The Board of Directors (the “**Board**”) of Tahoe Resources Inc. (“**Tahoe**”) is responsible for the stewardship and the general supervision of the management of the business and affairs of Tahoe in order to ensure the long-term financial strength of Tahoe and the creation of enduring shareholder value. The Board seeks to discharge such responsibility by reviewing, discussing and approving Tahoe’s strategic plans and organizational structure and supervising management to oversee that the strategic planning and organizational structure enhance and preserve the business of Tahoe and its underlying value.

The Board shall be constituted at all times of a majority of “independent” directors (as such term is defined in Schedule A attached and under applicable securities laws and the rules of any stock exchange on which Tahoe’s securities are listed for trading).

DUTIES AND RESPONSIBILITIES OF DIRECTORS

The Board discharges its responsibilities both directly and by delegation through its standing committees, namely the Audit Committee, the Compensation Committee, the Corporate Governance and Nominating Committee, and the Health, Safety, Environment and Community Committee.

In addition to these standing committees, the Board may appoint ad hoc committees to address certain issues of a more short-term nature, and may appoint new standing committees as it deems necessary and appropriate in order to discharge its duties. Each committee shall have its own charter.
