INFORMATION REGARDING THE ANNUAL GENERAL MEETING

General

This proxy statement ("Proxy Statement") has information about the 2019 Annual General Meeting of Shareholders (the "Annual Meeting") and was prepared by our management for the Board of Directors of Alpha and Omega Semiconductor Limited, an exempted limited liability company organized under the laws of Bermuda (the "Company"). The Notices of the Annual Meeting and the Proxy Statement are being mailed to our shareholders on or about October 7, 2019. Our Board of Directors supports each proposal as described in this Proxy Statement for which your vote is solicited.

Our Board of Directors asks you to appoint Dr. Mike F. Chang, our Chairman and Chief Executive Officer, and Yifan Liang, our Chief Financial Officer and Corporate Secretary, as your proxy holders to vote your shares at the Annual Meeting. You make this appointment by properly completing the enclosed proxy as described below. If appointed by you, your shares represented by a properly completed proxy received by us will be voted at the Annual Meeting in the manner specified in the proxy card or, if no instructions are marked on the proxy, your shares will be voted as described below. Although management does not know of any other matter to be acted upon at the Annual Meeting, unless contrary instructions are given, shares represented by valid proxies will be voted by the persons named on the accompanying proxy card in the manner the proxy holders deem appropriate for any other matters that may properly come before the Annual Meeting.

We maintain our registered office in Bermuda at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda. Our telephone number in the United States is (408) 830-9742. The mailing address of our business offices in the United States is 475 Oakmead Parkway, Sunnyvale, CA 94085.

Record Date and Shares Outstanding

The record date for the Annual Meeting has been set as the close of business on September 18, 2019. Only shareholders of record as of such date will be entitled to notice of and to vote at the meeting. On the record date, there were 24,549,698 issued and outstanding common shares, par value \$0.002 per share ("common shares" or "shares"). Each issued common share is entitled to one vote on the proposals to be voted on at the Annual Meeting. Shares held as of the record date include common shares that are held directly in your name as the shareholder of record and those shares held for you as a beneficial owner through a broker, bank, trust or other nominee.

QUESTIONS AND ANSWERS RELATING TO THE ANNUAL GENERAL MEETING

Why did I receive these materials?

Only our shareholders as of the close of business on September 18, 2019, which we refer to as the “Record Date,” are entitled to vote at the Annual Meeting, which will be held at 8:00 a.m., Friday on November 8, 2019 Taiwan local time (at 4:00 p.m. on November 7, 2019 U.S. Pacific Standard Time) at the Grand Victoria Hotel located at 168, Jingye 4th Road, Zhongshan District, Taipei, Taiwan. As a shareholder, you are invited to attend the Annual Meeting and are requested to vote on the items of business described in the Proxy Statement. We distribute the Proxy Statement and related materials to our shareholders of record on the Record Date.

The Proxy Statement provides notice of the Annual Meeting, describes the proposals presented for shareholder actions and includes information about the proposals, information concerning our management, corporate governance, principal shareholders and other relevant information. The accompanying proxy card also enables shareholders to vote on the matters without having to attend the Annual Meeting in person.

What is a proxy?

A proxy is your legal designation of another person to vote on your behalf. By completing and returning the enclosed proxy card, you are providing each of our Chief Executive Officer and the Chief Financial Officer with the authority to vote your shares in the manner you indicate on your proxy card.

What are the proposals to be considered at the Annual Meeting and what vote is required to approve each proposal?

The Board of Directors is submitting the following five (4) proposals for shareholder actions at the Annual Meeting:

- **Proposal 1** - the election of seven (7) nominees to serve as directors on our Board of Directors until the next annual general meeting of shareholders or until their successors are duly elected and qualified. The affirmative vote of a plurality of the votes cast at the Annual Meeting is required for the election of directors. “Plurality” means that the individuals who receive the highest number of votes are elected as directors, up to the number of directors to be chosen at the meeting. A properly executed proxy marked “withhold authority” with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Broker non-votes will have no effect on the outcome of the election of directors.
- **Proposal 2** - the approval, on an advisory basis, the compensation of our named executive officers as described in the Proxy Statement, commonly known as the “say-on-pay” vote. This proposal is deemed to be approved by shareholders if it receives the affirmative vote of holders of a majority of the votes cast in person or represented by proxy and entitled to vote at the Annual Meeting. However, Proposal 2 represents only an advisory vote of shareholders and is not binding on the Company, although our Board of Director will consider results of the vote in setting the compensation of our named executive officers. Abstentions and broker non-votes will have no effect on the outcome of this proposal.
- **Proposal 3** - the approval of an amendment of our Company's 2018 Omnibus Incentive Plan (the “Plan”) to increase the number of authorized common shares issuable under the 2018 Plan to 2,065,000. The affirmative vote of holders of a majority of the votes cast in person or represented by proxy and entitled to vote at the Annual Meeting will be required to approve this proposal. Abstentions and broker non-votes will have no effect on the outcome of this proposal.
- **Proposal 4** - the approval and ratification of the appointment of BDO USA, LLP (“BDO”) as our independent registered public accounting firm, and the authorization for our Board of Directors to determine the remuneration of the accounting firm, for the fiscal year ending June 30, 2020. The affirmative vote of holders of a majority of the votes cast in person or represented by proxy and entitled to vote at the Annual Meeting will be required to approve this proposal. Abstention will have no effect on the outcome of this proposal.

How are votes counted and how will a broker non-vote be treated and counted?

If you are a “street name” holder or beneficial owner, you have the right to direct your broker, bank, trust or other nominee on how to vote your shares at the Annual Meeting. The broker, bank, trust or other nominee that is the shareholder of record for your shares is obligated to provide you with a voting instruction card for you to use for this purpose. If you hold your shares in a brokerage account but you fail to return your voting instruction card to your broker, your shares may constitute “broker non-votes.” Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. If you are a beneficial owner and your broker, bank, trust or other nominee holds your shares in its name, it is not permitted for the broker, bank, trust or other nominees to vote your shares on the election of directors (Proposal 1); the “say-on-pay” vote (Proposal 2); and the approval and adoption of the amendment of the 2018 Omnibus Incentive Plan (Proposal 3). The broker, bank, trust or other nominees, however, are permitted to vote for the approval and ratification of the appointment of BDO USA, LLP (Proposal 4), therefore we do not expect any broker non-votes for Proposal 4. Broker non-votes are counted for purposes of establishing a quorum. A properly executed proxy marked “abstain” with respect to Proposals 2, 3 and 4 will not be voted, although they will be counted for purposes of determining whether there is a quorum. The effects of broker non-votes for each proposal is described in more detail in response to the previous question above.

For Proposal 1 with respect to the election of directors, you may vote “FOR” all or some of the nominees or you may vote “WITHHELD” with respect to one or more of the nominees. You may not cumulate your votes for the election of directors. Broker non-votes do not have any effect on the outcome of the votes.

For Proposal 2 with respect to the “say-on-pay” vote, you may vote “FOR,” “AGAINST” or “ABSTAIN.” Abstentions and broker non-votes will have no effect on the outcome of the votes.

For Proposal 3 with respect to the amendment to the 2018 Omnibus Incentive Plan, you may vote “FOR,” “AGAINST” or “ABSTAIN.” Abstentions and broker non-votes will have no effect on the outcome of the votes.

For Proposal 4 with respect to the appointment and election of BDO USA, LLP as the Company’s independent registered public accounting firm, you may vote “FOR,” “AGAINST” or “ABSTAIN.” Abstentions will have no effect on the outcome of the votes.

Who is entitled to vote at the Annual Meeting?

Only shareholders of record at the close of business on the Record Date are entitled to receive notice of and to participate and vote in the Annual Meeting. If you were a shareholder of record on the Record Date, you will be entitled to vote all of the shares that you held on that date at the Annual Meeting.

How many votes do I have?

You will be entitled to one vote for each outstanding share of our common shares you own as of the Record Date. As of the Record Date, there were 24,549,698 shares of our common shares outstanding and eligible to vote at the Annual Meeting.

What is the difference between a “shareholder of record” and a “street name” holder or a “beneficial owner”?

These terms describe how your shares are held. If your shares are registered directly in your name with Computershare, our transfer agent, you are considered a “shareholder of record.” As the shareholder of record, you have the right to grant your voting proxy directly to our management or to vote in person at the Annual Meeting. If your shares are held in a brokerage, bank, trust or other nominee, you are considered the beneficial owner of shares held in “street name.” As the beneficial owner, you have the right to direct your broker, bank, trust or nominee how to vote and are also invited to attend the Annual Meeting.

How can I vote my shares at the Annual Meeting?

If you are a shareholder of record, you may vote by mailing a completed proxy card or via the Internet. Instructions for voting via the Internet are described in the proxy card attached to the Proxy Statement. To vote by mailing a proxy card, sign and return the enclosed proxy card in the enclosed prepaid and addressed envelope and your shares will be voted at the Annual Meeting in the manner you directed. You may also vote in person at the Annual Meeting.

If you are a beneficial owner, your broker, bank, trust or nominee should have provided voting instructions for you to use in directing them how to vote your shares. You may be eligible to vote your shares over the Internet rather than by mailing a completed voting instruction card provided by the broker, bank, trust or nominee. Please check the voting instructions card

provided by your bank or brokerage house for instructions. You may also vote in person at the Annual Meeting. To do so, you must obtain a legal proxy from the broker, bank, trust or other nominee that holds your shares giving you the right to vote the shares. Please contact that organization for instructions regarding obtaining a legal proxy.

Can I vote electronically through the Internet?

If you are a shareholder of record, you may vote electronically through the Internet at www.investorvote.com/aosl. The instructions are included in your proxy card.

If your shares are held in “street name,” please check your proxy card or contact your broker, bank, trust or other nominee to determine whether you will be able to vote electronically through the Internet and the deadline for such voting.

Can I change my vote after I return my proxy card?

Yes. If you are a shareholder of record and submitted your proxy through the mail or Internet, you may revoke your proxy before the vote is taken at the Annual Meeting by any of the following ways:

- granting a proxy through the Internet after the date of your original proxy and before the deadlines for voting included on your proxy card;
- submitting a later-dated proxy by mail before your earlier-dated proxy is voted at the Annual Meeting;
- giving written notice of the revocation of your proxy to our Corporate Secretary at the address shown above that is actually received by our Corporate Secretary prior to the Annual Meeting; or
- voting in person at the Annual Meeting.

If you are a “street name” holder, you may change your vote by submitting new voting instructions to your broker, bank, trust or other nominee or, if you have obtained a legal proxy from your broker, bank, trust or other nominee giving you the right to vote your shares, by attending the Annual Meeting and voting in person. In either case, the powers of the proxy holders will be suspended if you attend the Annual Meeting in person and so request, although attendance at the Annual Meeting will not by itself revoke a previously granted proxy.

How many shares must be present or represented to conduct business at the Annual Meeting?

The presence at the Annual Meeting of at least two shareholders, in person or by proxy and entitled to vote, representing not less than 50% of the aggregate voting power of the Company's common shares issued and outstanding on the Record Date, will constitute a quorum, permitting the conduct of business at the Annual Meeting.

Proxies received but marked as abstentions, votes withheld and broker non-votes (as described below) will be included in the calculation of the number of shares present at the Annual Meeting for quorum purposes.

Who can attend the Annual Meeting?

All shareholders of record as of the close of business on the Record Date may attend the meeting. To attend the Annual Meeting, please follow these instructions:

- If you are a shareholder of record, bring proof of ownership of your shares and a form of identification; or
- If you are a “street name” holder, bring proof of ownership of your shares through your broker, bank, trust or nominee, and a form of identification. You must have obtained a “legal proxy” from your broker, bank, trust or nominee to vote at the Annual Meeting.

What are the Board of Directors' recommendations?

Unless you give other instructions on your proxy card, the person named as proxy holder on the proxy card will vote in accordance with the recommendations of the Board of Directors. After careful consideration, the Board of Directors recommends the following vote for proposals:

Proposals	Recommendation of the Board of Directors
1 Election of Directors	For all Nominees
2 Approval on an advisory basis of the compensation of our named executive officers	For
3 Approval of the amendment to the Company’s 2018 Omnibus Incentive Plan (the “Plan”) to increase the number of common shares authorized for issuance under the Plan	For
4 Approval and ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm and authorization for the board to determine its remuneration for the fiscal year ending June 30, 2020	For

Will shareholders be asked to vote on any other matters?

To the knowledge of the Company and its management, shareholders will vote only on the matters described in the Proxy Statement. However, if any other matters properly come before the Annual Meeting, the persons named as proxies for shareholders will vote on those matters in the manner they consider appropriate.

What should I do if I receive more than one set of voting materials?

You may receive more than one set of voting materials, including multiple copies of the Proxy Statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a shareholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive.

How can I find out the results of the voting at the 2019 Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be disclosed in a Current Report on Form 8-K filed with the Securities and Exchange Commission at the website, www.sec.gov, within four business days after the Annual Meeting.

Who bears the costs of proxy solicitation?

The Company will bear the entire cost of this solicitation of proxies, including the preparation, assembly, printing, and mailing of this proxy statement, the proxy, and any additional solicitation materials that the Company may provide to shareholders. Copies of solicitation materials will be provided to brokerage firms, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward the solicitation materials to such beneficial owners. The Company will reimburse the brokerage firms, fiduciaries and custodians holding shares in their names for reasonable expenses incurred by them in sending solicitation materials to its beneficial shareholders. The solicitation of proxies will be made by various methods, including by mail, electronic mail, telephone, facsimile, or personally by directors, officers and employees of the Company who will receive no extra compensation for such services.

He also completed the Owner/President Management Program at the Harvard School of Business. Mr. Chen's extensive experience and background in establishing and managing technology-based public companies, as well as his experience in leading strategic transactions by major technology companies, provide the Board with valuable insight and expertise.

BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

Board of Directors

Our Bye-laws provide that our Board of Directors shall consist of not less than two directors. Our Board of Directors currently consists of seven (7) directors. One of our directors, Robert I. Chen, is not standing for reelection. Our Board has appointed Claudia Chen as our new director nominee to be elected at the Annual Meeting. Our Board of Directors is the decision-making body responsible for, among other things, determining policies and guidelines for our business. Our Board of Directors also supervises our executive officers and monitors their implementation of policies and guidelines established from time to time by our Board of Directors.

No shareholder has the contractual right to designate persons to be elected to our Board of Directors, and our Bye-laws provide that directors be elected upon a resolution passed at a duly convened shareholders meeting, to hold office for such term as the shareholders may determine or until their successors are appointed or elected in accordance with our Bye-laws. There is no age limit requirement for qualification to serve as a member of our Board of Directors. While stock ownership is not a required qualification for a director nominee, our Board of Directors has adopted stock ownership guidelines for executive officers and non-employee directors who are elected to serve on the Board of Directors.

We have determined that each of our directors, except for Dr. Mike Chang, our Chief Executive Officer, and Dr. Yueh-Se Ho, our Chief Operating Officer, is an “independent director” under the current corporate governance rules of the NASDAQ Global Select Market.

Board Meetings and Committees; Annual Meeting Attendance

Our Board of Directors met a total of 20 times during the fiscal year ended June 30, 2019, including regular scheduled meetings and special meetings called in connection with reviewing time-sensitive matters. During the fiscal year ended June 30, 2019, each director attended or participated in 97 percent (97%) of the aggregate of (i) the total number of meetings of the Board of Directors during the period for which he has been a director and (ii) the total number of meetings held by all committees of the Board on which the director served during fiscal year 2019. All of our Board members attended our 2018 annual general meeting of shareholders.

Committees of the Board of Directors

We have three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. We believe that the composition of these committees meets the criteria for independence, and the functioning of these committees complies with, the applicable requirements of the Sarbanes-Oxley Act of 2002, as amended, the current rules of the NASDAQ Global Select Market and applicable SEC rules and regulations. The written charters for our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are available at the Investor Relations section of our website at <http://investor.aosmd.com/>. The contents of this website are not a part of the Proxy Statement.

Each committee has the composition and responsibilities described below:

Audit Committee

Our Audit Committee currently consists of Michael L. Pfeiffer, Robert I. Chen and Michael J. Salameh. Immediately following the Annual Meeting, the Board will determine the composition of the Audit Committee as a result of Mr. Chen’s decision not to stand for reelection. The Audit Committee is chaired by Mr. Pfeiffer. Our Board of Directors has determined that Mr. Pfeiffer is an Audit Committee financial expert, as defined by the rules and regulations promulgated by the SEC. Our Audit Committee held seven meetings during fiscal year 2019. The Audit Committee’s responsibilities include:

- assisting our Board of Directors in its oversight of the integrity of our financial statements, risk management and internal control over financial reporting;
- retaining and setting compensation of our independent registered public accounting firm (“independent auditors”), evaluating and monitoring its performance, and as appropriate, discharging our independent auditors;
- reviewing and approving all audit and non-audit services of our independent auditors;

- reviewing and discussing with management and our independent auditors our financial statements included in public filings;
- discussing with our independent auditors significant financial reporting issues in connection with the preparation of our financial statements;
- resolving any disagreements between management and our independent auditors regarding financial reporting;
- overseeing our disclosure controls and procedures; and
- reviewing and approving related party transactions.

Compensation Committee

Our Compensation Committee currently consists of Michael J. Salameh, Robert I. Chen, Dr. Lucas S. Chang and Dr. King Owyang. Immediately following the Annual Meeting, the Board will determine the composition of the Compensation Committee as a result of Mr. Chen's decision not to stand for reelection. Our Compensation Committee is currently chaired by Mr. Salameh. Our Compensation Committee held four meetings during fiscal year 2019. The Compensation Committee's responsibilities include:

- establishing compensation arrangements and incentive goals for executive officers;
- evaluating the performance of executive officers and awarding incentive compensation and adjusting compensation arrangements as appropriate;
- reviewing and recommending actions to the Board of Directors with respect to the compensation of all directors;
- administering our incentive and equity-based plans and programs and otherwise exercising the authority of the Board with respect to such plans and programs; and
- reviewing and approving and, when appropriate, recommending to the Board for approval, any employment agreements and any severance arrangements or plans, including any benefits to be provided in connection with a change in control, for the Chief Executive Officer and other executive officers.

The Compensation Committee is authorized to engage independent compensation consultants and other professionals to assist in the design, formulation, analysis and implementation of compensation programs for the Company's executive officers and other key employees. The Compensation Committee retained the services of Compensia, Inc., a national compensation consulting firm ("Compensia") to provide advice and recommendations regarding the compensation of the Company's executive officers and other senior officers and the compensation of our non-employee directors for fiscal year 2019. Compensia did not perform any services on behalf of management or the Company during that fiscal year.

The Compensation Committee has determined that Compensia is independent and that Compensia's work did not raise any conflict of interest. The Compensation Committee made such determination primarily on the basis of the six factors for assessing independence and identifying potential conflicts of interest that are set forth in Rule 10C-1(b)(4) under the Securities Exchange Act of 1934, as amended.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee currently consists of Dr. King Owyang, Dr. Lucas S. Chang and Robert I. Chen. Immediately following the Annual Meeting, the Board will determine the composition of the Nominating and Corporate Governance Committee as a result of Mr. Chen's decision not to stand for reelection. The Nominating and Corporate Governance Committee is chaired by Dr. King Owyang. Our Nominating and Corporate Governance Committee held three meetings during fiscal year 2019. The Nominating and Corporate Governance Committee's responsibilities include:

- recommending to the board of directors the composition and operations of the board;
- identifying individuals qualified to serve as members of the board, and identifying and recommending that the board select the director nominees for the next annual meeting of shareholders and fill vacancies on the board;

- recommending to the board the responsibilities of each board committee, the composition and operation of each board committee and the director nominees for assignment to each board committee; and
- reviewing with the Board the Company's management succession plans.

Leadership Structure of the Board

Dr. Mike Chang is our Chief Executive Officer and Chairman of the Board of Directors. Dr. Chang has extensive knowledge of the power semiconductor industry and an in-depth understanding of our strategic initiatives and day-to-day operations, which make him well suited to set the agenda and lead the discussions at board meetings. He also facilitates communications between the Board and management by ensuring a regular flow of information, thereby enhancing the Board's ability to make informed decisions on critical issues facing our company. In addition, the Board has appointed a lead independent director, Mr. Michael J. Salameh. The lead independent director presides over all executive sessions of independent directors and coordinates activities and communications between the management and independent directors. He also has the responsibility to serve as a liaison between independent directors and the Chairman, communicate with major shareholders as appropriate, and review and approve scheduling of Board meetings and executive sessions.

