If you need directions to the location of the Annual Meeting, please contact us at (303) 625-5000.

**Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting to Be Held on June 12, 2014:**

Pursuant to the rules adopted by the Securities and Exchange Commission, or the SEC, we have elected to provide access to our proxy materials, including this Proxy Statement and our 2013 Annual Report, over the Internet. Accordingly, we are sending a Notice Regarding the Availability of Proxy Materials, or the Notice, to our stockholders of record entitled to vote at the Annual Meeting with instructions for accessing the proxy materials and voting over the Internet or by telephone. We intend to mail the Notice or paper copies of the proxy materials and proxy card, as applicable, on or about April 30, 2014 to all stockholders entitled to vote at the Annual Meeting.

All stockholders entitled to vote at the Annual Meeting will have the ability to access the proxy materials on the website referred to in the Notice and to request to receive a printed set of the proxy materials. This makes the proxy distribution process more efficient and less costly and helps conserve natural resources. Instructions on how to access the proxy materials over the Internet or to request a printed copy of the proxy materials may be found in the Notice.

The Notice will also identify the date, the time and location of the Annual Meeting; the matters to be acted upon at the meeting and the Board of Directors' recommendation with regard to each matter; a toll-free telephone number, an e-mail address, and a website where stockholders can request to receive, free of charge, a paper or e-mail copy of the Proxy Statement, our Annual Report on Form 10-K for the year ended December 31, 2013, and a form of proxy relating to the Annual Meeting; information on how to access and vote the form of proxy; and information on how to obtain directions to attend the meeting and vote in person should stockholders choose to do so.

**QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING**

**Why am I receiving these materials?**

We are providing these proxy materials to you because the board of directors of Clovis Oncology, Inc. is soliciting your proxy to vote at the Annual Meeting to be held on June 12, 2014 at 8:30 a.m. Mountain Time, including at any adjournments or postponements of the meeting. We intend to begin sending the Notice and making our proxy materials available on or about April 30, 2014 to all stockholders of record entitled to vote at the Annual Meeting. You are invited to attend the Annual Meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may follow the instructions below to submit your proxy.

## Table of Contents

### Can I vote my shares by filling out and returning the Notice?

No. The Notice identifies the items to be voted on at the Annual Meeting, but you cannot vote by marking the Notice and returning it. The Notice provides instructions on how to vote over the Internet or by telephone, by requesting and returning a printed proxy card, or by submitting a ballot in person at the Annual Meeting.

### How do I attend the Annual Meeting?

The meeting will be held on Thursday, June 12, 2014 at 8:30 a.m. Mountain Time at the St. Julien Hotel, 900 Walnut Street, Boulder, Colorado 80302.

### What am I voting on?

There are two matters scheduled for a vote:

- *Proposal 1: Election of Directors.* Election of Keith Flaherty, M.D., Ginger Graham, and Edward J. McKinley as Class III directors to hold office until the 2017 annual meeting of stockholders;
- *Proposal 2: Ratification of Selection of Independent Registered Public Accounting Firm.* Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014.

### How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of April 14, 2014.

### How do I vote at the Annual Meeting?

With respect to the election of directors, you may either vote “For” all of the nominees to the board of directors or you may “Withhold” your vote for any nominee you specify. With respect to the ratification of the selection of our independent registered public accountants, you may vote “For” or “Against” or abstain from voting.

Only stockholders of record at the close of business on April 14, 2014 will be entitled to vote at the Annual Meeting. The procedures for voting are as follows:

#### *Stockholder of Record: Shares Registered in Your Name*

If on April 14, 2014 your shares were registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

- To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.
- To vote using the printed proxy card that may be delivered to you, simply complete, sign and date the proxy card that may be delivered and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.
- To vote by Internet or telephone, follow the instructions on the website referred to in the Notice previously sent to you. Your vote must be received by 11:59 p.m. Eastern Time on June 11, 2014 to be counted.

---

## Table of Contents

### *Beneficial Owner: Shares Registered in the Name of a Broker or Bank*

If on April 14, 2014 your shares were registered, not in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in “street name” and you should have received a Notice from that organization. Simply follow the voting instructions in the Notice to ensure that your vote is counted. Alternatively, you may vote by telephone or over the internet as instructed by your broker or bank. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with the proxy materials, or contact your broker or bank to request a proxy form.

### **What if I return a proxy card or otherwise vote but do not make specific choices?**

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable, “For” the election of all three nominees for director and “For” the ratification of selection of the independent registered public accounting firm. If any other matter is properly presented at the meeting, the proxyholders will vote your shares using their best judgment.

### **What does it mean if I receive more than one Notice?**

If you receive more than one Notice, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on the Notices to ensure that all of your shares are voted.

### **Can I change my vote after submitting my proxy?**

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

- You may submit another properly completed proxy card with a later date.
- You may grant a subsequent proxy by telephone or over the Internet.
- You may send a timely written notice that you are revoking your proxy to our Secretary at 2525 28<sup>th</sup> Street, Suite 100, Boulder, CO 80301.
- You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

Your most current proxy card or telephone or Internet proxy is the one that is counted.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

### **What is the quorum requirement?**

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares entitled to vote are present at the meeting in person or represented by proxy. On the record date, there were 33,901,587 shares outstanding and entitled to vote. Thus, the holders of 16,950,794 shares must be present in person or represented by proxy at the meeting to have a quorum.

