Compass Minerals Hosts Analyst and Investor Site Visit to Utah Facility

OVERLAND PARK, Kan. (June 7, 2016) – Compass Minerals (NYSE: CMP) will be hosting an analyst and investor site visit to its solar pond evaporation facility in Ogden, Utah today.

The site visit presentation, which includes an operational overview of the Ogden facility, and its strategic role in the company's plant nutrition business can be accessed on the Investor Relations section of the Compass Minerals website at www.compassminerals.com/presentations.

About Compass Minerals

[Compass Minerals](http://www.compassminerals.com) is a leading provider of essential minerals that provide solutions to nature's challenges, including salt for winter roadway safety and other consumer, industrial and agricultural uses, and specialty plant nutrition minerals that improve the quality and yield of crops. Named one of Forbes' 100 Most Trustworthy Companies in America in 2015 and 2016, Compass Minerals' mission is to be the best essential minerals company by delivering where and when it matters. The company produces its minerals at locations throughout the U.S. and Canada and in the U.K. For more information about Compass Minerals and its products, please visit www.compassminerals.com.