To ensure a strong independent Board of Directors, five (5) out of the total seven (7) members of our Board following the Annual Meeting will be non-employee and independent directors. The Board of Directors holds executive sessions where only independent directors attend, and these executive sessions provide an effective method to perform oversight and advisory functions of the Board. In addition, our Audit, Compensation and Nominating and Corporate Governance Committees consist solely of independent directors. We believe that the board leadership described above is the best structure to lead us in the achievement of our goals and objectives and establishes an effective balance between management leadership and appropriate oversight by independent directors.

Oversight of Risk Management by the Board

One of the key functions of our Board of Directors is informed oversight of our risk management process. The Board administers this oversight function directly through the Board of Directors as a whole, through various standing committees of the Board that address risks inherent in their respective areas of oversight, as well as through our newly appointed lead independent director. In particular, our Board of Directors is responsible for monitoring and assessing strategic and operational risk exposure, including risks associated with acquisition of significant assets, changes in business models, major corporate transactions and market conditions in the semiconductor industry. Our Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee provides general oversight of our financial reporting, internal controls and audit functions. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking. Our Nominating and Corporate Governance Committee monitors the effectiveness of our corporate governance guidelines and is primarily responsible for assessing the risks associated with corporate governance practices, the independence of our directors, and management succession plans.

Nominations for Election of Directors

Director Qualifications

The Nominating and Corporate Governance Committee utilizes a variety of criteria to evaluate the qualifications and skills necessary to serve as members of our Board of Directors. The Nominating and Corporate Governance Committee may assess character, judgment, diversity, business acumen, scientific expertise, familiarity with issues affecting the semiconductor industry and other backgrounds and attributes that are needed to help strengthen and balance the Board of Directors. Other qualifications will be determined on a case-by-case basis, depending on whether the Nominating and Corporate Governance Committee desires to fill a vacant seat or increase the size of the Board to add new directors. In addition, while the Nominating and Corporate Governance Committee does not prescribe specific diversity standards, the Committee considers diversity in the context of the Board as a whole and takes into account the personal characteristics and experiences of current and prospective directors, as well as other traits and attributes, that reflect a broad range of perspectives and diverse backgrounds in the Board's decision making process.

Identification and Evaluation of Nominees for Directors

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Nominating and Corporate Governance Committee assesses the appropriate size of the Board of Directors, and whether any vacancies on the Board of Directors are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee considers various potential candidates for director. In addition, the Board and the Nominating and Corporate Committee may form ad-hoc sub-committees to consider potential nominees and their qualification. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current members of the Board of Directors, executive officers, professional search firms, shareholders or other persons. These candidates are evaluated at regular or special meetings of the Nominating and Corporate Governance Committee, and may be considered at any point during the year. The Nominating and Corporate Governance Committee recommends the director nominees to our Board of Directors for approval for election at each annual general meeting of shareholders. Under our Bye-Laws, any director appointed by our Board of Directors is subject to re-election by shareholders at our next annual general meeting of shareholders. The nominees for election at this annual general meeting were recommended and approved unanimously by members of our Nominating and Corporate Governance Committee and Board of Directors, respectively.

A shareholder seeking to recommend a prospective nominee for the Nominating and Corporate Governance Committee's consideration should submit the candidate's name and qualifications to our Corporate Secretary at our business office in the United States at 475 Oakmead Parkway, Sunnyvale, California 94085. The Nominating and Corporate Governance Committee will consider a properly submitted shareholder nomination that meets the requirements under our Bye-laws and applicable U.S. federal securities laws. Our Bye-laws require, among other things, an advance written notice of the nomination in writing of not less than sixty (60) nor more than one hundred and eighty (180) days from the date of the annual general meeting. This notice must also include certain information relating to the nominee and the nominating shareholders, as described in more detail below in "Future Shareholder Proposals and Nominations for the 2020 Annual General Meeting."

Shareholder Communication with our Board of Directors

Although we do not have a formal policy regarding communications with the Board of Directors, shareholders may communicate with the Board of Directors, including the independent directors, by sending a letter to Alpha and Omega Semiconductor Limited, Board of Directors, c/o Investor Relations, Alpha and Omega Semiconductor, Inc., 475 Oakmead Parkway, Sunnyvale, CA 94085. Shareholders may also direct their submission to a particular member of the Board of Directors.

Code of Ethics

Our Board of Directors has adopted the Code of Business Conduct and Ethics that applies to members of senior management, including the Chief Executive Officer and Chief Financial Officer, as well as all other employees of the Company. Our Code of Business Conduct and Ethics is publicly available on our website at <https://investor.aosmd.com/corporate-governance/governance-documents/default.aspx>. In the event that we make any amendments to or grant any waivers of, a provision of the Code of Ethics that applies to the principal executive officer, principal financial officer, or principal accounting officer that requires disclosure under applicable SEC rules, we intend to disclose such amendment or waiver and the reasons therefore, on our website at www.aosmd.com, in the Investors section.

COMPENSATION OF NON-EMPLOYEE DIRECTORS

Our non-employee director compensation policy as in effect at the beginning of fiscal year 2019 provided for the following cash and equity compensation:

Cash Retainer and Fees: Each non-employee director serving as a member of the Board at the beginning of the Company's fiscal year will be eligible to receive an annual retainer of \$40,000. In addition, each non-employee director serving as the chairperson of a committee of the Board will be eligible to receive an additional retainer as follows: Audit Committee - \$25,000; Compensation Committee - \$15,000; and Nominating and Governance Committee - \$15,000. Each non-employee director serving as a member of a committee of the Board will be eligible to receive an additional retainer as follows: Audit Committee - \$12,000; Compensation Committee - \$7,500; Nominating and Governance Committee - \$5,000; and Lead Independent director - \$15,000. Non-employee directors will not receive any additional compensation for attending regular Board or committee meetings. However, with respect to special meetings of the Board or a committee, the Board shall determine whether such meetings will be eligible for payment of special fees, and if so, each non-employee director will receive \$2,000 for a meeting attended in person and \$1,000 for a meeting attended via teleconference.

Equity Grants: Each individual who is elected by the Company's shareholders to serve as a non-employee director at the

Company's Annual Shareholders Meeting and each individual who is to continue to serve as a non-employee director following such meeting whether or not that individual is standing for re-election at that meeting, will be granted on the date of such meeting, an award of restricted stock units under the 2018 Omnibus Incentive Plan (the "Plan"). The number of shares subject to each such annual award will be determined by dividing \$95,000 by the Average Per Share Price, up to a maximum of 10,000 shares. The Average Per Share Price for an award means the average closing price per common share over the 90 day-period immediately prior to the date of grant of the award. The award will vest in four (4) equal quarterly installments upon the non-employee director's completion of each quarter of Board service following the grant date; provided, however, that if the Company's Annual Shareholders Meeting for the year following the year of grant occurs prior to the end of the one-year period measured from the grant date, the last quarterly installment will become vested upon the date of such subsequent Annual Shareholders Meeting, provided, the Non-Employee Director continues in Board service until such date. The award (to the extent outstanding) will vest in full (i) upon the non-employee director's termination of Board service by reason of death or permanent disability (as defined in the Plan) and (ii) immediately prior to the consummation of a Change in Control (as defined in the Plan). Shares that vest under a restricted stock unit award will be issued on the earlier of (i) the date of the Annual Shareholders Meeting that is coincident with or next following the applicable vesting date or (ii) the date of the non-employee director's termination of Board service. Shares that vest upon a Change in Control will be issued as soon as practicable following the Change in Control.

Reimbursements: All non-employee directors receive reimbursement from the Company for their reasonable expenses of travel (including airfare and ground transportation) to and from meetings of the Board, and reasonable lodging and meal expenses.

EXECUTIVE COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee for fiscal year 2019 consisted of Michael J. Salameh, Robert I. Chen, Lucas S. Chang and Dr. King Owyang. None of our Compensation Committee members has been an officer or employee of us or our subsidiaries at any time. None of our executive officers serves on the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board or our Compensation Committee.

PROPOSAL NO. 2

ADVISORY VOTE ON THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, and Section 14A of the Exchange Act, our shareholders are entitled to vote, on an advisory basis, to approve the compensation of our named executive officers as disclosed in this proxy statement in accordance with the rules of the Securities and Exchange Commission.

We design our executive compensation program to implement our core objectives of attracting and retaining superior executive talent, ensuring executive compensation is substantially dependent on our financial performance and provides incentives for the attainment of our key strategic business objectives and aligning executives' incentives with the creation of shareholder value. The key elements of the compensation program that were in effect during the 2019 fiscal year for the Company's named executive officers are described in detail in the Compensation Discussion and Analysis section of this proxy statement.

The vote on this resolution is not intended to address any specific element of compensation; rather the vote relates to the compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

Although this vote is advisory and the outcome is not binding on our Board of Directors, the annual views expressed by our shareholders, whether through this vote or otherwise, are important to us. As a result, the Board of Directors and the Compensation Committee will carefully review the results of this vote, and they will consider these results in making future decisions about our executive compensation programs and arrangements.

Resolution

The shareholders are being asked to approve by advisory vote the following resolution relating to the compensation of the named executive officers as described in this proxy statement:

“Resolved that the Company's shareholders hereby approve the compensation paid to the Company's executive officers named in the Summary Compensation Table of this proxy statement, as that compensation is disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the various compensation tables and the accompanying narrative discussion included in this proxy statement.”

Board Recommendation: The Board of Directors recommends that you vote FOR the approval, on a non-binding, advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement pursuant to the Securities and Exchange Commission's compensation disclosure rules.

PROPOSAL NO.3:
APPROVAL OF AMENDMENT OF THE 2018 OMNIBUS INCENTIVE PLAN

We are asking our shareholders to approve an amendment of the Alpha & Omega Semiconductor Limited 2018 Omnibus Incentive Plan (the “2018 Plan”), which would increase by 800,000 common shares the total number of common shares authorized for issuance under the 2018 Plan to our officers, employees, non-employee directors, consultants and other independent advisors in our employ or service (or the employ or service of our affiliates). If this proposal is approved by our shareholders, the total shares available for issuance under the 2018 Plan would increase from 1,265,000 common shares to 2,065,000 common shares. The share reserve may be adjusted as described in more detail in the section titled “Securities Subject to 2018 Plan” below.

Incentive compensation programs play a pivotal role in our effort to attract and retain key personnel essential to our long-term growth and financial success. For that reason, we have structured the 2018 Plan to provide flexibility in designing equity incentive programs with a broad array of equity incentives, such as options, share appreciation rights, share awards, restricted share units, dividend equivalents and other share-based awards, so that we may implement competitive incentive compensation programs for our key employees and non-employee directors. As of August 31, 2019, there were 754,216 common shares available for future grants under the 2018 Plan. Our Board of Directors believes that the currently available shares are insufficient to meet our future needs with respect to attracting, motivating and retaining key executives and employees in a competitive market for talent. Therefore, on September 10, 2019, our Board of Directors approved the increase in shares to be issued under the 2018 Plan from 1,265,000 common shares to 2,065,000 common shares, subject to shareholder approval at the Annual Meeting. In this regard, our Board of Directors believes that if this proposal is not approved, we may be at a disadvantage against our competitors for recruiting, retaining and motivating individuals critical to our success and we could be forced to increase cash compensation, thereby reducing resources available to meet our business needs.

We are asking our shareholders to approve the amendment of the 2018 Plan as required by NASDAQ rules and the Internal Revenue Code.

Plan Background

Our Board of Directors adopted the 2018 Plan on October 3, 2018 and our shareholders approved the 2018 Plan on November 8, 2018 (the “Plan Effective Date”). The 2018 Plan serves as the successor to our 2009 Share Option/Share Issuance Plan (the “Predecessor Plan”), and no further awards may be made under the Predecessor Plan on or after the Plan Effective Date. Accordingly, following the Plan Effective Date, the 2018 Plan has been the only discretionary plan under which new equity awards may be granted to our employees and other service providers.

Determination of Share Reserve Under 2018 Plan

If this proposal is approved, a total of 2,065,000 shares will be authorized for issuance under the 2018 Plan (subject to adjustments described in the titled “Securities Subject to 2018 Plan” below). In determining the number of shares to be authorized for issuance under the 2018 Plan, the Board of Directors considered a number of factors, including the number of shares remaining available for issuance under the 2018 Plan, our past share usage (burn rate), the number of shares needed for future awards and a dilution analysis.

Dilution Analysis

As of August 31, 2019, 754,216 shares were available for future awards under the 2018 Plan. No awards may be granted under the Predecessor Plan.

The Company currently has awards outstanding under the 2018 Plan and the Predecessor Plan. As of August 31, 2019, there were no shares subject to outstanding options and 622,970 shares subject to awards other than options under the 2018 Plan, and 871,478 shares subject to outstanding options and 2,126,205 shares subject to awards other than options under the Predecessor Plan, as described in the table below.

Plans as of August 31, 2019	Shares Subject to Outstanding Options (1)	Shares Subject to Outstanding Full Value Awards (2)	Shares Available for Future Grant	Total Aggregate Shares
2018 Plan	—	622,970	754,216	1,377,186
Predecessor Plan (3)	871,478	2,126,205	0	2,997,683
Total (before 2018 Plan amendment is approved by the shareholders)	871,478	2,749,175	754,216	4,374,869
Shares Available for Future Grant Upon Approval of the of 2018 Plan amendment by the shareholders (4)	—	—	1,554,216	5,174,869

- (1) As of August 31, 2019, the 871,478 options outstanding had a weighted average exercise price per share of \$10.96 and a weighted average life of 2.91 years.
- (2) Consists of 1,168,925 shares subject to time-based restricted share units and 1,580,250 shares subject to performance-based restricted share units assuming target performance (which may settle in a range of 0% to 100% of target depending on level of performance attained).
- (3) No additional awards may be granted under the Predecessor Plan following the Plan Effective Date.
- (4) The share reserve may be adjusted as described in more detail in the section titled “Securities Subject to 2018 Plan” below.

Based on the Company’s common shares outstanding as of August 31, 2019, the additional 800,000 shares under the 2018 Plan represents an overhang of approximately 2.7% of our fully diluted shares. The Company calculates “fully diluted shares” as the total number of shares outstanding, shares underlying outstanding awards and shares available for issuance under future equity awards.

Our Board of Directors believes that the number of shares under the 2018 Plan (as proposed to be increased) represents a reasonable amount of potential equity dilution, which will allow the Company to continue to grant equity awards which are an important component of our compensation program.

Burn Rate

In connection with our share-based compensation programs, we are committed to using equity incentive awards prudently and within reasonable limits. Accordingly, we closely monitor our share award “burn rate” each year. Our annual burn rate is determined by dividing the number of our common shares subject to time-based awards we grant, or vested in the case of performance-based restricted share units (“PSU”) and market-based restricted share units (“MSU”), in a fiscal year by the weighted average number of our common shares outstanding for that fiscal year.

Fiscal Year	Options Granted	RSUs Granted	PSUs/MSUs Vested	Total RSU Granted or Vested if PSU/MSU	Weighted Average Common Share Outstanding	Burn Rate
2019	—	527,022	111,623	638,645	24,063,214	2.7%

The number of shares to be ultimately earned under the fiscal year 2019, 2018 and 2017 PSUs is determined based on the level of attainment of predetermined financial goals (not to exceed the target number of shares). Any shares earned based on performance vest in four equal annual installments after the end of the performance period based on continued service.

The number of shares to be ultimately earned under the fiscal year 2019 MSUs is determined based on the Company's achievement of specified stock prices and revenue thresholds during the performance period from January 1, 2019 to December 31, 2021. Any shares earned under the 2019 MSUs vest in four equal annual installments after the end of performance period.

Based on our current equity award practices, our Board of Directors estimates that the authorized shares under the 2018 Plan (as proposed to be increased) may be sufficient to provide us with an opportunity to grant equity awards for approximately 1 to 2 years, in amounts determined appropriate by our Compensation Committee, which will administer the 2018 Plan (as discussed below). This is only an estimate, and circumstances could cause the share reserve to be used more quickly or more slowly. These circumstances include, but are not limited to, the future price of our common shares, the mix of options and full value awards provided as long-term incentive compensation, grant amounts provided by our competitors, payout of performance-based awards in excess of target in the event of superior performance, hiring activity, and promotions during the next few years.

Highlights of the 2018 Plan

The 2018 Plan contains a number of provisions that we believe are consistent with best practices in equity compensation and which protect the shareholders' interests, as described below.

No evergreen authorization: The 2018 Plan does not have an evergreen provision, which would have permitted an increase in the share pool without further shareholder approval.

No automatic vesting upon a change in control: The 2018 Plan allows for an acquiring corporation to assume outstanding awards, and if awards are assumed, they will generally not accelerate on the change in control. If awards are not assumed, the vesting of such awards will be accelerated (with performance-based awards vesting based on actual performance attainment as of the date of the change in control or on a pro-rated basis for time elapsed in the ongoing performance period based on target level). The plan administrator also has the discretion to take alternative actions such as accelerating the vesting of outstanding awards on a termination following a change in control or requiring that participants exchange outstanding awards for cash.

Prohibition on repricings: The 2018 Plan prohibits the repricing of options or share appreciation rights, the cancellation and replacement of options or share appreciation rights with a grant with a lower exercise price, or a buyout of an underwater option or share appreciation right (except as permitted in a change in control or in the case of a corporate transaction as described in the section titled "Changes in Capitalization" below).

No discounted options or share appreciation rights: Options and share appreciation rights must have an exercise price or base price at or above fair market value per share on the date of grant.

Limit on director pay: The maximum aggregate grant date fair value (computed as of the date of grant in accordance with applicable financial accounting rules) of all awards made to a non-employee director under the 2018 Plan in a single calendar year, taken together with any cash payments (including the annual retainer and any other compensation) paid to such non-employee director in respect of such calendar year, shall not exceed \$750,000 (\$1,000,000 in the initial year of election or appointment) in total value.

No tax gross-ups: The 2018 Plan does not provide for any tax gross-ups.

No liberal change-in-control definition: The 2018 Plan defines change in control based on the consummation of the transaction rather than the announcement or shareholder approval of the transaction.

Limitation on dividends and dividend equivalents: Any dividends or dividend equivalents payable in connection with an award will be subject to the same restrictions as the underlying award and will not be paid until and unless such award vests.

Administered by an independent committee: The 2018 Plan is administered by the Compensation Committee of our Board of Directors, which consists entirely of independent directors. The Compensation Committee may delegate its authority to a subcommittee or officer, as described in more detail below.

Summary Description of 2018 Omnibus Incentive Plan

The principal terms and provisions of the amended 2018 Plan are set forth below. The summary, however, is not intended to be a complete description of all the terms of the 2018 Plan and is qualified in its entirety by reference to the complete text of the 2018 Plan, filed with this Proxy Statement as Appendix A.

Types of Awards. The following types of awards may be granted under the 2018 Plan: options, share appreciation rights, share awards, restricted share units, dividend equivalent rights and other share-based awards. The principal features of each type of award are described below.

Administration. The Compensation Committee has the exclusive authority to administer the 2018 Plan with respect to awards made to our executive officers and non-employee directors and has the authority to make awards under the 2018 Plan to all other eligible individuals. However, our Board of Directors may at any time appoint a secondary committee of one (1) or more members of the Board of Directors to have separate but concurrent authority with the Compensation Committee to make awards under the 2018 Plan to individuals other than executive officers and non-employee directors. The Board of Directors or the Compensation Committee may also delegate authority to administer the 2018 Plan with respect to such individuals to one or more officers of the Company.

The term “plan administrator,” as used in this summary, will mean our Compensation Committee, the Board of Directors, any secondary committee and any delegates thereof, to the extent each such entity or person is acting within the scope of its administrative authority under the 2018 Plan.

Eligibility. Officers and employees, non-employee directors, as well as consultants and other independent advisors, in our employ or service or in the employ or service of our affiliates (whether now existing or subsequently established) are eligible to participate in the 2018 Plan. As of August 31, 2019, approximately 4,200 employees (including [4] executive officers) and 5 non-employee directors were eligible to participate in the 2018 Plan. For purposes of the 2018 Plan, an affiliate means a parent corporation or any entity in which the Company has an equity interest.

Securities Subject to 2018 Plan. Subject to the capitalization adjustments and the add back provisions related to outstanding awards, each as described below, if this proposal is approved, an aggregate of up to 2,065,000 shares shall be reserved for issuance under the 2018 Plan.