### **What vote is required to approve each proposal?**

- *Proposal 1: Election of Directors.* The three nominees who receive the most “For” votes (among votes properly cast in person or by proxy) will be elected. Only votes “For” will affect the outcome.

---

## Table of Contents

- *Proposal 2: Ratification of Selection of Independent Registered Public Accounting Firm.* The ratification of the appointment of Ernst & Young LLP, our independent registered public accounting firm, must receive “For” votes from the holders of a majority of the shares of common stock present or represented by proxy and entitled to vote at the Annual Meeting.

### What is the effect of abstentions and broker non-votes?

Shares of common stock held by persons attending the Annual Meeting, but not voting, and shares represented by proxies that reflect abstentions as to a particular proposal will be counted as present for purposes of determining the presence of a quorum. Abstentions are treated as shares present in person or by proxy and entitled to vote, so abstaining has the same effect as a negative vote for purposes of the vote for the ratification of selection of independent registered public accounting firm. However, because the election of directors is determined by a plurality of votes cast, abstentions will not be counted in determining the outcome of such proposals.

Shares represented by proxies that reflect a “broker non-vote” will be counted for purposes of determining the presence of a quorum. A “broker non-vote” occurs when a nominee holding shares for a beneficial owner has not received instructions from the beneficial owner and does not have discretionary authority to vote the shares for certain non-routine matters. With regard to the election of directors, broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote. However, ratification of the selection of independent registered public accounting firm is considered a routine matter on which a broker or other nominee has discretionary authority to vote. As a result, broker non-votes will be counted for purposes of this proposal.

### Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

### How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be disclosed in a Current Report on Form 8-K, or Form 8-K, that we expect to file with the Securities and Exchange Commission, or the SEC, within four business days after the Annual Meeting. If final voting results are not available to us in time to file with the SEC a Form 8-K within four business days after the meeting, we intend to file with the SEC a Form 8-K to disclose preliminary results and, within four business days after the final results are known to us, file with the SEC an additional Form 8-K to disclose the final results.

## PROPOSAL 1 ELECTION OF DIRECTORS

Our board of directors is divided into three staggered classes of directors of the same or nearly the same number, designated Class I, Class II and Class III, with each class having a three year term. Vacancies on the board of directors may be filled by the affirmative vote of a majority of the remaining directors. A director elected by the board of directors to fill a vacancy in a class, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director’s successor is duly elected and qualified.

There are three directors in Class III whose term of office expires in 2014. Each of the nominees for election to Class III, Keith Flaherty, M.D., Ginger Graham, and Edward J. McKinley, have been recommended by the Nominating and Corporate Governance Committee of the board of directors for election at the Annual Meeting

If any nominee becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for that nominee will instead be voted for the election of a substitute nominee proposed by us. Each person nominated for election has agreed to serve if elected. Our management has no reason to believe that any nominee will be unable to serve.

The audit committee of our board of directors has selected Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2014 and has further directed that management submit the selection of independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. Ernst & Young LLP has audited our financial statements since 2009. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our amended and restated bylaws nor our other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm. However, the audit committee is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in our best interests or those of our stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of Ernst & Young LLP. Abstentions will be counted toward the tabulation of votes on proposals presented to the stockholders and will have the same effect as negative votes.

**THE BOARD OF DIRECTORS RECOMMENDS  
A VOTE "FOR" THIS PROPOSAL 2.**

**INFORMATION REGARDING THE BOARD OF DIRECTORS  
AND CORPORATE GOVERNANCE**

**Board Independence**

Rule 5605 of the NASDAQ Marketplace Rules requires a majority of a listed company's board of directors to be comprised of independent directors within one year of listing. In addition, the NASDAQ Marketplace Rules require that, subject to specified exceptions, each member of a listed company's audit, compensation and nominating and governance committees be independent and that audit committee members also satisfy independence criteria set forth in Rule 10A-3 under the Exchange Act. Under Rule 5605(a)(2), a director will only qualify as an "independent director" if, in the opinion of our board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In order to be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors, or any other board committee: (1) accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the listed company or any of its subsidiaries; or (2) be an affiliated person of the listed company or any of its subsidiaries.

Our board of directors has undertaken a review of the composition of our board of directors and its committees and the independence of each director. Based upon information requested from and provided by each director concerning his or her background, employment and affiliations, including family relationships, our board of directors has determined that none of Drs. Barrett, Blair, Flaherty, and Spickschen, Ms. Graham, or Messrs. Atwood, Klingenstein and McKinley, representing eight of our nine directors, has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is "independent" as that term is defined under Rule 5605(a)(2) of the NASDAQ Marketplace Rules.

Our board of directors also determined that Messrs. Atwood, Klingenstein, and McKinley, who comprise our audit committee, Drs. Barrett, Blair, and Spickschen, who comprise our compensation committee, and Drs. Barrett and Blair and Mr. Atwood, who comprise our nominating and corporate governance committee, satisfy the independence standards for such committees established by the SEC and the NASDAQ Marketplace Rules, as applicable. In making such determination, our board of directors considered the relationships that each such non-employee director has with our company and all other facts and circumstances our board of directors deemed relevant in determining independence, including the beneficial ownership of our capital stock by each non-employee director.

