. As a result, the Transaction Resolution will require the affirmative vote of at least a majority of the votes cast by the shareholders, present in person or represented by proxy at the Meeting, excluding the votes attached to the Common Shares that are beneficially owned or over which control or direction is exercised by BAT, and any other “related parties” and “joint actors” (each as defined in MI 61-101) of BAT. To the knowledge of the Company, BAT beneficially owns or controls nil Common Shares on a non-diluted basis, and as such, no Common Shares are required to be excluded for this purpose.

Disclosure of Prior Valuations and Bona Fide Offers

To the knowledge of the Company and its directors and senior officers, after reasonable inquiry, there have been no “prior valuations” in respect of the Company (as contemplated in MI 61-101) in the 24 months prior to the date of this proxy statement and no *bona fide* prior offer (as contemplated in MI 61-101) that relates to the Transaction has been received by the Company during the 24 months before the date of this proxy statement.

(vii) Dividend Policy

Other than the requirements of the BCBCA, there are no restrictions in the Company’s Articles on its ability to pay dividends. However, during the two years preceding the date hereof, (a) the Company has never paid a dividend nor made a distribution on any of its securities, (b) the Company has no history of income or sources of funds from which to pay dividends, and (c) the Company does not anticipate paying dividends in the near future.

The payment of future dividends, if any, by the Company will be at the sole discretion of the Board. In this regard, the Company expects it will retain any earnings to finance further growth of the Company.

(viii) Fees and Expenses

The Company expects to incur aggregate fees and expenses of approximately C\$700,000 in connection with the Transaction, which includes filing fees, legal advisory fees, printing, mailing and meeting fees and expenses.

Recommendation of the Board

The Board, having undertaken a thorough review of, and having carefully considered the terms of the Transaction, and after consulting with its legal advisors, has unanimously (with BAT’s nominee to the Board abstaining) determined that the Transaction, involving: (a) the Amendment; (b) the creation of BAT as a “Control Person”; and (c) the issuance of up to 110,041,915 Common Shares, representing greater than 25% of the issued and outstanding Common Shares of the Company on a non-diluted basis, is in the best interests of the Company. The Board recommends that shareholders vote FOR the Transaction Resolution.

Reasons for the Board Recommendation

In making its recommendation that shareholders vote FOR the Transaction Resolution, the Board carefully considered a number of factors, including those listed below. The Board based its recommendation upon the totality of the information presented to and considered by it in light of its knowledge of the business, financial condition and prospects of the Company, after having undertaken a thorough review of, and having carefully considered the terms of, the Transaction, and after consulting with its legal advisors.

The following summary of the information and factors considered by the Board is not intended to be exhaustive, but includes a summary of the material information and factors considered by the Board in its consideration of the Transaction. In light of the variety of factors and the amount of information considered in connection with the consideration of the Transaction, the Board did not find it practicable to, and did not, quantify or otherwise attempt to assign any relative weight to each of the specific factors considered in reaching its conclusions and recommendations.

- ***Strengthens the Company’s Balance Sheet.*** Reducing the Conversion Price and facilitating the conversion of the Convertible Debenture directly removes what is currently the Company’s largest remaining liability. Eliminating this debt significantly improves the Company’s leverage profile, reduces ongoing interest obligations, and strengthens key financial ratios. A cleaner balance sheet enhances overall financial stability and positions the Company more favorably with lenders, investors, and strategic partners going forward.

- ***Unlocks Access to New Funding Sources.*** A large outstanding debenture can be a major impediment to raising capital and many investors are reluctant to commit funds when a single, concentrated liability overhangs the Company’s capital structure. The outstanding Convertible Debenture signals a sizeable repayment obligation that may compete with operational needs and the possibility that the Company will need to use future financings simply to manage or retire the debenture, rather than fund growth. By converting the Convertible Debenture into equity:
 - o the debt overhang is removed;
 - o perceived credit and refinancing risk is reduced; and
 - o the Board believes the Company will become more attractive to equity and debt investors.

As a result, the Board believes the Company will be better able to pursue additional financing opportunities such as equity raises, project financing, credit facilities, or strategic investments that were previously difficult or unavailable.

- ***Provides Substantial Financial Capital for CMMI Medicare Pilot Program.*** If the Investment closes, the aggregate gross proceeds payable by BAT to the Company will be US\$10 million. The majority of the Investment will be allocated to the Company’s pilot program with CMMI. The Investment provides the Company with the financial strength and resources and allows it to continue its strategic growth plans, enabling further geographic, technological and product expansion. The Investment will increase the Company’s working capital which will provide Charlotte’s Web with additional flexibility to pursue new opportunities and expand on existing initiatives aimed at fueling net revenue growth and achieving EBITDA objectives, advancing the Company’s position as both a current and future market leader.
- ***Enhances Strategic Investment from BAT, a Global Leading Multi-Category Consumer Goods Business.*** While BAT currently holds no equity stake in the Company, the Transaction would result in BAT holding a voting interest of approximately 40.8%. The Board believes that the strengthened investment and equity position of BAT, a leading CPG player with extensive experience in research and development, deep consumer insights and regulatory expertise, solidifies the Company’s reputation as the most trusted and credible player in the US hemp CBD market, with significant potential to further scale its business through use of the investment proceeds.
- ***Shareholder Approval.*** The Transaction will not be completed unless the Transaction Resolution is approved by not less than a majority of the votes cast at the Meeting by the disinterested shareholders in accordance with the TSX Company Manual.
- ***BAT’s Certainty to Provide Financing.*** Relative to other capital raising alternatives, in either debt or future equity markets, the Board is confident in BAT’s ability to finance and close the Investment. Should the Investment not be completed and the Board decide to seek another source of capital, there is no assurance that the Company will receive financing or sufficient funding from another party on similar or more favorable terms.

The Transaction Resolution

At the Meeting, the disinterested shareholders of the Company will be asked to consider and, if deemed advisable, to approve the Transaction Resolution, authorizing and approving the Amendment and issuance of Common Shares of the Company that may be required to be issued to BAT upon (a) Amendment and Conversion of the Convertible Debenture; and (b) completion of the concurrent Investment, where such Conversion and Investment would (a) “materially affect control” (as that term is defined in the TSX Company Manual) of the Company through the creation of BAT as a new “Control Person” (as that term is defined in the *Securities Act* (British Columbia)); and (b) result in the issuance of greater than 25% of the number of Common Shares issued and outstanding prior to the closing of the Transaction.

The Board (with BAT’s nominee to the Board abstaining) approved the Amendment and the Investment, and recommends that shareholders vote FOR the Transaction Resolution. The text of the ordinary resolution, which will be submitted to shareholders at the Meeting or any postponement or adjournment thereof, is set forth below.

“BE IT RESOLVED as an ordinary resolution of the shareholders of the Company that:

1. **the Company be and is hereby authorized and approved to amend the Company’s convertible debenture held by BT DE Investments Inc. (“BAT”) in the principal amount of C\$75,341,080, issued on November 14, 2022 (the “Convertible Debenture”) to (a) amend the “Conversion Price”**

- from C\$2.00 to C\$0.94; (b) amend the “Interest Conversion Price” to C\$0.94; and (c) increase the applicable threshold for purposes of the “Conversion Cap” from 19.9% to 40.8%;
2. the Company be and is hereby authorized and approved to issue any common shares (“Common Shares”) that may be required to be issued to BAT upon the amendment and conversion of the Convertible Debenture and completion of the concurrent Investment, where such issuance would result in (a) the creation of a holding of more than 20% of the voting securities of the Company by one security holder, which would “materially affect control” of the Company (pursuant to section 604(a)(i) of the TSX Company Manual), and (b) an issuance of greater than 25% of the number of Common Shares of the Company outstanding on a non-diluted basis (pursuant to section 607(g)(i) of the TSX Company Manual);
 3. the creation of BAT as a Control Person (as defined in the *Securities Act* (British Columbia)) be and is hereby authorized and approved, in the event that BAT, directly or indirectly, holds more than 20% of the issued and outstanding Common Shares of the Company upon conversion by BAT of the Convertible Debenture and completion of the concurrent Investment;
 4. any one (or more) director or officer of the Company is authorized and directed, for and on behalf of the Company, to take all necessary steps and proceedings and to execute, deliver and file any and all declarations, agreements, documents and other instruments and do all such other acts and things (whether under corporate seal of the Company or otherwise) that may be necessary or desirable to give effect to this ordinary resolution; and
 5. notwithstanding that this ordinary resolution has been duly approved by the shareholders, the directors of the Company, in its sole discretion and without the requirement to obtain any further approval from the shareholders, are hereby authorized and empowered to revoke this ordinary resolution at any time before it is acted upon without further approval from the shareholders.”

In order for the foregoing ordinary resolution to be adopted, pursuant to MI 61-101 and the TSX Company Manual it must be approved by the affirmative votes cast by disinterested holders of not less than a simple majority of the Common Shares represented in person or by proxy at the Meeting that vote on such resolution. To the knowledge of the Company, and assuming the following remains true as of the date of the Meeting, the only votes to be excluded will be those held by BAT, which, as at the date hereof, holds nil Common Shares.

Certain Consequences if Resolution is not Approved

If at the Meeting or at any postponement or adjournment thereof, the shareholders do not approve the Transaction Resolution, the Transaction will not close and the Company will not receive any proceeds from the Investment. The Convertible Debenture will remain outstanding at its current terms, and the Company is unlikely to have sufficient funds to repay it at maturity. This could force the Company into a distressed refinancing, asset sale, or other value-destructive transaction undertaken under financial pressure.

In addition, maintaining the Convertible Debenture as the Company’s largest liability would continue to restrict access to new financing. Many lenders and investors are unwilling to provide capital when a substantial, near-term debt obligation overhangs the balance sheet. Without fresh capital, the Company may be unable to advance key projects (including the CMMI pilot project), meet operational requirements, or pursue strategic opportunities.

Lastly, if the Transaction is not completed, the market price of the Common Shares may be impacted to the extent that the market price reflects a market assumption that the Transaction will be completed. If the Transaction is not completed and the Board decides to seek another transaction, there can be no assurance that it will be able to find an equivalent or more attractive alternative.