Shares subject to outstanding awards under the 2018 Plan and awards granted under the Predecessor Plan that expire, are forfeited or cancelled or otherwise terminate prior to the issuance of the shares subject to those awards or are settled in cash will be available for subsequent issuance under the 2018 Plan.

In addition, the following share counting procedures will apply in determining the number of common shares available from time to time for issuance under the 2018 Plan:

- Should the exercise price of an option or any withholding taxes incurred in connection with the exercise of an option or share appreciation right granted under the 2018 Plan be paid in common shares (whether through the withholding of a portion of the otherwise issuable shares or through tender of actual outstanding shares), then in each such case, the tendered or withheld shares will not be added to the shares reserved for issuance under the 2018 Plan.
- Should common shares be withheld by us, or if shares are tendered by the participant, in each case in satisfaction of the withholding taxes incurred in connection with the issuance, vesting or settlement of an award (other than an option or share appreciation right) granted under the 2018 Plan or the Predecessor Plan, then in each case the number of shares so tendered or withheld will be added to the common shares available for issuance under the 2018 Plan.
- Upon the exercise of any share appreciation right granted under the 2018 Plan, the share reserve will be reduced by the gross number of shares subject to the award.

If this proposal is approved, the maximum number of common shares which may be issued pursuant to options intended to qualify as incentive stock options under the federal tax laws shall be limited to 2,065,000.

The plan administrator may grant awards in assumption of, or in substitution for, outstanding awards previously granted by an entity acquired by the Company or with which the Company combines. Such substitute awards will not reduce the common shares authorized for issuance under the 2018 Plan (but will count against the aggregate number of incentive stock options available for awards, as described above). Additionally, subject to applicable stock exchange requirements, if the acquired company's equity plan has shares available, such shares may be available for grant under the 2018 Plan, which will not reduce (or be added back to) the shares authorized for issuance under the 2018 Plan.

The common shares issuable under the 2018 Plan may be made available from our authorized but unissued common shares or from common shares that we acquire, including shares purchased on the open market.

Participant Award Limits

The maximum number of common shares which may be issued pursuant to awards that are settled in shares and granted to any person under the 2018 Plan in any fiscal year shall not exceed 800,000 shares.

In addition, the maximum aggregate grant date fair value (computed as of the date of grant in accordance with applicable financial accounting rules) of all awards made to a non-employee director under the 2018 Plan in a single calendar year, taken together with any cash payments (including the annual retainer and any other compensation) paid to such non-employee director in respect of such calendar year, shall not exceed \$750,000 (\$1,000,000 in the non-employee director's initial year of election or appointment) in total value.

Awards. The plan administrator has complete discretion to determine (a) which eligible individuals are to receive awards, (b) the type, size, terms and conditions of the awards to be made, (c) the time or times when those awards are to be granted, (d) the number of shares or amount of payment subject to each such award, (e) the time when the award is to become exercisable, (f) the status of any granted option as either an incentive stock option or a non-statutory option under the federal tax laws, (g) the maximum term for which the award is to remain outstanding, (h) the vesting and issuance schedules applicable to the shares which are the subject of the award, (i) the cash consideration (if any) payable per share subject to the award and the form of payment in which the award is to be settled and (j) with respect to performance-based awards, the amount payable at one or more levels of attained performance, the payout schedule and the form of payment.

Share Options. Each granted option will have an exercise price per share determined by the plan administrator, but the exercise price will not be less than one hundred percent (100%) of the fair market value of the option shares on the grant date. No granted option will have a term in excess of ten (10) years. The shares subject to each option will generally vest in one or more installments over a specified period of service measured from the grant date or upon the achievement of pre-established performance objectives. However, one or more options may be structured so that they will be immediately exercisable for any or all of the option shares. The shares acquired under such immediately exercisable options will be subject to repurchase by us, at the lower of the exercise price paid per share or the fair market value per share, if the optionee ceases service prior to vesting in those shares. Payment of the exercise price may be paid in one or more of the following forms as determined by the plan administrator: cash, our common shares, through a cashless exercise procedure pursuant to which the optionee effects a same-day exercise of the option and sale of the purchased shares through a broker in order to cover the exercise price for the

purchased shares and the applicable withholding taxes and/or through a net exercise procedure pursuant to which we withhold a number of shares otherwise issuable upon exercise of the option having a value equal to the exercise price and applicable withholding taxes.

Upon cessation of service, the optionee will have a limited period of time in which to exercise his or her outstanding options to the extent exercisable for vested shares. The plan administrator will have complete discretion to extend the period following the optionee's cessation of service during which his or her outstanding options may be exercised, provide for continued vesting during the applicable post-service exercise period and/or accelerate the exercisability or vesting of options in whole or in part. Such discretion may be exercised at any time while the options remain outstanding.

Share Appreciation Rights. The 2018 Plan allows the issuance of two types of share appreciation rights:

- Tandem share appreciation rights granted in conjunction with options, which provide the holders with the right to surrender the related option grant for an appreciation distribution from us in an amount equal to the excess of (i) the fair market value of the vested common shares subject to the surrendered option over (ii) the aggregate exercise price payable for those shares.
- Stand-alone share appreciation rights, which allow the holders to exercise those rights as to a specific number of our common shares and receive in exchange an appreciation distribution from us in an amount equal to the excess of (i) the fair market value of the common shares as to which those rights are exercised over (ii) the aggregate exercise price in effect for those shares. The exercise price per share may not be less than the fair market value per underlying common share on the date the stand-alone share appreciation right is granted, and the right may not have a term in excess of ten (10) years.

The appreciation distribution on any exercised share appreciation right will be paid in (i) cash, (ii) our common shares or (iii) a combination of cash and our common shares. Upon cessation of service with us, the holder of a share appreciation right will have a limited period of time in which to exercise that right to the extent exercisable at that time. The plan administrator has complete discretion to extend the period following the holder's cessation of service during which his or her outstanding share appreciation rights may be exercised, provide for continued vesting during the applicable post-service exercise period and/or accelerate the exercisability or vesting of share appreciation rights in whole or in part. Such discretion may be exercised at any time while the share appreciation rights remain outstanding.

Repricing. The plan administrator may not implement any of the following repricing programs (except in the case of a corporate transaction as described in the section titled "Changes in Capitalization" below): (i) the cancellation of outstanding options or share appreciation rights in return for new options or share appreciation rights with a lower exercise price per share, (ii) the cancellation of outstanding options or share appreciation rights with exercise prices per share in excess of the then current fair market value per common share for consideration payable in cash, other awards or our equity securities (except in the event of a change in control) or (iii) the direct reduction of the exercise price in effect for outstanding options or share appreciation rights.

Share Awards and Restricted Share Units. Our common shares may be issued under the 2018 Plan subject to performance or service vesting requirements established by the plan administrator or as a fully-vested bonus for past services without any cash outlay required of the recipient. Our common shares may also be issued under the 2018 Plan pursuant to restricted share units, which entitle the recipients to receive those shares upon the attainment of designated performance goals or the completion of a prescribed service period or upon the expiration of a designated time period following the vesting of those units, including (without limitation), a deferred distribution date following the termination of the recipient's service with us.

The plan administrator will have the discretionary authority to structure one or more such awards so that the common shares subject to those awards (or cash, as applicable) will vest only upon the achievement of certain pre-established corporate performance goals which may be based on one or more of the following criteria: (i) cash flow; (ii) earnings (including earnings before interest and taxes, earnings before taxes, earnings before interest, taxes, depreciation, amortization and charges for share-based compensation, earnings before interest, taxes, depreciation and amortization, and net earnings); (iii) earnings per share; (iv) growth in earnings or earnings per share; (v) share price; (vi) return on equity or average shareholder equity; (vii) total shareholder return or growth in total shareholder return either directly or in relation to a comparative group; (viii) return on capital; (ix) return on assets or net assets; (x) invested capital, required rate of return on capital or return on invested capital; (xi) revenue, growth in revenue or return on sales; (xii) income or net income; (xiii) operating income, net operating income or net operating income after tax; (xiv) profit, operating profit or net operating profit; (xv) operating margin or gross margin; (xvi)

return on operating revenue or return on operating profit; (xvii) sales or bookings targets; (xviii) billings; (xix) expense or expense control and/or cost reductions; (xx) capital expenditure; (xxi) improvement in or attainment of working capital levels; (xxii) market share or penetration; (xxiii) debt reduction or debt levels (xxiv) project and product measures; (xxv) operation performance; (xxvi) systems and systems improvement; (xxvii) manufacturing; (xxviii) manufacturing efficiencies, improvement or variances; (xxix) delivery performance; (xxx) product and technology development; (xxxi) manufacturing and operational achievements; (xxxii) capacity utilization or milestones; (xxxiii) environmental goals or management; (xxxiv) market capitalization, (xxxv) application approvals, (xxxvi) litigation and regulatory resolution goals, (xxxvii) implementation, completion or attainment of key projects, (xxviii) product sales or milestones, (xxxix) budget comparisons, (xl) growth in shareholder value relative to the growth of a peer group or index; (xli) development and implementation of strategic plans and/or organizational restructuring goals; (xlii) development and implementation of risk and crisis management programs; (xli) improvement in workforce diversity; (xlii) compliance requirements and compliance relief; (xliiii) productivity goals; (xliv) workforce management and succession planning goals; (xlv) economic value added (including typical adjustments consistently applied from generally accepted accounting principles required to determine economic value added performance measures); (xlvi) contract win, renewal or extension; (xlvi) design win; (xlvi) delivery and/or design schedule; (xlix) development or milestones in new generation of products or technologies; (l) product technology or quality; (li) leadership metrics; recruiting and maintaining personnel, employee retention, measures of customer satisfaction, employee satisfaction or staff development; (li) development or marketing collaborations, formations of joint ventures or partnerships or the completion of other similar transactions intended to enhance the Company's revenue or profitability or enhance its customer base; (lii) merger and acquisitions; and (liii) other similar criteria consistent with the foregoing. In addition, such performance criteria may be based upon the attainment of specified levels of the Company's performance under one or more of the measures described above relative to the performance of other entities and may also be based on the performance of any of the Company's business units or divisions or any parent or subsidiary. Each applicable performance goal may include a minimum threshold level of performance below which no award will be earned, levels of performance at which specified portions of an award will be earned and a maximum level of performance at which an award will be fully earned. Each applicable performance goal may be structured at the time of the award to provide for appropriate adjustment for one or more of the following items: (A) asset impairments or write-downs; (B) litigation or claim judgments or settlements; (C) the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results; (D) accruals for reorganization and restructuring programs; (E) the operations of any business acquired by the Company; (F) the divestiture of one or more business operations or the assets thereof; (G) the effects of any corporate transaction, such as a merger, consolidation, separation (including spin-off or other distributions of stock or property by the Company) or reorganization; (H) restructurings, discontinued operations, extraordinary items, and other unusual, infrequently occurring or non-recurring charges or events; (I) acquisitions or divestitures; (J) change in the corporate structure or capital structure of the Company; (K) an event either not directly related to the operations of the Company, parent, subsidiary, division, business segment or business unit or not within the reasonable control of management; (L) foreign exchange gains and losses; (M) a change in the fiscal year of the Company; (N) the refinancing or repurchase of bank loans or debt securities; (O) unbudgeted capital expenditures; (P) the issuance or repurchase of equity securities and other changes in the number of outstanding shares; (Q) conversion of some or all of convertible securities to common stock; (R) any business interruption event; (S) the cumulative effects of tax or accounting changes in accordance with GAAP; (T) the effect of changes in other laws or regulatory rules affecting reported results; and (U) any other adjustment consistent with the operation of the 2018 Plan. The Compensation Committee may also grant awards that are based on performance goals other than those set forth above.

Should the participant cease to remain in service while holding one or more unvested shares or should the performance objectives not be attained with respect to one or more such unvested shares, then those shares will be immediately subject to cancellation. Outstanding restricted share units will automatically terminate, and no common shares will actually be issued in satisfaction of those awards, if the performance goals or service requirements established for such awards are not attained. The plan administrator, however, will have the discretionary authority to issue common shares in satisfaction of one or more outstanding awards, or waive the surrender and cancellation of one or more unvested common shares, as to which the designated performance goals or service requirements are not attained.

Dividend Equivalent Rights. The plan administrator may provide a participant as part of an award (other than options or share appreciation rights) with dividends or dividend equivalents, payable in cash, common shares, or a combination of cash and common shares, on such terms as determined by the plan administrator. However, any dividend or dividend equivalent will only be paid if the underlying award vests and will be subject to a risk of forfeiture to the same extent as the underlying award.

Other Share-Based Awards. Under the 2018 Plan, the plan administrator may grant other types of awards that are denominated in common shares to anyone eligible to participate in the 2018 Plan. The plan administrator will determine the terms and conditions of such awards.

New Plan Benefits

No awards have been granted that are contingent upon approval of this proposal by our shareholders at the Annual Meeting. Any awards following approval of this proposal to participants shall be at the discretion of the plan administrator. Accordingly, the benefits or amounts that may be received by or allocated to each of (i) the officers listed in the Summary Compensation Table, (ii) each of the nominees for election as a director, (iii) all non-employee directors as a group, (iv) all of our present executive officers as a group, and (v) all of our employees, including all other current officers, as a group under the 2018 Plan are not determinable at this time. However, pursuant to our non-employee director compensation policy described above, each individual who is elected to serve as a non-employee director at the Annual Meeting will be granted on the date of such meeting, an award of restricted stock units covering a number of shares determined by dividing \$95,000 by the Average Per Share Price (as defined above). For information with respect to awards in the 2019 fiscal year to our named executive officers, see the “Executive Compensation- Grants of Plan-Based Awards 2019” section of this Proxy Statement and for information with respect to grants made in the 2019 fiscal year to our non-employee directors, see the “Director Compensation for Fiscal Year 2019” section of this Proxy Statement.

General Provisions

Change in Control. In the event we should experience a change in control, the following provisions are in effect for all outstanding awards under the 2018 Plan, unless provided otherwise in an award agreement entered into with the participant:

- Each outstanding award may be assumed, substituted, replaced with a cash retention program that preserves the intrinsic value of the award and provides for subsequent payout in accordance with the same vesting schedule applicable to the award or otherwise continued in effect by the successor corporation.
- To the extent an award is not so assumed, substituted, replaced or continued, the award will automatically accelerate in full (with vesting of performance-based awards to be determined with reference to actual performance attained as of the change in control or on a pro-rated basis for time elapsed in the ongoing performance period based on target level).
- The plan administrator has complete discretion to grant one or more awards which will vest in the event the individual’s service with us or the successor entity is terminated within a designated period following a change in control transaction in which those awards are assumed or otherwise continued in effect.
- Unless the plan administrator establishes a different definition for one or more awards, a change in control will be deemed to occur for purposes of the 2018 Plan in the event (a) we are acquired by merger or asset sale, (b) there occurs any transaction pursuant to which any person or group of related persons becomes directly or indirectly the beneficial owner of securities possessing more than fifty percent (50%) of the total combined voting power of our outstanding securities, or (c) there is a change in the majority of the Board of Directors effected through one or more contested elections for board membership.

Changes in Capitalization. In the event any change is made to the outstanding common shares by reason of any share split, share dividend, recapitalization, combination of shares, exchange of shares, spin-off transaction, extra-ordinary distribution (whether in cash, securities or other property) or other change in corporate structure effected without our receipt of consideration or should the value of our outstanding common shares be substantially reduced by reason of a spin-off transaction or extraordinary dividend or distribution or should there occur any merger, consolidation, reincorporation or other reorganization, equitable adjustments will be made to: (i) the maximum number and/or class of securities issuable under the 2018 Plan; (ii) the maximum number and/or class of securities for which incentive options may be granted under the 2018 Plan; (iii) the maximum number and/or class of securities for which any one (1) person may be granted common share-denominated awards under the 2018 Plan per fiscal year; and (iv) the number and/or class of securities and the exercise price per share in effect for outstanding awards and the cash consideration (if any) payable per share. Such adjustments will be made in such manner as the plan administrator deems appropriate.

Valuation. The fair market value per common share on any relevant date under the 2018 Plan is deemed to be equal to the closing selling price per share on that date as determined on the NASDAQ Global Select Market. As of August 31, 2019, the fair market value of a common share determined on such basis was \$11.78 per share.

Shareholder Rights and Transferability. No optionee has any shareholder rights with respect to the option shares until such optionee has exercised the option and paid the exercise price for the purchased shares. The holder of a share appreciation right will not have any shareholder rights with respect to the shares subject to that right unless and until such person exercises the right and becomes the holder of record of any common shares distributed upon such exercise. Options are not assignable or transferable other than by will or the laws of inheritance following optionee’s death, and during the optionee’s lifetime, the

option may only be exercised by the optionee. However, the plan administrator may structure one or more non-statutory options under the 2018 Plan so that those options will be transferable during optionee's lifetime to one or more members of the optionee's family or to a trust established for the optionee and/or one or more such family members or to the optionee's former spouse, to the extent such transfer is in connection with the optionee's estate plan or pursuant to a domestic relations order. Stand-alone share appreciation rights will be subject to the same transferability restrictions applicable to non-statutory options.

A participant will have full shareholder rights with respect to any common shares issued to him or her under the 2018 Plan, whether or not his or her interest in those shares is vested. A participant will not have any shareholder rights with respect to the common shares subject to restricted share units until that award vests and the common shares are actually issued thereunder. However, dividend-equivalent units may be paid or credited, either in cash or in actual or phantom common shares, on outstanding restricted share units, subject to such terms and conditions as the plan administrator may deem appropriate. Notwithstanding the foregoing, any dividends or dividend equivalents payable in connection with an award will be subject to the same restrictions as the underlying award and will not be paid until and unless such award vests.

Withholding taxes. A participant shall be required to pay to the Company, and the Company shall have the right to withhold, from any cash, shares or other securities or property issuable under any award or from any other compensation, any required withholding or any other applicable taxes or other amounts due in respect of an award. The plan administrator may provide one or more holders of awards under the 2018 Plan with the right to have us withhold a portion of the shares otherwise issuable to such individuals in satisfaction of the withholding taxes to which they become subject in connection with the issuance, exercise or settlement of those awards. Alternatively, the plan administrator may allow such individuals to deliver previously acquired common shares in payment of such withholding tax liability.

Deferral Programs. The plan administrator may structure one or more awards so that the participants may be provided with an election to defer the compensation associated with those awards for federal income tax purposes. The plan administrator may also implement a non-employee director retainer fee deferral program that allows the non-employee directors the opportunity to elect to convert the Board and Board committee retainer fees to be earned for a year into restricted share units that defer the issuance of the common shares that vest under those units until a permissible date or event under Internal Revenue Code Section 409A.

To the extent we maintain one or more separate non-qualified deferred compensation arrangements which allow the participants the opportunity to make notional investments of their deferred account balances in common shares, the plan administrator may authorize the share reserve under the Plan to serve as the source of any common shares that become payable under those deferred compensation arrangements.

Clawback / Forfeiture. All awards shall be subject to any clawback, recoupment or other similar policy adopted by the Board of Directors, and any cash, common shares or other property or amounts due, paid or issued to a participant shall be subject to the terms of such policy.

Amendment and Termination. Our Board of Directors may amend or modify the 2018 Plan at any time subject to shareholder approval to the extent required under applicable law or regulation or pursuant to the listing standards of the stock exchange on which our common shares are at the time primarily traded. Unless sooner terminated by our Board of Directors, the 2018 Plan will terminate on the earliest of (i) the date immediately preceding the tenth anniversary of the Plan Effective Date, (ii) the date on which all shares available for issuance under the 2018 Plan have been issued as fully-vested shares or (iii) the termination of all outstanding awards in connection with certain changes in control or ownership.

Summary of Federal Income Tax Consequences

The following is a summary of the Federal income taxation treatment applicable to us and the participants who receive awards under the 2018 Plan.

Option Grants. Options granted under the 2018 Plan may be either incentive options, which satisfy the requirements of Section 422 of the Internal Revenue Code, or non-statutory options, which are not intended to meet such requirements. The federal income tax treatment for the two types of options differs as follows:

Incentive Options. No taxable income is recognized by the optionee at the time of the option grant, and no taxable income is recognized for regular tax purposes at the time the option is exercised, although taxable income may arise at that time for alternative minimum tax purposes. The optionee will recognize taxable income in the year in which the purchased shares are sold or otherwise made the subject of certain other dispositions. For Federal tax purposes, dispositions are divided into two

categories: (i) qualifying, and (ii) disqualifying. A qualifying disposition occurs if the sale or other disposition is made more than two (2) years after the date the option for the shares involved in such sale or disposition is granted and more than one (1) year after the date the option is exercised for those shares. If the sale or disposition occurs before these two periods are satisfied, then a disqualifying disposition will result.

