

Titan to Implement Aftermarket Price Increase

QUINCY, Ill.-Titan Tire Corporation, a subsidiary of Titan International, Inc. (NYSE: TWI), will implement a price increase to all aftermarket dealers for Titan branded and Titan manufactured Goodyear branded farm and construction tires, effective April 1, 2011.

The increase of up to 8 percent will offset rising raw material, energy and transportation costs.

Certain tires prices may rise in excess of 8 percent due to realignment and positioning of the product.

The increase will be effective on all tires shipped on or after April 1, 2011.

Titan International, Inc., a holding company, owns subsidiaries that supply wheels, tires and assemblies for off-highway equipment used in agricultural, earthmoving/construction and consumer (including all terrain vehicles and trailers) applications. For more information, visit www.titan-intl.com