Risk Factors relating to the Transaction

Dilution of Shareholders of the Company

The Company anticipates that it will issue approximately 110,041,915 Common Shares to BAT on closing of the Transaction (representing a 40.8% voting interest). As a result, the current holdings of the shareholders will be significantly diluted following the completion of the Transaction.

BAT will have significant influence over the Company on completion of the Transaction

Upon completion of the Transaction, it is anticipated that BAT will own 40.8% of the Company’s post-issuance issued and outstanding Common Shares. In light of such ownership, BAT will be in a position to exercise significant influence over certain matters, affecting, or submitted to a vote of, the shareholders, including the election of directors and the

determination of significant corporate actions. In addition, under the Amended & Restated IRA, BAT will have the right to designate directors to the Board directly proportionate to its share ownership so long as BAT continues to maintain certain share ownership thresholds and specific approval rights over certain fundamental actions taken by the Company. Accordingly, on completion of the Transaction, BAT will have significant influence over the Company and there can be no assurance that BAT's interests will align with the interests of the Company or other shareholders.

Requirement that the Transaction be Approved by Disinterested Shareholders

The Transaction Resolution must be approved by a majority of the votes cast by the disinterested shareholders, excluding the votes held by BAT and its affiliates for the purposes of MI 61-101 and the TSX Company Manual. There can be no certainty, nor can the Company provide any assurance, that the requisite shareholder approval will be obtained. If such approval is not obtained and the Transaction is not completed, the market price of the Common Shares may be impacted to the extent that the market price reflects an assumption that the Transaction will be completed. If the Transaction is not completed and the Board decides to seek another strategic transaction, there can be no assurance that it will be able to find an equivalent or more attractive alternative.

Use of Proceeds from the Investment

Under the Subscription Agreement, the Company has agreed to use the proceeds of the Investment to support the Company's participation in the CMMI program, and only if the CMMI program does not proceed, to support its medical channels or for such other purposes as are reasonably required to sustain the operations, assets and enterprise value of the Company's business, in each case subject to, among other things, Board approval, applicable laws and required regulatory approvals, all as specified in the Subscription Agreement. The Board and management of the Company will have some discretion in the application of the proceeds available for these purposes, and, accordingly, shareholders will have to rely upon the judgment of the Board and management with respect to the use of the proceeds, with only limited information concerning the Board's and management's specific intentions. There can be no assurance that the Company will be able to deploy the available proceeds in an effective manner that is accretive to the Company, or at all.

If the Company is unable to complete the Transaction or if completion of the Transaction is delayed, there could be an adverse effect on the Company's business and the market price of its Common Shares

The completion of the Transaction is subject to the satisfaction of numerous conditions precedent, some of which are outside the control of the parties, including, without limitation, receipt of the approval by the shareholders, stock exchange approval, there having not occurred a BAT Material Adverse Effect, as applicable, and the satisfaction of certain other customary closing conditions. A substantial delay in obtaining satisfactory approvals and/or the imposition of unfavourable terms or conditions in the approvals to be obtained could result in the termination of the Subscription Agreement. There can be no certainty, nor can the Company provide any assurance, that these conditions will be satisfied or, if satisfied, when they will be satisfied.

If the Transaction is not completed: (a) the market price of the Common Shares could be adversely affected, and may decline to the extent the current market price reflects an assumption that the Transaction will be completed; (b) certain costs related to the Transaction, such as the Company's legal fees and a certain amount of BAT's legal fees, must be paid by the Company even if the Transaction is not completed; (c) the Company may not be successful in finding another business opportunity that is of equal or greater benefit to the Company; and (d) the time and attention of the Company's management will have been diverted away from the conduct of the Company's business in the ordinary course.

If the Conversion is not completed, there could be an adverse effect on the Company

If the Conversion is not completed, the Company would continue to be obligated under the Convertible Debenture, which could adversely affect its financial condition, liquidity and results of operations.

In addition, the Convertible Debenture would remain outstanding on the Company's balance sheet. As a result, the Company would continue to be subject to the repayment obligations, interest expense, and other terms and conditions of the Convertible Debenture. The continued existence of the Convertible Debenture could adversely affect the Company's liquidity, financial flexibility and leverage ratios, limit its ability to obtain additional financing on favorable terms, or require the Company to use cash that could otherwise be deployed toward operations, capital expenditures or strategic initiatives.

If the Subscription Agreement is terminated by BAT or the Company, there could be an adverse effect on the Company

Each of BAT and the Company has the right, in certain circumstances, to terminate the Subscription Agreement. Accordingly, there can be no certainty, nor can the Company provide any assurance, that the Subscription Agreement will not be terminated by either party prior to the completion of the Investment. A termination of the Subscription Agreement could materially adversely affect the relationship between the Company and BAT, which the Company believes is important to its successful growth.

BAT's significant interest may impact liquidity of the Common Shares

The Common Shares may be less liquid and trade at a discount relative to the trading that could occur in circumstances where BAT did not have the ability to significantly influence or influence matters affecting the Company. Additionally, BAT's significant voting interest in the Company may discourage transactions involving a change of control of the Company, including transactions in which an investor, as a holder of Common Shares, might otherwise receive a premium for its Common Shares over the then-current market price.

BAT may not maintain its equity interest

Subject to certain temporary restrictions set out in the Amended & Restated IRA, BAT is not obligated to maintain its equity stake in the Company. Subject to compliance with applicable securities laws and the Amended & Restated IRA, BAT may sell some or all of its Common Shares in the future. The Amended & Restated IRA will contain demand and piggyback registration rights, on terms customary for a significant shareholder, pursuant to which the Company has agreed to facilitate sales of Common Shares by BAT. No prediction can be made as to the effect, if any, future sales by BAT of Common Shares or other securities will have on the market price of the Common Shares prevailing from time to time. However, the future sale of a substantial number of Common Shares by BAT, or the perception that such sales could occur, could adversely affect prevailing market prices for the Common Shares.

Risk Factors Related to the Business of the Company

Whether or not the Transaction is completed, the Company will continue to face many of the risks that it currently faces with respect to its business and affairs. A description of the risk factors (incorporated by reference into this proxy statement) applicable to the Company is contained under the headings "Risk Factors" in the Company's most recently filed Annual Report on Form 10-K, and other risk factors contained in other filings with the Securities and Exchange Commission available on www.sec.gov and filings with Canadian securities regulatory authorities available at www.sedarplus.ca.

OUR BOARD RECOMMENDS THAT YOU VOTE "FOR" THE TRANSACTION RESOLUTION IN PROPOSAL 4.

CORPORATE GOVERNANCE

Board of Directors

The Board currently consists of six (6) directors. Each director holds office until the close of the next annual general meeting of shareholders, or until his or her successor is duly elected or appointed, unless his or her office is earlier vacated. The Board may establish one or more committees of the board of directors, however designated, and delegate to any such committee the power of the board of directors, to the fullest extent permitted by law.

The Company is not currently subject to listing requirements of any United States national securities exchange that has requirements that a majority of the board of directors be “independent”. The independence of the Company’s directors has been determined under the corporate governance rules of Nasdaq and applicable Canadian securities laws. The independence rules of Nasdaq include a series of objective tests, including that an “independent” person will not be employed by the Company and will not be engaged in various types of business dealings with the Company. In addition, the Board is required to make a subjective determination as to each person that no material relationship exists with the Company either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company. It has been determined by the Board of Directors that three of the Company’s current directors are independent persons under the independence rules of Nasdaq: Matthew E. McCarthy, Angela McElwee, and Maureen Usifer. William Morachnick is not independent, given that he is the Company’s Chief Executive Officer. Ms. Walker is not considered independent due to her relationship with BAT. Jared Stanley is also not considered independent under the rules and regulations of the SEC.

In accordance with NI 52-110, each of Matthew McCarthy, Angela McElwee, and Maureen Usifer are considered to be independent. Under NI 52-110, William Morachnick, as our Chief Executive Officer, is not independent and Jared Stanley and M. Borgia Walker are not considered independent. As a result, if the management proposed director nominees are elected at the Meeting, half of the directors will be considered to be independent under applicable securities laws. Under NI 52-110, an independent director is one who is free from any direct or indirect relationship which could, in the view of the board of directors, be reasonably expected to interfere with such director’s exercise of independent judgment.

The board of directors holds regularly scheduled meetings and at such meetings our directors may meet in executive session, including, when deemed necessary, with only independent directors present. When deemed necessary, the Board and committees of the Board will retain independent financial, legal, and other experts or advisors.

The Board held a total of twelve (12) meetings and took action three (3) times by unanimous consent during the year ended December 31, 2025. During 2025, each of the proposed director nominees attended 100% of the total number of meetings of the Board (held during the period for which he or she was a director), except for Ms. McElwee and Mr. McCarthy who each were absent from one meeting. Board members are not required, but are expected to make every effort, to attend the annual meeting of shareholders. All of our current directors attended the 2025 annual general and special meeting of shareholders.

The Board has adopted a written board mandate. A copy of the board mandate is included as Exhibit I to this proxy statement and is available on our corporate website at: <https://investors.charlottesweb.com>. The Board has developed a written position description for the Chair of the Board and for the Chair of each of the Audit Committee, the CG&N Committee, and the Compensation Committee. The Board, with the input of the Chief Executive Officer of the Company, has developed a written position description for the Chief Executive Officer.

Orientation and Continuing Education

While the Company does not currently have a formal orientation and education program for new recruits to the Board, the Company has historically provided such orientation and education on an informal basis. As new directors have joined the Board, management has provided these individuals with corporate policies, historical information about the Company, as well as information on the Company’s performance and its strategic plan with an outline of the general duties and responsibilities entailed in carrying out their duties. The Board believes that these procedures have proved to be a practical and effective approach in light of the Company’s particular circumstances, including the size of the Company, and the experience and expertise of the members of the Board.