Upon a qualifying disposition, the optionee will recognize long-term capital gain in an amount equal to the excess of (i) the amount realized upon the sale or other disposition of the purchased shares over (ii) the exercise price paid for the shares. If there is a disqualifying disposition of the shares, then the excess of (i) the fair market value of those shares on the exercise date or (if less) the amount realized upon such sale or disposition over (ii) the exercise price paid for the shares will be taxable as ordinary income to the optionee. Any additional gain or loss recognized upon the disposition will be a capital gain or loss.

If the optionee makes a disqualifying disposition of the purchased shares, then we will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal to the amount of ordinary income recognized by the optionee as a result of the disposition. We will not be entitled to any income tax deduction if the optionee makes a qualifying disposition of the shares.

Non-Statutory Options. No taxable income is recognized by an optionee upon the grant of a non-statutory option. The optionee will in general recognize ordinary income, in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares, and the optionee will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the optionee with respect to the exercised non-statutory option. The deduction will in general be allowed for our taxable year in which such ordinary income is recognized by the optionee.

Share Appreciation Rights. No taxable income is recognized upon receipt of a share appreciation right. The holder will recognize ordinary income in the year in which the share appreciation right is exercised, in an amount equal to the excess of the fair market value of the underlying shares on the exercise date over the exercise price in effect for the exercised right, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder in connection with the exercise of the share appreciation right. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

Share Awards. The recipient of unvested common shares issued under the 2018 Plan will not recognize any taxable income at the time those shares are issued but will have to report as ordinary income, as and when those shares subsequently vest, an amount equal to the excess of (i) the fair market value of the shares on the vesting date over (ii) the cash consideration (if any) paid for the shares. The recipient may, however, elect under Section 83(b) of the Internal Revenue Code to include as ordinary income in the year the unvested shares are issued an amount equal to the excess of (i) the fair market value of those shares on the issue date over (ii) the cash consideration (if any) paid for such shares. If the Section 83(b) election is made, the recipient will not recognize any additional income as and when the shares subsequently vest. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the recipient with respect to the unvested shares. The deduction will in general be allowed for our taxable year in which such ordinary income is recognized by the recipient.

Restricted Share Units. No taxable income is recognized upon receipt of restricted share units. The holder will recognize ordinary income in the year in which the shares subject to the units are actually issued to the holder. The amount of that income will be equal to the fair market value of the shares on the date of issuance, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder at the time the shares are issued. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

Dividend Equivalent Rights. No taxable income is recognized upon receipt of a dividend equivalent right award. The holder will recognize ordinary income in the year in which a dividend or distribution, whether in cash, securities or other property, is paid to the holder. The amount of that income will be equal to the fair market value of the cash, securities or other property received, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of the ordinary income recognized by the holder of the dividend equivalent right award at the time the dividend or distribution is paid to such holder. That deduction will be allowed for the taxable year in which such ordinary income is recognized.

Other Share-Based Award. In general, no taxable income is recognized upon receipt of other share-based awards. The holder will recognize ordinary income in the year in which the share-based awards are actually settled, and the participant will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax

deduction equal to the amount of ordinary income recognized by the participant at the time of settlement. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

Section 162(m) of the Code. Section 162(m) of the Code imposes a \$1 million limit on the amount a public company may deduct for compensation paid to certain executive officers. Prior to 2018, this limitation did not apply to compensation that qualified as “performance-based” compensation) or compensation paid to the chief financial officer. Under the Tax Cuts and Jobs Act, enacted in December 2017, the performance-based compensation exception and the exemption of the chief financial officer under Section 162(m) were repealed for tax years beginning in 2018. As a result, compensation paid to our executive officers in excess of \$1 million will not be deductible in future years, unless it is grandfathered by qualifying for transition relief applicable to certain arrangements that were in effect as of November 2, 2017 and are not materially modified thereafter.

As in prior years, while deductibility of executive compensation for federal income tax purposes is among the factors the Compensation Committee considers when structuring our executive compensation arrangements, it is not the sole or primary factor considered. We retain the flexibility to authorize compensation that may not be deductible if we believe it is in the best interests of the Company.

Accounting Treatment. Pursuant to the accounting standards under FASB Accounting Standards Codification Topic 718, we will be required to determine the grate date fair value of all share-based equity awards, including grants of share options, share appreciation rights, share awards, restricted share units and all other share-based awards under the 2018 Plan. The total compensation cost of such equity awards will be amortized and charged to our reported earnings over the vesting period.

Required Vote

Provided a quorum is present, the affirmative vote of holders of a majority of the votes cast in person or represented by proxy and entitled to vote at the Annual Meeting will be required to approve the adoption of the amended and restated 2018 Plan. Should such approval not be obtained, then the amended and restated 2018 Plan will not be implemented.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS BELIEVES THAT PROPOSAL 3 IS IN OUR BEST INTERESTS AND IN THE BEST INTERESTS OF OUR SHAREHOLDERS AND RECOMMENDS A VOTE “FOR” THE APPROVAL OF THE AMENDED AND RESTATED 2018 OMNIBUS INCENTIVE PLAN.

UNLESS OTHERWISE INDICATED THEREON, THE ACCOMPANYING PROXY WILL BE VOTED FOR APPROVAL OF THE AMENDED AND RESTATED 2018 OMNIBUS INCENTIVE PLAN. YOUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE AMENDED AND RESTATED 2018 OMNIBUS INCENTIVE PLAN.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following is a discussion and analysis of the compensation arrangements that were in effect for the fiscal year ended June 30, 2019 for the named executive officers identified in the Summary Compensation Table that follows. This discussion should be read together with that table and the other compensation tables and related disclosures that follow.

We are a “smaller reporting company” as defined under Item 10 of Regulation S-K promulgated under the Securities Exchange Act of 1934, as amended. Although we are permitted to provide less detail about our executive compensation program under the scaled disclosure requirements applicable to smaller reporting companies, the Compensation Committee is committed to providing the information necessary to help shareholders understand its executive compensation-related decisions. Accordingly, this section includes supplemental narratives and other voluntary disclosures that describe our fiscal year 2019 executive compensation program for our named executive officers and we have included additional compensation tables not required for smaller reporting companies following this section: “Grants of Plan-Based Awards,” “Option Exercises and Stock Vested,” and “Potential Payments upon Termination or Change in Control”.

Fiscal Year 2019 Business and Financial Highlights

During the fiscal year ended June 30, 2019, the Company achieved several important financial, business and operational milestones, including the following:

- Record high annual revenue of \$451 million, which represented a 7% growth in annual revenue from the prior fiscal year;
- 14th consecutive year-over-year quarterly revenue growth;
- Non-GAAP gross margin expansion of 150 basis points;
- Non-GAAP earnings per share of \$1.23, which represented a 8% year-over-year growth;
- Developed 200 new products and continued the diversification strategy by penetrating into new brand-name customers and expanding serviceable available market;
- The Chongqing joint venture started assembly and testing production and completed installations for equipment and trial production at the 12-inch wafer fabrication facility, and secured \$29.8 million of loan to fund its capital expenditure; and
- Established a complete digital power controller team and the team is engaging with customers in product design and qualification.

Compensation Philosophy and Objectives

Our philosophy is to provide our named executive officers with compensation that will motivate and retain them, provide them with meaningful incentives to achieve and exceed short-term and long-term corporate objectives set by our Compensation Committee, and align their long-term interests with those of our shareholders.

Based on this philosophy, the compensation programs for our named executive officers are designed to achieve the following primary objectives:

- establish a compensation structure that is competitive enough to attract, retain and motivate outstanding executive talent;
- ensure that any cash incentive compensation programs for our named executive officers are aligned with our corporate strategies and business objectives by tying the potential payouts under such programs to the achievement of key strategic, financial and operational goals; and
- utilize long-term equity awards to further link pay to performance, align interests between our named executive officers and shareholders and promote retention.

Executive Compensation Practices

We strive to maintain sound governance standards and compensation practices and have incorporated many best practices into our 2019 compensation programs, including the following:

WHAT WE DO	
Use performance-based annual and long-term incentives to align our executive pay with performance	Maintain a clawback policy
Make payouts under our annual bonus plan only if threshold Company performance is met	
Use multi-year vesting periods for our equity awards	Hold an annual “say-on-pay” advisory vote
Made one-time grant of market performance-based restricted stock units that vest based on multi-year shareholder value creation and performance goals	Maintain a share ownership policy for our executive officers and Board members
Set challenging performance objectives for our performance-based equity awards and annual bonus	Maintain an independent compensation committee
Include caps on individual payouts in short- and long-term incentive plans	
WHAT WE DON'T DO	
X Offer contracts with multi-year guaranteed salary or bonus increases	X Offer guaranteed retirement benefits or non-qualified deferred compensation plans
X Provide tax gross-ups	X Provide excessive perquisites
X Time the release of material non-public information to affect the value of executive compensation	

Recent Changes to Executive Compensation Practices

On an annual basis, our Compensation Committee reviews our compensation practices in light of best practices and industry changes and, with recommendations from its compensation consultant, makes changes to our executive compensation practices when the Compensation Committee believes that such changes would be consistent with our goals of rewarding performance and retaining talented employees. The following is a summary of some of the compensation changes that have been implemented in recent years.

- Beginning in fiscal year 2016, our equity-based awards to our executive officers have been in the form of time-based restricted stock units. In fiscal year 2017, the Compensation Committee began to transform our executive compensation to include significant performance attributes and introduced performance-based restricted stock units as a component of the equity awards for our executive officers with payouts based on pre-established performance metrics for a 1-year performance period and 4-year service period. Such awards constituted approximately 47% of the total number of restricted stock units granted to our CEO and between 28% and 50% for our other named executive officers.
- For our fiscal year 2017 and 2018 equity-based grants, we increased the proportion of performance-based restricted stock units (with vesting based on non-GAAP earnings per share and revenue) to more than 60% of the total number of restricted stock units granted to our CEO and other named executive officers.
- In fiscal year 2018, we implemented a “claw-back policy” pursuant to which the Company may recoup incentive compensation paid to our current and former executive officers in certain circumstances if our financial statements are restated. See “Clawback Policy” below.
- In fiscal year 2018, we also implemented stock ownership guidelines for our executive officers and Board members. See “Stock Ownership Guidelines” below.
- In fiscal year 2019, the Compensation Committee approved a special one-time grant of market performance-based restricted share units that vest based on a 3-year performance period (with stock price and revenue as the performance goals) and a subsequent additional 4-year service period. These awards integrate a longer, multi-year performance period into our executive compensation program and complement our performance-based restricted stock unit awards which have shorter performance periods with vesting based on non-GAAP earnings per share and revenue.

Impact of 2018 Say-on-Pay Vote

Each year, our Compensation Committee considers the outcome of the annual shareholder advisory vote when making decisions relating to the compensation of our named executive officers and our executive compensation programs and policies. We held our last vote in 2018 and approximately 91.2% of the total votes cast on such proposal were in favor of the compensation of the named executive officers, as that compensation was disclosed in the Compensation Discussion and Analysis and the various compensation tables and narrative that appeared in the Company's proxy statement dated October 9, 2018. Based on that high level of shareholder approval, the Compensation Committee decided not to make any material changes to the Company's compensation philosophies, policies and practices for the fiscal year 2019 compensation of the named executive officers. However, as discussed above and in detail below, the Compensation Committee took additional steps in 2019 to further align the interests of our executive officers with our shareholders by increasing the focus on long-term performance based and at-risk compensation by granting the market performance restricted share units.

The Compensation Committee will continue to take into account future shareholder advisory votes on executive compensation and other relevant market developments affecting executive officer compensation in order to determine whether any subsequent changes to the Company's executive compensation programs and policies would be warranted to reflect any shareholder concerns reflected in those advisory votes or to address market developments.

Compensation Decision-Making Process

The Compensation Committee meets on a regular schedule throughout the year to manage our compensation programs. The Compensation Committee reviews the principal components of compensation for our executive officers on an annual basis, typically at its first meeting in the calendar year. As part of that review process, the Compensation Committee reviews and may adjust the base salaries of our named executive officers. The Compensation Committee also establishes the cash bonus plan for the year and determines the cash bonuses payable to our named executive officers for the preceding year based on achievement of the pre-specified performance goals for that prior year and grants equity awards to our named executive officers to ensure their interests are aligned with shareholders and for retention.

In setting executive compensation, the Compensation Committee takes into account a number of factors, including the nature and scope of the named executive officer's responsibilities, his or her individual performance level and contribution to the achievement of our corporate objectives, the experience level of the executive, the recommendations of our Chief Executive Officer for each individual's compensation package (other than his own) and the compensation trends in the industry.

Role of Compensation Consultant. The Compensation Committee retained Compensia to advise the committee on the compensation for executive officers and other senior officers for fiscal year 2019. In September 2018, Compensia proposed and the Compensation Committee accepted a revised peer group of companies to remove one company that had been acquired; the peer group was used primarily in connection with a review of competitive compensation for our chief executive officer and chief financial officer. The peer group for fiscal year 2019 was comprised of the following companies:

Diodes	Lattice Semiconductor	NeoPhotonics
DSP Group	M/A-COM Technology Solution	Power Integrations
Inphi	Maxlinear	Semtech
Integrated Device Tech	Monolithic Power Systems	Sigma Designs

In February 2019, Compensia provided the Compensation Committee with compensation data based on the peer group companies (for our chief executive officer and our chief financial officer) and Radford survey data for companies with revenues in the range of \$200 million to \$500 million (for all officers), and analysis with respect to market positioning and the cost to bring the compensation of our executive officers to various levels of market. A similar report was provided in 2018.

Our Compensation Committee reviewed and considered the 2018 report and analysis in connection with establishing base salary and bonus potential for fiscal year 2019 and the 2019 report and analysis in connection with establishing equity awards for fiscal year 2019 but in both cases relied on its own judgment and experience in establishing and adjusting executive compensation for fiscal year 2019.

For a discussion of the specific responsibilities of our Compensation Committee, see "Board of Directors and Committees of the Board - Committees of the Board of Directors - Compensation Committee" above.

Role of Management. Our Chief Executive Officer, with input from our Vice President of Human Resources, provides our Compensation Committee with his recommendations as to the base salary, cash bonus potential and long-term equity incentive award for each of our named executive officers other than himself based on that officer's level of responsibility, individual performance and contribution to the attainment of our strategic corporate objectives and market data. Our Compensation Committee takes the Chief Executive Officer's recommendations into consideration in setting named executive officer compensation, but retains complete discretionary authority to make all compensation-related decisions for our named executive officers. Our Compensation Committee makes its compensation decisions with respect to the Chief Executive Officer on the basis of relevant market data furnished by Compensia and its subjective assessment of his individual performance and contributions to our overall corporate performance. Any decisions regarding our Chief Executive Officer's compensation are made without him present.

Compensation Structure

Elements of Compensation

We utilize three main components in structuring compensation programs for our named executive officers:

- Base salary, which is the only fixed compensation element in our executive compensation program and is primarily used to recruit and retain executive talent and provide an element of economic security from year to year;
- Performance-based cash bonuses that are primarily designed to reward achievement of short-term financial and operational goals; and
- Equity incentive awards designed to ensure long-term retention of our executive talent and align their interests with those of our shareholders.

We further align the interests of our executives and those of our shareholders and the long-term interests of the Company through our stock ownership requirements.

We view each component of compensation as related but distinct. It is the practice of our Compensation Committee to allocate a substantial portion of each named executive officer's total compensation to performance and long-term incentive compensation as a result of the philosophy described above. There is no pre-established policy for the allocation of compensation between cash and non-cash components or between short-term and long-term components, and there are no pre-established ratios between the compensation of our Chief Executive Officer and that of the other named executive officers. Instead, our Compensation Committee determines the compensation of each named executive officer based on its review of the market data provided by Compensia, its subjective analysis of that individual's performance and contribution to our financial performance and the other factors identified in the Compensation Decision-Making Process section above to determine the appropriate level and balance of total compensation. We believe that this approach allows us to tailor compensation for each named executive officer to attract, retain and motivate that executive officer within the parameters of our compensation philosophy.

Base Salaries

Base salaries are set at levels that are intended to recognize the experience, skills, knowledge and responsibilities required of all our named executive officers. Each named executive officer's base salary level is typically reviewed on an annual basis and adjustments may be made to the individual's base salary on the basis of his or her level of performance, the overall performance of the Company and the various compensation trends in our industry.

In March 2018, the Compensation Committee approved salary adjustments of 3% over the fiscal year 2018 salaries for each named executive officer. The base salaries for the named executive officers effective July 1, 2018 were as follows:

Named Executive Officer	Annual Base Salary
Mike F. Chang	\$ 453,740
Yifan Liang	\$ 321,360
Yueh-Se Ho	\$ 310,453
Daniel Kuang Ming Chang	\$ 284,109

Performance-Based Bonuses

Our named executive officers are eligible to receive a bonus under our annual Executive Incentive Plan. Each year, our Compensation Committee establishes the performance objectives to be attained and the target bonuses payable based on the level of attainment of the specified goals. Since 2016, the bonus has been determined on a calendar year basis with performance goals based on the Company's annual operating plan which is established on a calendar year basis.

In March 2018, the Compensation Committee established the Executive Incentive Plan for calendar year 2018. The aggregate amount of the award was to be determined based on the level of attainment of a range of non-GAAP earnings per share ("EPS") goal from \$0.81 at threshold bonus, \$1.01 at target bonus and \$1.31 at maximum bonus. The revenue multiplier ranged from 0.955 at threshold revenue of \$420 million, 1.0 at target revenue of \$440 million and 1.0231 at maximum revenue of \$450 million. The specified minimum amount of each of the operating income and revenue goals had to be achieved before payment of an award under the plan was earned.

The Compensation Committee believes that the EPS and revenue goals are the appropriate criteria for our performance based compensation because they focus our executives on key goals for the success of our business. The revenue goal relates to the importance of growing the Company's total revenues which is an important measure of success in our competitive industry and is helpful in showing the marketplace that our business has the size and scale required to serve large customers. The EPS goal ties to our corporate emphasis on increasing shareholder value through the improvement of the Company's earnings per share. For these reasons, the same criteria are used for our performance-based restricted stock unit awards which have a 4-year service requirement for vesting thus requiring sustained performance to achieve meaningful value from the awards and providing more retention value.

The actual aggregate amount of the award earned by a named executive officer for the year ranged from \$0 to the maximum amount established for that officer (as a percentage of base salary at the time of payment as specified below) depending on the level of attainment of the performance goals. The amount of any earned bonus award was payable in cash and/or our common shares as determined by the Compensation Committee.

The threshold, target and maximum bonuses payable to each of our named executive officers for calendar year 2018 based on level of attainment of the performance goals were as follows:

Named Executive Officer	Threshold Bonus % of Base Salary	Target Bonus % of Base Salary	Maximum Bonus % of Base Salary
Mike F. Chang	20 %	100 %	220 %
Yifan Liang	12 %	60 %	132 %
Yueh-Se Ho	12 %	60%	132 %
Daniel Kuang Ming Chang	12 %	60%	132 %

Based on the actual performance results of non-GAAP EPS of \$1.20 and revenue of \$442.8 million (resulting in a multiplier of 1.028) for calendar year 2018, the Compensation Committee approved bonuses for calendar year 2018 on February 27, 2019 at 161.4% of target for our Chief Executive Officer and 167.8% of target for the other officers as set forth below. The bonus was paid in cash and in common shares based on the \$10.91 closing price per share on February 27, 2019.

Named Executive Officer	Target Bonus (\$)	Actual Bonus (\$)	Bonus Paid in Cash (\$) *	Bonus Paid in Shares (# of shares) *
Mike F. Chang	453,740	732,338	453,740	25,536
Yifan Liang	192,816	323,605	192,816	11,988
Yueh-Se Ho	186,272	312,632	186,272	11,582
Daniel Kuang Ming Chang	170,465	286,100	170,465	10,599

* Cash bonuses were paid in March 2019 and shares were issued in February 2019.

In addition, the Compensation Committee approved a special bonus of \$5,000 for Mr. Daniel Chang in recognition of his contribution to a critical customer project.

