

# ChargePoint Announces Inducement Grants Under NYSE Listed Company Manual Section 303A.08

2026-06-01

CAMPBELL, Calif.--(BUSINESS WIRE)-- **ChargePoint** (NYSE: CHPT), a global leader in electric vehicle (EV) charging solutions, today announced that it granted inducement awards consisting of restricted stock units covering an aggregate of 196,439 shares of its common stock to two new non-executive employees on June 1, 2026.

The awards were granted as material inducements to employment in accordance with NYSE Listed Company Manual Section 303A.08. The restricted stock units vest over four years, with 25% of the award vesting on the first anniversary of the applicable vesting commencement date and the remaining 75% vesting in equal quarterly installments thereafter, subject to the employee's continued service through each applicable vesting date.

The employment inducement awards were granted under the ChargePoint Holdings, Inc. 2026 Inducement Plan and related form of restricted stock unit agreement in reliance on the employment inducement exception to stockholder approval provided under Section 303A.08 of the NYSE Listed Company Manual.

## About ChargePoint Holdings, Inc.

ChargePoint has established itself as the leader in electric vehicle (EV) charging innovation since its inception in 2007, long before EVs became widely available. The company provides comprehensive solutions tailored to the entire EV ecosystem, from the grid to the dashboard of the vehicle. The company serves EV drivers, charging station owners, vehicle manufacturers, and similar types of stakeholders. With a commitment to accessibility and reliability, ChargePoint's extensive portfolio of software, hardware, and services ensures a seamless charging experience for drivers across North America and Europe. ChargePoint empowers every driver in need of charging access, connecting them to over 1.37 million public and private charging ports worldwide. ChargePoint has facilitated the powering of more than 21 billion electric miles, underscoring its dedication to reducing greenhouse gas emissions and electrifying the future of transportation.