**Board Leadership Structure**

Our board of directors has an independent Chairman, M. James Barrett. Our board of directors recognizes that it is important to determine an optimal board leadership structure to ensure the independent oversight of management as we continue to grow. We separate the roles of Chief Executive Officer and Chairman of the board of directors in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting our strategic direction, day-to-day leadership and performance, while the Chairman of the board of directors provides guidance to the Chief Executive Officer and presides over meetings of the full board of directors. We believe that this separation of responsibilities provides a balanced approach to management of our board of directors and oversight of us. However, no single leadership model is right for all companies and at all times. The board of directors recognizes that depending on the circumstances, other leadership models, such as combining the role of Chairman with the role of Chief Executive Officer, might be appropriate. Accordingly, the board of directors may periodically review its leadership structure.

**Board's Role in Risk Oversight**

Our audit committee is primarily responsible for overseeing our risk management processes on behalf of the full board of directors. The audit committee receives reports from management at least quarterly regarding our

## Table of Contents

assessment of risks. In addition, the audit committee reports regularly to the full board of directors, which also considers our risk profile. The audit committee and the full board of directors focus on the most significant risks we face and our general risk management strategies. While our board of directors oversees our risk management, company management is responsible for day-to-day risk management processes. Our board of directors expects company management to consider risk and risk management in each business decision, to proactively develop and monitor risk management strategies and processes for day-to-day activities and to effectively implement risk management strategies adopted by the audit committee and the board of directors. We believe this division of responsibilities is the most effective approach for addressing the risks we face and that our board leadership structure, which also emphasizes the independence of the board in its oversight of our business and affairs, supports this approach.

### Board Meetings

During the fiscal year 2013, our board of directors met eleven times, including telephonic meetings. In that year, each director attended at least 75% of the aggregate of the meetings held by the board of directors, and each director who is a member of a committee attended at least 75% of the meetings the committees of our board of directors held on which the director served. All of our directors attended our annual meeting of stockholders in 2013. It is our policy to encourage directors and nominees for director to attend the Annual Meeting.

### Information Regarding Board Committees

Our board of directors has established three standing committees: an audit committee, a compensation committee, and a nominating and corporate governance committee. The following table provides membership and meeting information for 2013 for each of the board of directors committees:

In identifying individual candidates, our nominating and corporate governance committee considers current members of our board of directors, as well as candidates referred or recommended to it by directors, members of management, stockholders and others. In evaluating the suitability of individual candidates (both new candidates and current directors), our nominating and corporate governance committee, in recommending candidates for election, and our board of directors, in approving (and, in the case of vacancies, appointing) such candidates, takes into account many factors, including personal and professional integrity, ethics and values; experience in corporate management, such as serving as an officer or former officer of a publicly held company; commercialization experience in pharmaceutical companies; strong finance experience; experience relevant to us; experience as a board member of another publicly held company; diversity of expertise and experience in substantive matters pertaining to our business relative to other board members; diversity of background and perspective, including with respect to age, gender, race, place of residence and specialized experience; and practical and mature business judgment, including the ability to make independent analytical inquiries. In determining whether to recommend a director for re-election, the nominating and corporate governance committee may also consider the director’s past attendance at meetings and participation in and contributions to the activities of the board of directors. The nominating and corporate governance committee is responsible for reviewing with the board of directors, on an annual basis, the appropriate characteristics, skills and experience required for the board of directors as a whole and its individual members.

### Compensation Discussion and Analysis

Our "named executive officers" for our fiscal year ending December 31, 2013 consisted of the following individuals:

- Patrick J. Mahaffy, our President and Chief Executive Officer;
- Erle T. Mast, our Executive Vice President and Chief Financial Officer;
- Gillian C. Ivers-Read, our Executive Vice President of Technical Operations and Chief Regulatory Officer;
- Andrew R. Allen, our Executive Vice President of Clinical and Pre-Clinical Development and Chief Medical Officer; and
- Steven L. Hoerter, our Senior Vice President, Commercial.

### *Compensation Overview and Objectives*

Compensation decisions with respect to our named executive officers have generally been made based on the need to attract, motivate and retain talented executives, to align executive interests with those of our stockholders, and to motivate the achievement of individual objectives and key strategic financial and operational goals. To that end, our compensation programs are designed to provide fixed compensation within market competitive ranges, to incentivize our executives to achieve performance goals that maximize rational growth, and to motivate our executives to achieve the greatest possible returns for our stockholders. The fixed aspects of our compensation program – including base salary and benefits – enable us to compensate our executives at market compensation levels, which is necessary to attract and retain top talent. Our annual incentive programs allow us to pay for performance, based on achievement of company-wide performance targets, as well as individual goals. Finally, our stock incentive plans enable us to promote executive retention and to directly link the value of the compensation paid to our executive officers to the value of our common stock.

### *Determination of Compensation*

The compensation committee of our board of directors, which meets regularly to discuss compensation matters as they arise, is primarily responsible for reviewing compensatory arrangements with, and determining appropriate compensation levels and arrangements for, our named executive officers in light of our compensation philosophies and objectives. Our named executive officers frequently provide input and recommendations to the compensation committee on compensation matters, and our President and Chief Executive Officer periodically reviews each named executive officer's overall performance and makes recommendations to the compensation committee on the elements of the named executive officers' compensation. However, our President and Chief Executive Officer does not participate in discussions regarding his compensation, and recuses himself from meetings when his compensation is discussed.

In determining the levels and mix of compensation, our compensation committee has not generally relied on formulaic guidelines, but rather has maintained a flexible approach to compensation determinations which allows it to adapt the various elements of compensation to motivate individual executives and achieve our specific strategic and financial goals. The compensation committee considered both individual performance and contributions to our growth and success, as well as overall achievement of performance goals, in making its compensation determinations.