Equity Incentive Awards

Our equity award program is the primary vehicle for offering long-term incentives to our named executive officers and providing an inducement for long-term retention. Equity compensation represents a significant component of the total compensation package we provide to each of our named executive officers. We believe this weighting is appropriate because it aligns the interests of our named executive officers with those of our shareholders and focuses their attention on the creation of shareholder value in the form of stock price appreciation. The Compensation Committee may use both stock options and restricted stock units as part of the Company's long-term incentive program for named executive officers although in recent years, only restricted stock units have been awarded to the named executive officers. The Company believes that there are several advantages of using restricted stock units including ongoing concerns over the dilutive effect of option grants on the Company's outstanding shares, the Company's desire to have a more direct correlation between the compensation expense it must record for financial accounting purposes and the actual value delivered to executive officers, and the fact that the incentive and retention value of a restricted stock unit award is less affected by market volatility than stock options.

Starting with fiscal year 2017, the Compensation Committee introduced performance-based restricted stock units that vest based on the level of attainment of Company performance goals. The Compensation Committee believes that including performance-based restricted stock units as part of our equity-based compensation program strengthens focus on the Company's financial performance and shareholder value creation and in 2018 significantly increased the relative portion of executive officers' equity awards granted in the form of performance-based restricted stock units. In 2019, the Compensation Committee added market performance restricted stock units that vest based on our long-term stock price performance with a multiplier based on revenue growth and therefore further focus our executives on long-term stock price appreciation.

Our Compensation Committee reviews our equity compensation program annually and may, at its discretion, grant additional equity awards to existing named executive officers consistent with our named executive officer compensation objectives. In determining the size of those additional grants, our Compensation Committee typically takes into account the recommendations of our Chief Executive Officer, data provided by (and recommendation of) Compensia and its own subjective assessment of the named executive officer's performance and the retention value of his or her existing equity awards.

Any stock options granted to our employees, including executive officers, and to our directors are granted with a per share exercise price equal to the closing price of our common shares on the date of grant as reported on the NASDAQ Global Select Market.

A subcommittee comprised of our Chief Executive Officer and Chief Financial Officer is authorized to grant options and restricted stock unit awards to newly-hired employees, other than executive officers, within prescribed limits specified by position and location of the employee pursuant to authority delegated to the subcommittee by the Board of Directors. These grants are generally made on the 15th day of each month.

The awards granted to our named executive officers in 2019 and previously granted awards that vested in 2019 are summarized below. For more information concerning the awards we granted to our named executive officers in 2019, please see "Grants of Plan-Based Awards 2019" below.

July 2018 Grants: On July 1, 2018, the Compensation Committee approved a special one-time grant of market performance based awards to provide significant long-term incentives to directly align the interests of the executive officers with those of shareholders and at the same time to further enhance retention. The core concept was to design a program that would encourage executive officers to focus on long-term shareholder value and Company growth and at the same time requiring a long-term commitment from our executive officers. Performance vesting is tied to share price performance over a 3-year period and revenue achieved in calendar year 2021. The Compensation Committee believes that: (1) having a multi-year performance period increases executive focus on long-term performance and better aligns the interests of our executives with those of our shareholders; and (2) the inclusion of revenue as a modifier increases executive focus on growing the Company, which we believe is an important measure of the Company's performance. The awards are also subject to a further 4-year service vesting period commencing in 2022. The Compensation Committee believes that the extended service period rewards long-term commitment from our executive officers and should enhance retention.

These awards are intended to integrate a longer, multi-year performance period into the Company's equity compensation program and complement the performance-based restricted stock units (described below) that use a one-year performance period.

The Compensation Committee does not plan to grant similar market performance shares awards to existing executive officers for the next 3 years. If the vesting criteria outlined below are achieved, we believe significant shareholder value will be created.

Target Number of Shares

The table below sets forth the target number of our common shares subject to the market performance-based restricted share units awarded to each of our named executive officers.

Named Executive Officer	Market Performance Restricted Stock Units(Target Shares)
Mike F. Chang	180,000
Yifan Liang	90,000
Yueh-Se Ho	90,000
Daniel Kuang Ming Chang	50,000

Performance and Service Vesting Periods

Each market performance restricted share unit award will be earned based on the level of achievement of the Company share price during the performance period commencing on January 1, 2019 and ending on December 31, 2021 (the “MSU Performance Period”) and revenue achieved in calendar year 2021 as well as continued service over the four (4)-year period commencing on January 1, 2022 (the “MSU Service Period”). Accordingly, there is a 7 year combined performance and service vesting period applicable to each award.

Determination of Shares Earned

The number of shares earned will be determined upon completion of the MSU Performance Period based on the highest average price of the Company’s common shares for any period of 20 consecutive trading days (“Average Company Price”) attained during the MSU Performance Period, with a multiplier based on the Company’s revenue for calendar year 2021 as follows:

Number of shares earned = Target Number of Shares x Stock Price Milestone Percentage x Revenue Multiplier

The number of performance-qualified shares as so determined will then be subject to vesting in a series of four (4) successive equal annual installments upon the participant’s completion of each year of service over the MSU Service Period.

The Stock Price Milestone Percentage ranges from 0 to 100% depending on the highest Average Company Price milestone attained during the MSU Performance Period as set forth below:

	Average Company Stock Price *	Average Company Stock Price Increase From Grant Date Stock Price	Stock Price Milestone Percentage
Grant date stock price on 7/2/2018	\$ 14.34		
Milestone 1	\$ 26.25	83%	25%
Milestone 2	\$ 30.00	109%	50%
Milestone 3	\$ 37.50	162%	75%
Milestone 4	\$ 45.00	214%	100%

* The Average Company Stock Price targets will be adjusted to reflect any stock splits, stock dividends, combinations, reorganizations, reclassifications, extraordinary distributions, spin-offs or similar event.

The revenue multiplier is 0 (for revenue below specified threshold), 0.5 at threshold revenue and 1 for target revenue with revenue targets based on growth rates that represent exceptional performance. No shares will be earned if the Average Company Price or revenue for calendar year 2021 is below the specified threshold.

Grant Date Value of Awards

We estimated the grant date fair value of the market performance-based restricted stock units using a model based on multiple stock price paths developed through the use of a Monte Carlo simulation that incorporates into the valuation the possibility that the stock price targets may not be satisfied. The average grant date fair value of each market performance restricted stock unit award was estimated to be \$5.17 per share, even though the stock price on the grant date was \$14.34.

As indicated above, the share price hurdles were set at stretch levels that are very challenging and would generate significant value for our shareholders if met. During the period from July 1, 2018 to June 30, 2019, the trading price of our common shares on The NASDAQ Global Select Market ranged from a low of \$8.36 to high of \$15.62. On September 18, 2019, the trading price of our common shares was \$13.22. As of the date of this proxy statement, the stock price threshold has not yet been attained. In addition, the 4-year service requirement following the performance period provides the desired retention value. Although the performance goals are designed to be difficult to attain, the Compensation Committee believes they are attainable and the terms of the awards achieve a better alignment between the interests of the executive officers and the interests of the Company's shareholders.

March 2019 Grants: On February 27, 2019, the Compensation Committee authorized, effective as of March 15, 2019, the grant of restricted stock units to each of our named executive officers for the number of our common shares allocated between time-based restricted stock units and performance-based restricted stock units as indicated below.

Named Executive Officer	Time-Based Restricted Stock Units (Shares)	Performance -Based Restricted Stock Unit (Target Shares)
Mike F. Chang	50,000	90,000
Yifan Liang	13,000	22,000
Yueh-Se Ho	13,000	22,000
Daniel Kuang Ming Chang	8,000	13,000

Each time-based restricted stock unit entitles the holder to receive one common share following vesting. Each such award will vest with respect to 25% of the units annually upon the participant's completion of each year of service over the four-year period measured from March 15, 2019. Each performance-based restricted stock unit award will vest based on the level of attainment of specified non-GAAP earnings per share and revenue goals over the period January 1, 2019 to December 31, 2019 and the participant's continued service over a four-year period measured from March 15, 2019.

March 2018 Grants Earned: On March 12, 2018, the Compensation Committee authorized, effective as of March 15, 2018, the grant of restricted stock units to each of our named executive officers for the number of our common shares allocated between time-based restricted stock units and performance-based restricted stock units as indicated below.

Named Executive Officer	Time-Based Restricted Stock Units (Shares)	Performance -Based Restricted Stock Unit (Target Shares)
Mike F. Chang	50,000	90,000
Yifan Liang	13,000	22,000
Yueh-Se Ho	13,000	22,000
Daniel Kuang Ming Chang	8,000	13,000

Each time-based restricted stock unit entitles the holder to receive one common share following vesting. Each such award will vest with respect to 25% of the units annually upon the participant's completion of each year of service over the four-year period measured from March 15, 2018. Accordingly, the time-based award vested with respect to 25% of the units on March 15, 2019.

Each performance-based restricted stock unit award was to vest based on the level of attainment of specified non-GAAP earnings per share and revenue goals over the period January 1, 2018 to December 31, 2018 and the participant's continued service over a four-year period measured from March 15, 2018. The applicable performance conditions were (i) non-GAAP earnings per share of at least \$0.81 per share as the qualifying criterion which if not met would let to the award vesting at 0% (regardless of level of attainment of revenues) and (ii) increase in the Company's revenue over the threshold revenue of \$420 million up to a maximum revenue of \$440 million with a range of payout based on actual increase in revenue and earnings per share. In February 2019, based on revenue for the performance period of \$442.8 million and non-GAAP earnings per share of \$1.20 per share, the Compensation Committee determined that 100% of the target number of shares subject to each participant's 2018 performance-based restricted stock unit award vested subject to the service vesting requirement. Each such award will vest with respect to 25% of such performance-qualified units annually upon completion of each year of service over the four-year period measured from March 15, 2018. Accordingly, 25% of the performance-qualified units vested on March 15, 2019.

Termination and Change in Control Benefits

We have entered into an employment agreement with our Chief Executive Officer which sets forth certain terms and conditions governing his period of continued employment with us including certain benefits to which he would become entitled were his employment to be terminated involuntarily. In addition, we have entered into retention agreements with each of our named executive officers pursuant to which such officers are entitled to certain severance benefits upon an involuntary termination of employment. The employment agreement and retention agreements are summarized below in the section of this proxy entitled "Agreements Regarding Employment, Change in Control and Termination of Employment".

Pursuant to his employment agreement, Dr. Mike Chang's severance will depend upon whether the involuntary termination occurs in connection with a change in control. If his employment is terminated by the Company (without cause) or he resigns for good reason within 12 months following a change in control, Dr. Mike Chang will be entitled to (i) continued payment of base salary and health care coverage for a period of 24 months and (ii) full vesting acceleration of his outstanding equity awards. In the case of such involuntary termination other than during the 12 months following a change in control, he will be entitled to continued payment of base salary and health care coverage for a period of 12 months and no accelerated vesting of his outstanding unvested equity awards.

Under the retention agreements, the named executive officer's severance will depend upon whether the involuntary termination occurs in connection with a change in control. If such officer's employment is terminated by the Company (without cause) or he resigns for good reason within 12 months following a change in control, he will be entitled to (i) continued payment of base salary and health care coverage for a period of 6 months and (ii) vesting acceleration of his outstanding equity awards with respect to that number of shares in which he would have vested had he remained employed for an additional 12 months. In the case of such involuntary termination other than during the 12 months following a change in control, he will be entitled to continued payment of base salary and health care coverage for a period of 6 months and no accelerated vesting of his outstanding unvested equity awards.

The severance benefits that we have provided in connection with a change in control situation are designed to serve two primary purposes: (i) encourage our named executive officers to remain our employee in the event of an actual or potential change in control transaction and (ii) align the interests of the named executive officers with those of the shareholders by enabling the named executive officers to consider acquisition transactions that are in the best interests of the shareholders and provide opportunities for the creation of substantial shareholder value without undue concern over whether those transactions may jeopardize their employment or their existing compensation arrangements. Our Compensation Committee also believes that the severance benefits payable on an involuntary termination in the absence of a change in ownership serve as an important recruitment and retention tool that allows us to remain competitive in attracting and retaining executive talent.

Pursuant to the terms of our equity plans, outstanding options and time-based restricted stock units awards held by our named executive officers and our other employees will accelerate upon a change in control unless those options or awards are assumed, replaced or otherwise continued by the acquiring entity. The performance-based restricted stock units awards will convert into the right to receive 50% of the target number of shares or the actual number of shares based on level of attainment of performance goals depending on when the change in control occurs and will be paid out at the time of accelerated upon the change in control unless those awards are assumed, replaced or otherwise continued by the acquiring entity. If a change in control occurs during the MSU Performance Period, then the number of performance qualified shares under the market

performance restricted stock units will be determined at the time of the change in control based on performance to date (but without regard to the revenue attainment if the change in control occurs prior to April 1, 2021) and then will be paid out at the time of the change in control unless the awards are assumed, replaced or otherwise continued by the acquiring entity. If a change in control occurs after completion of the MSU Performance Period, the performance qualified shares will be paid out at the time of the change in control unless those awards are assumed, replaced or otherwise continued by the acquiring entity. Any awards that are assumed, replaced or otherwise continued will continue to vest over the service period for the award subject to accelerated vesting of the market performance stock unit awards upon the executive officer's involuntary termination within 18 months following the change in control. The Compensation Committee believes that accelerated vesting under such a limited circumstance is appropriate because it protects a significant component of the named executive officer's total compensation in the event those options and awards would otherwise terminate in the acquisition or upon a subsequent involuntary termination and allows our named executive officers to remain focused on the Company's business without undue concern over this significant component of their compensation package should the Company become an acquisition target in a transaction in which the outstanding equity awards would not be assumed or replaced or following which the named executive officer may be terminated.

Our severance and change of control provisions for the named executive officers are discussed in more detail in "Potential Payments upon Termination or Change in Control" below.

Benefits and Other Compensation

We maintain broad-based employee benefit plans, which are provided to all eligible employees, including our named executive officers. These plans provide group medical and dental coverage, life insurance, disability insurance, flexible spending accounts and a 401(k) savings program for our employees based in the United States. We also offer bonuses for patented inventions, authoring technical articles and making technical presentations at major symposiums; our named executive officers are eligible to receive bonuses under these programs on the same basis as our other employees.

We believe these benefits are consistent with the benefits offered by companies with which we compete for employees and are necessary to attract and retain qualified employees.

Perquisites

We believe that cash and equity compensation are the key components needed to attract and retain our executive management. As a result, we do not provide any substantial perquisites to our named executive officers.

Stock Ownership Guidelines

During fiscal year 2018, our Board of Directors adopted stock ownership guidelines for our executive officers and the non-employee members of our Board of Directors. Under these guidelines, each executive officer is required to own shares with a value equal to a specified multiple of his or her annual base salary and each non-employee member of our Board of Directors is required to own shares with a value equal to a specified multiple of his or her annual cash retainer. As adopted, these base salary and annual retainer multiples are as follows:

Position	Specified Multiple
Chief Executive Officer	Three times base salary
Other Executive Officer	One times base salary
Board Member	Three times annual retainer

Shares that count towards satisfaction of the guidelines include shares beneficially owned by the individual or immediate family members, shares held in trust for the benefit of the individual or immediate family members and deferred shares subject to vested restricted stock units or performance share units and other vested equity awards. Unvested restricted stock units, unvested performance units or restricted shares, and unexercised stock options do not count towards satisfaction of the guidelines.

Our executive officers and the non-employee members of our Board of Directors are required to meet these ownership requirements within five years of the later of (1) May 3, 2018 (the date of adoption of the guidelines) or (2) becoming an

executive officer or non-employee member of our Board of Directors, as applicable. The Compensation Committee believes that this stock ownership aligns the financial interests of our executive officers with those of our shareholders.

The following table shows each named executive officer's and each Board member's stock ownership as of June 30, 2019:

	Security Ownership (\$) (1)	Security Ownership Guideline (\$) (2)
Executive Officers:		
Mike Chang	38,585,175	1,402,056
Yifan Liang	378,494	340,000
Yueh-Se Ho	2,261,718	340,000
Daniel Kuang Ming Chang	82,612	292,632
Board Members:		
Lucas Chang	133,291	157,500
Robert Chen	187,202	193,500
King Owyang	241,841	187,500
Michael L. Pfeiffer	241,841	195,000
Michael J. Salameh	432,937	246,000

(1) This amount is calculated by multiplying (i) the sum of the Company's common shares actually owned by (ii) \$9.34, the closing selling price of the common shares on June 30, 2019.

(2) This amount is equal to three times the base salary in effect for Mr. Mike Chang for the 2019 fiscal year, one times the base salary in effect for the other named executive officers for such year and three times the annual retainer for the non-employee Board members for such year.

Clawback Policy

During fiscal year 2018, the Compensation Committee adopted the Executive Compensation Clawback Policy. The policy applies to all equity and/or cash incentive plans, and allows the Company to recover incentive compensation from current or former executive officers in the event that a financial statement used as the basis of calculating awards under an incentive plan is required to be restated and the covered individual engaged in intentional misconduct which materially contributed to the need for such restatement. The clawback will apply to incentive compensation that was awarded, vested and/or paid during the three-year period prior to the date the Company is required to prepare the restatement with the amount of the clawback to be calculated as the portion of incentive compensation which exceeds what would have been paid with the restatement.

Risk Assessment

The Compensation Committee believes the various components of the total compensation package of our named executive officers, as discussed above, are appropriately balanced so as to avoid any excessive risk taking by such individuals. Factors considered by the Compensation Committee include:

- Our executive compensation program reflects an appropriate mix of compensation elements and balances annual and long-term performance objectives and cash and equity compensation.
- A significant portion of our executive compensation program is performance-based and aligned with the long-term interests of our shareholders.
- We use a combination of performance metrics that are consistent with our business objectives and correlate to long-term shareholder value.
- Our performance goals are set at levels that we believe are reasonable in light of past performance and market conditions.
- Long-term equity awards tied to the market price of our common shares represent a significant component of executive officer compensation and promote a commonality of interest between the executive officers and our shareholders in increasing shareholder value.
- The use of restricted stock units which provide varying levels of compensation as the market price of the Company's common shares fluctuates over time mitigates the potential risk that stock options pose in encouraging risk taking in the short term and are less likely to contribute to excessive risk taking. Furthermore, our equity awards are comprised

of time-based and performance-based awards that vest, if at all, over a period of years, and that vesting element encourages the award recipients to focus on sustaining our long-term performance.

- Under the annual executive incentive bonus program, an individual target bonus amount is established for each named executive officer at each level of potential goal attainment. Accordingly, at all levels of performance goal attainment, there are limits in place for the potential bonus payout. In addition, a maximum bonus amount is established for each participant such that no participant may earn more than a fixed percentage of his base salary.
- Our share ownership guidelines require our named executive officers to hold a significant level of our common shares so that each executive has personal wealth tied to the long-term success of the company and is thereby aligned with shareholders' interest.

Accordingly, our overall compensation structure is not overly-weighted toward short-term incentives, and the Compensation Committee has taken what it believes are reasonable steps to protect against the potential of disproportionately large short-term incentives that might encourage excessive risk taking.

Internal Revenue Code Section 162(m)

For years prior to 2018, Section 162(m) of the Internal Revenue Code generally disallowed a federal income tax deduction for publicly-traded companies such as the Company for compensation paid to the Chief Executive Officer and the three other highest paid executive officers (other than the principal financial officer) to the extent that such compensation exceeds \$1 million per officer in any one year and does not otherwise qualify as performance-based compensation. The Predecessor Plan is structured so that compensation deemed paid to an executive officer in connection with the exercise of options should qualify as performance-based compensation that is not subject to the \$1 million limitation. However, restricted share units and bonus awards will not qualify as such performance-based compensation. In addition, "grandfather" provisions may apply to certain compensation arrangements that were entered into by a company before it was publicly held and certain compensation arrangements and awards that are made during a specified period following the date the company becomes publicly held.

The exemption for qualified performance-based compensation has been repealed and the class of affected executives has been expanded effective for taxable years beginning after December 31, 2017 such that compensation paid to our covered executive officers in excess of \$1 million will not be deductible unless it qualified for transition relief applicable to certain arrangements in place as of November 2, 2017. Because of the uncertainties as to the scope and application of the transition relief, no assurances can be given that compensation intended to satisfy the requirements for exemption under Section 162(m) will in fact be fully deductible.

Our Compensation Committee may continue to provide one or more named executive officers with the opportunity to earn incentive compensation, whether through cash incentive programs or equity incentive programs, which may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Internal Revenue Code.

