

**FOR IMMEDIATE RELEASE**

## **Compass Minerals Announces Participation in BMO Chemicals Conference**

OVERLAND PARK, Kan. (April 20, 2023) – Compass Minerals (NYSE: CMP), a leading global provider of essential minerals, today announced that it will participate in the BMO Chemicals Conference in New York City on May 18, 2023, including one-on-one meetings with Jamie Standen, chief commercial officer.

Presentation materials will be available at the time of the event through the investor relations section of the Compass Minerals' website at [compassminerals.com](https://compassminerals.com).

### **About Compass Minerals**

Compass Minerals (NYSE: CMP) is a leading global provider of essential minerals focused on safely delivering where and when it matters to help solve nature's challenges for customers and communities. The company's salt products help keep roadways safe during winter weather and are used in numerous other consumer, industrial, chemical and agricultural applications. Its plant nutrition products help improve the quality and yield of crops, while supporting sustainable agriculture. Additionally, the company is pursuing development of a sustainable lithium brine resource to support the North American battery market and is a minority owner of Fortress North America, a next-generation fire retardant company. Compass Minerals operates 12 production and packaging facilities with nearly 2,000 employees throughout the U.S., Canada and the U.K. Visit [compassminerals.com](https://compassminerals.com) for more information about the company and its products.