## Table of Contents

In 2013, the compensation committee engaged Radford, an Aon Hewitt company, to review and advise on our compensation practices. Radford prepared a report surveying the compensation policies of our peer group, including compensation and benefits of key employees, and comparing the results of the survey with our existing compensation practices. The compensation committee used Radford's report as one factor for determining the compensation of our named executive officers during 2013 in order to ensure that the compensation for our named executive officers was set at competitive levels. The compensation committee also relied on its members' collective experience and expertise in determining the appropriate levels of compensation.

The compensation committee has assessed the independence of Radford pursuant to SEC and NASDAQ rules and concluded that no conflict of interest exists that would prevent Radford from independently representing the compensation committee. The compensation committee, among other things, reviewed and was satisfied with Radford's policies and procedures to prevent or mitigate conflicts of interest. The compensation committee also reviewed and was satisfied that there was no business or personal relationships between members of the compensation committee and the individuals at Radford supporting the compensation committee.

With respect to compensation determinations made in 2013, our peer group consisted of the following companies, which were determined to be (i) biotechnology companies with Phase II & III compounds in development, (ii) generally of a similar size to us, and (iii) located in technology hubs or higher cost of living areas (to reflect the recruiting challenges of the San Francisco/Bay Area and Boulder, Colorado):

- ZIOPHARM Oncology, Inc.

The compensation committee reviews the peer group periodically to reflect changes in market capitalization and other factors, including our then-current circumstances, and revises the companies included in the peer group accordingly. In this regard, the peer group was revised by the compensation committee in January 2014 for use in compensation decisions in 2014 to add the following twelve companies as new compensation peers: ARIAD Pharmaceuticals, Inc., Celldex Therapeutics, Inc., ImmunoGen, Inc., Intercept Pharmaceuticals, Inc., InterMune, Inc., Kythera Biopharmaceuticals, Inc., Medivation, Inc., Pharmacyclics, Inc., Portola Pharmaceuticals, Inc., Puma Biotechnology, Inc., Seattle Genetics Inc., and Synageva BioPharma Corp., and to remove Affymax, Inc., AVEO Pharmaceuticals, Inc., Enzon Pharmaceuticals, Inc., MAP Pharmaceuticals, Inc., Neurocrine Biosciences, Inc., OncoGenex Pharmaceuticals, Inc., Rigel Pharmaceuticals, Inc., Trius Therapeutics, Inc., and ZIOPHARM Oncology, Inc. as compensation peers, in order to more closely align the peer group with the Company's therapeutic focus and size, as well as to add oncology companies that recently became commercial entities.

In setting 2013 compensation, the compensation committee reviewed the market data presented in the Radford report and compared each named executive officer's base salary, target annual performance bonus and equity compensation value, separately and in the aggregate, to amounts paid to similarly-situated executives at our peer companies. The compensation committee's determinations with respect to 2013 compensation were intended generally to target base salary, annual performance bonus value, equity compensation value and overall

compensation for each named executive officer to be between the median and 75th percentile of the compensation packages offered by our peer companies. The compensation committee believes that targeting compensation within this range helps achieve the compensation objectives described above. However, compensation for each executive may vary from this range depending on other factors the compensation committee considers relevant, such as internal pay equity amongst our named executive officers or levels of authority, responsibility and experience of our named executive officers that exceed the norms for individuals holding comparably-titled positions at other companies.

### *Components of Compensation for Fiscal 2013*

Compensation packages of our named executive officers generally consist of base salary, an annual performance bonus, retirement and health benefits, and equity compensation. We believe that the relationship of fixed to performance-based compensation was properly balanced and provided us with an effective means to attract, motivate and retain our named executive officers, as well as reward them for increase in the value of our common stock.

#### *Base Salary*

The base salary payable to each named executive officer is intended to provide a fixed component of compensation reflecting the executive's skill set, experience, roles, and responsibilities. Base salary amounts for each named executive officer were originally determined at the time of the named executive officer's appointment to their position with us. The compensation committee periodically reviews the base salary of each named executive officer and may make adjustments as and when appropriate, consistent with our compensation objectives and based on the compensation committee's consideration of an executive's individual performance and our overall performance. In 2013, in order to provide each of our named executive officers with base salaries that are competitive with our publicly traded peer companies, the annual base salaries of each of Messrs. Mahaffy, Mast, and Hoerter, Dr. Allen and Ms. Ivers-Read were increased by 3% over their 2012 annual base salaries, as of March 1, 2013, to \$515,000, \$371,300, \$324,500, \$398,100 and \$371,300, respectively. For 2014, the compensation committee approved certain annual base salary increases for each of our named executive officers, effective as of March 1, 2014, as discussed below under "Compensation Decisions Relating to Fiscal Year 2014."

#### *Annual Performance Bonuses*

Annual performance bonuses are intended to reward our executives for achieving annual company-wide performance goals that are important to our success. In the initial establishment of compensation packages for the named executive officers (other than Mr. Hoerter) in 2009, the board of directors reviewed the advisability of, and approved the use of, a proposed structure of bonuses to be paid to the named executive officers based on the achievement of certain corporate goals. As part of that process, the board of directors determined that Mr. Mahaffy's target annual bonus for each calendar year should equal 50% of his annual base salary and that the target annual bonuses for Mr. Mast, Dr. Allen and Ms. Ivers-Read should equal 40% of their respective annual base salaries. Mr. Hoerter's target bonus percentage of 35% was established by the compensation committee at his time of hire in 2011 based on its consideration of factors such as the scope of his roles and responsibilities, our overall compensation program, market standards for compensation paid to similarly-situated executives at other companies and their general knowledge of the competitive market. For 2013, after reviewing the compensation practices of our peer companies, the compensation committee approved an increase in Mr. Mahaffy's target annual bonus percentage from 50% to 60%, in order to better align his target bonus percentage with the median of the target bonus percentages offered by our peer companies. The 2013 target bonus percentages for our other named executive officers did not change from their initially established levels and were generally between the median and 75<sup>th</sup> percentile of the target bonus percentages offered by our peer companies. For 2014, the compensation committee approved certain increases to the target bonus percentages for each of our named executive officers, as discussed below under "Compensation Decisions Relating to Fiscal Year 2014."