(1) The amounts shown do not reflect compensation actually received by the named executive officer. Instead the dollar value shown represents the grant date fair value of the award determined in accordance with FASB ASC Topic 718 without taking into account any estimated forfeitures related to service vesting conditions. For assumptions used in determining such grant date fair value, see Note 8 to the consolidated financial statements contained in our Annual Report on Form 10-K for the fiscal year ended June 30, 2019, as filed with the Securities Exchange Commission on August 23, 2019. For time-based restricted stock unit awards, the grant date fair value was determined using the closing share price of the Company's common shares on the date of grant. For the performance-based restricted stock unit awards, the grant-date fair value is calculated based on the probable outcome of the attainment of the respective pre-established performance objectives as of the grant date at target attainment (which is the maximum level of attainment). For the market performance restricted stock units, the grant-date fair value is determined using the Monte Carlo simulation model with the following assumptions: risk-free interest rate of 2.7%, expected term of 3.5 years, expected volatility of 38.8% and dividend yield of 0%.

(2) Amounts reported reflect the amount of the bonus earned under the annual bonus program; With respect to 2019 and 2018, a portion of the bonus was paid in cash and a portion was paid in our common shares based on the \$10.91 and \$16.73 closing price per share on February 27, 2019 and March 12, 2018, respectively, and 100% of the 2017 bonus was paid in cash.

(3) Amounts reported represent bonuses paid under our inventions, publication and long service bonus program, and other de minimus compensation.

- (1) Reflects potential payouts under the annual bonus program tied to attainment of Company performance goals. The actual payout is reported in the Non-Equity Incentive Compensation column in the Summary Compensation Table.
- (2) Each named executive officer was granted market performance restricted stock units under our 2018 Share Option/Share Issuance Plan and performance based restricted stock units under our 2018 Omnibus Incentive Plan covering the target number of shares specified in the table which represents the maximum number of shares that may be earned under the award. The number of shares to be ultimately earned under market performance restricted stock units is determined based on the Company's achievement of specified stock prices and revenue thresholds during the performance period from January 1, 2019 to December 31, 2021. The number of shares to be ultimately earned under performance based restricted stock units is determined based on the level of predetermined financial goals during the performance period from January 1, 2019 to December 31, 2019. These units vest in four equal annual installments from the first anniversary date after the grant date if certain predetermined financial goals were met. The minimum number of shares that can be earned under the awards assumes that each goal is attained at or higher than the threshold level; attainment of either goal at lower than the threshold will result in no payout. Such awards are also subject to accelerated vesting in the event of a change in control of our company as further described in "Agreements Regarding Employment, Change in Control and Termination of Employment."
- (3) Each restricted stock unit award was granted under our 2018 Omnibus Incentive Plan. The units vest annually over a four-year period of service measured from March 15, 2019. Such units are also subject to accelerated vesting in the event of a change in control of our company as further described in "Agreements Regarding Employment, Change in Control and Termination of Employment."
- (4) Reflects the grant-date fair value of the restricted stock unit awards as calculated in accordance with FASB ASC Topic 718 without taking into account any estimated forfeitures related to service vesting conditions. For assumptions used in determining such grant date fair value, see Note 8 to the consolidated financial statements contained in our Annual Report on Form 10-K for the fiscal year ended June 30, 2019, as filed with the Securities Exchange Commission on August 23, 2019. For the performance-based restricted stock unit awards, the grant-date fair value is calculated based on the probable outcome of the attainment of the pre-established performance objectives as of the grant date at target attainment (which is the maximum level of attainment). For the market performance restricted stock units, the grant-date fair value is determined using the Monte Carlo simulation model with the following assumptions: risk-free interest rate of 2.7%, expected term of 3.5 years, expected volatility of 38.8% and dividend yield of 0%.

Agreements Regarding Employment, Change in Control and Termination of Employment

Employment Agreement and Retention Agreements

We have entered into an employment agreement with Dr. Mike Chang and retention agreements with each of our other named executive officers.

Pursuant to his April 28, 2010 employment agreement, Dr. Mike Chang is entitled to a base salary of \$325,000 per year. His base salary is subject to annual review and may be adjusted by our Compensation Committee at its discretion and is currently \$453,740. In addition, Dr. Chang is eligible to receive a cash bonus in an amount determined by our Compensation Committee based on attainment of specified performance goals. Dr. Chang is also entitled to participate in the benefit plans generally available to our employees, such as group health care coverage and 401(k) plan participation.

Under the terms of his employment agreement, should Dr. Mike Chang's employment be involuntarily terminated by us without cause or by him for good reason at any time other than during the 12 months following a change in control of the Company, he will be entitled to receive (i) continued base salary for a period of 12 months and (ii) continued health care coverage for himself and his eligible dependents for a period of 12 months. Should Dr. Chang's employment be involuntarily terminated by us without cause or by him for good reason within 12 months following a change in control of the Company, he will be entitled to receive (i) continued base salary for a period of 24 months, (ii) continued health care coverage for himself and his eligible dependents for a period of 24 months, and (iii) accelerated vesting of his then unvested equity awards.

Pursuant to the retention agreements, each of our other named executive officers is entitled to receive severance payments and benefits upon an involuntary termination of his or her employment. Should the named executive officer's employment be involuntarily terminated by us without cause or by him or her for good reason at any time other than during the 12 months following a change in control of the Company, he or she will be entitled to receive (i) continued base salary for a period of 6 months, and (ii) continued health care coverage for himself and his eligible dependents for a period of 6 months. In the event that such involuntary termination occurs within 12 months following a change in control of the Company, then the named executive officer will be entitled to receive (i) continued base salary for a period of 6 months, (ii) continued health care coverage for himself/herself and his/her eligible dependents for a period of 6 months and (iii), each outstanding unvested equity award held by the terminated executive officer will accelerate with respect to that number of shares that would have vested had the officer remained in service for an additional 12 months.

If any payment or benefit in connection with a change in control or the subsequent termination of Dr. Mike Chang's or a named executive officer's employment would be subject to an excise tax under Section 280G of the Internal Revenue Code, then such payment of benefit will be reduced to the extent necessary to maximize his net after tax benefits.

As a condition to the severance payments and benefits, each named executive officer (including Dr. Mike Chang) must deliver a general release of all claims against us and our affiliates. In addition, severance benefits are conditioned on the executive's continued compliance with non-compete and non-solicitation restrictive covenants for the severance period.

For purposes of Dr. Mike Chang's employment agreement and the retention agreements with our named executive officers, the following definitions will be in effect:

A *change in control* will be deemed to occur upon (i) a merger, consolidation or other reorganization approved by our shareholders, unless our shareholders continue to own more than fifty percent (50%) of the total combined voting power of the voting securities of the successor corporation; (ii) a sale of all or substantially all of our assets; or (iii) the acquisition by any person or related group of persons of more than fifty percent (50%) of the total combined voting power of our outstanding securities.

A *resignation for good reason* will be deemed to occur should the individual resign from his employment with us for any of the following reasons during the applicable change in control protection period: (i) a material diminution in his authorities, duties or responsibilities; (ii) a reduction in his base compensation; (iii) a material relocation of his existing work site; or (iv) any material breach by us of any provision of any agreement we have with such individual.

An individual's employment will be deemed to have been terminated for cause if such termination occurs by reason of: (i) the commission of any act of fraud, embezzlement or dishonesty by the individual or his conviction of a felony, (ii) any unauthorized use or disclosure by the individual of confidential information or trade secrets of the Company (or any parent or subsidiary), (iii) any other misconduct by the individual adversely affecting the business or affairs of the Company in a material manner, (iv) the individual's failure to cure any breach of his obligations under certain agreements with the Company, or (v) the individual's breach of any of his fiduciary duties as an officer or director of the Company.

Potential Payments upon Termination or Change in Control

Below is a description of the potential payments and benefits that would be provided to our named executive officers upon termination of their employment or a change of control under their employment or retention agreements and equity award agreements.

Restricted Stock Unit Acceleration on Change in Control

The time-based restricted stock units awards granted to our named executive officers under our various equity plans will each vest on an accelerated basis as to all the shares in the event those awards are not assumed, replaced or otherwise continued

in connection with certain changes in control or ownership of the Company. In the event of such changes, the performance-based restricted stock units will convert into (i) the right to receive 50% of the number of target shares subject to the award in the event such change occurs prior to completion of the performance period and (ii) the right to receive the number of shares based on actual performance if such change occurs after completion of the performance period, subject in each case to continued service requirements; such shares will vest on an accelerated basis in the event those awards are not assumed, replaced or otherwise continued in connection with the change in control or ownership. If a change in control occurs during the MSU Performance Period, then the number of performance qualified shares under the market performance restricted stock units will be determined at the time of the change in control based on performance to date (but without regard to the revenue attainment if the change in control occurs prior to April 1, 2021) and then will be paid out at the time of the change in control unless the awards are assumed, replaced or otherwise continued by the acquiring entity. If a change in control occurs after completion of the MSU Performance Period, the performance qualified shares will be paid out at the time of the change in control unless those awards are assumed, replaced or otherwise continued by the acquiring entity. Any awards that are assumed, replaced or otherwise continued will continue to vest over the service period for the award subject to accelerated vesting of the market performance stock unit awards upon the executive officer's involuntary termination within 18 months following the change in control.

The table below sets forth the intrinsic value of the restricted stock unit awards held by each named executive officer that would accelerate in full (in accordance with the terms of the equity plans or agreements governing those awards) upon a change in control or ownership in which those awards were not assumed or replaced had such change in control or ownership occurred on June 30, 2019:

Named Executive Officer	Intrinsic Value of Accelerated RSUs (1)
Mike F. Chang	\$ 2,959,591
Yifan Liang	\$ 1,005,052
Yueh-Se Ho	\$ 952,061
Daniel Kuang Ming Chang	\$ 600,756

- (1) Such value is determined by multiplying (A) the fair market value per common share on June 30, 2019 (\$9.34 per share) by (B) the number of unvested shares that would vest on an accelerated basis under such award. No value is attributed to the market performance restricted stock unit since the threshold level of performance had not been attained as of June 30, 2019.

Potential Payments upon Termination of Employment

Termination in Absence of Change in Control. The following table provides the total dollar value of the compensation that each named executive officer would have been entitled to receive had his employment been terminated without cause or he had resigned for good reason on June 30, 2019 in the absence of a change in control of the Company:

Named Executive Officer	Cash Severance	Health Benefits (1)	Total
Mike F. Chang	\$ 453,740	\$ 17,572	\$ 471,312
Yifan Liang	\$ 160,680	\$ 12,119	\$ 172,799
Yueh-Se Ho	\$ 155,227	\$ 8,786	\$ 164,013
Daniel Kuang Ming Chang	\$ 142,055	\$ 8,786	\$ 150,841

- (1) Represents the aggregate full premium payments that would be required to be paid on behalf of each named executive officer to provide continued health insurance coverage under COBRA (based on the executive's health insurance coverage as of June 30, 2019) for the maximum period available to the executive.

Termination in Connection with Change in Control. The following table provides the total dollar value of the compensation that each named executive officer would be entitled to receive if his or her employment was terminated without cause or he or she resigned for good reason on June 30, 2019 in connection with a change in control of the Company in which the outstanding awards are assumed, replaced or otherwise continued. If the outstanding awards are not assumed, replaced or otherwise continued in effect, then those awards will accelerate in whole or in part at the time of the change in control and the value of the acceleration will instead be as set forth in the table above titled: "Restricted Stock Unit Acceleration on Change in Control".

Named Executive Officer	Cash Severance	Health Benefits (1)	Accelerated Vesting of Restricted Stock units (2)	Total
Mike F. Chang	\$ 907,480	\$ 35,144	\$ 2,959,591	\$ 3,902,215
Yifan Liang	\$ 160,680	\$ 12,119	\$ 339,577	\$ 512,376
Yueh-Se Ho	\$ 155,227	\$ 8,786	\$ 312,855	\$ 476,868
Daniel Kuang Ming Chang	\$ 142,055	\$ 8,786	\$ 216,648	\$ 367,489

- (1) Represents the aggregate full premium payments that would be required to be paid on behalf of each named executive officer to provide continued health insurance coverage under COBRA (based on the executive's health insurance coverage as of June 30, 2019) for the maximum period available to the executive.
- (2) Represents the value of restricted stock units that would vest on an accelerated basis in connection with such termination. The value is determined by multiplying (A) the number of unvested units that would vest on an accelerated basis under the award by (B) the fair market value per common share on June 30, 2019 (\$9.34 per share).

Policies and Procedures

The Audit Committee of the Board of Directors is responsible for establishing policies and procedures for reviewing and approving all related party transactions as defined under Securities and Exchange Commission rules and regulations. The Audit Committee also adopted the Related Party Transactions Policy (the "Policy") that sets forth the substantive and procedural requirements for approving related party transactions. The following provides a summary of the Policy.

The Policy provides that the Audit Committee is entrusted with the responsibility and authority to review "interested transaction," the definition of which is materially consistent with the definition of "related party transactions" under SEC rules (the "Interested Transaction"). The Audit Committee shall review the material facts of all Interested Transactions that require the Audit Committee's approval and either approve or disapprove of the entry into the Interested Transaction.

In determining whether to approve or ratify an Interested Transaction, the Audit Committee will take into account all factors that it deems appropriate, including whether the Interested Transaction is negotiated or consummated on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related party's interest in the transaction. The Policy also provides that no director shall participate in any discussion or approval of an Interested Transaction for which he or she is a related party, except that the director shall provide all material information concerning the Interested Transaction to the Audit Committee.

The Policy provides a list of Interested Transactions that are deemed to be pre-approved by the Audit Committee such that no separate approval will be required by the Audit Committee, including:

- Employment of executive officer if the compensation is approved by the Compensation Committee;
- Compensation of directors that is consistent with the Company's director compensation policies and required to be disclosed in the proxy statement;

- Transaction with another company where the related party's relationship is an employee (other than executive officer or director) or a stockholder, if the value of the transaction does not exceed the greater of \$1,000,000 or 2% of such company's annual revenue; and

REPORT OF THE AUDIT COMMITTEE

The following is the report of the Audit Committee with respect to our audited financial statements for the fiscal year ended June 30, 2019. The information contained in this report shall not be deemed to be “soliciting material” or to be “filed” with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, except to the extent that the company specifically incorporates the information by reference in such filing.

The Audit Committee is comprised of three independent directors: Mr. Michael L. Pfeiffer, its Chairman, and Messrs. Michael J. Salameh and Mr. Robert I. Chen. The purpose of the Audit Committee is to assist our Board of Directors in its general oversight of our financial reporting, internal controls and audit functions. The Audit Committee is directly responsible for the appointment, retention, evaluation, compensation, oversight and termination of our independent registered public accounting firm.

The Audit Committee reviews the results and scope of audit and other services provided by the independent auditors and reviews the accounting principles and auditing practices and procedures to be used in our financial reporting process, including its systems of internal control, and in the preparation of consolidated financial statements in accordance with generally accepted accounting principles. Our independent registered public accounting firm for the last fiscal year, BDO USA, LLP (“BDO”), was responsible for performing an independent audit of those financial statements. As more fully explained in the Audit Committee's charter, the Audit Committee's responsibility is to provide oversight of and to review those processes. The Audit Committee does not conduct auditing or accounting reviews or procedures, and relies on information and representations provided by management and the independent auditors. The Audit Committee has relied on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and on the representations of the independent registered public accounting firm included in their report on our financial statements.

The Audit Committee has reviewed and discussed the audited financial statements with our management. Management is responsible for maintaining adequate internal control over financial reporting and for assessing the effectiveness of internal control over financial reporting. The Audit Committee was kept apprised of the progress of management's assessment of our internal control over financial reporting and provided oversight to management during the process. In connection with this oversight, the Audit Committee received periodic updates provided by management at meetings throughout the year. At the conclusion of the process, management provided the Audit Committee with a report on the effectiveness of our internal control over financial reporting. The Audit Committee reviewed this report of management and Item 9A, “Control and Procedures,” contained in our Annual Report on Form 10-K for the fiscal year ended June 30, 2019 filed with the SEC, as well as BDO's reports of independent registered public accounting firm (included in our Annual Report on Form 10-K) relating to its audits of the consolidated financial statements and of internal control over financial reporting. The Audit Committee has reviewed with management and BDO (a) matters related to the conduct of the audit of the consolidated financial statements by the independent registered public accounting firm and its audit of internal control over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002, as amended and (b) the additional analyses undertaken and procedures performed by us to support certifications by our Chief Executive Officer and Chief Financial Officer that are required by the SEC and the Sarbanes-Oxley Act of 2002 to accompany our periodic filings with the SEC.

In addition, the Audit Committee has reviewed and discussed the audited financial statements with BDO, including such items set forth in Public Company Accounting Oversight Board (PCAOB) Auditing Standard No. 16, *Communications with Audit Committees* or any successor standard. The Audit Committee has received from the independent registered public accounting firm, BDO, the written disclosures and the letter required by the PCAOB, and the Audit Committee has discussed with Grant Thornton the independence of the independent registered public accounting firm.

After review of all discussions and all written correspondence described above, as well as such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to our Board of Directors that the audited financial statements for the last fiscal year be included in our Annual Report on Form 10-K for the fiscal year ended June 30, 2019.

PROPOSAL NO. 4

Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee has selected BDO USA, LLP (“BDO”) as our independent registered public accounting firm to conduct the audit for the fiscal year ending June 30, 2020. Shareholders are asked to approve and ratify the appointment of BDO as our independent registered public accounting firm, and to authorize our Board of Directors, acting through our Audit Committee, to determine the remuneration of such accounting firm. Representatives of BDO are not expected to be present at the Annual Meeting or to make a formal statement. Consequently, representatives of BDO will not be available to respond to questions at the meeting.

BDO has served as the Company's independent registered public accounting firm for the fiscal years ended June 30, 2019. BDO has issued a Report of Independent Registered Public Accounting Firm for our audited consolidated financial statements as of June 30, 2019 which appeared in our annual report on Form 10-K filed with the SEC on August 23, 2019. Prior to the appointment of BDO, Grant Thornton LLP (“Grant Thornton”) served as our independent registered public accounting firm for each of the fiscal years in the two-year period ended June 30, 2018.

On September 11, 2018, we notified Grant Thornton of its dismissal as the Company's independent registered public accounting firm effective as of that date. Grant Thornton also notified the Company to confirm that its audit relationship with the Company has ceased as of September 11, 2018. The decision to change independent registered public accounting firms was approved by the Audit Committee.

The reports of Grant Thornton on Company's consolidated financial statements as of and for the fiscal years ended June 30, 2018 and 2017 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principle.

During two fiscal years ended June 30, 2018 and the subsequent interim period through September 11, 2018, there were no disagreements as described under Item 304(a)(1)(iv) of Regulation S-K with Grant Thornton on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Grant Thornton's satisfaction, would have caused Grant Thornton to make reference to the subject matter thereof in connection with its reports on the financial statements of the Company for such years. In addition, during the two fiscal years ended June 30, 2018 and the subsequent interim period through September 11, 2018, there were no reportable events as described under Item 304(a)(1)(v) of Regulation S-K.

The Company has provided Grant Thornton with a copy of the above disclosure and requested that Grant Thornton furnish it with a letter addressed to the Securities and Exchange Commission stating whether or not it agrees with the statements. A copy of Grant Thornton's letter was filed as Exhibit 16.1 to the Form 8-K filed on September 17, 2018.

On September 17, 2018, the Audit Committee and the Board of Directors of the Company approved the engagement of BDO USA, LLP (“BDO”) to serve as the Company's independent registered public accounting firm.

During the two most recent fiscal years, and in the subsequent interim periods through September 17, 2018, neither the Company nor anyone acting on its behalf has consulted with BDO regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the Company's financial statements, and either a written report was provided to the Company or oral advice was provided that BDO concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K) or a reportable event (as described in Item 304(a)(1)(v) of Regulation S-K).

ALPHA & OMEGA SEMICONDUCTOR LIMITED

2018 OMNIBUS INCENTIVE PLAN

(As amended and restated effective November 7, 2019)

ARTICLE I

GENERAL PROVISIONS

1.1 PURPOSE OF THE PLAN

This 2018 Omnibus Incentive Plan (the “Plan”) is intended to promote the interests of Alpha and Omega Semiconductor Limited, a company incorporated and existing under the laws of the Islands of Bermuda, by providing eligible persons in the Company’s employ or service with the opportunity to acquire a proprietary interest, or otherwise increase their proprietary interest, in the Company as an incentive for them to continue in such employ or service.

The Plan serves as the successor to the Company’s 2009 Share Option/Share Issuance Plan (the “Predecessor Plan”), and no further awards shall be made under the Predecessor Plan on or after the Plan Effective Date. All awards outstanding under the Predecessor Plan on the Plan Effective Date shall remain outstanding under the Predecessor Plan and shall continue to be governed solely by the terms of the documents evidencing such award, and no provision of the Plan shall be deemed to affect or otherwise modify the rights or obligations of the holders of such awards.