No formal continuing education program currently exists for the directors of the Company, however, the Company provides internal and external training resources for the directors. The Company encourages directors to attend, enroll or participate in courses and/or seminars dealing with financial literacy, corporate governance and related matters and has

agreed to pay the cost of such courses and seminars. Each director of the Company has the responsibility for ensuring that he or she maintains the skill and knowledge necessary to meet his or her obligations as a director.

Director Term Limits

The Company has not adopted term limits for the directors on its Board. The Board is concerned that imposing arbitrary and inflexible director term limits may result in the Company losing valued directors at a time when the Company most needs their skills, qualities and contributions, as well as their knowledge of the history and culture of the organization. Mandatory retirement ages pose the same risk and the Board does not want to risk the loss of key directors to retirement policies that seem unnecessarily arbitrary and inflexible when they force a high performing director off the Board. As a result, the Board does not feel that it would be appropriate to set term limits for its directors but rather relies on the experience of its members to determine when Board renewals, Board removals and Board additions are appropriate.

Policies Regarding the Representation of Women on the Board and in Executive Officer Positions

The Company does not have a written policy relating to the identification and nomination of women directors. All appointments to the Board are made on merit, in the context of the skills and experience the Board, as a whole, requires to be effective. The CG&N Committee, when considering and recommending qualified director nominees, takes the background of all directors and nominees into consideration.

The CG&N Committee and the Board go through a rigorous process when considering a director nominee, including an evaluation of the skills and experience of the current directors, determining the gaps in skills and experience that exist and finding potential candidates to fill those gaps and round out the skills and experience of the Board as a whole. Appointment to the Board has been based on the best combination of skills and experience for the position, with due regard for the benefits of diversity of experience on the Board.

The Board encourages the consideration of women who have the necessary skills, knowledge, experience and character when considering new potential candidates for executive officer positions.

The Board does not have specific targets in respect of appointing women to the Board and in respect of executive officer appointments, as a result of its commitment to a principle-based selection process, as discussed above. As of April 16, 2026, there are currently three women on the Board (50%) and two of the executive officers is a woman (50%).

Contact with the Board of Directors

We welcome comments and questions from our shareholders. Shareholders can direct communications to the Company or our Board at our principal executive offices at 700 Tech Court, Louisville, CO 80027, Attention: Corporate Secretary.

Board Committees

The Board has three standing committees: (1) the Audit Committee, (2) the CG&N Committee and (3) the Compensation Committee. The charters for our committees set forth the scope of the responsibilities of that committee. The board of directors will assess the effectiveness and contribution of each committee on an annual basis. The charters for our committees were adopted by the board of directors in 2018 and were revised most recently in October 2024.

Any shareholder who wishes to recommend a candidate for consideration by the CG&N Committee as a nominee for director should follow the procedures described in “*Advance Notice Policy*” under “*Proposals 1 and 2—Election of Directors*” in this proxy statement. Board Oversight of Enterprise Risk

One of the key functions of our Board is informed oversight of our risk management process. The Board administers this oversight function directly through the Board as a whole, as well as through various standing committees of our Board that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure and our Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also monitors compliance with legal and regulatory requirements.

Board Leadership

The Board has no policy regarding the need to separate or combine the offices of Chair of the board of directors and President and Chief Executive Officer and instead the board of directors remains free to make this determination from time to time in a manner that seems most appropriate for the Company. The Chair's primary role is to lead the board of directors and ensure the organization fulfills its mission by facilitating meetings, providing strong leadership, and supporting the

Chief Executive Officer. The positions of Chair of the board of directors and Chief Executive Officer are currently held by Angela McElwee and William Morachnick, respectively.

Code of Ethics

In order to clearly set forth our commitment to conduct our operations in accordance with our high standards of business ethics and applicable laws and regulations, the Board adopted a Code of Business Conduct and Ethics, which we refer to as our Code of Ethics, which is applicable to all directors, officers and employees. A copy of the Code of Ethics is available on our corporate website at <https://investors.charlottesweb.com>. In conjunction with the CG&N Committee, the Code of Ethics is administered by the Audit Committee, who delegates the day-to-day responsibility for administering and interpreting the Code of Ethics to the Chief People Officer of the Company. EXECUTIVE COMPENSATION

Introduction

The Company is currently considered an “emerging growth company” within the meaning of the Securities Act for purposes of the SEC’s executive compensation disclosure rules. In accordance with such rules, the Company is required to provide a Summary Compensation Table and an Outstanding Equity Awards at Fiscal Year End Table, as well as limited narrative disclosures regarding executive compensation for our last two completed fiscal years. Further, our reporting obligations extend only to our “named executive officers” (collectively, the “**named executive officers**” or “**NEOs**”), who are the individuals who served as our principal executive officer, our next two other most highly compensated officers, and up to two other individuals who would have been among the most highly compensated officers if they had been serving as executive officers at the end of the fiscal year, in each case, for our fiscal year ended December 31, 2025. Accordingly, our NEOs for our fiscal year ended December 31, 2025 were: William Morachnick (Chief Executive Officer (“**CEO**”)), Erika Lind (Chief Financial Officer), Raymond Kunkel (Chief Operating Officer) and Stephen Rogers (Former SVP of Legal and General Counsel). The following discussion describes the significant elements of the compensation of the Company’s NEOs.

The Company operates in a dynamic and rapidly evolving market. To succeed in this environment and to achieve its business and financial objectives, the Company needs to attract, retain, and motivate a highly talented team of executive officers. The Company expects its team to possess and demonstrate strong leadership and management capabilities, as well as foster the Company’s culture, which is at the foundation of its success and remains a pivotal part of the Company’s everyday operations. The Company offers executive officers cash compensation in the form of base salary and an annual bonus, and equity-based compensation which was historically awarded in the form of stock options under the Legacy Option Plan (discussed below) and, since the Company’s initial public offering, has been awarded in the form of security-based compensation awards under the Company’s LTIP (as defined below). See “*Elements of Compensation – Long-Term Incentive Plan and Amended Long-Term Incentive Plan*” below. The Company believes security-based compensation awards, such as stock options and restricted stock units, motivate its executive officers to achieve the Company’s business and financial objectives, and also align their interests with the long-term interests of the Company’s shareholders and other key stakeholders. The Company provides base salary to compensate employees for their day-to-day responsibilities, at levels it believes are necessary to attract and retain strong executive officer talent.

While the Company has determined its current executive officer compensation program is effective at attracting and maintaining executive officer talent, it evaluates its compensation practices on an ongoing basis to ensure that it is providing market-competitive compensation opportunities for its executive team. As part of this review process, the Company expects to be guided by the philosophy and objectives outlined above, as well as other factors which may become relevant, including the ability to attract and retain key employees and to adapt to growth and other changes in its business and industry.

Role and Composition of the Compensation Committee

The Compensation Committee of the Board assists the Board in fulfilling its responsibilities in respect of compensation matters. The responsibilities of the Compensation Committee include reviewing and making recommendations to the Board in respect of the compensation matters relating to the Company’s executive officers, employees and directors, including the NEOs. As at the year ended December 31, 2025, the Compensation Committee was composed of Mr. McCarthy (Chair), Ms. Usifer, and Ms. McElwee, each of whom was independent at such time within the meaning of applicable Canadian securities legislation and the corporate governance rules of the Nasdaq and for purposes of NI 52-110. Each Compensation Committee member who served during 2025 has experience in the area of compensation and executive compensation, having held senior executive positions in large organizations and, through those positions, having substantial experience in matters of executive compensation.

The responsibilities of the Compensation Committee in respect of compensation matters include reviewing and recommending to the Board the compensation policies and guidelines for supervisory management and personnel, corporate benefits, bonuses and other incentives, recommending corporate goals and objectives relevant to CEO compensation, non-CEO officer and director compensation, succession plans for officers and for key employees, and material changes and trends in human resources policy, procedure, compensation, and benefits.

To address the SEC’s disclosure requirements for equity grants under Item 402(x) of Regulation S-K, the Compensation Committee reviews and assesses, from time to time as it deems appropriate, the adequacy of any equity award grant date policies and recommends such policies and changes to such policies to the Board for approval. The Company did not grant stock options, SARs, or similar option-like instruments to our NEOs or other employees or service providers for the fiscal

year ended December 31, 2025. If in the future we anticipate granting stock options, SARs, or similar option-like instruments, we will establish a policy regarding how the Board determines when to grant such awards and how the Board or the Compensation Committee will take material nonpublic information into account when determining the timing and terms of such awards.

The Compensation Committee has unrestricted access to the Company's personnel and documents and is provided with the resources necessary, including, as required, the engagement and compensation of outside advisors, to carry out its responsibilities.

Compensation Principles and Objectives

The Company's compensation program supports its commitment to deliver strong performance for its shareholders and other key stakeholders. The compensation policies are designed to attract, recruit and retain quality and experienced people. In addition, the compensation program is intended to create an alignment of interests between the Company's executive officers and other employees with the long-term interests of the Company's shareholders to ultimately enhance share value. In this way, a significant portion of each executive's compensation is linked to maximizing long-term shareholder value.

At the same time, the Compensation Committee also recognizes that the executive compensation program must be sufficiently flexible in order to adapt to unexpected developments in the CBD wellness products market and the impact of internal and market-related occurrences from time to time, and, as such, the Compensation Committee is given the discretion to award compensation absent attainment of specific performance goals and to increase or reduce the size of any such payouts in alignment with the overall pay-for-performance philosophy.

The compensation program supports the Company's long-term growth strategy and is designed to accomplish the following objectives:

- align executive compensation with corporate performance and appropriate peer group comparisons;
- produce long-term, positive results for shareholders and other key stakeholders;
- provide market competitive compensation and benefits to attract and retain highly qualified management; and
- provide incentives that encourage superior corporate performance to support the Company's overall business strategy and objectives.

The Compensation Committee has adopted a compensation program that covers the following key elements: (i) a base fixed amount of salary and benefits; (ii) a performance-based cash and/or RSU bonus; and (iii) awards granted under the LTIP.