## Table of Contents

For 2013, the compensation committee did not set any specific individual performance targets for the payment of bonuses to our named executive officers. Instead, in the first quarter of 2014, the compensation committee subjectively reviewed our performance against our 2013 corporate goals as well as the overall progress of the company and determined to pay bonus awards in an amount equal to 100% of target levels based on our overall performance during 2013. The 2013 corporate goals established by our board of directors consisted of: (i) the establishment of the recommended Phase 2 dose for rucaparib (which was established in the third quarter of 2013); (ii) the initiation of the rucaparib biomarker validation clinical study and maintenance pivotal study (which clinical studies were both initiated in the fourth quarter of 2013); (iii) the completion of enrollment of the Phase 2 efficacy study for CO-1686 (Phase 2 cohort delayed until completion of reformulation of CO-1686; safety and efficacy data from expanded Phase 1 portion of clinical study presented at multiple scientific conferences in 2013); (iv) the establishment of the recommended Phase 2 dose for the re-formulated CO-1686 tablet (transition to tablet formulation completed in 2013 and recommended Phase 2 dose established in February 2014), (v) the identification of a third clinical stage program through existing research collaboration or business development activities (which was completed by obtaining rights to the drug product candidate lucitanib through the acquisition of EOS (Ethical Oncology Science) S.p.A. in the fourth quarter of 2013), and (vi) the achievement of a cash burn target as set forth in 2013 budget (which actual 2013 cash burn was 5.6% above board approved budget).

### *Discretionary Bonuses*

In 2013, the board of directors approved the payment of a one-time, discretionary cash bonus to each of our employees, including our named executive officers, equal to 20% of such employee's base salary. The board of directors determined that it was appropriate to award these discretionary bonuses in recognition of the exceptional performance of our employees and their contributions to outstanding company performance in 2013.

### *Equity Compensation*

We maintain the Clovis Oncology, Inc. 2011 Stock Incentive Plan, or the 2011 Plan, the terms of which are described below.

On March 1, 2013, Mr. Mahaffy was granted options to purchase 200,000 shares of common stock, Mr. Hoerter was granted options to purchase 60,000 shares of common stock, and Mr. Mast, Dr. Allen and Ms. Ivers-Read were each granted options to purchase 75,000 shares of common stock, in each case pursuant to the 2011 Plan and at an exercise price per share of \$21.81 (which was the closing price per share of our common stock on the date of grant). Twenty-five percent of the shares of common stock subject to the options will vest on the one-year anniversary of the date of grant, and the remainder will vest in substantially equal installments over the 36 months immediately following such anniversary, subject to continued employment through such date. The compensation committee determined that it was appropriate to grant the awards in 2013 to provide sufficient incentive to maximize value for our stockholders, as well as a sufficient retention incentive for named executive officers.

### *Employment Agreements*

We entered into substantially similar employment agreements (described in more detail below) with Messrs. Mahaffy and Mast, Dr. Allen and Ms. Ivers-Read on August 24, 2011, and with Mr. Hoerter on March 22, 2012. With the assistance of our compensation consultants, the compensation committee determined that it was advisable to enter into employment agreements with each executive with a title of executive vice president or higher to ensure that the compensation and benefits provided to such executives was competitive with our publicly traded peer companies and to ensure that we have adequate protection in the form of restrictive covenants following a termination of employment.

### *Retirement Benefits*

In 2013, we provided retirement benefits to our named executive officers through the Clovis Oncology, Inc. 401(k) plan, a defined contribution pension plan, on the same basis as our other employees. We make matching contributions to the account of each eligible employee under the 401(k) plan of 100% of the first 4% of gross wages that an employee contributes to his or her account.

### *Other Benefits*

In 2013, our named executive officers were eligible to receive the same basic benefits, including health benefits and a gross up payment on taxable life insurance payments, that were available to our other employees. We also provided certain additional perquisites to our named executive officers, including supplemental long term disability coverage and health club expenses, which we believe are necessary in light of the competitive market for talent in our industry.

### *2014 Option Grants*

On January 10, 2014, Mr. Mahaffy was granted options to purchase 200,000 shares of common stock, Mr. Hoerter was granted options to purchase 65,000 shares of common stock, and Mr. Mast, Dr. Allen and Ms. Ivers-Read were each granted options to purchase 70,000 shares of common stock, in each case pursuant to the 2011 Plan and at an exercise price per share of \$73.98 (which was the closing price per share of our common stock on the date of grant). Twenty-five percent of the shares of common stock subject to the options will vest on the one-year anniversary of the date of grant, and the remainder will vest in substantially equal installments over the 36 months immediately following such anniversary, subject to continued employment through such date. In the event that the executive's employment is terminated by us other than on account of the executive's misconduct or if the executive resigns for good reason, in each case within twelve months following a change in control, all unvested options will vest.