Capitalized terms shall have the meanings assigned to such terms in the attached Appendix.

1.2 TYPES OF AWARDS

Awards may be made under the Plan in the form of (i) options, (ii) share appreciation rights, (iii) share awards, (iv) restricted share units, (v) dividend equivalent rights and (vi) other share-based awards.

1.3 ADMINISTRATION OF THE PLAN

(a) The Compensation Committee shall have sole and exclusive authority to administer the Plan with respect to Section 16 Insiders. Administration of the Plan with respect to all other persons eligible to participate in the Plan may, at the Board’s discretion, be vested in the Compensation Committee or a Secondary Board Committee, or the Board may retain the power to administer those programs with respect to such persons. To the extent permitted by law, the Board or the Compensation Committee may delegate any or all of its authority to administer the Plan with respect to one or more classes of eligible persons (other than Section 16 Insiders) to one or more officers of the Company.

(b) Members of the Compensation Committee or any Secondary Board Committee shall serve for such period of time as the Board may determine and may be removed by the Board at any time. The Board may also at any time terminate the functions of any Secondary Board Committee and reassume all powers and authority previously delegated to such committee.

(c) Each Plan Administrator shall, within the scope of its administrative functions under the Plan, have full authority to determine (i) which eligible persons are to receive Awards under the Plan, (ii) the type, size, terms and conditions of the Awards to be made to each Participant, (iii) the time or

times when those Awards are to be made, (iv) the number of shares or amount of payment to be covered by each such Award, (v) the time or times when the Award is to become exercisable, (vi) the status of an option for U.S. federal tax purposes, (vii) the maximum term for which an Award is to remain outstanding, (viii) the vesting and issuance schedules applicable to the shares which are the subject of the Award, (ix) the cash consideration (if any) payable for those shares and the form (cash or Common Shares) in which the Award is to be settled, and (x) with respect to performance-based Awards, the performance objectives for each such Award, the amounts payable at designated levels of attained performance, any applicable service vesting requirements, and the payout schedule for each such Award.

(d) Each Plan Administrator shall, within the scope of its administrative functions under the Plan, have full power and authority (subject to the provisions of the Plan) to establish such rules and regulations as it may deem appropriate for proper administration of the Plan and to make such determinations under, and issue such interpretations of, the provisions of the Plan and any outstanding Awards thereunder as it may deem necessary or advisable. Decisions of the Plan Administrator within the scope of its administrative functions under the Plan shall be final and binding on all parties who have an interest in the Plan under its jurisdiction or any Award thereunder.

(e) Service as a Plan Administrator by the members of the Compensation Committee or the Secondary Board Committee shall constitute service as Board members, and the members of each such committee shall accordingly be entitled to full indemnification and reimbursement as Board members for their service on such committee. No member of the Compensation Committee or the Secondary Board Committee shall be liable for any act or omission made in good faith with respect to the Plan or any Award thereunder.

1.4 ELIGIBILITY

(a) The persons eligible to participate in the Plan are as follows:

- (i) Employees,
- (ii) Non-Employee Directors and non-employee members of the board of any Parent or Subsidiary, and
- (iii) consultants and other independent advisors who provide services to the Company (or any Parent or

Subsidiary).

1.5 SHARES SUBJECT TO THE PLAN

(a) The shares issuable under the Plan shall be authorized but unissued or reacquired Common Shares, including shares repurchased by the Company on the open market. The number of Common Shares initially reserved for issuance over the term of the Plan shall be limited to Two Million Sixty-Five Thousand (2,065,000) shares, subject to adjustment pursuant to Section 1.5(e) and Section 1.5(f). The share reserve is comprised of (i) the share reserve available on the Plan Effective Date and (ii) the Eight Hundred Thousand (800,000)-share increase approved by the Board on September 10, 2019 subject to shareholder approval at the 2019 Annual Shareholders Meeting.

(b) Subject to adjustment pursuant to Section 1.5(f), the maximum number of Common Shares that may be issued pursuant to Incentive Options granted under the Plan shall be Two Million Sixty-Five Thousand (2,065,000).

(c) Subject to adjustment pursuant to Section 1.5(f), the maximum number of Common Shares for which Awards that are settled in shares may be made to any person under the Plan in any fiscal year shall not exceed Eight Hundred Thousand (800,000) shares in the aggregate.

(d) The maximum aggregate number of Common Shares for which Awards may be made to any Non-Employee Director under the Plan in any calendar year, taken together with any cash retainer paid to such Non-Employee Director in respect of such calendar year, shall not exceed \$750,000 (\$1,000,000 in the calendar year in which the Non-Employee Director is initially elected or appointed to the Board) in total value (calculating the value of any such Awards based on the grant date fair value of such Awards for financial reporting purposes and excluding, for this purpose, the value of any dividends or dividend equivalents paid on any Common Shares or Awards).

(e) Common Shares subject to outstanding Awards (including awards granted under the Predecessor Plan) shall be available for subsequent award and issuance under the Plan to the extent those Awards expire, are forfeited or cancelled or terminate for any reason prior to the issuance of the Common Shares subject to those Awards or are settled in cash. Upon the exercise of any share appreciation right under the Plan, the share reserve shall be reduced by the gross number of shares as to which such right is exercised. Should the exercise price of an option or any Withholding Taxes incurred in connection with the exercise of an option or share appreciation right under the Plan be paid with Common Shares (whether through the withholding of a portion of the otherwise issuable shares or through the tender of actual outstanding shares), then in each such case, the shares so tendered or withheld shall not be added to the Common Shares available for grant under the Plan. If Common Shares otherwise issuable under the Plan are withheld by the Company in satisfaction of the Withholding Taxes incurred in connection with the vesting or settlement of an Award (including an award granted under the Predecessor Plan) other than an option or share appreciation right, then in each such case the Common Shares so tendered or withheld shall be added back to the Common Shares available for issuance under the Plan.

(f) Should any change be made to the Common Shares by reason of any share split, share dividend, recapitalization, combination of shares, exchange of shares, spin-off transaction, extraordinary distribution (whether in cash, securities or other property) or other change affecting the outstanding Common Shares as a class without the Company's receipt of consideration, or should the value of outstanding Common Shares be substantially reduced as a result of a spin-off transaction or an extraordinary dividend or distribution, or should there occur any merger, consolidation, reincorporation or other reorganization, then equitable adjustments shall be made by the Plan Administrator to (i) the maximum number and/or class of securities issuable under the Plan, (ii) the maximum number and/or class of securities for which any one person may be granted Awards under the Plan in any fiscal year, (iii) the maximum number and/or class of securities that may be issued pursuant to Incentive Options, (iv) the number and/or class of securities and the exercise or base price per share in effect under each outstanding Award under the Plan (including awards under the Predecessor Plan) and the consideration (if any) payable per share, and (v) the number and/or class of securities subject to cancellation or the Company's outstanding repurchase rights under the Plan and the repurchase price payable per share. The adjustments shall be made in such manner as the Plan Administrator deems appropriate and such adjustments shall be final, binding and conclusive. In addition, in the event of a Change in Control, the provisions of Section 2.7 shall apply.

(g) Awards may, in the sole discretion of the Plan Administrator, be granted under the Plan in assumption of, or in substitution for, outstanding awards previously granted by an entity directly or indirectly acquired by the Company or with which the Company combines ("Substitute Awards"). Substitute Awards shall not be counted against the share limit (nor shall Substitute Awards be added to the share limit as provided above); *provided*, that Substitute Awards issued in connection with the assumption

of, or in substitution for, outstanding options intended to qualify as Incentive Options within the meaning of Section 422 of the Code shall be counted against the aggregate number of Common Shares available for Awards of Incentive Options under the Plan. Subject to applicable stock exchange requirements, available shares under a shareholder approved plan of an entity directly or indirectly acquired by the Company or with which the Company combines (as appropriately adjusted to reflect the acquisition or combination transaction) may be used for Awards under the Plan and shall not reduce (or be added back to) the number of Common Shares available for issuance under the Plan.

(h) Outstanding Awards granted pursuant to the Plan shall in no way affect the right of the Company to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

ARTICLE 2

AWARDS

2.1 OPTIONS

(a) **Authority.** The Plan Administrator shall have full power and authority, exercisable in its sole discretion, to grant Incentive Options and Non-Statutory Options evidenced by an Award Agreement in the form approved by the Plan Administrator; provided, however, that the terms of each such agreement shall not be inconsistent with the terms specified below. Each agreement evidencing an Incentive Option shall, in addition, be subject to the provisions of Section 2.1(f) below.

(b) **Exercise Price.**

(i) The exercise price per share shall be fixed by the Plan Administrator; provided, however, that such exercise price shall not be less than one hundred percent (100%) of the Fair Market Value per Common Share on the grant date.

(ii) The exercise price shall be payable in one or more of the following forms as determined by the Plan Administrator and specified in the Award Agreement:

(A) cash or check made payable to the Company,

(B) Common Shares (whether delivered in the form of actual share certificates or through attestation of ownership) held for the requisite period (if any) necessary to avoid any resulting charge to the Company's earnings for financial reporting purposes and valued at Fair Market Value on the Exercise Date,

(C) Common Shares otherwise issuable under the option but withheld by the Company in satisfaction of the exercise price, with such withheld shares to be valued at Fair Market Value on the Exercise Date, or

(D) to the extent the option is exercised for vested Common Shares, through a special sale and remittance procedure pursuant to which the Participant shall concurrently provide instructions to (a) a brokerage firm (reasonably satisfactory to the Company for purposes of administering such procedure in compliance with the Company's pre-clearance/pre-notification policies) to effect the immediate sale of the purchased shares and remit to the Company, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the

purchased shares plus all applicable income and employment taxes required to be withheld by the Company by reason of such exercise and (b) the Company to deliver the certificates for the purchased shares directly to such brokerage firm on such settlement date in order to complete the sale.

Except to the extent such sale and remittance procedure is utilized, payment of the exercise price for the purchased shares must be made on the Exercise Date.

(iii) The Plan Administrator shall have the discretion (exercisable at any time) to permit the exercise price of an outstanding option to be paid in one or more of the forms specified in Section 2.1(b)(ii).

(c) **Exercise and Term of Options.** Each option shall be exercisable at such time or times, during such period and for such number of shares as shall be determined by the Plan Administrator and set forth in the Award Agreement evidencing the option. However, no option shall have a term in excess of ten (10) years measured from the option grant date.

(d) **Effect of Termination of Service.**

(i) The following provisions shall govern the exercise of any options that are outstanding at the time of the Participant's cessation of Service or death:

(A) Any option outstanding at the time of the Participant's cessation of Service for any reason shall remain exercisable for such period of time thereafter as shall be determined by the Plan Administrator and set forth in the documents evidencing the option, but no such option shall be exercisable after the expiration of the option term.

(B) Any option held by the Participant at the time of the Participant's death and exercisable in whole or in part at that time may be subsequently exercised by the personal representative of the Participant's estate or by the person or persons to whom the option is transferred pursuant to the Participant's will or the laws of inheritance or by the Participant's designated beneficiary or beneficiaries of that option.

(C) Should the Participant's Service be terminated for Misconduct or should the Participant otherwise engage in Misconduct while holding one or more outstanding options, then all of those options shall terminate immediately and cease to be outstanding.

(D) During the applicable post-Service exercise period, the option may not be exercised for more than the number of vested shares for which the option is at the time exercisable. No additional shares shall vest under the option following the Participant's cessation of Service except to the extent (if any) specifically authorized by the Plan Administrator in its sole discretion pursuant to an express written agreement with the Participant. Upon the expiration of the applicable exercise period or (if earlier) upon the expiration of the option term, the option shall terminate and cease to be outstanding for any shares for which the option has not been exercised.

(ii) The Plan Administrator shall have complete discretion, exercisable either at the time an option is granted or at any time while the option remains outstanding, to:

(A) extend the period of time for which the option is to remain exercisable following the Participant's cessation of Service from the limited exercise period otherwise in effect for that option to such greater period of time as the Plan Administrator shall deem appropriate, but in no event beyond the expiration of the option term;

(B) include an automatic extension provision whereby the specified post-Service exercise period in effect for any option shall automatically be extended by an additional period of time equal in duration to any interval within the specified post-Service exercise period during which the exercise of that option or the immediate sale of the shares acquired under such option could not be effected in compliance with applicable federal and state securities laws, but in no event shall such an extension result in the continuation of such option beyond the expiration date of the term of that option; and/or

(C) permit the option to be exercised, during the applicable post-Service exercise period, not only with respect to the number of vested Common Shares for which such option is exercisable at the time of the Participant's cessation of Service but also with respect to one or more additional installments in which the Participant would have vested had the Participant continued in Service.

(e) **Early Exercise.** The Plan Administrator shall have the discretion to grant options which are exercisable for unvested Common Shares. Should the Participant cease Service while holding unvested shares received upon such early exercise of an option, the Company shall have the right to repurchase any or all of those unvested shares at a price per share equal to the **lower** of (i) the exercise price paid per share or (ii) the Fair Market Value per Common Share at the time of repurchase. The terms upon which such repurchase right shall be exercisable (including the period and procedure for exercise and the appropriate vesting schedule for the purchased shares) shall be established by the Plan Administrator and set forth in the document evidencing such repurchase right.

(f) **Incentive Options.** The terms specified below shall be applicable to all Incentive Options. Except as modified by the provisions of this Section 2.1(f), all the provisions of the Plan shall be applicable to Incentive Options. Options which are specifically designated as Non-Statutory Options when issued under the Plan shall not be subject to the terms of this Section 2.1(f).

(i) Eligibility. Incentive Options may only be granted to Employees.

(ii) Dollar Limitation. The aggregate Fair Market Value of the Common Shares (determined as of the respective date or dates of grant) for which one or more options granted to any Employee under the Plan (or any other option plan of the Company or any Parent or Subsidiary) may for the first time become exercisable as Incentive Options during any one calendar year shall not exceed the sum of One Hundred Thousand Dollars (\$100,000).

To the extent the Employee holds two (2) or more such options which become exercisable for the first time in the same calendar year, then for purposes of the foregoing limitations on the exercisability of those options as Incentive Options, such options shall be deemed to become first exercisable in that calendar year on the basis of the chronological order in which they were granted, except to the extent otherwise provided under applicable law or regulation.

(iii) 10% Shareholder. If any Employee to whom an Incentive Option is granted is a 10% Shareholder, then the exercise price per share shall not be less than one hundred ten percent (110%) of the Fair Market Value per Common Share on the option grant date, and the option term shall not exceed five (5) years measured from the option grant date.

2.2 SHARE APPRECIATION RIGHTS

(a) **Authority**. The Plan Administrator shall have full power and authority, exercisable in its sole discretion, to grant share appreciation rights evidenced by an Award Agreement in the form approved by the Plan Administrator; provided, however, that the terms of each such agreement shall not be inconsistent with the terms specified below.

(b) **Types**. Two types of share appreciation rights shall be authorized for issuance under this Section 2.2: (i) tandem share appreciation rights (“Tandem Rights”) and (ii) stand-alone share appreciation rights (“Stand-alone Rights”).

(c) **Tandem Rights**. The following terms and conditions shall govern the grant and exercise of Tandem Rights.

(i) One or more Participants may be granted a Tandem Right, exercisable upon such terms and conditions as the Plan Administrator may establish, to elect between the exercise of the underlying option for Common Shares or the surrender of that option in exchange for a distribution from the Company in an amount equal to the excess of (i) the Fair Market Value (on the option surrender date) of the number of shares in which the Participant is at the time vested under the surrendered option (or surrendered portion thereof) over (ii) the aggregate exercise price payable for such vested shares.

(ii) Any distribution to which the Participant becomes entitled upon the exercise of a Tandem Right may be made in (i) Common Shares valued at Fair Market Value on the option surrender date, (ii) cash or (iii) a combination of cash and Common Shares, as specified in the applicable Award Agreement.

(d) **Stand-Alone Rights**. The following terms and conditions shall govern the grant and exercise of Stand-alone Rights:

(i) One or more Participants may be granted a Stand-alone Right not tied to any underlying option. The Stand-alone Right shall relate to a specified number of Common Shares and shall be exercisable upon such terms and conditions as the Plan Administrator may establish. In no event, however, may the Stand-alone Right have a maximum term in excess of ten (10) years measured from the grant date.

(ii) Upon exercise of the Stand-alone Right, the holder shall be entitled to receive a distribution from the Company in an amount equal to the excess of (i) the aggregate Fair Market Value (on the exercise date) of the Common Shares underlying the exercised right over (ii) the aggregate base price in effect for those shares.

(iii) The number of Common Shares underlying each Stand-alone Right and the base price in effect for those shares shall be determined by the Plan Administrator in its sole discretion at the time the Stand-alone Right is granted. In no event, however, may the base price per share be less than the Fair Market Value per underlying Common Share on the grant date.

(iv) The distribution with respect to an exercised Stand-alone Right may be made in (i) Common Shares valued at Fair Market Value on the exercise date, (ii) cash or (iii) a combination of cash and Common Shares, as specified in the applicable Award agreement.

(v) The holder of a Stand-alone Right shall have no shareholder rights with respect to the shares subject to the Stand-alone Right unless and until such person shall have exercised the Stand-alone Right and become a holder of record of the Common Shares issued upon the exercise of such Stand-alone Right.

(e) **Post-Service Exercise.** The provisions governing the exercise of Tandem and Stand-alone Rights following the cessation of the Participant's Service shall be substantially the same as those set forth in Section 2.1(d) for the options granted under the Plan, and the Plan Administrator's discretionary authority under Section 2.1(d)(ii) shall also extend to any outstanding Tandem Rights and Stand-alone Appreciation Rights.

2.3 SHARE AWARDS

(a) **Authority.** The Plan Administrator shall have full power and authority, exercisable in its sole discretion, to grant share awards either as vested or unvested Common Shares, through direct and immediate issuances. Each share award shall be evidenced by an Award Agreement in the form approved by the Plan Administrator; provided, however, that the terms of each such agreement shall not be inconsistent with the terms specified below.

(b) **Consideration.**

Common Shares may be issued under a share award for any of the following items of consideration which the Plan Administrator may deem appropriate in each individual instance:

- (i) cash or check made payable to the Company,
- (ii) past services rendered to the Company (or any Parent or Subsidiary); or
- (iii) any other valid consideration under the Companies Act 1981 of Bermuda, as amended.

(c) **Vesting Provisions.**

(i) Share awards may, in the discretion of the Plan Administrator, be fully and immediately vested upon issuance as a bonus for Service rendered or may vest in one or more installments over the Participant's period of Service and/or upon the attainment of specified performance objectives.

(ii) The Plan Administrator shall also have the discretionary authority to structure one or more share awards so that the Common Shares subject to those Awards shall vest upon the achievement of pre-established performance objectives based on one or more Performance Goals and measured over the performance period specified by the Plan Administrator at the time of the grant of the Award. The elements of the vesting schedule applicable to any share award shall be determined by the Plan Administrator and incorporated into the Award Agreement.

(iii) Should the Participant cease to remain in Service while holding one or more unvested Common Shares issued under a share award or should the performance objectives not be attained with respect to one or more such unvested Common Shares, then those shares shall be immediately surrendered to the Company for cancellation, and the Participant shall have no further shareholder rights with respect to those shares. To the extent the surrendered shares were previously issued to the Participant for consideration paid in cash or cash equivalent, the Company shall repay to the Participant the **lower** of (i) the cash consideration paid for the surrendered shares or (ii) the Fair Market Value of those shares at the time of cancellation.

(iv) The Plan Administrator may in its discretion waive the surrender and cancellation of one or more unvested Common Shares which would otherwise occur upon the cessation of the Participant's Service or the non-attainment of the performance objectives applicable to those shares.

Any such waiver shall result in the immediate vesting of the Participant's interest in the Common Shares as to which the waiver applies.

(v) Any new, substituted or additional securities or other property (including money paid other than as a regular cash dividend) which the Participant may have the right to receive with respect to the Participant's unvested Common Shares by reason of any share dividend, share split, recapitalization, combination of shares, exchange of shares, spin-off transaction, extraordinary dividend or distribution or other change affecting the outstanding Common Shares as a class without the Company's receipt of consideration shall be issued subject to (i) the same vesting requirements applicable to the Participant's unvested Common Shares and (ii) such escrow arrangements as the Plan Administrator shall deem appropriate, unless and to the extent the Plan Administrator determines at the time to vest and distribute such securities or other property. Equitable adjustments to reflect each such transaction shall also be made by the Plan Administrator to the repurchase price payable per share by the Company for any unvested securities subject to its existing repurchase rights under the Plan; provided the aggregate repurchase price shall in each instance remain the same.