Compensation Review Process

The CEO of the Company provides recommendations to the Compensation Committee regarding salary adjustments, performance-based or discretionary bonuses, and security-based award grants for all of the Company's executive employees, including the NEOs. The focus of the CEO's and Compensation Committee's review is on the individual executive salaries, performance-based bonus opportunity, fringe benefits and security-based award grants (including consideration of previous grants), with a review of the aggregate level of salary, performance-based bonus, and security-based award grants for the balance of the staff. The Compensation Committee makes specific recommendations to the Board for the salary, bonus and security-based award grants to be provided to the CEO, as well as for the salaries, bonuses and security-based award grants to be provided to all other executive officers. With the exception of certain matters that the Board has delegated to the Compensation Committee, the Board reviews all recommendations of the Compensation Committee before final approval. Any executive or director who is also an officer is excused from the directors' meeting during any discussion of their compensation. In making compensation decisions for 2025, the Compensation Committee utilized Pearl Meyer & Partners LLC, a compensation consultant, in determining or recommending compensation for certain executive officers and directors.

Risks Relating to the Company's Compensation Program

The Compensation Committee assesses whether the Company's compensation program supports the Company's principles and objectives and reviews the Company's compensation policies on a regular basis. As part of this process, the Compensation Committee considers the implications of the risks associated with the Company's compensation policies and practices, including the various components of the Company's compensation program. The Compensation Committee also

considers the implication of the risks associated with the Company's compensation program, including: (i) the risk of executive officers taking inappropriate or excessive risks; (ii) the risk of inappropriate focus on achieving short-term goals at the expense of long-term return to shareholders; (iii) the risk of encouraging aggressive accounting practices; and (iv) the risk of excessive focus on financial returns and operational goals at the expense of regulatory, environmental and health and safety considerations.

While the Company recognizes that no compensation program can fully mitigate these risks, the Compensation Committee and Board believe that many of these risks are mitigated by: (i) ensuring incentives tied to share ownership and vesting are weighted to span a number of years; (ii) avoiding narrowly focused performance goals which may encourage loss of focus on providing long-term shareholder return; (iii) retaining adequate discretion over the application and implementation of the compensation program to insure that the Compensation Committee and Board retain their business judgment in assessing actual performance; (iv) awarding a significant portion of long-term incentive compensation in the form of security-based awards which provide a direct link between corporate performance and the level of payout received; and (v) imposing restrictions on the ability of executives to participate in transactions that are designed to hedge or offset a decrease in market value of securities of the Company.

Incentive Plan Design

The ability of the Compensation Committee to consider factors such as personal contributions to corporate performance and non-financial based elements of corporate performance allows the Compensation Committee to consider whether executive officers have attempted to bolster short-term results at the expense of the long-term success of the Company in determining executive compensation. The incentive programs consist of a balance between annual focus through the bonus program and long-term focus through the LTIP. In addition, as the compensation program consists of fixed (base salary) and variable (performance-based bonuses, LTIP) elements, the incentive for short-term risk taking is balanced with the incentive to focus on generating long-term sustainable value for shareholders and other key stakeholders. There are no compensation policies and practices that are structured significantly different for any NEOs. The Compensation Committee and Board will continue to monitor compensation risk assessment practices on an ongoing basis to ensure that the Company's compensation program is appropriately structured.

Elements of Compensation

The compensation of the Company's executive officers includes three major components: (i) a base fixed amount of salary and benefits; (ii) a performance-based cash and/or RSU bonus; and (iii) long-term equity incentives granted from time to time under the LTIP. Perquisites and personal benefits are not a significant element of compensation of the Company's executive officers.

The compensation paid to the NEOs for the year ended December 31, 2025 is summarized below under the heading "*Summary Compensation Table.*"

Base Salary

The objective of base salary compensation is to reward and retain NEOs. In setting base compensation levels, consideration is given to factors such as level of responsibility, experience, expertise and impact on the long-term success of the Company's business. Subjective factors such as leadership, commitment, and performance are also considered. The goal of the Company is to pay base salary compensation to retain the NEOs in the range of industry peers, while maintaining the overall goal that total compensation should include variable and long-term components as well.

Cash Bonus

The Compensation Committee considers performance of individual executive officers in setting annual bonus amounts. Consideration is given to factors such as management, leadership and performance, among others. The Company uses the payment of annual bonuses to incentivize strong performance and achievement of the Company's goals and business plans. For the year ended December 31, 2025, a performance-based cash bonus was paid to certain executive officers of the Company.

Long-Term Incentives

Legacy Option Plan and Founder Options

The Company's subsidiary, Charlotte's Web, Inc. (formerly CWB Holdings, Inc. and referred to herein as "**CWB**") previously granted to directors, officers, employees and consultants certain stock options under the CWB Holdings, Inc. 2015 Stock Option Plan (the "**Legacy Option Plan**"). In connection with the Company's initial public offering and related reorganization (the "**Reorganization**"), the Legacy Option Plan, and all outstanding stock options thereunder, were assumed by the Company. The Company amended the Legacy Option Plan to provide for the existing stock options outstanding under the Legacy Option Plan to be exercisable in accordance with the terms of the existing Legacy Option Plan for PVS following the Reorganization with applicable adjustments to the exercise price thereof and number of options exercisable to reflect the Reorganization.

No stock options were granted under the Legacy Option Plan during the year ended December 31, 2025, and no further stock options will be granted under the Legacy Option Plan. Effective December 31, 2025, all outstanding options under the Legacy Option Plan expired and the Legacy Options Plan terminated.

Prior to giving effect to the Reorganization, 892,192 options to acquire common shares of CWB were issued and outstanding under the Legacy Option Plan (following the Reorganization, these options were equivalent to options to purchase 20,074.47 PVS, or the equivalent of 8,029,788 Common Shares upon conversion). Options under the Legacy Option Plan had been granted to directors, officers, employees, and consultants of CWB. In addition, CWB issued 576,429 founder options to acquire 576,429 common shares of CWB (following the Reorganization, these options were equivalent to options to purchase 12,969.76 PVS, or the equivalent of 5,187,904 Common Shares upon conversion).

As of April 06, 2026, no founder options remain outstanding, and no stock options remain outstanding under the Legacy Option Plan.

Amended 2018 Long-Term Incentive Plan

The Amended 2018 Long-Term Incentive Plan was last approved by the Company's shareholders on June 13, 2024 (the "**LTIP**"). The following discussion is qualified in its entirety by the text of the LTIP filed as Exhibit 10.18.1 to the Annual Report on Form 10-K for the year ended December 31, 2023 available on www.sec.gov and on SEDAR+ at www.sedarplus.ca.

Pursuant to the LTIP, the Company may issue equity-based compensation in the form of stock options, stock appreciation rights, unrestricted shares or restricted shares, deferred share units, restricted stock awards, restricted stock units, performance shares, performance units, and other share-based awards to eligible participants. The purpose of the LTIP is to enable the Company and certain of its affiliates to obtain and retain the services of these individuals, which is essential to the Company's long-term success.

The granting of awards under the LTIP ("**Grants**") is intended to promote the long-term financial interests and growth of the Company and its subsidiaries by attracting and retaining management and other personnel and key service providers with the training, experience and ability to enable them to make a substantial contribution to the success of the Company's business. Moreover, the LTIP aims to align the interests of eligible participants with those of the shareholders through opportunities of increased equity-based ownership in the Company.

The maximization of shareholder value is encouraged by the granting of incentives under the LTIP. The objective of the LTIP is to reward and retain NEOs. The program is designed to reward NEOs for maximizing shareholder value in a regulatory compliant and ethical manner. Increasing the value of Common Shares increases the value of the Grants. This incentive closely links the interests of the officers and directors to shareholders of the Company and encourages a long-term commitment to the Company.

Eligible participants under the LTIP include directors, officers (including the NEOs), employees and consultants of the Company and its subsidiaries. The LTIP is administered by the Compensation Committee of the Board, or such other committee duly appointed by the Board.

The terms and conditions attaching to the Grants will be determined by the Compensation Committee, or such other committee(s) or officer(s) duly appointed by the Board or the Compensation Committee, in its sole discretion, and are set forth in grant agreements. The Board has the power and discretionary authority to determine the terms and conditions of the Grants, including, without limitation, (i) the purchase price of any Shares, (ii) the method of payment for Shares purchased pursuant to any award, (iii) the method for satisfying any tax withholding obligation arising in connection with any award, including by the withholding or delivery of Shares, (iv) the timing, terms and conditions of the exercisability, vesting or payout of any award or any Shares acquired pursuant thereto, (v) the performance criteria applicable to any award and the

extent to which such performance criteria have been attained, (vi) the time of the expiration of any award, (vii) the effect of the participant's termination of service on any of the foregoing, and (viii) all other terms, conditions and restrictions applicable to any award or Shares acquired pursuant thereto as the Board shall consider to be appropriate and not inconsistent with the terms of the Plan. Generally, the term of each Grant is ten years, unless the Board or the Compensation Committee determines otherwise.

There are currently options and restricted stock units outstanding under the LTIP.

- **Options:** The exercise price of any options is determined by the Board, subject to TSX approval (if required), at the time such options are granted. In no event shall such exercise price be lower than the greater of the closing market prices of the underlying securities on: (a) the trading day prior to the date of grant of the options, and (b) the date of grant of the options. Subject to any vesting restrictions imposed by the TSX, the Board may, in its sole discretion, determine the time during which options shall vest and the method of vesting, or that no vesting restriction shall exist. The terms of an option may not be amended once issued. If an option is cancelled prior to its expiry date, the Company must post notice of the cancellation and shall not grant new options to the same person until 30 days have elapsed from the date of cancellation. Generally, options granted under the LTIP vest evenly over three years on an annual basis from the grant date.
- **Restricted Stock Units:** Each restricted stock unit granted under the LTIP entitles the participant to receive, subject to the provisions of the LTIP and the award agreement, Common Shares, subject to certain transferability and other restrictions. The specific terms of any restricted stock unit grants will be subject to determination by the Compensation Committee, including the consideration payable, if any, vesting terms and any performance criteria to be satisfied. Generally, restricted stock units granted under the LTIP vest evenly over three years on an annual basis from the grant date.