### *Increase to Base Salaries and Annual Performance Bonus Opportunities*

On February 27, 2014, in order to provide each of our named executive officers with base salaries that are competitive with our publicly traded peer companies, the annual base salaries of each of Messrs. Mahaffy, Mast, and Hoerter, Dr. Allen, and Ms. Ivers-Read were increased effective March 1, 2014 to \$550,000, \$400,000, \$340,000, \$450,000 and \$400,000, respectively. In addition, in order to better align target bonuses with the median target bonus percentages offered by our peer companies, and in recognition of their exceptional performance, the annual performance bonus opportunities for 2014 for each of Messrs. Mahaffy, Mast, and Hoerter, Dr. Allen, and Ms. Ivers-Read were increased to 65%, 45%, 40%, 45% and 45%, respectively, of their respective base salaries.

## **Compensation Risk Management**

Our compensation committee has reviewed our overall compensation policies and practices to determine whether those policies and practices are reasonably likely to have a material adverse effect on us and has concluded that they are not reasonably likely to have a material effect on us. In conducting its analysis, the compensation committee considered the following factors:

- **Base salary:** Base salary is a fixed portion of overall compensation that is set based on factors such as the scope of an employee's responsibilities, and which provides income regardless of our short-term performance. Our compensation committee does not believe that base salary creates an incentive for our employees to take undue risks.

## Table of Contents

- Bonus programs: Bonuses are designed to reward employees for achieving annual company-wide performance goals that are important to our success, and intended to compensate our employees for achieving such goals. Although the compensation committee (and previously the board of directors) has historically based bonuses on the achievement of company-wide goals, the actual amount of any bonus is subject to board of directors discretion. For these reasons, our compensation committee does not believe that our bonus programs encourage employees to take risks which could have an adverse effect on us.
- Equity compensation: Equity awards are designed to encourage our employees to align their interests with the long-term interests of our stockholders. Our compensation committee believes that equity compensation discourages our employees from taking unnecessary risks because the ultimate value of the equity awards is determined based on the long-term appreciation in the value of our stock.

After considering the risk implications of each element of the above elements of our overall compensation program, our compensation committee concluded that our overall compensation policies and practices are not likely to have a material adverse effect on us.

### **Narrative Disclosure Relating to Summary Compensation Table and Grant of Plan Based Awards Table**

#### *Employment Agreements with Messrs. Mahaffy, Mast and Hoerter, Dr. Allen, and Ms. Ivers-Read*

We are a party to employment agreements with Messrs. Mahaffy, Mast, and Hoerter, Dr. Allen, and Ms. Ivers-Read, which agreements are substantially the same other than differences in base salary, target annual bonus percentages and severance. The employment agreements for Messrs. Mahaffy, Mast, and Hoerter, Dr. Allen and Ms. Ivers-Read provide for an annual base salary of no less than \$450,000, \$350,000, \$315,000, \$375,000, and \$350,000, respectively. Additionally, the target annual bonuses are set at 50% of his annual base salary for Mr. Mahaffy, 40% of their respective annual base salaries for Mr. Mast, Dr. Allen, and Ms. Ivers-Read and 35% of his annual base salary for Mr. Hoerter.

In the event that a named executive officer's employment is terminated by us without "just cause" (as defined in the employment agreement) or by the executive for "good reason" (as defined in the employment agreement), the executive will, subject to his or her execution of a general release of claims and continued compliance with any restrictive covenants, be entitled to (i) any earned but unpaid bonus for the calendar year immediately preceding the calendar year of termination, (ii) continuation of his or her then-current base salary during the "severance period" and (iii) payment of an applicable percentage (the percentage of employee health care premium costs covered by us as of the date of termination) of the executive's COBRA premiums during the severance period. For purposes of the employment agreements, the term "severance period" generally means 9 months for Mr. Mahaffy and 6 months for Messrs. Mast and Hoerter, Dr. Allen, and Ms. Ivers-Read, except that the severance period will increase to 24 months for Mr. Mahaffy and 12 months for Messrs. Mast and Hoerter, Dr. Allen and Ms. Ivers-Read in the event that such termination occurs during the 12 months following a "change in control" (as defined in the employment agreement). Additionally, in the event that such termination occurs within 12 months following a change in control, the executives will also be entitled to (x) accelerated vesting of all outstanding equity awards, and (y) an amount equal to the executive's then-current target bonus, payable in equal monthly installments during the severance period. In such a circumstance, each named executive officer will also be entitled to a gross-up payment for payments that result in an excise tax imposed by Section 4999 of the Internal Revenue Code, subject to a maximum gross-up payment of \$2,000,000.

Following any termination of a named executive officer's employment, he or she will be subject to customary non-compete restrictions for 6 months (or in the case of Mr. Mahaffy, 9 months) and also a customary 12 month non-solicit period with respect to employees and customers.

We maintain the 2009 Plan, pursuant to which 690,993 shares of our common stock are reserved for potential exercise of options previously granted to our employees, consultants and directors as of December 31, 2013. Pursuant to the 2009 Plan, we may make grants of incentive stock options, nonstatutory stock options, stock appreciation rights, restricted stock, and restricted stock units to our employees, consultants, and directors.

Upon the occurrence of a corporate event (such as a merger, recapitalization, stock split, reorganization, consolidation, or other similar event), the board of directors may adjust the number, class, and price of shares

covered by each award granted under the 2009 Plan. In the event of a merger or a “change in control” (as defined in the 2009 Plan), the board of directors may determine that awards will (i) be assumed or substituted by the acquiring company, (ii) be terminated, (iii) become fully vested and exercisable, (iv) be terminated and cashed out, or (v) be treated in any combination thereof.

