MODERNIZING OUR MARKETPLACE

BOOKING

Booking is a key part of Groupon’s voucherless future and we're making fast progress — 65% of all Food & Drink deals in International are now bookable, and shoppers who buy a bookable deal go on to purchase more frequently.

GROUPON SELECT

Groupon Select — our new premium membership program in North America — has more than 260,000 paying members (>100,000 added since Q2). Currently, we’re seeing a 60% increase in purchase frequency and a 20% jump in average order value after joining the program.

OPEN PLATFORM

Our open platform work centers on creating a vast catalog of local offers, and making that catalog available to buy both on and off the Groupon platform. This quarter, we finalized partnerships with MINDBODY, DerbySoft and Great Value Vacations, increasing bookable inventory on Groupon. Additionally, we are accelerating our distribution efforts through partnerships with reward platforms like Augeo, Prodege, and Gasbuddy, and we expect to launch our first card issuer program before the end of the year.