The LTIP provides that the total number of Common Shares reserved and available for issuance pursuant to awards granted under the LTIP (“**Awards**”) shall not exceed the number of Common Shares equal to ten percent (10%) of the total issued and outstanding Common Shares from time to time less any Common Shares that are issuable pursuant to the Legacy Option Plan (the “**Share Pool**”). Without duplication, for the purposes of compliance with certain United States securities laws, the Share Pool shall, unless otherwise determined by the Board or the Administrator (as defined in the LTIP), be considered to be increased annually on the first day of each fiscal year of the Company, commencing with the 2022 fiscal year, by a number equal to 10% of the increase during the preceding fiscal year in the number of Common Shares outstanding, as measured from the first to the last date of such fiscal year. For the avoidance of doubt, any Common Shares which become outstanding during the applicable preceding fiscal year, including any Common Shares that are issued pursuant to Awards granted under the Plan, shall be included in calculating any such increase to the Share Pool. As of January 1, 2026 and April 16, 2026, the Share Pool is 15,942,014.

The aggregate number of Common Shares that may be issued pursuant to the exercise of awards granted under the LTIP, and all other security based compensation arrangements of the Company (as such term is defined in the policies of the TSX) is subject to the following additional limitations: (i) no more than 10% of the issued and outstanding Common Shares (on a non-diluted basis) may be reserved at any time for insiders (as defined in the *Securities Act* (Ontario), “**Insiders**”), together with all other security based compensation arrangements of the Company; and (ii) the number of securities of the company issued to Insiders within any one-year period, under all security based compensation arrangements, cannot exceed 10% of the issued and outstanding Common Shares. No one participant shall be granted awards under the LTIP which exceed, in the aggregate, the maximum number permitted by the TSX.

On a total Company basis, when appropriate, the Compensation Committee analyzes (i) the number of shares used by the Company during the year with respect to new equity awards (i.e., burn rates), (ii) the number of shares subject to outstanding equity awards relative to the total number of shares issued and outstanding (i.e., issued equity overhang), and (iii) the number of shares subject to outstanding equity awards and available for future grants relative to the total number of shares issued and outstanding (i.e. total equity overhang).

The Compensation Committee believes that analyzing these additional factors allows it to assess whether granting new awards to the NEOs is prudent based on the pool of shares the Company has available for grants to all of the Company's employees and to take into consideration the impact on the dilution of stockholder interests and overhang. The Compensation Committee approved RSU grants to the NEOs in accordance with the LTIP based on each NEO's role and responsibilities and such NEO's individual performance during 2025, and in furtherance of the overall goals of the Company's executive compensation program as well as other factors as described above.

The following additional per-person limitations apply to Grants: (i) the aggregate number of Common Shares that may be reserved for issuance pursuant to the exercise of Awards granted to non-employee directors pursuant to the LTIP shall not exceed 1.0% of the issued and outstanding Common Shares (on a non-diluted basis) from time to time; (ii) the equity value

of stock options granted to a non-employee director, within a one year period, pursuant to the LTIP shall not exceed C\$100,000; and (iii) the aggregate equity value of all Awards, that are eligible to be settled in Common Shares granted to a non-employee director, within a one year period, pursuant to all security-based compensation arrangements of the Company (including, for greater certainty, the LTIP) shall not exceed C\$150,000.

Unless otherwise determined by the Board, no awards granted under the LTIP shall be transferable by a participant other than by will or the laws of descent and distribution. Subject to applicable laws, the Board may permit an award, other than an option or tandem stock appreciation right granted with respect to an option, to a participant's family member as a gift or pursuant to a domestic relations order in settlement of marital property rights.

The Board or the Compensation Committee may, without shareholder approval, amend, alter or discontinue the LTIP, but no amendment, alteration or discontinuation may be made which would materially impair the rights of a participant with respect to a previously granted award without such participant's consent, except such an amendment made to comply with applicable law or rule of any securities exchange or market on which the Common Shares are listed or admitted for trading or to prevent adverse tax or accounting consequences to the Company or the participant. No amendment of the LTIP may be made without the approval of the Company's shareholders to the extent such amendment would (i) increase in the maximum number of Common Shares that may be made the subject of Awards under the LTIP; (ii) increase the limits on Awards that may be granted to any participant; (iii) permit Awards granted under the LTIP to be transferable or assignable other than by will, the laws of descent and distribution or in settlement of marital property rights; (iv) add to the categories of persons eligible to participate in the LTIP; (v) eliminate or modify the prohibition on repricing of stock options and stock appreciation rights, (vi) extend the term of an outstanding stock option or stock appreciation right beyond the expiry date thereof; (vii) modify the prohibition on the issuance of reload or replenishment options; or (viii) revise the amending provisions of the LTIP.

In the event of the termination of a participant's employment or consultancy with, or performance of services for, the Company or its subsidiaries, unless a participant's award agreement states otherwise, to the extent stock options, stock appreciation rights, restricted stock, and restricted stock units are not vested and exercisable, such awards will be forfeited 90 days following the date of termination of service. Temporary absences from employment because of illness, vacation or leave of absence and transfers among the Company and its subsidiaries shall not be considered terminations of service. In the event that any transaction resulting in a change in control occurs, outstanding awards will terminate upon the effective time of such change in control unless provision is made in connection with the transaction for the continuation or assumption of such awards by, or for the issuance therefor of substitute awards of, the surviving or successor entity or a parent thereof. Subject to the provisions of the LTIP, certain awards that terminate at the effective time of the change of control shall become fully vested and exercisable immediately before such effective time.

As approved by the Board, effective as of February 1, 2024, the Company accelerated the vesting and settlement of an aggregate of 2,927,313 outstanding restricted stock units granted under the LTIP.

As of April 06, 2026, the Company has options outstanding under the LTIP to acquire an aggregate of 1,876,989 Common Shares (representing 1.17% of the issued and outstanding Common Shares) and restricted stock units outstanding for an aggregate of 6,268,557 Common Shares (representing 3.90% of the issued and outstanding Common Shares).

Together, as of April 06, 2026, the options and restricted stock units outstanding under the LTIP represent 5.07% of the issued and outstanding Common Shares. As of April 06, 2026, the number of Common Shares remaining available for issuance pursuant to new Grants under the LTIP is 7,796,468 Common Shares (representing 4.86% of the issued and outstanding Common Shares).

Burn Rate

The Company's annual burn rate, as described in Section 613(p) of the TSX Company Manual, for the LTIP and Legacy Option Plan is as follows:

LTIP	7.41%	1.94%	1.33%
Legacy Option Plan	0.00	0.00	0.00

Notes:

(1) Calculated using the basic weighted average number of Common Shares outstanding during the year ended December 31, 2023. Using the fully diluted weighted average number of Common Shares outstanding during the year ended December 31, 2023, the burn rate for the LTIP is 7.41% and for the Legacy Option Plan is 0.0%.

- (2) Calculated using the basic weighted average number of Common Shares outstanding during the year ended December 31, 2024. - (3) Calculated using the basic weighted average number of Common Shares outstanding during the year ended December 31, 2025. Using the fully diluted weighted average number of Common Shares outstanding during the year ended December 31, 2025, the burn rate for the LTIP is 1.33% and for the Legacy Option Plan is 0.0%.

Clawback Policy

The Company has implemented a formal recoupment or “clawback” policy on the incentive compensation of its executive officers (which includes the current and past Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, General Counsel, Principal Accounting Officer and other executive officers, as determined by the Board), including, without limitation, options and restricted stock units that may be awarded to the officer when (i) the executive engages in willful misconduct or fraud which causes or significantly contributes to a restatement of the Company’s financial statements due to material noncompliance by the Company with any applicable financial reporting requirement under securities laws, (ii) the executive receives incentive compensation calculated on the achievement of those financial results, and (iii) the incentive compensation received would have been lower had the financial statements been properly reported. The policy provides that when a clawback is triggered, upon the recommendation of the Compensation Committee, the Board may, in its sole discretion and to the extent that it determines it is in the Company’s best interests to do so, require the officer to repay the amount of incentive compensation relating to the year(s) subject to the restatement or received upon exercise or payment of incentive compensation in or following the year(s) subject to the restatement that is in excess of the incentive compensation the executive would have received if the incentive compensation had been computed in accordance with the results as restated, calculated on an after-tax basis.

Insider Trading and Reporting Policy

All of the Company’s executives, other employees, and directors are subject to the Company’s Insider Trading and Reporting Policy, which prohibits trading in the Company’s securities while in possession of material undisclosed information about the Company. Under this policy, such individuals are also prohibited from entering into hedging transactions involving securities of the Company, such as short sales, puts and calls. Furthermore, the Company permits executives, including NEOs, to trade in the Company’s securities only during prescribed trading windows. Notwithstanding these prohibitions, the Company’s directors, officers and employees are able to sell a security which such person does not own if such person owns another security convertible into the security sold or an option or right to acquire the security sold and, within 10 days after the sale, such person: (i) exercises the conversion privilege, option, or right and delivers the security so associated to the purchaser; or (ii) transfers the convertible security, option or right, if transferable, to the purchaser.

Common Share Ownership Requirements

The directors and certain designated officers of the Company are subject to mandatory Common Share ownership requirements established by the Board. Each director is required to own Common Shares of the Company having a value of at least three times the amount of their annual retainer. Each designated officer is required to own Common Shares of the Company as follows: the Chief Executive Officer is required to hold three times the amount of his annual base salary; the Chief Financial Officer is required to hold two times the amount of her annual base salary; and all other designated officers are required to hold one times the amount of their annual base salaries. New directors and designated officers have five years from the date of election or appointment to the Board or appointment as an executive officer to acquire the aforementioned levels of ownership. The Common Share ownership requirements were established on May 24, 2021.