2.4 RESTRICTED SHARE UNITS

(a) **Authority.** The Plan Administrator shall have the full power and authority, exercisable in its sole discretion, to grant restricted share units evidenced by an Award Agreement in the form approved by the Plan Administrator; provided, however, that the terms of each such agreement shall not be inconsistent with the terms specified below.

(b) **Terms.** Each restricted share unit award shall entitle the Participant to receive the shares underlying that Award (or an amount based on the value of the shares) upon vesting or upon the expiration of a designated time period following the vesting of the Award. Payment of shares underlying a restricted share unit award may be deferred for a period specified by the Plan Administrator at the time the restricted share unit award is initially granted or (to the extent permitted by the Plan Administrator) designated by the Participant pursuant to a timely deferral election made in accordance with the requirements of Code Section 409A. Restricted share units subject to performance vesting may also be structured so that the underlying shares are convertible into Common Shares (or a payment based on the value of the shares), but the rate at which each share is to so convert shall be based on the attained level of performance for each applicable performance objective.

(c) **Vesting Provisions.**

(i) Restricted share units may, in the discretion of the Plan Administrator, vest in one or more installments over the Participant's period of Service or upon the attainment of specified performance objectives.

(ii) The Plan Administrator shall also have the discretionary authority to structure one or more restricted share unit awards so that the Common Shares subject to those Awards shall vest (or vest and become issuable) upon the achievement of pre-established performance objectives based on one or more Performance Goals and measured over the performance period specified by the Plan Administrator at the time of the grant of the Award.

(iii) Outstanding restricted share units shall automatically terminate without any payment if the performance goals or Service requirements established for those Awards are not attained or satisfied. The Plan Administrator, however, shall have the discretionary authority to make a payment

under one or more outstanding Awards of restricted share units as to which the designated performance goals or Service requirements have not been attained or satisfied.

(d) **Payment**. Restricted share units that vest may be settled in (i) cash, (ii) Common Shares valued at Fair Market Value on the payment date or (iii) a combination of cash and Common Shares, as determined by the Plan Administrator in its sole discretion and set forth in the Award Agreement.

2.5 DIVIDEND EQUIVALENT RIGHTS

(a) **Authority**. The Plan Administrator shall have full power and authority, exercisable in its sole discretion, to grant dividend equivalent rights evidenced by an Award Agreement in the form approved by the Plan Administrator; provided however, that the terms of each such agreement shall not be inconsistent with the terms specified below.

(b) **Terms**. The dividend equivalent rights may be granted as stand-alone awards or in tandem with other Awards made under the Plan, except dividend equivalent rights shall not be granted in connection with an option or share appreciation right. The term of each dividend equivalent right award shall be established by the Plan Administrator at the time of grant, but no such award shall have a term in excess of ten (10) years.

(c) **Entitlement**. Each dividend equivalent right shall represent the right to receive the economic equivalent of each dividend or distribution, whether in cash, securities or other property (other than Common Shares), which is made per issued and outstanding Common Share during the term the dividend equivalent right remains outstanding. A special account on the books of the Company shall be maintained for each Participant to whom a dividend equivalent right is granted, and that account shall be credited per dividend equivalent right with each such dividend or distribution made per issued and outstanding Common Share during the term of that dividend equivalent right remains outstanding.

(d) **Timing of payment**. Payment of the amounts credited to such book account shall not be made to the Participant prior to the vesting of that Award (or the portion thereof to which the dividend equivalent right award relates) and shall accordingly be subject to cancellation and forfeiture to the same extent as the underlying Award. Payment may be deferred for a period specified by the Plan Administrator at the time the dividend equivalent right award is initially granted or (to the extent permitted by the Plan Administrator) designated by the Participant pursuant to a timely deferral election made in accordance with the requirements of Code Section 409A.

(e) **Form of payment**. Payment of the amounts due with respect to dividend equivalent rights may be made in (i) cash, (ii) Common Shares or (iii) a combination of cash and Common Shares, as determined by the Plan Administrator in its sole discretion and set forth in the Award Agreement. If payment is to be made in the form of Common Shares, the number of Common Shares into which the cash dividend or distribution amounts are to be converted for purposes of the Participant's book account may be based on the Fair Market Value per Common Share on the date of conversion, a prior date or an average of the Fair Market Value per Common Share over a designated period, as determined by the Plan Administrator in its sole discretion.

2.6 OTHER SHARE-BASED AWARDS

The Plan Administrator may grant other Awards denominated in Common Shares (including performance shares or performance units) under the Plan, alone or in tandem with other Awards, in such

amounts as the Plan Administrator shall from time to time in its sole discretion determine. Each Other Share-Based Award granted under the Plan shall be evidenced by an Award Agreement in the form approved by the Plan Administrator. Each Other Share-Based Award so granted shall be subject to such conditions not inconsistent with the Plan as may be reflected in the applicable Award Agreement.

2.7 EFFECT OF CHANGE IN CONTROL

(a) In the event of a Change in Control, each outstanding Award, as determined by the Plan Administrator in its sole discretion, may be (i) assumed by the successor corporation (or parent thereof), (ii) canceled and substituted with an Award granted by the successor corporation (or parent thereof), (iii) otherwise continued in full force and effect pursuant to the terms of the Change in Control transaction, or (iv) replaced with a cash retention program of the Company or any successor corporation (or parent thereof) which preserves the spread existing on the unvested Award shares subject to the Award at the time of the Change in Control (the excess of the Fair Market Value of those shares over the aggregate purchase price payable for such shares) and, subject to Section 2.7(c) below, provides for subsequent payout of that spread in accordance with the same exercise/vesting schedule applicable to those unvested Award shares.

(b) To the extent an outstanding Award is not assumed, substituted, continued or replaced in accordance with Section 2.7(a), such Award shall automatically vest in full immediately prior to the effective date of the Change in Control, unless the acceleration of such Award is subject to other limitations imposed by the Plan Administrator at the time of the grant of the Award. The Plan Administrator in its sole discretion shall have the authority to provide that to the extent any such Award, as so accelerated, remains unexercised and outstanding on the effective date of the Change in Control, such Award shall terminate and cease to be outstanding. The holder of such Award shall become entitled to receive, upon consummation of the Change in Control and subject to Section 2.7(c), a lump sum cash payment in an amount equal to the product of (i) number of Common Shares subject to such Award and (ii) the excess of (a) the Fair Market Value per Common Share on the date of the Change in Control over (b) the per share exercise price, base price or purchase price in effect for such Award. However, any such Award shall be subject to cancellation and termination, without cash payment or other consideration due the Award holder, if the Fair Market Value per Common Share on the date of such Change in Control is less than the per share exercise price, base price or purchase price in effect for such Award. Notwithstanding the foregoing, if any Award is subject to a performance-vesting condition tied to the attainment of one or more specified performance goals, and such Award is not to be so assumed, substituted, continued, or replaced, that Award shall vest based on actual performance attainment as of the date of the Change in Control or on a pro-rated basis for time elapsed in the ongoing performance period based on target level, immediately prior to the effective date of the actual Change in Control transaction, and the Common Shares underlying the portion of the Award that vests on such accelerated basis shall be issued in accordance with the applicable Award Agreement, unless such accelerated vesting is precluded by other limitations imposed in the Award Agreement.

(c) The Plan Administrator shall have the authority to provide that any escrow, holdback, earn-out or similar provisions in the definitive agreement effecting the Change in Control shall apply to any cash payment made pursuant to Section 2.7(a) or Section 2.7(b) to the same extent and in the same manner as such provisions apply to a holder of a Common Shares.

(d) Immediately following the consummation of the Change in Control, all outstanding Awards shall terminate and cease to be outstanding, except to the extent assumed by the successor corporation (or parent thereof) or otherwise continued in full force and effect pursuant to the terms of the Change in Control transaction.

(e) In the event of any Change in Control, the Plan Administrator in its sole discretion may determine that all outstanding repurchase or cancellation rights (i) are to be assigned to the successor corporation (or parent thereof) or otherwise continued in full force and effect pursuant to the terms of the Change in Control transaction or (ii) are to be terminated and the Common Shares subject to those terminated rights are to immediately vest in full, unless such accelerated vesting is precluded by limitations imposed by the Plan Administrator at the time the right is issued.

(f) Each Award which is assumed in connection with a Change in Control or otherwise continued in effect shall be appropriately adjusted, immediately after such Change in Control, to apply to the number and class of securities into which the Common Shares subject to that Award would have been converted in consummation of such Change in Control had those shares actually been outstanding at that time. Appropriate adjustments to reflect such Change in Control shall also be made to (i) the exercise or base price or cash consideration payable per share in effect under each outstanding Award, provided the aggregate exercise or base price or cash consideration in effect for such securities shall remain the same, (ii) the maximum number and/or class of securities available for issuance over the remaining term of the Plan, (iii) the maximum number and/or class of securities for which Incentive Options may be granted under the Plan, (iv) the maximum number and/or class of securities for which any one person may be granted Awards under the Plan per calendar year and (v) the number and/or class of securities subject to the Company's outstanding repurchase rights under the Plan and the repurchase price payable per share. To the extent the actual holders of the Company's outstanding Common Shares receive cash consideration for their Common Shares in consummation of the Change in Control, the successor corporation may, in connection with the assumption or continuation of the outstanding Awards under the Plan and subject to the Plan Administrator's approval, substitute, for the securities underlying those assumed Awards, one or more shares of its own common stock with a fair market value equivalent to the cash consideration paid per Common Shares in such Change in Control transaction.

(g) The Plan Administrator shall have the discretion, exercisable either at the time an Award is granted or at any time while an Award remains outstanding, to structure such Award so that the shares subject to such Award will automatically vest on an accelerated basis should the Participant's Service terminate by reason of an Involuntary Termination within a designated period following the effective date of any Change in Control in which the Award is assumed or otherwise continued in effect and the repurchase rights applicable to those shares do not otherwise terminate.

(h) The portion of any Incentive Option accelerated in connection with a Change in Control shall remain exercisable as an Incentive Option only to the extent the applicable One Hundred Thousand Dollar (\$100,000) limitation is not exceeded. To the extent such dollar limitation is exceeded, the accelerated portion of such option shall be exercisable as a Non-Statutory Option under the Federal tax laws.

2.8 REPRICING PROGRAMS

The Plan Administrator shall not have the discretionary authority, except pursuant to Section 1.5(g), to (i) implement cancellation/regrant programs pursuant to which outstanding options or share appreciation rights under the Plan are cancelled and new options or share appreciation rights are granted in replacement with a lower exercise or base price per share, (ii) cancel outstanding options or share appreciation rights under the Plan with exercise or base prices per share in excess of the then current Fair Market Value per Common Share for consideration payable in cash or in equity securities of the Company (except in the case of a Change in Control) or (iii) reduce the exercise or base price in effect for outstanding options or share appreciation rights under the Plan, in any case without shareholder approval.

ARTICLE 3

MISCELLANEOUS

3.1 DEFERRED COMPENSATION

(a) The Plan Administrator may, in its sole discretion, structure one or more Awards (other than options and share appreciation rights) so that the Participants may be provided with an election to defer the compensation associated with those Awards for federal income tax purposes. Any such deferral opportunity shall comply with all applicable requirements of Code Section 409A.

(b) The Plan Administrator may implement a non-employee Board member retainer fee deferral program under the Plan so as to allow the non-employee Board members the opportunity to elect, prior to the start of each calendar year, to convert the Board and Board committee retainer fees to be earned for such year into restricted share units under the Plan that will defer the issuance of the Common Shares that vest under those restricted share units until a permissible date or event under Code Section 409A. If such program is implemented, the Plan Administrator shall have the authority to establish such rules and procedures as it deems appropriate for the filing of such deferral elections and the designation of the permissible distribution events under Code Section 409A.

(c) To the extent the Company maintains one or more separate non-qualified deferred compensation arrangements which allow the participants the opportunity to make notional investments of their deferred account balances in Common Shares, the Plan Administrator may authorize the share reserve under the Plan to serve as the source of any Common Shares that become payable under those deferred compensation arrangements. In such event, the share reserve under the Plan shall be reduced on a share-for-share basis for each Common Shares issued under the Plan in settlement of the deferred compensation owed under those separate arrangements.

3.2 TRANSFERABILITY OF AWARDS

The transferability of Awards granted under the Plan shall be governed by the following provisions:

(a) Incentive Options. During the lifetime of the Participant, Incentive Options shall be exercisable only by the Participant and shall not be assignable or transferable other than by will or the laws of inheritance following the Participant's death.

(b) Other Awards. All other Awards shall be subject to the same limitation on transfer as Incentive Options, except that the Plan Administrator may structure one or more such Awards so that the Award may be assigned in whole or in part during the Participant's lifetime to one or more Family Members of the Participant or to a trust established exclusively for the Participant and/or such Family Members, to the extent such assignment is in connection with the Participant's estate plan or pursuant to a domestic relations order. The assigned portion of an Award may only be exercised (if applicable) by the person or persons who acquire a proprietary interest in the Award pursuant to the assignment. The terms applicable to the assigned portion of the Award shall be the same as those in effect for the Award immediately prior to such assignment and shall be set forth in such documents issued to the assignee as the Plan Administrator may deem appropriate.

(c) Beneficiary Designation. Notwithstanding the foregoing, a Participant may, to the extent permitted by the Plan Administrator, designate one or more persons as the beneficiary or beneficiaries of some or all of his or her outstanding Awards, and those Awards shall, in accordance with such designation and to the extent valid under applicable law, automatically be transferred to such beneficiary or beneficiaries upon the Participant's death while holding those Awards. Such beneficiary or beneficiaries shall take the transferred Awards subject to all the terms and conditions of the applicable agreement evidencing each such transferred Award, including (without limitation) the limited time period during which the Award may be exercised (if applicable) following the Participant's death.

3.3 SHAREHOLDER RIGHTS

A Participant shall not have any of the rights of a shareholder (including the right to vote or receive dividends) with respect to Common Shares covered by an Award until the Participant becomes the holder of record of such shares. A Participant may be granted the right to receive dividend equivalents under Section 2.5 with respect to one or more outstanding Awards. However, any dividend or dividend equivalent payable in connection with an unvested Award shall not be paid until and unless the underlying Award vests and shall be subject to risk of forfeiture to the same extent as the underlying Award.

3.4 TAX WITHHOLDING

The Company's obligation to deliver Common Shares, other securities or cash upon the exercise, issuance, vesting or settlement of an Award under the Plan shall be subject to the satisfaction of all applicable Withholding Tax requirements. The Company (or any Parent or Subsidiary employing or retaining the Participant) shall have the right and is hereby authorized to withhold, from any cash, Common Shares, other securities or other property issuable or deliverable under any Award or from any compensation or other amounts owing to the Participant, the amount (in cash, Common Shares, other securities or other property) of any required Withholding Taxes in respect of an Award and to take such other action as may be necessary in the opinion of the Plan Administrator to satisfy all obligations for the payment of such Withholding Taxes. Without limiting the generality of the foregoing, the Plan Administrator may, in its sole discretion, permit a Participant to satisfy the foregoing Withholding Tax liability in whole or in part by (A) the delivery of Common Shares previously acquired by such individual (other than in connection with the exercise, issuance, vesting or settlement triggering the Withholding Taxes) with an aggregate Fair Market Value equal to the Withholding Taxes or having the Company withhold, from the Common Shares otherwise issuable upon the issuance, exercise, vesting or settlement of such Award, a portion of those shares with an aggregate Fair Market Value at the time of delivery equal to the Withholding Taxes, in each case at a withholding rate determined by the Plan Administrator but in no event to exceed the maximum statutory rate applicable to the Participant.

3.5 SHARE ESCROW/LEGENDS

Unvested shares may, in the Plan Administrator's discretion, be held in escrow by the Company until the Participant's interest in such shares vests or may be issued directly to the Participant with restrictive legends on the certificates evidencing those unvested shares.

3.6 EFFECTIVE DATE AND TERM OF THE PLAN

(a) The Plan became effective on the Plan Effective Date. The Plan was amended and restated by the Board on September 10, 2019, subject to shareholder approval at the 2019 Annual Shareholders Meeting to increase the share reserve.

(b) The Plan shall terminate upon the *earliest* to occur of (i) the date immediately preceding the tenth anniversary of the Plan Effective Date, (ii) the date on which all shares available for issuance under the Plan shall have been issued as fully vested shares, (iii) the termination of all outstanding Awards in connection with a Change in Control, or (iii) the termination of the Plan by the Board. Should the Plan terminate under subsection (i) above, then all Awards outstanding at that time shall continue to have force and effect in accordance with the provisions of the documents evidencing those Awards.

3.7 TERMINATION AND AMENDMENT OF THE PLAN

(a) The Board shall have complete and exclusive power and authority to terminate the Plan at any time. The Board shall also have complete and exclusive power and authority to amend or modify the Plan in any or all respects, subject to shareholder approval to the extent required under applicable law or regulation or pursuant to the listing standards of the Stock Exchange on which the Common Shares are at the time primarily traded. However, no such amendment or modification shall adversely affect the rights and obligations with respect to Awards at the time outstanding under the Plan unless the Participant consents to such amendment or modification.

(b) The Compensation Committee shall have the discretionary authority to adopt and implement from time to time such addenda or subplans to the Plan as it may deem necessary in order to bring the Plan into compliance with applicable laws and regulations of any foreign jurisdictions in which Awards are to be made under the Plan and/or to obtain favorable tax treatment in those foreign jurisdictions for the individuals to whom the Awards are made.

(c) Awards may be made under the Plan that involve Common Shares in excess of the number of shares then available for issuance under the Plan, provided no shares shall actually be issued pursuant to those Awards until the number of Common Shares available for issuance under the Plan is sufficiently increased by shareholder approval of an amendment of the Plan authorizing such increase. If such shareholder approval is not obtained within twelve (12) months after the date the first excess Award is made, then all Awards granted on the basis of such excess shares shall terminate and cease to be outstanding.

3.8 USE OF PROCEEDS

Any cash proceeds received by the Company from the sale of Common Shares under the Plan shall be used for general corporate purposes.

3.9 REGULATORY APPROVALS

(a) The implementation of the Plan, the granting of any Award under the Plan and the issuance of any Common Shares in connection with the issuance, exercise, vesting or settlement of any Award under the Plan shall be subject to the Company's procurement of all approvals and permits required by regulatory authorities having jurisdiction over the Plan, the Awards made under the Plan and the Common Shares issuable pursuant to those Awards.

(b) No Common Shares or other assets shall be issued or delivered under the Plan unless and until there shall have been compliance with all applicable requirements of applicable securities laws, and all applicable listing requirements of any Stock Exchange on which the Common Shares are then listed for trading.

3.10 NO EMPLOYMENT/SERVICE RIGHTS

Nothing in the Plan shall confer upon the Participant any right to continue in Service for any period of specific duration or interfere with or otherwise restrict in any way the rights of the Company (or any Parent or Subsidiary employing or retaining such person) or of the Participant, which rights are hereby expressly reserved by each, to terminate such person's Service at any time for any reason, with or without cause.

3.11 RECOUPMENT

Participants shall be subject to any clawback, recoupment or other similar policy adopted by the Board as in effect (and as modified) from time to time and Awards and any cash, Common Shares or other property or amounts due, paid or issued to a Participant shall be subject to the terms of such policy, as in effect (and as modified) from time to time.

 - (A) a merger, consolidation or other reorganization approved by the Company's shareholders, unless securities representing more than fifty percent (50%) of the total combined voting power of the voting securities of the successor corporation are immediately thereafter beneficially owned, directly or indirectly and in substantially the same proportion, by the persons who beneficially owned the Company's outstanding voting securities immediately prior to such transaction,
 - (B) a shareholder-approved sale, transfer or other disposition of all or substantially all of the Company's assets,

If there is no closing selling price for the Common Shares on the date in

question, then the Fair Market Value shall be the closing selling price on the last preceding date for which such quotation exists.

(ii) If the Common Shares are at the time quoted on a national or regional securities exchange or market system (including over-the-counter markets and the Nasdaq Capital Market) determined by the Plan Administrator to be the primary market for the Common Shares, then the Fair Market Value shall be the closing selling price per Common Share on the date in question, as such price is officially reported by such exchange or market system.
