September 2019

This presentation contains “forward-looking information” within the meaning of applicable securities laws in Canada. Forward-looking information may relate to our future outlook and anticipated events or results and may include information regarding our financial position, business strategy, growth strategies, budgets, operations, financial results, taxes, dividend policy, plans and objectives. Particularly, information regarding our expectations of future results, performance, achievements, prospects or opportunities is forward-looking information. In some cases, forward-looking information can be identified by the use of forward-looking terminology such as “plans”, “targets”, “expects” or “does not expect”, “is expected”, “an opportunity exists”, “budget”, “scheduled”, “estimates”, “outlook”, “forecasts”, “projection”, “prospects”, “strategy”, “intends”, “anticipates”, “does not anticipate”, “believes”, or variations of such words and phrases or state that certain actions, events or results “may”, “could”, “would”, “might”, “will”, “will be taken”, “occur” or “be achieved”. In addition, any statements that refer to expectations, intentions, projections or other characterizations of future events or circumstances contain forward-looking information. Further, our assessments of and targets for annual revenue, Adjusted EBITDA and certain other measures are considered forward-looking information. Statements containing forward-looking information are not historical facts but instead represent management’s expectations, estimates and projections regarding future events or circumstances. See the section titled “Outlook” in our most recently filed MD&A concerning our strategies, assumptions and market outlook related to these assessments.

Forward-looking information contained in this presentation is based on our opinions, estimates and assumptions in light of our experience and perception of historical trends, current conditions and expected future developments, as well as other factors that we currently believe are appropriate and reasonable in the circumstances. Despite a careful process to prepare and review the forward-looking information, there can be no assurance that the underlying opinions, estimates and assumptions will prove to be correct. Certain assumptions in respect of the ability to pursue further strategic acquisitions; our ability to source raw materials and other inputs from our suppliers; our ability to continue to innovate product offerings that resonate with our target customer base; our ability to retain key management and personnel; our ability to continue to expand our international presence and grow our brand internationally; our ability to obtain and maintain existing financing on acceptable terms; currency exchange and interest rates; the impact of competition; changes to trends in our industry or global economic factors; and changes to laws, rules, regulations and global standards are material factors made in preparing the forward-looking information and management’s expectations contained in this presentation.

The forward-looking information contained in this presentation represents management’s expectations as of the date of this presentation and is subject to change after such date. However, we disclaim any intention or obligation or undertaking to update or revise any forward-looking information whether as a result of new information, future events or otherwise, except (i) as required under applicable securities laws in Canada and (ii) to provide updates in our annual MD&A for each financial year up to and including that in respect of 2021 on our growth targets disclosed in our final prospectus dated June 29, 2017 in respect of our initial public offering, including to provide information on our growth targets disclosed in such prospectus, actual results and a discussion of variances from our growth targets. The forward-looking information contained in this presentation is expressly qualified by this cautionary statement.

Forward-looking information is necessarily based on a number of opinions, estimates and assumptions that management considered appropriate and reasonable as of the date such statements are made, is subject to known and unknown risks, uncertainties, assumptions and other factors that may cause the actual results, level of activity, performance or achievements to be materially different from those expressed or implied by such forward-looking information, including but not limited to those described under the heading “Risk Factors” in our 2018 annual MD&A for the fiscal year ended December 31, 2018.

We caution that the list of risk factors and uncertainties under the heading “Risk Factors” is not exhaustive and other factors could also adversely affect our results. Readers are urged to consider the risks, uncertainties and assumptions carefully in evaluating the forward-looking information and are cautioned not to place undue reliance on such information.