Pension Plan Benefits

Defined Contribution Plan – Retirement Savings Plan

The Company does not have a defined benefit plan or deferred compensation plan; however, the Company does have a defined contribution plan (the “**401(k) plan**” or “**401(k)**”) under the provisions of the Employment Retirement Income Security Act of 1974, which is administered through Principal Financial, as the record keeper. Pursuant to the 401(k) plan, the Company has generally provided 100% Company match for the first 3% of employee deferrals and a 50% match for deferrals between 3% - 5% on 401(k) plan contributions to all eligible and participating employees up to certain maximum thresholds. Participating employees must make their own contributions in order to receive matching funds from the Company. All employees that are at least 21 years of age and have completed thirty days of service with the Company are eligible to make salary deferral contributions to the 401(k) plan and are eligible for the Company match. At the outset of the COVID-19 pandemic, the Company suspended matching contributions under the 401(k) plan. However, as of July 1, 2021, the Company reinstated its 401(k) matching program. The Company implemented Safe Harbor matching effective January 1, 2023. The Company does not discriminate between executives and non-executives under the 401(k) plan. Employees can make additional voluntary salary deferral contributions, for total combined contributions up to the legislated government maximums.

Termination and Change of Control Benefits

Pursuant to Mr. Morachnick’s executive employment agreement with the Company (the “**Employment Agreement**”), in the event his employment is terminated by the Company without Cause or by him for Good Reason (as such capitalized terms are defined in the Employment Agreement), he is entitled to severance as follows: (i) a payment equal to 12 months of his then-existing base salary, and (ii) payment of his target bonus for the year of termination, pro-rated to the date of his termination. In the event such a termination occurs within the 90-day period prior to, or during the 12-month period immediately following, a Change of Control (as defined in the Employment Agreement), then Mr. Morachnick is entitled to severance as follows: (i) payment equal to 24 months of his then-existing base salary, and (ii) payment of his target bonus for the year of termination, pro-rated to the date of his termination.

Options and awards granted under the Legacy Option Plan and LTIP contain provisions allowing for the exercise, in certain circumstances, of options following termination (other than by reason of death, disability, retirement or for cause). Under the LTIP, in the event that any transaction resulting in a change in control occurs, outstanding awards will terminate upon the effective time of such change in control unless provision is made in connection with the transaction for the continuation or assumption of such awards by, or for the issuance therefor of substitute awards of, the surviving or successor entity or a parent thereof. Subject to the provisions of the LTIP, certain awards that terminate at the effective time of the change of control shall become fully vested and exercisable immediately before such effective time.

The Board adopted an executive change in control severance plan effective December 6, 2021 (the “**Severance Plan**”). The Severance Plan provides severance and change-in-control protections to certain key employees of the Company. The Severance Plan is for the benefit of employees of the Company in a senior management position (which includes senior directors or members of the Company’s executive leadership team), designated as participants by the Compensation Committee from time to time. Subject to the terms and conditions of the Severance Plan, the Severance Plan provides that, in the event of involuntary termination of a participant’s employment during the twelve month period following the effective date of a change in control, such participant shall be entitled to a severance payment equal to six (6), nine (9) or twelve (12) months (the “**Severance Period**”) of base salary for (i) senior directors, (ii) executive leadership team members (including NEOs), and (iii) Chief Executive Officer and Chief Financial Officer, respectively. In addition and subject to certain conditions as set out in the Severance Plan, the Company shall, at the Company’s expense, provide medical coverage through the Company’s group medical plans throughout the Severance Period, unless the individual earlier becomes eligible to receive healthcare coverage from a subsequent employer. Notwithstanding anything to the contrary in the Severance Plan, in the event that a participant is entitled to severance payments or benefits under any other employment

agreement, severance agreement or similar agreement between a participant and the Company, such participant's severance payment under the Severance Plan is subject to reduction by the aggregate amount of all similar severance payments due to such participant under such other agreement.

Liability Insurance of Directors and Officers

The Company has directors' and officers' liability insurance coverage for losses to the Company if the Company is required to reimburse directors and officers, where permitted, and for direct indemnity of directors and officers where corporate reimbursement is not permitted by law. This insurance protects the Company against liability (including costs), subject to standard policy exclusions, which may be incurred by directors and/or officers acting in such capacity for the Company. All directors and officers are covered by the policy and the amount of insurance applies collectively to all.

In addition, indemnity agreements have been entered into with each director and certain executive officers pursuant to which the Company has agreed to indemnify such directors and officers from liability arising in connection with the performance of their duties. Such indemnity agreements conform to the provisions of the BCBCA.

Other Compensation

Other than as set forth herein, the Company did not pay any other compensation to NEOs (including personal benefits and securities or properties paid or distributed which compensation was not offered on the same terms to all full-time employees) during the financial year ended December 31, 2025, other than benefits and perquisites which did not amount to \$10,000 or greater per individual.

DIRECTOR COMPENSATION

As of December 31, 2025, the Company had six (6) directors, one of whom was also an employee: William Morachnick (Chief Executive Officer).

Employees who are also directors do not receive additional compensation for their services as directors. Mr. Morachnick did not receive any additional compensation for his services as director during the year ended December 31, 2025. For a description of the compensation paid to Mr. Morachnick, see “*Summary Compensation Table for 2025*,” above.

Ms. Walker, the director nominee of BAT, is not entitled to compensation or reimbursement for any travel or other expenses incurred in connection with participating on the Board. Mr. Stanley did not receive compensation for his role as a member of the Board.

On June 13, 2024, Mr. Stanley entered into the Consulting Agreement with the Company pursuant to which Mr. Stanley receives a bi-weekly payment of \$6,000, plus reimbursement of reasonable expenses. The foregoing description of Mr. Stanley’s Consulting Agreement is qualified in its entirety by reference to the agreement, which was filed on a Form 8-K on June 14, 2024.

Except for Ms. Walker and Mr. Morachnick, each member of the Company’s Board is entitled to reimbursement for reasonable travel and other expenses incurred in connection with attending Board meetings and meetings for any committee on which he or she serves.

Compensation of Directors

The form and amount of director compensation is reviewed annually and as deemed advisable by the Compensation Committee, which shall make recommendations to the Board based on such review. The Compensation Committee reviews director compensation on an annual basis to ensure that the Company offers director compensation that is: (i) commensurate with the efforts the Company expects from existing Board members; (ii) competitive in the Company’s industry in order that the Company might attract the best possible candidates to assist the Company and its shareholders in a fiduciary capacity to maximize the opportunity presented by that growth; and (iii) aligned with shareholder interests as the Company grows. The Board retains the ultimate authority to determine the form and amount of director compensation. As noted above, Ms. Walker, the director nominee of BAT, is not entitled to compensation or reimbursement for any travel or other expenses incurred in connection with participating on the Board.

While the Company strives to remain consistent in Directors’ compensation, there are circumstances when the allocation of a Director’s compensation may vary due to availability of registered stock units and timing of the Director’s appointment. The chart below generally outlines the Company’s director compensation program for its non-employee Directors:

The RSUs automatically terminate upon the grantee ceasing to provide services to the Company, if the termination is for any reason other than death or total and permanent disability.

EXHIBIT I – BOARD MANDATE

BOARD OF DIRECTORS’ MANDATE

August 22, 2018

Amended November 2, 2021, September 1, 2023, and October 31, 2024

CHARLOTTE’S WEB HOLDINGS, INC.

The Board of Directors (the “**Board**”) of Charlotte’s Web Holdings, Inc. (the “**Company**”) is responsible under law to supervise the management of the business and affairs of the Company. The Board has the statutory authority and obligation to protect and enhance the assets of the Company and to meet the objective of the Company set out in the Company’s organizational documents.

The principal mandate of the Board is to oversee the management of the business and affairs of the Company, and monitor the performance of management.

In keeping with generally accepted corporate governance practices and the recommendations contained in National Policy 58-201 adopted by the Canadian Securities Administrators, and the requirements of any stock exchange on which the Company’s securities are listed, the Board assumes responsibility for the stewardship of the Company and, as part of the overall stewardship responsibility, explicitly assumes responsibility for the following:

1. Independence

The Board retains the responsibility for managing its own affairs, including planning its composition, selecting its Chairman and/or Lead Director, appointing Board committees and determining directors’ compensation. While it is appropriate to confer with management on the selection of candidates to be nominated as members of the Board, the ultimate selection shall be determined by the existing members of the Board. The Chairman of the Board should be a director who is independent within the meaning of section 2.1 of National Policy 58-201 *Corporate Governance Guidelines* and where this is not appropriate, an independent director should be appointed to act as Lead Director.

In that the Board must develop and voice objective judgment on corporate affairs, independently of management, practices promoting Board independence will be pursued. This includes constituting the Board with a sufficient number of independent and unrelated directors as the Board deems appropriate. Certain tasks suited to independent judgments will be delegated to specialized committees of the Board that are comprised of independent directors and-unrelated directors.

The Board will evaluate its own performance in a continuing effort to improve. For this purpose, the Board will establish criteria for Board and Board member performance, and pursue a self-evaluation process for evaluating both overall Board performance and contributions of individual directors.

2. Leadership in Corporate Strategy

The Board ultimately has the responsibility to oversee the development and approval of the mission of the Company, its goals and objectives, and the strategy by which these objectives will be reached. In guiding the strategic choices of the Company, the Board must understand the inherent prospects and risks of such strategic choices.

While the leadership for the strategic planning process comes from management of the Company, the Board shall bring objectivity and a breadth of judgment to the strategic planning process and will ultimately approve the strategy developed by management as it evolves.

The Board is responsible for monitoring management’s success in implementing the strategy and monitoring the Company’s progress to achieving its goals; revising and altering direction in light of changing circumstances.

The Board has the responsibility to ensure congruence between the strategic plan and management’s performance.

3. Management of Risk

The Board shall understand the principal risks of all aspects of the business in which the Company is engaged, recognizing that business decisions require the incurrence of risk. The Board is responsible for providing a balance between risks incurred and the potential returns to shareholders of the Company. This requires that the Board ensure that systems are in

place to effectively monitor and manage risks with a view to the long-term viability of the Company and its assets, and conduct an annual review of the associated risks.

4. Approach to Corporate Governance

The Company is committed to effective practices in corporate governance. The Company consistently assesses and adopts corporate governance measures. The Corporate Governance and Nominating Committee shall be responsible for overseeing disclosure of the Company's approach to corporate governance in public disclosure documents.