The board of directors may amend, suspend, alter, or terminate the 2009 Plan or awards granted under the 2009 Plan at any time, provided that a participant’s rights with respect to outstanding awards may not be impaired without their express written consent. Absent earlier termination by the board of directors, the 2009 Plan will expire in February 2021. However, the board of directors has determined that no additional grants will be made under the 2009 Plan.

### *2011 Stock Incentive Plan*

We maintain the 2011 Plan, pursuant to which 3,490,819 shares of our common stock are reserved for options outstanding and future grants to our employees, consultants and directors as of December 31, 2013. We adopted the 2011 Plan to afford our compensation committee with more flexibility by allowing grants of a wide variety of equity awards to our key employees, directors and consultants, including incentive and nonqualified stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards, and other stock-based awards. The 2011 Plan is designed to assist us in attracting, retaining, motivating and rewarding key employees, directors, and consultants, and promoting the creation of long-term value for our stockholders by closely aligning the interests of the participants with those of our stockholders.

The number of shares of our common stock reserved for issuance under the 2011 Plan will be increased (i) from time to time by the number of shares of our common stock forfeited upon the expiration, cancellation, forfeiture, cash settlement or other termination of awards under the 2009 Plan, and (ii) at the discretion of our board of directors, on the date of each annual meeting of our stockholders, by up to the lesser of (x) a number of additional shares of our common stock representing 4% of our then-outstanding shares of common stock on such date and (y) 2,758,621 shares of our common stock.

### *2011 Employee Stock Purchase Plan*

We maintain an employee stock purchase plan, the ESPP, that provides our employees, including our named executive officers, and employees of certain designated subsidiaries with an opportunity to purchase our ordinary shares at a discount on a tax-qualified basis through payroll deductions. The ESPP is designed to qualify as an “employee stock purchase plan” under Section 423 of the Internal Revenue Code.

A total of 421,885 shares of our common stock are available for purchase under the ESPP as of December 31, 2013. At the discretion of our board of directors, plan shares can be increased annually on the date of each annual meeting of our stockholders, by up to the lesser of (x) a number of additional shares of our common stock representing 1% of our then-outstanding shares of common stock and (y) 344,828 shares of our common stock have been reserved for issuance under the ESPP. The number of shares of our common stock reserved for issuance pursuant to the ESPP is also subject to adjustment in the event of certain changes in our corporate structure or ordinary shares. The ESPP provides for consecutive 6-month offering periods, during which participating employees may elect to have between 1% and 10% of their compensation withheld and applied to the purchase of ordinary shares at the end of the period. Unless otherwise determined by our compensation committee before an offering period, the purchase price will be the lesser of (x) 85% of the fair market value of the ordinary shares at the start of the offering period and (y) 85% of the fair market value on the last day of the offering period.

In the event that there is a proposed merger or amalgamation with or into another corporation or a proposed sale of all or substantially all of our assets, all outstanding options under the ESPP will either be assumed by the successor corporation, parent or surviving corporation or the offering period then in effect will be shortened to end prior to the closing of such merger, amalgamation, or sale.

## Table of Contents

The ESPP is administered by our compensation committee. Our board of directors has the ability to suspend, terminate, or amend the ESPP at any time, although the board of directors generally may not amend the ESPP in such a way that would adversely affect the rights of any participating employee without that employee's consent or stockholder approval. Unless sooner terminated, the ESPP will terminate in August 2021.

### *2011 Cash Bonus Plan*

We maintain a cash bonus plan pursuant to which annual performance-based cash bonuses (up to a maximum of \$10.0 million per year per employee) may be paid to our named executive officers at the discretion of our compensation committee. Bonuses that are paid pursuant to the cash bonus plan are intended to be considered "performance-based compensation" within the meaning of Section 162(m) of the Internal Revenue Code. The cash bonus plan is administered by our compensation committee, which has the discretion to grant awards under the cash bonus plan, set and adjust performance targets, and certify whether the applicable performance targets have been satisfied. The performance goals with respect to any bonus under the cash bonus plan may be based on any one or more of the following business criteria: (i) enterprise value or value creation targets; (ii) after-tax or pre-tax profits or net income; (iii) after-tax or pre-tax margins; (iv) revenues; (v) operational cash flow or earnings before income tax or other exclusions; (vi) reduction of, or limiting the level of increase in, all or a portion of our bank debt or other long-term or short-term public or private debt or other similar financial obligations; (vii) consummation of debt and equity offerings; (viii) equity capital raised; (ix) earnings per share, earnings per diluted share or earnings per share from continuing operations; (x) return on capital employed; (xi) market share; (xii) the fair market value of our common stock; (xiii) the growth in the value of an investment in our common stock; (xiv) reduction of, or limiting the level of increase in, all or a portion of controllable expenses or costs or other expenses or costs; (xv) economic value added targets based on a cash flow return on investment formula; (xvi) customer satisfaction or service measures or indices; (xvii) employee satisfaction; (xviii) efficiency or productivity measures; (xix) asset management (e.g., inventory and receivable levels); (xx) compliance goals (e.g., regulatory and legal compliance); or (xxi) strategic business objectives, goals or initiatives.

Our board of directors or our compensation committee may amend or terminate our cash bonus plan at any time, although the cash bonus plan generally may not be amended in such a way that would adversely affect the rights of any participating employee without that employee's consent or stockholder approval or if such amendment would result in any bonus failing to be deductible under Section 162(m) of the Internal Revenue Code. No bonuses may be granted pursuant to the cash bonus plan on or after our first stockholder meeting that occurs after the close of the 2014 calendar year, unless our stockholders reapprove the business criteria on or before such stockholder meeting.

## SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table and accompanying footnotes set forth certain information regarding the beneficial ownership of our common stock as of April 14, 2014 by:

- each person or group of affiliated persons who are known by us to own beneficially more than 5% of our common stock;
- each of our named executive officers;
- each member of our board of directors and each nominee;
- all members of our board of directors and our named executive officers as a group.

The amounts and percentages of shares beneficially owned are reported on the basis of SEC regulations governing the determination of beneficial ownership of securities. Under SEC rules, a person is deemed to be a “beneficial owner” of a security if that person has or shares voting power or investment power over the security,

which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Securities that can be so acquired are deemed to be outstanding for purposes of computing such person's ownership percentage, but not for purposes of computing any other person's percentage. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities and a person may be deemed to be a beneficial owner of securities as to which such person has no economic interest. Applicable percentages are based on 33,901,587 shares of common stock outstanding on April 14, 2014.

Except as indicated in the footnotes below and subject to applicable community property laws, each of the beneficial owners named in the table below has, to our knowledge, sole voting and investment power with respect to all shares of common stock listed as beneficially owned by them. Unless otherwise indicated, the address for each of the stockholders in the table below is c/o Clovis Oncology, Inc., 2525 28th Street, Suite 100, Boulder, Colorado 80301.

### SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file. To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the year ended December 31, 2013, all officers, directors and greater than ten percent beneficial owners complied with all applicable Section 16(a) filing requirements.

### CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Since the beginning of fiscal year 2013, we have not engaged in any transactions in which the amount involved exceeded or will exceed \$120,000, and in which any of our executive officers, directors or holders of more than 5% of our voting securities, or an affiliate or immediate family member thereof, had or will have a direct or indirect material interest, other than compensation, termination and change of control arrangements, which are described under “Executive and Director Compensation” above. We describe below certain other transactions with our directors, executive officers and stockholders.

#### Registration Rights Agreement

In November 2013, we entered into a registration rights agreement with certain stockholders who received shares of common stock in connection with our acquisition of EOS (Ethical Oncology Science) S.p.A. Pursuant to this registration rights agreement, such stockholders are entitled to registration rights with respect to the resale of such shares of common stock.

#### Director Compensation

For a discussion of the director compensation arrangements, see “Executive and Director Compensation – Director Compensation” above.

### Executive Compensation and Employment Agreements

Please see “Executive and Director Compensation – Compensation and Discussion Analysis” above for information on compensation arrangements with our executive officers, including option grants and agreements with executive officers.

### Indemnification Agreements

We have entered into indemnification agreements with each of our directors and officers, and we have purchased a policy of directors’ and officers’ liability insurance that insures our directors and officers against the cost of defense, settlement or payment of a judgment under certain circumstances. Further, our amended and restated certificate of incorporation and bylaws limits our directors’ and officers’ liability to the fullest extent permitted under Delaware corporate law.

### Policies and Procedures Regarding Transactions with Related Persons

We have a written policy that sets forth our policies regarding the identification, review, consideration, approval and oversight of “related-person transactions.” For purposes of our policy only, a “related-person transaction” is a past, present or future transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we and any “related person” are participants, the amount involved exceeds \$120,000 and a related person has a direct or indirect material interest. Transactions involving compensation for services provided to us as an employee, director, consultant or similar capacity by a related person are not covered by this policy. A “related person,” as determined since the beginning of our last fiscal year, is any executive officer, director or nominee to become director, a holder of more than 5% of our common stock, including any immediate family members of such persons or any entity in which such a person has a 10% or greater equity interest. Any related-person transaction may only be consummated if our audit committee has approved or ratified the transaction in accordance with the policy guidelines set forth below.

The policy imposes an affirmative duty upon each director and executive officer to identify, and we will request that significant stockholders identify, any transaction involving them, their affiliates or immediate family members that may be considered a related party transaction before such person engages in the transaction. Under the policy, where a transaction has been identified as a related-person transaction, management must present information regarding the proposed related-person transaction to our audit committee (or, where review by our audit committee would be inappropriate, to another independent body of our board of directors) for review. The presentation must include a description of, among other things, the material facts, the direct and indirect interests of the related persons, the benefits of the transaction to us and whether any alternative transactions are available.

In the event a director has an interest in the proposed transaction, the director must recuse himself or herself from the deliberations and approval process.

## HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Notices and, if applicable, our annual report and other proxy materials, with respect to two or more stockholders sharing the same address by delivering a single Notice and, if applicable, a single set of our annual report and proxy materials, addressed to those stockholders. This practice, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are our stockholders will be “householding” our proxy materials. A single Notice and, if applicable, a single set of our proxy materials, will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent.

---

## Table of Contents

If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate Notice and, if applicable, a single set of proxy materials, please notify your broker or contact us. To contact us, direct your written request to: Investor Relations, Clovis Oncology, Inc., 2525 28<sup>th</sup> Street, Suite 100, Boulder, Colorado 80301 or contact Investor Relations at 303-625-5000. Stockholders who currently receive multiple copies of the Notice or our annual report and other proxy materials at their addresses and would like to request “householding” of their communications should contact their brokers or us, as applicable.