5. Oversight of Management

As the Board functions, the Board must ensure the execution of plans and operations are of the highest caliber. The key to the effective discharge of this responsibility is the approval of the appointment of the senior officers of the Company and the assessment of each senior officer's contribution to the achievement of the Company's strategy. In this respect, performance against objectives established by the Board is important, as is a formal process for determining the senior officers' compensation, in part, by using established criteria and objectives for measuring performance. To the extent feasible, the Board should also satisfy itself as to the integrity of the Chief Executive Officer ("CEO") and other executive officers, and that such officers create a culture of integrity throughout the Company. "Executive officer" has the meaning set out in National Instrument 51-102 - Continuous Disclosure Obligations.

6. Succession Planning

On a regular basis, the Board shall review a succession plan, developed by management, addressing the policies and principles for selecting a successor to the CEO and other key senior management positions, both in an emergency situation and in the ordinary course of business. The succession plan should include an assessment of the experience, performance, skills, training and planned career paths for possible successors to the CEO currently in the Company's senior management.

7. Expectations and Responsibilities of Board Members

(a) Commitment and Attendance

All members of the Board should make every effort to attend all meetings of the Board and meetings of committees of which they are members, if any. Although attendance in person is encouraged, members may attend by telephone to mitigate schedule conflicts.

(b) Participation in Meetings

Each member of the Board should be sufficiently familiar with the business of the Company, including its financial statements and capital structure, and the risks and competition it faces, to facilitate active and effective participation in the deliberations of the Board and of each committee on which he or she serves.

(c) Financial Knowledge

One of the most important roles of the Board is to monitor financial performance. Each member of the Board should generally know how to read financial statements, and should understand the use of financial ratios and other indices for evaluating financial performance.

(d) Other Directorships

The Company values the experiences Board members bring from other boards on which they serve, but recognizes that those boards may also present demands on a member's time and availability, and may also present conflicts of interest or other legal issues. Members of the Board should advise the Chair of the Corporate Governance and Nominating Committee before accepting any new membership on other boards of directors or any other significant commitment involving an affiliation with other related businesses or governmental units.

(e) Contact with Management

All members of the Board are invited to contact the CEO at any time to discuss any aspect of the Company's business. While respecting organizational relationships and lines of communication, members of the Board have complete access to other members of management. There shall be afforded frequent opportunities for members of the Board to meet with the CEO, Chief Financial Officer and other members of management in Board and committee meetings and in other formal or informal settings.

(f) Confidentiality

The proceedings and deliberations of the Board and its committees are confidential. Each member of the Board shall maintain the confidentiality of information received in connection with his or her services.

(g) Preparation for Meetings

All members of the Board should make every effort to review all meeting materials prior to meetings of the Board and meetings of committees of which they are members.

8. Shareholder Communications and Disclosure

The Board is responsible to ensure that the Company has policies in place to ensure effective and timely communication and disclosure to the shareholders of the Company, other stakeholders and the public in general. This communication and disclosure policy must effectively and fairly present the operations of the Company to shareholders and should accommodate feedback from shareholders, which should be considered into future business decisions.

The Board has the responsibility for ensuring that the financial performance of the Company is reported to shareholders on a timely and regular basis and for ensuring that such financing results are reported fairly, in accordance with generally accepted accounting principles.

The Board has the responsibility for ensuring that procedures are in place to effect the timely reporting of any developments that have a significant and material impact on the value of shareholder assets.

The Board has the responsibility for reporting annually to shareholders on its stewardship for the preceding year in accordance with applicable laws.

9. Integrity of Corporate Control and Management Information Systems

To effectively discharge its duties, the Board shall ensure that the Company has in place effective control and information systems so that it can track those criteria needed to monitor the implementation of the Company's strategy.

Similarly, in reviewing and approving financial information, the Board shall ensure that the Company has an audit system, which can inform the Board of the integrity of the data and compliance of the financial information with generally accepted accounting principles.

The Board's management of the important areas of corporate conduct, such as the commitment of the Company's assets to different businesses or material acquisitions, shall also be supported by effective control and information systems.

10. Legal Requirements

The Board is responsible for ensuring that routine legal requirements, documents, and records have been properly prepared, approved and maintained by the Company.

11. Board Delegation to Committees

The Board may delegate specific responsibilities to committees of the Board in order to effectively manage the affairs of the Company.

12. Limitation

The foregoing is (i) subject to and without limitation of the requirement that in exercising their powers and discharging their duties, the members of the Board act honestly and in good faith with a view to the best interests of the Company and its stakeholders; and (ii) subject to, and not in expansion of the requirement, that in exercising their powers and discharging their duties the members of the Board exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

13. Assessments

The members of the Board will collectively assess the performance of the Board as a whole, the committees of the Board and all directors with reference to their respective mandates, charters or terms of reference. Individual directors will be

assessed with reference to any applicable position descriptions, as well as the competencies and skills that each director is expected to bring to the Board.

Unless otherwise determined by the Board, such assessment will occur informally and on an annual basis, with an emphasis on the overall effectiveness and contributions made by the Board as a whole, the committees of the Board and all directors individually.

EXHIBIT II – ANNUAL BENEFIT REPORT

Annual Benefit Report

For the Financial Year ending December 31, 2025

April 16, 2026

Greetings,

At Charlotte's Web, our mission has always been rooted in a deep reverence for nature's boundless potential. From our humble beginnings, what began as a family endeavor has grown into a mission-driven company grounded in responsibility—to people, to communities, and to the planet. From the beginning, we have believed in the power of botanicals to support human wellness, and in the responsibility of business to create positive, lasting impact.

Today, our purpose continues to evolve: to uncover the science of nature and help shape a more responsible future for wellness. We pursue this work with curiosity, rigor, and care, guided by principles that inform every decision we make.

We are driven by a spirit of discovery, approaching nature with humility and respect as we work to better understand its complexity and potential. Through ongoing research and innovation, we strive to bridge time-honored botanical wisdom with modern science, transforming insight into products that are credible, consistent, and grounded in evidence.

Our impact extends beyond the products we create. We aim to catalyze a more responsible wellness movement, one that empowers individuals to engage in their well-being while advancing transparency, trust, and higher standards across our industry.

Accessibility remains central to our mission. We are committed to making wellness within reach, without compromising quality or integrity. This means investing in responsible sourcing, supporting regenerative and organic practices where possible, and honoring the people behind our work, including our employees, farming partners, founding families, and the communities in which we operate.

At the heart of everything we do is an unwavering commitment to product quality, safety, and consistency. We view our extracts as powerful botanical tools entrusted to us by nature. As their stewards, we take seriously our responsibility to deliver these benefits with care, accountability, and transparency, from soil to shelf.

As a Certified B Corporation, we believe business can be a force for good when it is accountable, measurable, and continuously improving. This report reflects our progress to date and our commitment to raising the bar year after year for people, planet, and long-term impact.

CHARLOTTE’S WEB HOLDINGS, INC.
BENEFIT REPORT

For the Financial Year ending December 31, 2025

Charlotte’s Web Holdings, Inc. (“Charlotte’s Web” or the “Company”) became a benefit company under the laws of British Columbia on July 24, 2020, which means we are formally committed to conducting our business in a responsible and sustainable manner, and to promoting one or more public benefits. The public benefit selected by the Company is: “[t]o pioneer the way to healthier lives, stronger communities, and a more bountiful planet by making it easier for everyone to access the natural restorative power of plants” and the mission of Charlotte’s Web is: “to unearth the science of nature to revolutionize wellness.”

As a benefit company, Charlotte’s Web is excited to share our annual benefit report for the most recently completed financial year to promote public benefit and assess our performance against a third-party standard. The third-party standard Charlotte’s Web uses is B Corp certification from B Lab.

CONDUCT OF BUSINESS IN A RESPONSIBLE AND SUSTAINABLE MANNER

Charlotte’s Web is a responsibly minded, sustainably driven company committed to promoting health and well-being through botanical-based products grown sustainably and in harmony with nature. We prioritize environmentally friendly and sustainable practices in our production processes and supply chain, which include using organic farming practices, reducing waste, and implementing tighter controls on our supply chain.

In addition, each year, we invest in our community through financial and product contributions and volunteer hours, demonstrating a commitment to social responsibility. Our focus on responsible and sustainable practices aligns with our mission and reflects a commitment to positively impacting the planet and its people. We harness the same mindset internally by investing in our people and developing programs and policies that align with our values.

During the year ended December 31, 2025, we made every effort to conduct our business in a responsible and regenerative manner, considering the well-being of people and communities affected by the operations of the Company while also endeavoring to use a fair and proportionate share of available environmental, social, and economic resources and capacities.

PROMOTION OF PUBLIC BENEFIT & CONDUCTING BUSINESS WITH PURPOSE AND REGENERATIVE INTENT

As set out in the Articles, Charlotte’s Web is committed to promoting the public benefit of: “pioneer[ing] the way to healthier lives, stronger communities, and a more bountiful planet by making it easier for everyone to access the natural restorative power of plants”.

At Charlotte's Web, our commitment to promoting our public benefit through responsible and sustainable practices is woven into the fabric of our operations. We embrace organic farming methods, implement waste reduction strategies, and maintain oversight within our supply chain – all in service of treading lightly on our planet while promoting holistic well-being, with a goal to making it easier for everyone to access the natural restorative power of plants. Beyond our operational footprint, we invest in local communities through financial contributions, product donations, and volunteer efforts, demonstrating our belief that true wellness extends beyond the individual to encompass collective well-being.

In 2025, we remained steadfast in conducting our business with a regenerative intent, judiciously utilizing resources while considering the well-being of people and communities impacted by our operations. Moreover, we celebrated our fifth year as a certified B Corporation, reinforcing our commitment to meeting a high standard of social and environmental performance, transparency, and accountability. This certification underscores our use of business as a force for good, creating value for all stakeholders while positively impacting our planet.

Why we became a B Corp:

- At Charlotte's Web, authenticity is central to our identity. We believe our products, practices, and impact must be a true reflection of our core values and purpose. Becoming a Certified B Corporation was a natural step in this journey, solidifying our commitment to using business as a force for good.
- B Corp certification empowers us to cultivate a business ecosystem that harmonizes social and environmental responsibility with financial success. By being part of this community of like-minded

companies, we can quantify and manage our impact, holding ourselves accountable to high standards of transparency and performance.

- Our B Corp status symbolizes our dedication to building a better world through our business operations. We take pride in being part of an ecosystem that drives positive change, making a tangible difference in communities and the environment. This certification reinforces our role as catalysts for a more sustainable and equitable future.

ASSESSMENT AGAINST THIRD-PARTY STANDARD

Third Party Standard

British Columbia’s public benefit legislation requires benefit companies to assess and report on their overall performance in conducting their business in a responsible and sustainable manner and in promoting the selected public benefits, against an independent “third-party standard” that meets certain statutory criteria relating to transparency and credibility.

The Company is a B Corp certified by B Lab, a non-profit organization that administers B Corporation certification. Certified B Corps achieve a minimum verified score on the B Impact Assessment (the “**BIA**”) - a rigorous assessment of a company’s impact on its workers, customers, community, and environment - and make their B Impact Report transparent on the B Lab website. Certified B Corporations also amend their legal governing documents to require their board of directors to balance profit and purpose. The combination of third-party validation, public transparency, and legal accountability helps Certified B Corps build trust and value. The Company must re-certify as a B Corp every three years.

The BIA is developed through a transparent process and is audited by B Lab and comprehensively covers the impact of a business on all its stakeholders, including its workers, suppliers, community, and the environment. The BIA also captures best practices regarding mission, measurement, and governance. The last, heavily weighted, portion of the BIA identifies a company’s specific “Impact Business Models,” which include the targeted, formal focus on a benefiting a particular stakeholder through products and services or internal practices.²

Given our familiarity with the BIA and the respect which the standard is accorded in the industry, Charlotte’s Web has selected B Lab’s BIA as our independent “third-party standard” under the British Columbia benefit company legislation for the financial year ended December 31, 2025. Charlotte’s Web has applied B Lab’s BIA as its independent “third-party standard” in a consistent manner since 2020.

Assessment

Charlotte’s Web was re-certified by B Lab in 2024 and received a score of 96.5. The Company continues to independently assess against B Lab’s BIA, including in respect to its operations during the year ended December 31, 2025. Specifically, Charlotte's Web has assessed against B Lab's considerations related to governance, workers, community, environment, and customers.

AUDIT COMMITTEE CHARTER

AUGUST 22, 2018

REVISED MAY 31, 2021, NOVEMBER 2, 2021, SEPTEMBER 1, 2023, AND OCTOBER 31, 2024

1. Role and Objective

The Audit Committee (the “**Committee**”) is a committee of the board of directors (the “**Board**”) of Charlotte’s Web Holdings, Inc. (the “**Company**”) to which the Board has delegated its responsibility for the oversight of the following:

2. Composition

The Committee will be comprised of at least three Directors or such greater number as the Board may determine from time to time and all members of the Committee shall be “independent” (as such term is used in National Instrument 52-110 – Audit Committees (“**NI 52-110**”)) unless the Board determines that an exemption contained in NI 52-110 is available and determines to rely thereon. “**Independent**” generally means free from any business or other direct or indirect material relationship with the Company that could, in the view of the Board, reasonably interfere with the exercise of the member’s independent judgment. In addition, members of the Committee may not, directly or indirectly, receive any consulting, advisory, or other compensatory fee paid by the Company, nor may they be affiliated with the Company under applicable securities laws.

All of the members of the Committee must be “financially literate” (as defined in NI 52-110) unless the Board determines that an exemption under NI 52-110 from such requirement in respect of any particular member is available and determines to rely thereon in accordance with the provisions of NI 52-110. Being “**financially literate**” means members have the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by

the Company's financial statements. In addition, one member of the Committee shall meet the definition of audit committee financial expert, as defined in Item 407 of U.S. Regulation S-K.

The Board shall from time to time designate one of the members of the Committee to be the chairperson of the Committee (the "Chair").

3. Meetings and Administrative Matters

- (a) The Committee shall meet at least four times per year and/or as deemed appropriate by the Committee Chair. In addition, the independent directors of the Committee will consider holding regularly scheduled meetings (or holding in camera sessions at regular Board meetings) at which members of management are not in attendance. As part of its job to foster open communication, the Committee will meet at least annually with management (including separate sessions with each of the Chief Executive Officer, the Chief Financial Officer and the General Counsel) and the external auditors in separate sessions, and at such other times as the external auditor and/or the Committee consider appropriate. The Chief Financial Officer of the Company shall attend meetings of the Committee, unless otherwise excused from all or part of any such meeting by the Chair.
- (b) Agendas, with input from management and approved by the Chair, shall be circulated to Committee members and relevant management personnel along with background information on a timely basis prior to the Committee meetings.
- (c) A quorum for meetings of the Committee will be a majority of its members, and the rules for calling, holding, conducting and adjourning meetings of the Committee will be the same as those governing the Board unless otherwise determined by the Committee or the Board.
- (d) The Chair will preside at all meetings of the Committee, unless the Chair is not present, in which case the members of the Committee that are present will designate from among such members the Chair for purposes of the meeting.
- (e) At all meetings of the Committee, every resolution shall be decided by a majority of the votes cast. In case of an equality of votes, the Chair of the meeting shall be entitled to a second or casting vote.
- (f) The minutes of the Committee meetings shall accurately record the decisions reached and shall be distributed to the Committee members.
- (g) The Committee may invite such officers, directors and employees of the Company and its subsidiaries, if any, as it sees fit from time to time to attend meetings of the Committee and assist in the discussion and consideration of the matters being considered by the Committee.
- (h) The Committee may retain outside advisers and/or obtain independent professional advice to assist in fulfilling its responsibilities at the expense of the Company as solely determined by the Committee without any further approval of the Board.
- (i) Any members of the Committee may be removed or replaced at any time by the Board and will cease to be a member of the Committee as soon as such member ceases to be a Director. The Board may fill vacancies on the Committee by appointment from among its members. If and whenever a vacancy exists on the Committee, the remaining members may exercise all the Committee's powers so long as a quorum remains. Subject to the foregoing, following appointment as a member of the Committee, each member will hold such office until the Committee is reconstituted.
- (j) Any issues arising from these meetings that bear on the relationship between the Board and management should be communicated to the Chairman of the Board by the Committee Chair.

4. Mandate and Responsibilities

To fulfill its responsibilities and duties, the Committee shall:

- (a) undertake annually a review of this mandate and make recommendations to the Board as to proposed changes;
- (b) be responsible for oversight of the Company's internal control systems and procedures, including:
 - (i) identifying, monitoring and mitigating business risks; and
 - (ii) ensuring compliance with legal, ethical and regulatory requirements;

- (c) review and discuss with management the Company’s financial statements and reports and any related management’s discussion and analysis (“MD&A”), any annual earnings, interim earnings and related press releases before the Company publicly discloses this information and any reports or other financial information (including quarterly financial reports), which are submitted to any governmental body, or to the public, including any certification, report, opinion, or review rendered by the external auditors; the process should include but not be limited to:

 - (x) determining through inquiry if there are any related party transactions and ensure the nature and extent of such transactions are properly disclosed;
- (d) review the financial reports and related information included in prospectuses, MD&A, information circular-proxy statements and annual information forms and all public disclosure containing audited or unaudited financial information (including, without limitation, annual and interim press releases and any other press releases disclosing earnings or financial results) before release and prior to Board approval, if required. The Committee must be satisfied that adequate procedures are in place for the review of the Company’s disclosure of all other financial information and will periodically assess the adequacy of those procedures;
- (e) with respect to the appointment of external financial and SOX auditors (the “**external auditors**”) by the Committee:
 - (i) require the external auditors to report directly to the Committee;
 - (ii) review annually the qualifications and performance of the external auditors who shall be ultimately accountable to the Board and the Committee as representatives of the shareholders of the Company and consider and decide if the Company should change external auditors;
 - (iii) on an annual basis, review and discuss with the external auditors all significant relationships such auditors have with the Corporation to determine the auditors’ independence and obtain a formal written statement of external auditors setting forth all relationships between the external auditors and the Company and confirming their independence from the Company as required by the Public Company Accounting Oversight Board (“**PCAOB**”);
 - (iv) review and actively engage in a dialogue with the external auditors regarding the matters required to be discussed by the applicable requirements of the PCAOB and the Securities Exchange Commission, including any disclosed relationships or services that may impact the objectivity and independence of the external auditors;

 - (xi) require other firms providing audit-related services, such as tax audits, to provide status updates to the Committee on an as-needed basis;
- (f) review and approve the Company's hiring policies regarding partners, employees and former partners and employees of the present and former external auditors of the Company;
- (g) review annually with the external auditors their plan for their audit and, upon completion of the audit, their reports upon the financial reports of the Company and its subsidiaries;
- (h) review and pre-approve all audit and audit-related services and the fees and other compensation related thereto, and any permissible non-audit services, provided by the Company's external auditors and consider the impact on the independence of the auditors; the pre-approval requirement is waived with respect to the provision of non-audit services if:
- (i) the aggregate amount of all such non-audit services provided to the Company constitutes not more than five percent (5%) of the total amount of fees paid by the Company to its external auditors during the fiscal year in which the non-audit services are provided;
 - (ii) such services were not recognized by the Company at the time of the engagement to be non-audit services; and
 - (iii) such services are promptly brought to the attention of the Committee by the Company and approved prior to the completion of the audit by the Committee or by one or more members of the Committee who are members of the Board to whom authority to grant such approvals has been delegated by the Committee;
- provided the pre-approval of the non-audit services is presented at the Committee's first scheduled meeting following such approval, such authority may be delegated by the Committee to one or more independent members of the Committee;
- (i) Notwithstanding Section 4(h) the Committee may delegate to one or more independent members the authority to pre-approve non-audit services, provided that the member(s) report to the Committee at the next scheduled meeting such pre-approval and the member(s) comply with such other procedures as may be established by the Committee from time to time;
